

Charter Amendment: Name Change Only

- What is proposed new name of the school or network? Why was this name chosen?

Signature Preparatory is the proposed new name of the school. This name was chosen due to “Signature” often being referred to as the best of a collection. A name change was inevitable since our charter was approved as ALA Summerlin but we will operate in Henderson. This name change also gives our campus autonomy from all the good news that comes from the 10,000 students of ALA in Arizona. All of the other campuses managed by our EMO which operate in states other than Arizona each have unique names: Ascend Leadership Academy, North Star Academy, Wake Preparatory Academy etc. Signature Preparatory will be the name of the Nevada campus.

- Are there any other changes that the school plans to implement as a result of this name change? Here are some examples:

Everything will stay exactly the same. There will be no curriculum or program changes. The mission, vision and values have also all stayed the same and the school will remain contracted with the original EMO, Charter One. There is literally no change to anything except for a name change.

- Is the curriculum or instructional programming changing?
- Will the mission and vision of the school and Board change?
- Will the school still be contracting with the proposed EMO/CMO?

If the answer to one or more of the above questions is yes, please explain in detail. If there are other material changes to the school as a result of the name change, please explain.

- Will there be any financial impact of renaming the school or network? If yes, please explain.

The only financial impact we anticipate is that of setting up the legal documents to form the entity and basic marketing changes to the logo and website.
