## Section I: Introduction

The mission of the State Public Charter School Authority (SPCSA) is to improve and influence public education in Nevada “by sponsoring public charter schools that prepare all students for college and career success and by modeling best practices in charter school sponsorship.” This mission includes assisting chartered public schools in making orderly enrollment, facility, financing and other changes to enable them to provide high-quality educational choices to students and their parents in Nevada.

As SPCSA public schools grow and progress they may wish to consider changes, additions or other improvements to their structure, facilities, legal relationships, school size or location(s). NRS 388A, NAC 388A and individual chartered public school contracts list various potential changes a school may consider making. These changes require that the school request and receive approval of the SPCSA Board to a Request For Amendment (RFA) before proceeding, except in the case of an emergency. The school must submit the RFA to the SPCSA describing the intended change and providing documentation to support approval of the requested change, to be confirmed by an amendment to the school’s charter contract signed by a representative of the board or the designee of the board.

These considered changes can be made through amendments to charter school contracts with the SPCSA, pursuant to NRS 388A.223 *et seq*, NAC 388A.305 *et seq*, and their respective Charter Contract. This Request For Amendment (RFA) application is provided by the SPCSA in fulfillment of its responsibility to develop a policy and procedure “for amending a written charter or charter contract and the criteria for determining whether a request for such an amendment will be approved....” NRS 388A.223. This RFA describes the “manner in which such procedures and criteria will differ if the sponsor determines that the amendment is material or strategically important.” NRS 388A.223.

This universal RFA application replaces all prior specific project RFA applications the SPCSA provided. It includes two sections. The first is a standard section which all RFA applicants must complete. It calls for general information about the school. The second section contains specific requests for supporting documentation to support the applicant’s request for specific contract amendments. Applicants need only submit one complete application for one

or more amendments being recommended. That application should include supporting documentation for the general application section and specific supporting documentation for each specific amendment being requested.

## **Section II: Eligibility Requirements**

To be eligible for consideration of approval of a contract amendment a school must submit a complete and accurate RFA, in accordance with the requirements and directions stated herein prior to the deadlines stated herein.

To be eligible to submit an amendment, the school must be in good standing in all three domains of the Authority's academic, financial, and organizational performance frameworks and it must not be considered a low-performing school or otherwise ineligible according to any definition set forth in law or regulation. "All schools begin outside of the intervention ladder and are considered to be in Good Standing." Charter School Performance Framework<sup>1</sup>. Schools with questions about their eligibility should contact SPCSA staff.

Ineligible schools may include, but are not limited to, those schools which operate an elementary, middle, or high school rated below the three star level; schools which operate an elementary, middle, or high school program that is a priority or focus school; schools which operate high schools with graduation rates below 60 percent; schools with compliance issues, including participation warnings or penalties on the Nevada School Performance Framework; and schools with financial framework deficiencies.

A school which does not have at least one independent financial audit and one year of academic performance data in the Nevada system of accountability is ineligible to apply for an expansion amendment unless the school was approved by the Authority as an EMO replication of a high performing charter school in another state or the operator applied as a CMO applicant and has replicated a high performing charter school model from another state. In such cases, the school will be required to submit updated academic, financial, and organizational performance data in all three domains from the replicated EMO school or CMO school network. In the event that the Authority mandates a system-wide assessment to supplement the statewide test and provide for additional data in the event of a testing irregularity or a change in state testing provider, schools should expect that data from that assessment will outweigh data provided from a school's internal assessment system.

All applications and the actions being requested for approval must be in compliance with NRS 388A, NAC 388A and all other relevant federal laws and regulations and SPCSA policy.

Schools with questions about eligibility should contact SPCSA staff for further clarification.

## **Section III: Amendment Types**

NRS 388A, NAC 388A and individual chartered public school contracts list potential changes a school may consider making. The school must request and receive approval from the SPCSA Board of the Request For Amendment before the school may proceed with the intended change.

The following is a list of the RFA applications which are now being replaced by this universal RFA application. The approval for any material change considered for a school, including affecting facilities or operations, for which an express amendment was or was not earlier provided may now be handled through this single RFA application.

Actions requiring an amendment to a charter school contract include those in the following list. Schools should contact the SPCSA if they are considering any change or addition to what was approved in their charter contract.

For all RFAs, the General Section of this application must be completed according to the instructions herein. Specific RFA requirements for the below RFAs have specific requirements which must also be completed.

## Section X: General Requirements Section

### EXECUTIVE SUMMARY

4 Pages or less per RFA

Provide a brief overview of your school, including:

1. Identification of the school, its location(s), enrollment(s)(most recent ADE quarter), brief history, brief description of its board members and key leadership team members.

**Leadership Academy of Nevada (LANV) is an online school serving students in grades 6 – 12 throughout Nevada. We currently have 292 students and our Quarter 2 ADE count was 280.65. The following table shows the current breakdown of our students by county:**

County	# of enrolled students
Carson City	1
Clark	219
Douglas	1
Eureka	1
Humboldt	8
Lyon	13
Nye	14
Pershing	2
Storey	2
Washoe	31
<b>Total</b>	<b>292</b>

The LANV charter contract was first approved in the Spring of 2013 and we were slated to open our doors that fall. However, we failed to get enough enrollment and postponed our opening until the fall of 2014 when we opened with 208 students.

We currently have 7 board members, 2 of which are founding board members who will term out this year, June 30, 2019. Our current Board Chair and Treasurer are the founding board members who are terming out and both are parents of LANV graduates. We are currently searching for their replacements.

The administrative team consists of the Executive Director, the Director of Business, and Director of Academics. The Executive Director was on the Committee to Form and has been in education for over 20 years. The Director of Academics has been with LANV for 5 years and was a previous teacher for Clark County School District (CCSD). The Director of Business has only been with LANV for a few months and came to us from a CCSD classroom.

2. Statement and overview of the mission and vision

**The LANV vision is to provide a classical education to highly motivated, self-directed students in Nevada so they can become principled leaders. We focus on this mission by having every student enrolled in a leadership class each semester that focuses on different leadership traits as well as executive functioning**

**skills. LANV graduates will have critical thinking skills that will lead them to do great things in their personal lives, family lives, and in their communities.**

3. Specific statement of the request

“The Board of the above named charter school, operating under a current contract with a start date of July 1, 2014 and a six-year expiration date of June 30, 2020 requests that the SPCSA approve this request to amend its charter school contract with the SPCSA regarding the following (check all that apply):

- 1. Dual-Credit Programs
- 2. EMOs: Amend charter contract with an EMO
- 3. Enrollment: Expand enrollment in existing grades and facilities
- 4. Enrollment: Expand enrollment in new grade levels
- 5. Enrollment: Eliminate a grade level or other educational services
- 6. Facilities: Acquire or construct a new or additional facility that will not affect approved enrollment
- 7. Facilities: Occupy additional sites
- 8. Facilities: Relocate or consolidate campuses
- 9. Facilities: Occupy a temporary facility
- 10. Other (specify): \_\_\_\_\_

(See full list above of RFA amendment types)

Attach a copy of the document(s), including minutes, confirming approval of the RFA.

4. A summary explanation of the reasons that the charter school is seeking to the charter school is seeking to make this specific requested change.

**Leadership Academy of Nevada contracted in 2013 with Williamsburg Learning as our Educational Management Organization. The first several years we did not receive a star rating from the Nevada School Performance Framework. Our first academic year, 2014-15, we tested using Nevada’s criterion-referenced tests (at that time provided by Measured Progress). The state used Measured Progress in the 2015-16 year as well, but the State Superintendent declared that year’s results as unreliable as there were issues with the test that did not allow us to compare from one year to the next. 2016-17 was the first year that the state used the DRC criterion-referenced tests and our students did average and our middle school received a 3-star rating. However, it was at this time that we, LANV, realized that the Williamsburg Learning curriculum was not aligned to Nevada standards and began discussion with them to make some changes to the curriculum. They made minimal changes to their curriculum and the results for the 2017-18 criterion-reference tests decreased, resulting in a 2-star rating for our middle school and a 3-star rating for our high school (the first year our high school had a rating). In the spring of 2018, LANV could see that we were heading in the wrong direction as far as curriculum and the model that Williamsburg Learning was using. There were more discussions which led to the realization of LANV administration that Williamsburg Learning was not going to make the needed changes in order to improve the academic achievement of our students in Nevada. At the beginning of July 2018, the LANV Executive Director met with the Executive Committee and recommended that LANV not renew the contract with Williamsburg Learning at the end of the current contract, June 30, 2019 and recommended that we notify WL and the LANV parents as soon as possible if this was the decision that was going to be made. On July 23, 2018, a board meeting was held and the LANV Governing Board voted 4 – 3 to not renew the contract and to become an independent charter school, not using an EMO/CMO.**

5. Description of proposed target model and target communities - **No change**

6. Statement of outcomes you expect to achieve across the network of campuses

**As stated above, the LANV Governing Board voted to end the agreement with our EMO at the end of June 2019. The main factor of this decision was that Leadership Academy of Nevada students were not achieving adequate growth and proficiency as based on the middle school criterion-referenced assessments. We have**

had our agreement with WL since the 2014-15 school year and have noticed a decline in our student achievement the last two years, resulting in a two-star rating for our middle school for the 2017-18 school year. In discussions with WL about changing key elements of the educational model to increase outcomes, WL was only willing to make minor changes, not enough to make a difference. Due to the unwillingness by WL to make those changes, the LANV Governing Board felt it had no choice but to separate from WL in order to reach the following outcomes based on the MS Nevada School Performance Framework:

	2016-17	2017-18	2018-19	2019-20	2020-21
Academic Achievement (pooled averages)	37%	34%	37%	40%	45%
Student Growth: % Math AGP	20%	14%	20%	25%	30%
Student Growth: % ELA AGP	58%	41%	55%	60%	65%
Opportunity Gap: % of Math Improvement	13%	14%	17%	20%	25%
Opportunity Gap: % of ELA Improvement	27%	27%	27%	30%	35%

Our high school was rated as a 3-star school and by having more control over our curriculum offerings our star-rating will improve as more of our students will be taking CTE courses and Dual Enrollment courses. Our graduation outcomes will also increase as follows:

Graduation Year	4-year Cohort Graduation %
2015-16	69%
2016-17	76%
2017-18	83.0%
2018-19	90%
2019-20	93%
2020-21	95%

7. Key components of your educational model for the expanded school – **No change**
8. The values, approach, and leadership accomplishments of your school or network leader and leadership team - **No change**
9. Key supporters, partners, or resources that will contribute to your expanded school’s success.  
**Other than the dissolution of the EMO agreement, there will be no changes to the key supporters, partners, or resources that will contribute to our success.**

2. **Indicate “No change” for any below requested response that has not changed from your charter school contract.**
3. **Indicate “N/A” for any below requested response in this General Requirements Section that is not applicable to your request. Applicants do not need to respond “N/A” to any Specific Requirements RFA section for which they are not applying.**

## **MEETING THE NEED**

### **TARGETED PLAN - No change**

- (1) Identify the community you wish to serve as a result of the expansion or RFA and describe your interest in serving this specific community.
- (2) Explain how your expansion model or RFA, and the commitment to serve this population, including the grade levels you have chosen, would meet the district and community needs and align with the mission of the SPCSA.

### **GROWTH RATE AND RATIONALE - N/A**

- (1) Describe the school’s six-year growth plan for developing new schools in Nevada and other states. Please describe the proposed scope of growth over the next 6 years, including both the schools that the campuses the school has already been approved to open, those it is currently applying to open and any additional campuses that it anticipates applying to open in the next six years (number of campuses, locations, proposed six-year enrollment projections, and grade configuration/type of schools).
  - a. Provide a rationale for the proposed six-year growth plan; for example, how the school determined the appropriate pace and scope of the proposed growth and why the school is well-positioned to implement the growth plan. If locating in a new community within your present county of location or a new county within Nevada, please explain the rationale for the geographic expansion. If planning to operate new campuses in other states, please explain the rationale for that expansion.
- (2) Specifically identify the key risks associated with this growth plan and describe the steps the school is taking to mitigate these risks. Respondents should demonstrate a sophisticated and nuanced understanding of the challenges of replication in general and as they relate specifically to their school growth plans based on current and historic experience of charter school management organizations and similar types of multi-site social enterprises and non-profit and for-profit organizations. The response should detail specific risks and explain how the school will minimize the impact of each of these risks, and ideally provide contingency plans for them.

Examples may include:

- a. Inability to secure facilities/facilities financing;
  - b. Difficulty raising philanthropic funding;
  - c. Insufficient talent pipeline/difficulty recruiting faculty;
  - d. Insufficient leadership pipeline/difficulty recruiting school leaders;
  - e. Misalignment between the founding school and leader and new campuses and leaders, and;
  - f. Ambiguous student performance outcomes and the need to curtail expansion if performance drops.
- (3) Discuss lessons learned during the school’s past replication efforts and those of any replicated school or organization from another jurisdiction. For example: specifically identify each challenge encountered and how

the school addressed them, as well as how the school would minimize such challenges for the proposed campuses.

## **PARENT AND COMMUNITY INVOLVEMENT - N/A**

- (1) Describe the role to date of any parents, neighborhood, and/or community members involved in the proposed expansion of the school.
- (2) Describe how you will engage parents, neighborhood, and community members from the time that the application is approved through the opening of the new campus(es) or grade levels. What specific strategies will be implemented to establish buy-in and to learn parent priorities and concerns during the transition process and post opening?
- (3) Describe how you will engage parents in the life of the expanded school (in addition to any proposed governance roles). Explain the plan for building family-school partnerships that strengthen support for learning and encourage parental involvement. Describe any commitments or volunteer activities the school will seek from, offer to, or require of parents.
- (4) Discuss the community resources that will be available to students and parents at the expanded school. Describe any new strategic partnerships the expanded school will have with community organizations, businesses, or other educational institutions that are part of the school's core mission, vision, and program other than dual-credit partners discussed in subsequent sections. Specify the nature, purposes, terms, and scope of services of any such partnerships, including any fee-based or in-kind commitments from community organizations or individuals that will enrich student-learning opportunities. Include, as an **Attachment** \_\_, existing evidence of support from new community partners such as letters of intent/commitment, memoranda of understanding, and/or contracts.
- (5) Describe the school's ties to and/or knowledge of the target community. How has the school learned from and engaged with this community to date? What initiatives and/or strategies will you implement to learn from and engage the neighborhood, community, and broader city/county?
- (6) Identify any organizations, agencies, or consultants that are partners in planning and expanding the school, along with a brief description of their current and planned role and any resources they have contributed or plan to contribute to the school's development. If the school is new to this county, describe how your previous work has prepared you to establish relationships and supports in this new community.

## **ACADEMIC PLAN**

### **MISSION & VISION**

*The mission of your school should describe the purpose of your school, including the students and community to be served and the values to which you will adhere while achieving that purpose. The vision of your school should describe what success looks like for students, for the school as a whole, and for any other entities that are critical to your mission. The mission and vision statement should align with the purposes of the Nevada charter school law and the mission of the State Public Charter School Authority and serves as the foundation for the entire proposal.*

Explain whether the proposed mission and vision for the school/network is different from the existing school's mission and vision and how they differ. Describe the reasoning behind any modifications.

**No change**

Explain whether the mission and vision outlined will replace the current mission and vision of the charter holder, or if the school proposes to complement a broader organizational mission and vision with campus or grade-level specific variants. How will the entity as a whole ensure consistency and coherence of its mission and vision?

**N/A**

## CURRICULUM & INSTRUCTIONAL DESIGN

*The framework proposed for instructional design must both reflect the needs of the anticipated population and ensure all students will meet or exceed the expectations of the Nevada Academic Content Standards.*

### (1) Historical Performance

- (a) **Performance Data:** schools are only eligible to complete the amendment request and business plan if the existing schools meet the Authority's eligibility criteria; these criteria reflect a proven academic track record of success with Nevada students and our operating expectations or similar performance in another state.
- (i) A school is welcome to provide any additional historical academic performance metrics that fall outside of the operator's contractual performance plan (e.g. average student growth on an adaptive test such as ACT Aspire, NWEA MAP, SCANTRON, Renaissance Learning's STAR, etc.). If provided, describe student performance on these metrics.
- (ii) ***Please only provide data in vendor-produced score reports and note that the Authority may require additional time and resources to review and vet such data.***

**We are not renewing our contract with our current EMO (Williamsburg Learning) as our academic performance has been in a decline the last several years, resulting in a 2-star rating for our middle schools at the end of the 2017-18 school year**

- (b) **Interventions:** Please explain any past performance that has not met the organization's expectations. How was the underperformance diagnosed, how were appropriate intervention(s) determined, and how are they being implemented? What are the key areas in which existing schools/campuses need to improve, and what are the priorities to drive further success?

**As stated earlier, our current EMO (Williamsburg Learning) has refused to make adequate revisions to their academic program in order to increase student academic performance. Here are a few improvements that we are putting in place for the 2019-20 school year: hiring full-time teachers who will be local in order to increase in-person engagement with students, developing a classical-based curriculum that will be tied closer to Nevada standards, develop better and integrate more formative assessments so that teachers will know exactly where students are in their academic progression, and we are developing a more effective Response-to-Intervention system to identify students who need more help.**

### (2) Academic Vision and Theory of Change

- (a) **Model Non-Negotiables:** What are the key non-negotiables (i.e. the key school design components, policies, practices, etc. that underlie school culture and academic outcomes) of your school model? Please include details about the critical elements that are constant across the organization's schools and those that may vary. Discuss any campus-level autonomies in implementing the educational plan.

**N/A**

### (3) Performance Management

- a) **Measuring Progress:** Describe the school's approach to performance management across the network and with individual campuses, including the systems used to measure and evaluate both academic and non-academic performance of each site and of the network as a whole.
- a. What performance management systems, processes, and benchmarks will the school use to formally assess this progress?
- LANV will use Canvas, our Learning Management System, to help develop systems, processes, and benchmarks to formally assess student progress. As we are developing our curriculum, teachers are also putting in formative assessments that are tied to Nevada standards and which can be monitored and reported more closely as the school year progresses.**

- b. Explain how the school addresses underperformance and describe the corrective action plan procedures.

**As we will be moving to an independent charter school, we will have the local control to make adjustments to our curriculum and systems more easily moving forward. As we receive data from Canvas we will be able to make adjustments to the curriculum if needed, as well as work with individual students if needed. At the end of each year we will review our data and will make overall adjustments to curriculum or our systems in order to improve our academic performance.**

- b) **Closure:** Describe the conditions that would cause the school to petition the Authority close a consistently low performing campus. Be specific about threshold metrics the school would use to inform its decision.

**N/A**

- c) **College Readiness (HS Only):** Describe the mechanisms that the school employs to accurately, reliably, and consistently track college acceptance, enrollment, and persistence rates. If historical data is available on college acceptance, enrollment, and/or persistence rates, please include it. Cite the percent of total alumni for which the school has data on each metric. If data is not available, please include plans to create mechanisms to accurately, reliably, and consistently track student acceptance, enrollment, and persistence rates.

<b>Graduating Cohort</b>	<b>Graduates</b>	<b>Accepted to college</b>	<b>Enrolled in college</b>	<b>Currently enrolled as of 4/15/2019</b>	<b>Graduated from College</b>	<b>Other status</b>
<b>2015</b>	<b>6</b>	<b>4</b>	<b>4</b>	<b>3</b>	<b>NA</b>	<b>3 working full time</b>
<b>2016</b>	<b>9</b>	<b>5</b>	<b>3</b>	<b>2</b>	<b>NA</b>	<b>4 currently serving church missions</b>
<b>2017</b>	<b>16</b>	<b>11</b>	<b>11</b>	<b>8</b>	<b>NA</b>	<b>2 currently serving church missions</b>
<b>2018</b>	<b>10</b>	<b>6</b>	<b>3</b>	<b>2</b>	<b>NA</b>	<b>1 currently serving church mission</b>

- d) **Readiness to Replicate:** What academic, financial, and operational metrics does the school and its Board use to determine readiness for replication?

**N/A**

- e) **Compliance:** Describe the proposed academic program and how it complies with the requirements of NRS 388A.366(1)(f) and NRS 389.018. Please complete the scope and sequence/standards alignment template (Excel document at [http://CharterSchools.nv.gov/uploadedFiles/CharterSchoolsnvgov/content/Grocers/Alignment\\_Template.xlsx](http://CharterSchools.nv.gov/uploadedFiles/CharterSchoolsnvgov/content/Grocers/Alignment_Template.xlsx)) for each class scheduled to be provided by the school for each grade level to be served following this proposed expansion. For example, a school that currently serves students in K, 1, and 2 which seeks to add grades 3 and 4 would provide the scope and sequence/standards alignment for each class/subject area in the grades currently served along with the scope and sequence/alignment for each of the proposed new grades.

**No change**

f) **Instructional Strategies:** Describe the instructional strategies that you will implement to support the education plan and why they are well suited for the anticipated student population—including a detailed discussion of these strategies for both the expanded grades and for all existing grades. For each grade level to be served by the charter school following the expansion, identify and describe in detail the data, methods, and systems teachers will use to provide differentiated instruction to students. Please note that SPCSA schools typically start with students performing across a broad spectrum from years below grade level to advanced learners. Include the professional development teachers will receive to ensure high levels of implementation.

**No change**

g) **Remediating Academic Underperformance:** Describe the school’s approach to help remediate students’ academic underperformance both for both the expanded grades and for all existing grades. Detail the identification strategy, interventions, and remediation to be implemented. Cite the research/rationale for the chosen methods. How will you measure the success of your academic remediation efforts (in year 1 of the expansion, year 3, year 5, and beyond)? How will you communicate the need for remediation to parents? How will staffing be structured to ensure that gifted students are adequately supported?

**No change**

h) **Identifying Needs:** Describe how you will identify the needs of all students in both the expanded grades and for all existing grades. Identify the research-based programs, strategies and supports you will utilize to provide a broad continuum of services, ensure students’ access to the general education curriculum in the least restrictive environment, and fulfill NV’s required Response to Intervention model.

**No change**

i) **Intellectually Gifted Students:** Explain how the school will identify and differentiate to meet the needs of intellectually gifted students in both the expanded grades and for all existing grades in a way that extends their learning and offers them unique, tailored opportunities. Please note that Nevada law classifies intellectually gifted students as eligible for specific support services. How will staffing be structured to ensure that gifted students are adequately supported?

**No change**

j) **Enrichment Opportunities:** Describe the enrichment opportunities that will be available to students performing at or above grade level in both the expanded grades and for all existing grades as part of the school’s comprehensive strategy to ensure that all pupils are making accelerated academic progress.

**No change**

k) **Matriculation:** Explain how students will matriculate through the school (i.e., promotion/retention policies) and how stakeholders will be informed of these standards.

**No change**

## **SCHOOL STRUCTURE: CALENDAR AND SCHEDULE**

a) Discuss the annual academic schedule for the school, including the calendar for the proposed new grades. Explain how the calendar reflects the needs of the student population and the educational model.

**No change**

b) Describe the structure of the school day and week for both the proposed new grades and for existing grades. Include the number of instructional minutes/hours in a day for core subjects such as language arts, mathematics, science, and social studies. Note the length of the school day, including start and dismissal times. Explain why the school’s daily and weekly schedule will be optimal for the school model and for student learning. Provide the minimum number of hours/minutes per day and week that the school will devote to academic instruction in each grade.

**No change**

- c) Describe your goal for student attendance and explain how you will ensure high rates of student attendance. Who will be responsible for collecting and monitoring attendance data? What supports will be in place to reduce truancy and chronic absenteeism?

**No change**

## **DISTANCE EDUCATION - N/A**

(Distance Education Expansion Amendments)

A charter school that wishes to provide distance education (online, virtual, cyber, etc.) courses and/or programs (NRS 388.820-388.874 and NAC 388.800-388.860) must submit a distance education application to the Nevada Department of Education prior to or in conjunction with its amendment request to the SPCSA.

For applicants who do not propose to offer a program of distance education or who already have approval to operate such a program, please provide a brief statement explaining that the questions in this section are not applicable.

- (1) Describe the system of course credits that the school will use.
- (2) Describe how the school will monitor and verify the participation in and completion of courses by pupils.
- (3) Describe how the school will ensure students participate in assessments and submit coursework.
- (4) Describe how the school will conduct parent-teacher conferences.
- (5) Describe how the school will administer all tests, examinations or assessments required by state or federal law or integral to the performance goals of the charter school in a proctored setting.

## **PRE-KINDERGARTEN PROGRAMS - N/A**

(All Operators Currently Operating or Proposing to Operate Pre-K)

A charter school that wishes to provide pre-kindergarten services to students who will later enroll in its K-12 programs must apply separately to the Nevada Department of Education to offer education below the kindergarten level following charter approval. Approval to offer pre-kindergarten cannot be guaranteed. Consequently, revenues and expenditures related to pre-kindergarten should not be included in the initial charter application budget. Please note that state-funded pre-kindergarten programs are not directed through the state Distributive Schools Account for K-12 education. In addition to a limited amount of state pre-kindergarten funding available through the Department of Education, the SPCSA is also a sub-recipient of a federal grant to expand early childhood services in certain high-need communities through programs approved by NDE. Applicants are encouraged to review resources available at [http://www.doe.nv.gov/Early\\_Learning\\_Development/](http://www.doe.nv.gov/Early_Learning_Development/). For applicants who do not propose to offer pre-kindergarten, please provide a brief statement explaining that the questions in this section are not applicable.

- (1) Identify whether the school plans to offer pre-kindergarten in the first year of operation at the new campus or in any subsequent year of the charter term.
- (2) Identify whether the school will offer fee-based pre-kindergarten services. If the school does plan to offer fee-based pre-kindergarten, explain how the school will ensure that parents will be informed both initially and on an ongoing basis that both state and federal law preclude a K-12 charter school from giving admissions preference to students to whom it has previously charged tuition.
- (3) Describe the school's plans for ensuring that the pre-kindergarten program aligns with the mission, vision, and program of the school's other grades and meets all other state requirements.
- (4) Explain how the school's proposed pre-kindergarten program may meet the federal pre-kindergarten expansion grant criteria.

## **HIGH SCHOOL GRADUATION REQUIREMENTS AND POSTSECONDARY READINESS - N/A**

*(New High School Amendments Only)*

High schools approved by the SPCSA will be expected to meet or exceed Nevada graduation requirements. For operators who do not propose to operate a high school program during the initial charter term or who already have approval to operate a high school, please provide a brief statement explaining that the questions in this section are not applicable.

- (1) Explain how the school will meet state requirements. Describe how students will earn credit hours, how grade-point averages will be calculated, what information will be on transcripts, and what elective courses will be offered. If graduation requirements for the school will exceed those required by the State of Nevada, explain the additional requirements.
- (2) Explain how the graduation requirements will ensure student readiness for college or other postsecondary opportunities (e.g., trade school, military service, or entering the workforce).
- (3) Explain what systems and structures the school will implement for students at risk for dropping out and/or not meeting the proposed graduation requirements, including plans to address students who are overage for grade, those needing to access credit recovery options, and those performing significantly below grade level.

### **SPECIAL POPULATIONS – No Change**

Pursuant to State and federal law, SPCSA schools are required to serve the needs of all students in special populations. Beginning in the 2017-18 school year, the State of Nevada will switch to a weighted formula for special education. For the first time, this will provide for equitable special education funding across all Nevada public schools. Over time, this will necessitate current SPCSA-sponsored charter schools moving from a defined continuum of service to a broader continuum of services. All operators submitting amendment requests to the SPCSA after the conclusion of the 2015 Legislative Session should plan on offering students a broad continuum of services.

The SPCSA operates under the following principles with regards to special populations of students:

SPCSA schools serve all eligible students. SPCSA schools do not deny the enrollment of any student based on needs or disability.

1. SPCSA schools are to ensure streamlined access for all students requiring special programs.
2. SPCSA schools develop programs to support the needs of their students.
3. SPCSA schools do not counsel or kick any students out.
4. SPCSA schools utilize best practices to expose students to the most inclusive environments appropriate.
5. If needed, an SPCSA school is responsible for developing more restrictive placements to meet the needs of the highest needs students, including but not limited to clustered placements in consortium with other charter schools.
6. SPCSA schools are responsible for providing high functioning, trained special education teams, which focus on student advocacy and high expectations. IEP teams (including school's leadership) make placement decisions at IEP meetings. Decisions are made based on evidence/data to support what is best for the student.

### Special Education

- (1) Track Record: Please explain the extent to which the board and leadership team (instructional leader, etc.) has experience working to achieve high academic outcomes of students with disabilities, including students with mild, moderate, and severe disabilities.
- (2) Identification: Describe in detail the school's Child Find process. How will the school identify students in need of additional supports or services?
  - a) (*Elementary Schools Only*) How will the school accurately identify students prior to and following enrollment (e.g., those who require pre-school special education and related services) and in the early grades (PreK, K, 1, or 2) for appropriate services?
  - b) (*Middle and High Schools*) How will the school identify and serve students who require special education services and develop transition plans?
- (3) (*All Schools*) How will the school handle over-identification of students as having a disability that qualifies them for special education services? What will be the process to transition a student out of special education who has been incorrectly identified as having a disability in the past?

- (a) Continuum of Services: How will the school provide a broad continuum of instructional options and behavioral supports and interventions for students with a range of disabilities? Specifically describe how students with severe intellectual, learning, and/or emotional disabilities will be served. Provide a chart which graphically illustrates the continuum of services which identifies, by disability and level of severity, the means by which students with disabilities will be able to receive an appropriate public education in the least restrictive environment (note—this graphic may be created using a commercial program like Microsoft Visio or a free or low-cost internet-based solution such as Lucidchart). Identify the resources, personnel (including administrative responsibilities), and direct and related services the school is likely to provide both within general education classrooms and in other settings (e.g., collaborative team teaching (CTT), Special Education Teacher Support Services (SETSS), speech therapy, physical therapy, occupational therapy, counseling, etc.) as well as the services or settings that will be provided through a consortium or other collaborative initiative with other charter schools or through a third party contract.
- (4) Enrollment: Describe the school’s strategy and plan to recruit, enroll, and retain students with disabilities. How will the school proactively address parent and community perceptions around the availability and appropriateness of the charter school to the needs of students with disabilities?
- (5) General Education Collaboration/Access: How will special education and related service personnel collaborate with general education teachers (e.g., team teaching, team planning, etc.) to ensure that all students are able to access a rigorous general academic curriculum?

**Staffing:** How will you ensure qualified staffing to meet the needs of students with disabilities across a broad continuum? Note: Federal and Nevada law requires licensure for the special education teachers, related service personnel, and psychologists at all charter schools, including those which are permitted to waive other licensure requirements due to their academic track record.

- (1) Staff Development: How does the school plan to train general education teachers to modify the curriculum and instruction to address the unique needs of students with disabilities across a broad continuum?
- (2) Discipline: Explain how the school will protect the rights of students with disabilities in disciplinary actions and proceedings and exhaust all options in order to promote the continuation of educational services in the home school.
- (3) Monitoring: What are your plans for monitoring and evaluating both the progress and success of students who qualify for special education and related services across a broad continuum, and the extent to which your special education program complies with relevant federal and state laws? How will curriculum and instructional decisions be tracked and monitored by IEP teams and school personnel?
- (4) Parental Involvement: What appropriate programs, activities, and procedures will be implemented for the participation of parents of students with a broad range of disabilities?
- (5) For Distance Education Schools: Describe how the school will provide appropriate services in the distance education learning environment to students with disabilities across a broad continuum. *If you are not proposing to operate a distance education or virtual school, please explain that this is not applicable.*

## **OPERATIONS PLAN**

◆ **Indicate “No Change” to the sections or subsections below, where applicable.**

◆ **Otherwise, all applications require completion of this section.**

(1) Historical Performance - **No change**

**4) HUMAN CAPITAL STRATEGY - N/A**

Describe your strategy, plans, and timeline for recruiting and hiring teachers for a multi-site charter school. Explain key selection criteria and any special considerations relevant to your school design. *Note: schools with strong track records of academic success, as determined by the Department of Education, are eligible to waive teacher licensure requirements for all teachers except for special education and ELL professionals as long as they meet all other federal and state requirements. Maintaining such a waiver is contingent on the school continuing to achieve at the 3 Star level or higher (or equivalent) on the statewide system of accountability. Please refer to Section 46 of SB509 (2015 session) for additional information.*

**6) STUDENT RECRUITMENT AND ENROLLMENT – No change**

*Like all public schools, public charter schools must be open to any such child, regardless of that child’s race, gender, citizenship, or need for accommodations or special education services. Thus, recruitment and enrollment practices should demonstrate a commitment to providing all students equal opportunity to attend the school, and help schools avoid even the appearance of creating barriers to entry for eligible students.*

- a) Explain the plan for student recruitment and marketing for the new campuses that will provide equal access to interested students and families, including how the school will comply with the requirements of SB208 (2015 session). Specifically, describe the plan for outreach to: families in poverty; academically low-achieving students; students with disabilities; and other youth at risk of academic failure. For schools which are giving one or more statutorily permissible admissions preferences pursuant to NRS 386.580 or SB390 (2015 session), please indicate if you plan to focus your student recruitment efforts in specific communities or selected attendance areas.
- b) Provide a detailed discussion of the school’s track record in recruiting and retaining students that reflect the ethnic, socio-economic, linguistic, and special needs diversity of the current charter school and each campus to at least the level reflected by the attendance zones where the charter school will operate facilities before approving the proposal. Please provide the school’s past enrollment and retention performance for all years since the inception of the school broken out by race, ethnicity, language other than English, disability and 504 status, and eligibility for free and reduced priced lunch both as a school and in comparison, to the school’s current zoned schools.
- c) Detail how the school’s programmatic, recruitment, and enrollment strategies are designed to recruit, enroll, and retain a student population that is representative of the zoned schools which prospective students would otherwise attend in the community. Schools which do not currently represent their communities based on the

data identified above and are not serving an at-risk population are expected to add several of the following programmatic, recruitment, and enrollment strategies to merit approval: (1) participation in state-funded pre-K programs (including federal pre-K) for low-income students; (2) substituting online and social media marketing which advantages affluent and well-connected populations with a community-based, grassroots campaign which targets high need populations in the community, including aggressive door-to-door outreach and publishing marketing materials in each language which is spoken by more than 5 percent of families within each attendance zone; (3) an explicit commitment to serving a broad continuum of students with disabilities and the expansion of programs, including cluster programs or consortia, to meet the needs of a broad spectrum of student needs; (4) a weighted lottery<sup>4</sup> which provides additional opportunities for specific target populations to be admitted to the school in a manner consistent with state and federal law; and (5) other enrollment policies and strategies which have had a demonstrated track record of success in dramatically increasing the diversity of student populations in a high achieving charter school to at least the poverty, disability, and ELL profile of the zoned school.

- d) What is the enrollment calendar for both the first year of operation and subsequent years of operation? Please specify the dates on which the school will begin accepting applications and how long the enrollment window will last prior to conducting a lottery.
- e) What enrollment targets will you set and who will be responsible for monitoring progress towards these targets? What is your target re-enrollment rate for each year? How did you come to this determination? What are the minimum, planned, and maximum projected enrollment at each grade level? Outline specific targets in the table below.
- f) What systems will you put in place to ensure that staff members are knowledgeable about all legal enrollment requirements pertaining to special populations and the servicing of particular populations of students and can answer parent inquiries in a manner consistent with the letter and spirit of state and federal law?
- g) Describe the student recruitment plan once your school has opened. In what ways will it be different than your pre-opening year, in terms of the strategies, activities, events, persons responsible and milestones? How will the school backfill vacancies in existing grades?
- h) Complete the following tables for the proposed school to open in 2019-20. Schools applying for multiple campuses must complete enrollment summary tables for each school campus opening in fall 2019 and fall 2020.

The purpose of this Expansion Amendment Request is to assess the potential of existing charter school boards to produce high-quality student outcomes and function as highly effective, accountable, and transparent providers of

public education as they add new students and demonstrate the capability and maturity to achieve at consistently high levels in all domains while continuing to scale their impact in their communities and in other communities across the state.

The expansion request is evaluated based on the strength of the plan in each of those domains, while applicants are evaluated based on their capacity to execute the program they've proposed both based on the coherence, thoroughness, and thoughtfulness of each element of the application and on the data gathered during both the (discretionary) capacity interview process and background research and due diligence on both proposed members of the expanded governing board and proposed staff members. Successful requests will share many of the same characteristics.

This amendment request form pre-supposes that the school plans to utilize the existing facility.

If the current facility requires no construction or renovation to accommodate the addition of these new grades, then provide a brief narrative at each attachment attesting to that fact. Each attestation must be signed by the chair of the governing body and the school leader, must be notarized, and must be remediated to be accessible pursuant to Section 508 of the Rehabilitation Act.

If the existing campus or campus(es) requires any construction or renovation after the date of submission of this request and prior to the commencement of instruction, then answer the applicable specific facility related section questions.
