Applicant Responsibilities

- **Public Posting of Applications:** The SPCSA is required to post a public copy of new charter school applications to our website. The SPCSA will redact any personal contact information for members of the Committee to Form, CMO, EMO, proposed board members, proposed employees, and individuals representing proposed partner organizations. The SPCSA will also redact all personally identifiable information for any student or parent who has expressed interest in enrolling in the proposed school. Should the applicant believe that other information contained within the application should remain confidential pursuant to NRS 388A.247, such as proprietary or copyrighted material, the applicant is responsible for notifying the SPCSA at the time of submission of the application. The SPCSA may, following the submission of the application, require the applicant to furnish a redacted copy pursuant to NAC 388A.265.
- **Material Changes to Proposal or Information Contained in the Application After Submission:** If any of the information contained within this application materially changes after submission of this application to the SPCSA, applicants are under a continuing obligation to supplement this application with any such information as soon as is practicable. *Examples include but are not limited to changes in the proposed facility, changes in the proposed board members, instances where a school affiliated with the applicant is subject to an intervention from its authorizer, etc.* It is the applicant's responsibility to reach out to the SPCSA should you have questions, or you are unsure of whether new information should be disclosed. Applicants may contact Mark Modrcin (mmodrcin@spcsa.nv.gov) with any information or questions.
- **Original Proposals from Applicants:** During the drafting of the application, applicants are encouraged to review prior applications submitted to the SPCSA. However, it is the SPCSA's expectations that all applications are original work reflecting the proposed school model of the Committee to Form or CMO. Therefore, under no circumstance should information contained in an application be taken verbatim from a previous application or another published document, and applicants are required to properly cite or attribute any reference contained within their application. If portions of an application are substantially similar to a previous application or other published document without proper citation, it will raise significant questions for the SPCSA about the coherence of the proposal and the capacity of the Committee to Form or CMO. As part of the completeness check (see Section 7) the SPCSA utilizes a plagiarism checker and sections of application that contains portions that are substantially similar to a previous application or other published document without proper citation will be returned to the applicant for revision.

3 ACADEMIC PLAN

3.1 TRANSFORMATIONAL CHANGE

In its 2019-2024 [Strategic Plan](#), the SPCSA established goals related to school performance that each charter school applicant should consider when setting their own respective goals:

1. Provide families with high quality schools. The SPCSA aims for a majority of schools to be rated as 4- or 5-stars.
2. Ensure that every SPCSA student succeeds - including those from historically underserved student groups. The SPCSA aims for all sponsored schools to demonstrate strong academic growth, high levels of proficiency and on-time graduation across all student groups, including historically underserved student groups.

- 1) How will you ensure that your school earns, or is on track to earn, a 4- or 5-star rating by the end of your first charter term?
- 2) How will you drive growth among students at all achievement levels, accelerating the levels of proficiency and on-time graduation of those who are most behind?
- 3) Describe the distinguishing features of your school, including programmatic components that make your school unique. For each feature, describe how it will be implemented. Key features may include:
 - a) Programs (e.g., curriculum, professional development, afterschool program, parent program, etc.),
 - b) Principles (e.g., restorative practices, individualized learning, learn at your own pace, etc.), and
 - c) Structures (e.g., blended learning, small learning communities, small class sizes, etc.).

Note that this question is aimed at understanding what makes your school unique, how those features are implemented, and how they fit together. If a key feature is described in another portion of the application, you may reference that section rather than repeating information and focus your response to this question on implementation of the key feature.

- 4) Explain how these key features will influence student success. Cite evidence from your own experience, valid research, and/or provide a well-defined logic model and plans for studying the effectiveness.
- 5) Are there any portions of an existing school model that you will utilize in this proposed school? If so, identify the school and describe the student performance results driven by that model.

3.2 CURRICULUM AND INSTRUCTIONAL DESIGN

The proposed framework for instructional design must both reflect the needs of the anticipated population and ensure all students will meet or exceed the expectations of the Nevada Academic Content Standards.

- 1) Provide a description of the proposed instructional design of the school and the type of learning environment the school will provide. Include the planned class size and structure, and the teaching methods that will be used.
- 2) Using the table below, provide a comprehensive list of the school's curricula for core academic subjects⁷: English Language Arts, Math, Science, and Social Studies, and describe how these curricula align to Nevada Academic Content Standards⁸. Add rows as needed until the table reflects all grade levels and subjects.

Grade(s)	Subject	Product Name	Rationale for Selection

⁷ [NRS 389.018\(1\)](#)

⁸ https://doe.nv.gov/Nevada_Academic_Content_Standards/

- 3) Describe how the school will meet requirements to provide instruction in the arts, computer education and technology, health, and physical education⁹.
- 4) Identify the instructional strategies that will support the education plan. Explain why they are well suited for the anticipated student population. Outline the data, methods, and systems teachers will use to provide differentiated instruction to all students.
- 5) Explain how the proposed instructional model and curriculum will meet the needs of and enable measurable growth for all students, including students with disabilities, English language learners, economically disadvantaged students, at-risk students, and students above or below grade level, according to the Nevada Academic Content Standards¹⁰.
- 6) If the proposed charter school intends to include a career and technical education program, provide a description of the career and technical education program and courses that will be implemented by the charter school.

3.3 PROMOTION AND GRADUATION REQUIREMENTS

Questions 1 and 2 are required of all applicants. Questions 3 and 4 are only required if the proposal includes a high school program.

- 1) Explain how students will matriculate through the school (e.g., promotion/retention policies) and how stakeholders will be informed of these policies.
- 2) Explain what systems and structures the school will implement for students at risk for retention, and/or dropping out, and/or not meeting the proposed graduation requirements, including plans to address students who are overage for the grade level. For high schools, describe your plans to support students needing to access credit recovery options.
- 3) For high school programs, explain how the school will meet state graduation requirements¹¹. Describe how students will earn credit hours, how grade-point averages will be calculated, what information will be on transcripts, and what elective courses will be offered. If graduation requirements for the school will exceed those required by the State of Nevada, explain the additional requirements.
- 4) For high school programs, explain how the school’s graduation requirements will ensure student readiness for college or other postsecondary opportunities (e.g., trade school, military service, or entering the workforce).

3.4 DRIVING FOR RESULTS

The SPCSA will evaluate the performance of every charter school annually, and when considering applications for renewal and contract amendment according to a set of academic, financial, and organizational performance standards that will be incorporated into the charter agreement and measured by the SPCSA Charter School Performance Framework¹², the

Applicants are expected to propose additional goals to complement or supplement, but not supplant, the SPCSA’s performance standards. - 4) Articulate how the school will measure, evaluate, and report academic progress – of individual students, student cohorts, special populations, and the entire school – throughout the school year, at the end of the academic year, and for the first six years of operation. How will the school monitor for disparities in academic performance between student groups?
- 5) Describe the corrective actions the school will take if it falls short of student academic achievement goals at the classroom, cohort, special population, and/or school-wide level during the year or based on end of year assessments. Explain what performance levels would trigger such corrective actions and who would be responsible for implementing them.
- 6) In addition to mandatory state testing, identify the primary interim academic assessments the school will use to assess student learning needs and ensure progress towards SPCSA and state proficiency targets. Describe how these assessments will be used.
 - a) How will you support teachers in developing embedded assessments and checks for understanding in order to ensure that instruction meets student needs?

¹³ <https://doe.nv.gov/Accountability/NSPF/>

- b) Explain how you know that the proposed interim assessments are valid and reliable indicators of progress. Explain how these interim assessments align with the school’s curriculum, performance goals, and the Nevada Academic Content Standards.
