Does the School District's Capital Improvement Plan include any plans to add new schools or add additional capacity to existing schools within the community in which the applicant proposes to locate?

CCSD, Demographics, Zoning and GIS (DZG) response:

The provided zip codes of intended service encompass a geographic area with thirty-seven elementary schools. Through the 2015 Capital Improvement Program the Clark County School District has invested considerably within these zip codes. One new elementary school has opened; Heard Elementary School (2017). Five of these schools have received or are scheduled for a replacement facility; Lincoln Elementary School (2017), Edwards Elementary School (2020), Mackey Elementary School (2020), Tate Elementary School (2021) and Earl, Ira Elementary School (2022). Eight elementary schools have received building additions, adding needed capacity and modernization: Clyde Cox Elementary School (2018), Craig Elementary School (2018), Hewetson Elementary School (2018), Lowman Elementary School (2018), Squires Elementary School (2018), Woolley Elementary School (2018), Cortez Elementary School (2020) and Moore Elementary School (2020). Additionally, the following are planned for a future school replacement: Bracken, Cahlan, and Herron Elementary Schools.

As you know, the SPCSA approved the Academic and Demographic Needs Assessment on July 26, 2019 and approved an updated version on January 22, 2021. A copy of this version can be found [here](#). Our staff and board will be evaluating the degree to which the applicant aligns with the identified needs. Please provide any input as to how this applicant does or does not meet identified needs in the community.
