WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

To whom it may concern,

This is my second email to the board regarding the failings at the Eastgate Campus with regards to Mr. Shannon the 6th grade history/science teacher. I've emailed Ms. Bailey twice and she has failed to respond to my last email as my child received a grade of D in his science class but all of the assignments are listed as not graded yet. There was another racist incident in which my child was called in as a witness for another student to Mr. Tones office with regards to Mr. Shannon. Eastgate, Mr. Shannon and ultimately Ms. Bailey are failing our children. How are we expected to stay on top of our children when infinite campus is not being updated with grades.

I also understand that this will be the last year of Middle School at this campus, but it feels like the administration has already forgotten about our kids and their educational needs. When compared to the Windmill campus where the teachers are completely engaged and their classrooms show how much our kids have been missing while at Eastgate.

I will be contacting the news as this has just been too much to deal with so early in the school year.

Respectfully Submitted,

Angelina Altaf
