**Action Plan:**

Somerset Aliante opened in the 2018/19 school year serving a new community in the North Las Vegas area.

- We are here today because we earned a 2-star rating in our Elementary however, we were one point away from being a 3-star Elementary. In celebration, our Middle School earned a 5-star rating.
- From the 18/19 data it was determined that our 4<sup>th</sup>/5<sup>th</sup> graders struggled the most. In anticipation, we extended our instructional day for 5<sup>th</sup> graders by 30 minutes to include an intervention/extension time (these students were last year's 4<sup>th</sup> graders).
- Administrative decisions were made in regards to moving some of our higher performing teachers to the grade levels in need of improvement.
- Our Math instructional block was extended from 70 to 100 minutes each day for our 5<sup>th</sup> graders (these students were 4<sup>th</sup> graders last year).
- We added 3 sections of math foundations and 1 section of ELA foundations into our MS, for our 6<sup>th</sup> graders (these students were 5<sup>th</sup> graders last year).
- We have built in a 25minute intervention/extension time for our MS, for our 6<sup>th</sup> graders (these students were 5<sup>th</sup> graders last year).
- Our K-5 specialists teachers are providing intervention, extension, and ELL services to students identified in need of support (through our MAP data). This support is offered once in a 6-day rotation, for a period of 45 minutes.
- We have hired a literacy specialist who will now support teachers K-5 in the area of literacy.
- And finally, we have purchased iReady assessment to assist us in providing more diagnostic/ targeted intervention services through the RTI process, K-8.
