Does the School District's Capital Improvement Plan include any plans to add new schools or add additional capacity to existing schools within the community in which the applicant proposes to locate?

#### CCSD, Demographics, Zoning and GIS (DZG) response:

The provided zip codes of intended service encompass a geographic area with twenty-five elementary schools and eight middle schools. Through the 2015 Capital Improvement Program the Clark County School District has invested considerably within these zip codes. One new elementary school has opened: Abston Elementary School (2019). Three elementary schools have received a replacement facility: Bell Elementary School (2017), Griffith Elementary School (2019) and Wasden Elementary School (2020). Five elementary schools have received building additions, adding needed capacity and modernization: Dondero Elementary School (2018), Wynn Elementary School (2018), Vegas Verdes Elementary School (2018), Bryan, Roger Elementary School (2020) and Decker Elementary School (2020). Additionally, the following are planned for a future school replacement: Harvey N. Dondero, Helen M. Smith, Doris Hancock Elementary Schools, and James Cashman, Kenny C. Guinn, Frank Garside, and Robert O. Gibson Middle Schools.

As you know, the SPCSA approved the Academic and Demographic Needs Assessment on July 26, 2019 and approved an updated version on January 22, 2021. A copy of this version can be found <u>here</u>. Our staff and board will be evaluating the degree to which the applicant aligns with the identified needs. Please provide any input as to how this applicant does or does not meet identified needs in the community.
