TEACH Las Vegas received charter approval less than 60 days prior to the due date of this loan application. TEACH Las Vegas assures that the controls will be established and documented prior to the issuance of the loan. TEACH Las Vegas will be implementing the same system of fiscal controls and policies as its CMO partner, TEACH Public Schools. These fiscal policies and procedures were included in the approved charter application and have been evaluated annually by an independent auditor. The CMO service agreement between TEACH Las Vegas and TEACH Public Schools and back office contract between TEACH Las Vegas and Charter Impact (both included in the approved charter application) will be executed at the April board of directors meeting.

Please see attached budget (Attachment C)

## Section 2

**Exhibit 2.1** Describe the proposal of the charter school to repay the loan, consistent with NAC 386.445.

TEACH Nevada will repay the proposed amount of loan in quarterly amounts by reduction of the School's quarterly apportionment. TEACH Nevada will pay equal amounts during the repayment period which will not exceed three years. TEACH Nevada will begin repayments on the loan within the same fiscal year if the loan is received after the School becomes fully operational. A non-operational TEACH, will commence repayment of the loan within the 1<sup>st</sup> fiscal year immediately succeeding the it's 1st year of operation if the loan is received before operations.

**Exhibit 2.2** Detail the financial needs of the charter school including a detailed enumeration and explanation of the costs to be covered by this loan.

TEACH Nevada will need the funds immediately to assist with operations before and immediately after the 1<sup>st</sup> Day of School. The funds will be use of funds are listed as follows:

- Professional Development- Instructional time for all staff to discuss school operations, timelines, expectations, etc.
- Insurance Cost-All Insurance policies will need to be bound before the school can begin operating.
- Leasing Cost- Building will need to be secure and rental fees paid before school can begin operating.
- Student Supplies & General Office Supplies will need to be purchased an available before students and staff arrive to campus- Supplies will include but not limited to
- Technology and Software will need to be purchased and tested before students arrive to campus.
- Marketing Cost- Flyers and Social Media Advertising to inform about the new School

**Exhibit 2.3** Provide a list of the anticipated expenses for which the funds obtained from the loan will be used.

- Professional Development \$15,750
- Insurance \$28,250
- Leasing Cost \$62,500
- General Supplies \$50,000
- Technology Supplies and Equipment \$54,000
- Marketing \$2,000

**Exhibit 2.4** Explain the effect that receipt of the loan will have on the operation of the charter school. Specially, in the event that the school is unable to obtain this loan, identify which of the costs detailed above will be modified or eliminated.

TEACH Nevada will greatly benefit from having start-up funds that will assist with start-up cost until the School’s apportionments are received. In the event, that TEACH Nevada does not obtain the loan, it is highly unlikely that there would be a reduction of current budgeted expenses unless there is a significant decrease in the number of students that are anticipated to enroll. . If enrollment numbers are as projected, TEACH Nevada will have to try to obtain additional funding through other organizations. TEACH Nevada has currently applied for the “ Great Schools Nevada Grant”. These funds will also assist with pre-operational and post-operational cost until State funding is received.

**Exhibit 2.5** Describe the effect, if any that receipt of the loan will have on the ability of the governing body or the charter school to obtain other financial assistance from public and private sources. If there are any other loans or grants which are contingent upon obtaining this loan, please describe those in detail and provide supporting documentation.

There are currently no loans or grants contingent upon obtaining this loan.

**Exhibit 2.6** Provide a detailed plan for the use of the funds obtained from the loan. Describe how this loan will enhance the credit of the charter school.

**Consent Agenda**

- *Ms. Allison moved for approval of the consent agenda. Ms. Mr. Horn seconded. **Approved 6 -0.***

**AGENDA ITEMS**

**Action & Informational Items**

- Mr. Brown presented the TEACH Las Vegas Charter Contract s to the board of directors. Mr. Brown wasn't sure how much, if any negotiation could be done over the contract. However, he wasn't very concerned with any of the terms of the contract. Mr. Sarisahin agreed that a schools ability to negotiate the contract was limited based on his experience. Mr. Sarisahin moved to approved the TEACH Las Vegas Charter Contract. Mr. Sinclair seconded. **Approved 6-0.**

- Mr. Brown presented the revolving loan application. Ms. Lukesh asked about the recourse on the loan. Mr. Brown stated he asked this question to SPCSA staff during the pre-opening checklist meeting. SPCSA staff said that they put a intercept in place on the schools state revenue to ensure payment. A school has never been unable to pay the loan before, however in such a case board members would not be personally responsible for repayment. Additionally, the board will have D&O insurance coverage in advance of any execution of loan documents. Ms. Lukesh moved to approve the TEACH Las Vegas revolving loan application for the maximum (\$200k) amount allowable. Mr. Horn seconded.  
**Approved 6-0.**

- Mr. Brown informed the board that he is awaiting quotes on D&O insurance coverage (currently in underwriting) and should have them by next week.
- Mr. Brown, Dr. Pimienta and Dr. Carranza provided updates on the pre-opening process including staffing, student recruitment, scheduled open houses and facilities work. Ms. Lukesh asked how the board could help. Dr. Pimienta stated spreading the word about TEACH in the community. Ms. Lukesh suggested a Top 10 talking points about TEACH document. Dr. Pimienta said this was a great idea and she would prepare something and share with the board. The board shared some idea about marketing the school.
- The next regular meeting of the TEACH LV board is scheduled for March 31<sup>st</sup> at 5pm. A annual board meeting calendar will be adopted at the next board meeting. The board prefers Tuesday nights at 5pm.

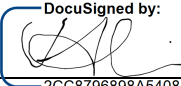

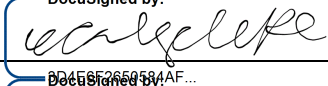

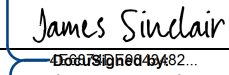

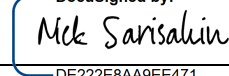

*Ms. Igeleke moved that the meeting be adjourned at 5:44pm.*

TEACH will continue community outreach and build on the interest forms we have already received from families in/around zip code 89130. We will embrace the opportunity to become part of the community, offer many invitations for parents and community members to provide feedback, and truly listen to their priorities and concerns. There will be dozens of marketing and community outreach efforts that will both inform the public about our school and offer opportunities for feedback. TEACH will continue with social media posting that communicate our desire to serve students with disabilities, low achieving students and students at risk. We will share our philosophy of “teaching the whole child” and not merely academics and standardized tests. We will share our history of serving these very students in south central Los Angeles. Materials will be available in English and Spanish. We will go door to door and church to church and business to business in the low income communities we wish to serve.

TEACH LV anticipates a diverse enrollment, 95% FRPL, 24.4% EL, 13.7% Students with IEPs, 32% Hispanic/Latino, 17% Black, 1% Asian Pacific Islander, 1% Native American and 63% White.<sup>53</sup> We will make every effort to recruit students of various racial and ethnic groups in order to achieve a balance reflective of the general population residing within the territorial jurisdiction of the District. TEACH LV will conduct orientation meetings prior to the opening of each school year to inform interested parents and students about what the school has to offer.

Outreach meetings will be held at the school site and other locations throughout the community. Identified targeted outreach includes:
