WHO IS LEADERSHIP ACADEMY OF NEVADA?

Leadership Academy of Nevada (LANV) is a free, AdvancEd accredited, online public charter school that serves Nevada students in grades 6-12.

WHAT IS OUR MISSION?

Our mission is to provide highly motivated and self-directed students in Nevada with a classical education so that they can become principled leaders.

Education*

HOW IS OUR MODEL DIFFERENT?

LANV is unique because of its online, synchronous platform which allows students to attend classes with other students from all over the state. Students interact with their mentors and peers online in real time. Although classes are held online, we hold frequent activities where students can meet up with their classmates and mentors to connect in-person and develop deeper relationships.
