# CHARTER SCHOOL RENEWAL APPLICATION AND GUIDELINES

Per [Nevada Revised Statute 388A.285](#), charter school authorizers are responsible for evaluating current charter schools' performance and achievement levels in the process of deciding whether to renew a school's charter. A strong renewal process is critical to protect charter school autonomy, students, and stakeholders and ensures schools are held to high standards.

In the following pages, we provide guidance around and outline the timeline for the renewal process with the hopes of making the process as seamless and smooth for schools and our Authorization team.

Please read through the renewal application and guideline carefully and reach out to **Mark Modrcin, Director of Authorization** at **702.486.8271** or **[mmodrcin@spsca.nv.gov](mailto:mmodrcin@spsca.nv.gov)**, with any questions.

All of us at the Nevada State Public Charter School Authority are excited to work with each of you and support the work schools are doing on behalf of Nevada students.

## **OVERSIGHT**

Renewal decisions for schools operating under written charters are based on historic performance data as evidenced by the SPCSA Performance Framework, which serves as the Authority's performance and programmatic audit mechanism for all schools operating under written charters. Historical anecdotes or unsolicited data, e.g. teacher turnover, leadership changes, or past programmatic adjustments, will not be considered by the Authority in making renewal decisions. The Board will not give weight to materials or testimony related to such topics during the renewal process. The inclusion of unsolicited data, supplementary narratives, letters of support, or other unsolicited materials will result in the return of the renewal application and a request for resubmission of a compliant and complete application from SPCSA staff.

Schools which are contemplating material amendments, e.g. changes to the mission statement, grade levels served, enrollment, facilities expansion, academic program, instructional delivery, management agreement, etc. will be permitted to submit such amendment requests in the event that the school is renewed based on past performance. Schools are permitted to draft such amendment requests during the renewal process for filing immediately following the renewal decision but the SPCSA Board will not give weight to such materials or testimony related to any contemplated changes during the renewal process. The inclusion of amendment materials will result in the return of the renewal application and a request for resubmission of a compliant and complete application from SPCSA staff.

It is the responsibility of the school to ensure that the content is accurate and reflects information provided by NDE and the SPCSA. Any discrepancies between the data submitted and data previously provided by NDE or the SPCSA will result in a request for resubmission of a compliant and complete application from SPCSA staff.

Schools are required to submit the agenda and draft minutes for the meeting where the governing body voted to approve the submission of the renewal application into the appropriate areas in Epicenter prior to filing the renewal application. Failure to submit the agenda and draft minutes into the appropriate areas in Epicenter prior to filing the renewal application will result in the return of the renewal application and a request for resubmission of a compliant and complete application from SPCSA staff. The inclusion of the agenda and draft minutes with the renewal application will result in the return of the renewal application and a request for resubmission of a compliant and complete application from SPCSA staff.

## **ACCESSIBILITY TO INDIVIDUALS WITH DISABILITIES**

All Charter School applications and renewals are required to be ADA Compliant as described by Section 508 Rehabilitation Act of 1973 (refer to 29 U.S.C. 794d). This statute requires access to and use of Federal executive agencies' electronic and information technology (ICT) by individuals with disabilities. Compliance with Section 508 is mandatory for all entities receiving federal funds—including the SPCSA and its charters.
