OF LAS VEGAS

John Bentham, Chairperson of Somerset Academy of LV Board of Directors

January 14, 2022

State Charter Governing Board State Public Charter School Authority 2080 E. Flamingo, Suite 230 Las Vegas, NV 89119

To State Public Charter School Authority,

RE: Request for Amendment to Charter Application

Somerset Academy of Las Vegas requests an exemption from the current amendment schedule to amend their charter contract with the SPCSA in order to:

- 1. Reduce the grade levels served at the North Las Vegas campus from K-8 to K-5
- 2. Implement a weighted lottery

The Somerset Academy of Las Vegas Governing Board has voted on the proposed amendments prior to submission. The changes will allow for greater focus to be placed on the K-5 students at the NLV campus as well as ensure an increased diversification of the students attending Somerset Academy of Las Vegas through the weighted lottery.

We appreciate the support of the SPCSA staff regarding the required amendments and are asking that good faith exemption be granted and that the request for amendments be approved.

Sincerely,

John Bentham

4. ACTION & DISCUSSION ITEMS

a. REVIEW AND APPROVAL OF THE 2020/2021 SCHOOL YEAR FINANCIAL AUDIT

Mr. Trevor Goodsell addressed the Board to review the FY 21 financial audit, which he acknowledged was late. The revenue, on a GAAP basis was \$74 million, the expenditures were \$72.5 million, resulting in a revenue of \$1.6 million for year end. Mr. Goodsell reviewed the financial metrics. The year-end current ratio was 6.1. The unrestricted days cash on hand was 183. Enrollment

projection was 98%. Surplus and cash flow passed. The debt to asset ratio was 84.6. The debt service recovery was 2.18. Mr. Goodsell noted that the audit had one finding regarding reviewing reconciliations. He explained that it didn't involve Somerset; however, all the control testing was done as a whole for Academica managed schools to reduce the audit cost. He reviewed staffing losses, new hires, and adjustments made to ensure better results. Member Harty commended Mr. Goodsell on the work he had done, especially while short staffed. He thanked Mr. Goodsell for addressing the findings from the audit and presenting the plan going forward. Member Bentham, noted that the days cash on hand was 183 and asked for clarification on the required days cash on hand. Mr. Goodsell stated that 60 was the baseline, once the school was above that they would be dinged if they went down.

MEMBER FAIRLESS MOVED TO ACCEPT THE AUDIT FINDINGS AND FINANCIAL STATEMENTS, AS PRESENTED. MEMBER MCCLELLAN SECONDED THE MOTION, AND THE BOARD VOTED UNANIMOUSLY TO APPROVE.

b. REVIEW AND APPROVAL OF AMENDMENT FOR NORTH LAS VEGAS CAMPUS

Mr. Ryan Reeves addressed the Board and provided a brief history of the North Las Vegas location. When the first three Academica schools were opened in Nevada finding locations was difficult. Two of the three were located in strip malls. Some of the difficulties faced with a strip mall location include not having a cafegymatorium to provide room for after school activities, as well as creating a higher transiency rate when older siblings move on to the high school. The other strip mall location, Pinecrest Horizon campus, transitioned to a K-5 four years ago, when a Pinecrest K-12 opened nearby, and had been successful in the transition. For the Somerset North Las Vegas campus, the transiency had also resulted in the elementary school struggling in academics. By reducing the transiency rate the campus would be able to create stability and grow the students. Mr. Reeves stated that one other factor in the recommendation was the lease renewal. The school would have the option to renew for a five year term; however, the renewal rate was tied to the consumer price index (CPI). The CPI had traditionally been in the 1½ to 2% range; however, it was currently in the 6½ to 7% range.

Mr. Reeves stated that part of the transition would be for Losee to return to five classes per elementary grade instead of the current six classes per grade level. The students would be able to advice of their top choice of alternate Somerset campuses, which would be honored as much as possible; however, some students would not get their top choice. The majority were expected to move to the Losee campus. All teachers would be able to transition to another campus as well.

Member McClellan asked for an explanation of the weighted lottery section of the amendment. Mr. Reeves explained that the State Public Charter School Association (SPCSA) strategic plan was designed to ensure that charter school populations reflect the population of the district school in which the school was located. Free and reduce lunch (FRL) persisted with a significant gap. The SPCSA required, as part of an amendment request, an implementation of a weighted lottery. Mr. Reeves stated that the weighted lottery would not guarantee a seat to a FRL student; however, it would increase the probability of a seat but allowing two virtual tickets in the lottery to one for other students. He noted that priority seating would not be affected by a weighted lottery. Member McClellan asked if the percentage reflected the neighboring schools, to which Mr. Reeves replied in the affirmative.

Member Bentham asked if, as noted during public comment, the parents were not given notice of the proposal. Mr. Reeves explained that the meeting was noticed in the same way all meetings were noticed; adding that the Board made many major decisions during Board meetings with the standard notice. Member Bentham asked Principal Scobell and Principal Manning if they supported the proposal, to which they replied in the affirmative. Member Bentham asked Principal Threeton to share her thoughts. Principal Threeton addressed the Board and stated that she had mixed feelings because the campus was a family. She stated that, if this lead to improved facilities for the campus, this was a step in the right direction. The students would be heading to wonderful Somerset campuses and their educational careers would still be amazing. Member Fairless asked if plans had been discussed for the North Las Vegas middle school staff. Principal Threeton stated that she had been collaborating with Principal Scobell and in communication with the other Somerset principals regarding offering a priority for the North Las Vegas staff when interviewing for open positions.

Principal Scobell addressed the Board and provided an overview of the changes that would be made at the Losee campus. The elementary school currently had 936 students, with a highly transient population. By eliminating the sixth section for K-5 it would remove a bulk of the transiency. With less transiency and fewer students, it would allow more focus on the students dedicated to being a part of Somerset. Principal Scobell stated that the 5th grade and specials currently housed in the secondary building would be moved back to the elementary building. That would allow more opportunity for middle/high announcements and activities without disrupting elementary classes. She stated that bringing the students over during middle school would provide a smoother transition to 9th grade and reduce the number of new 9th grade students.

Member Bentham requested that, if the amendment was approved, Academica to reach out immediately to the North Las Vegas campus to outline a path for the transition. Member Bredsguard asked for clarification whether the students would be assigned to a campus or select a campus. Mr. Reeves stated that proposal was for students to list campus preferences; however, not all students would be able to move to their preferred campus. Member Bredsguard requested that a transition team be assembled with student, parents, administrators, and staff. Member Fairless asked if the communication regarding the transition should be from the Board or Academica. Mr. Reeves stated that it would be a joint effort.

Public comment was made by Gwen Neff regarding the lack of communication and her disagreement with the amendment.

MEMBER MCCLELLAN MOVED TO APPROVE THE AMENDMENT FOR THE NORTH LAS VEGAS CAMPUS, AS PRESENTED. MEMBER BREDSGUARD SECONDED THE MOTION, AND THE BOARD VOTED UNANIMOUSLY TO APPROVE.

c. Approval of Request for a Good Cause Exemption from the Current Schedule from the SPCSA

Mr. Gary McClain addressed the Board and stated that amendment was being submitted outside the regular amendment schedule. A letter request for a good cause exemption from the current schedule would need to be approved by the Board. Member McClellan asked when the amendment would be reviewed by the SPCSA board. Mr. Reeves stated that standard process had two windows per year for

amendments; however, given the nature of when the information was clear on the need for the amendment, the SPCSA staff had stated that they would be open to a good cause exemption to the submission of the amendment. The SPCSA would be holding a special board meeting in mid-February to address some amendments as well as audit approvals. The Somerset amendment should be reviewed during the February meeting. Member Bredsguard asked if an amendment was needed for the changes at the Losee campus. Mr. Reeves stated that amendments were needed if the total enrollment at a campus was changed by more than 10% or a change in grade levels served. Because Losee would remain a K-12, with fewer elementary students to offset the increase in middle students, an amendment was not needed. He noted that the SPCSA had been informed of the changes at the Losee campus. Member Bentham asked that the addition of the word unanimously be added to the letter to state that the Board voted unanimously to approve the amendment.

MEMBER FAIRLESS MOVED TO APPROVE THE REQUEST FOR AN AMENDMENT TO CHARTER APPLICATION LETTER AS SUBMITTED FOR THE SPCSA. MEMBER MCCLELLAN SECONDED THE MOTION, AND THE BOARD VOTED UNANIMOUSLY TO APPROVE.

d. ACKNOWLEDGE OF RESIGNATION OF THE NORTH LAS VEGAS PRINCIPAL

Member Bentham expressed appreciation for all the Principal Threeton had done for the North Las Vegas students and acknowledged her resignation. Principal Threeton noted that she would remain principal through the end of the school year. She thanked the Board for giving her the opportunity to lead a campus. She thanked the North Las Vegas staff, her principal colleagues, and her assistant principals.

e. DISCUSSION AND POSSIBLE ACTION REGARDING PRINCIPAL SEARCH FOR THE SOMERSET ACADEMY NORTH LAS VEGAS CAMPUS

Mr. McClain stated that the parameters used during the Stephanie principal search had been successful and asked if the Board would like to use the same parameters. Member Bentham stated that the process would work well, with the possible addition of a Board member. He asked that the process be done expeditiously. Member Fairless stated that she would be willing to be a part of the selection committee.

MEMBER McClellan moved to go forward with the principal search using the same parameters that were used for the Stephanie hiring, and add a Board member to the process. Member Bredsguard seconded the motion, and the Board voted unanimously to approve.

5. ANNOUNCEMENTS AND NOTIFICATIONS

There were not announcements.

6. MEMBER COMMENT

Member Fairless thanked Principal Threeton for her service at a Title I school. She commended the culture at the school and asked her to share it with the next principal. Member Bredsguard thanked

Principal Threeton, especially through such a difficult time, with her versatility and willingness to collaborate. Member McClellan stated that Principal Threeton was a huge light for Somerset; however, she was excited that she was able to pursue her dreams. Member McClellan explained that she understood the difficulties with approving the amendment; however, she felt it was necessary due to the facility issues. Member Mizer thanked all the teachers and staff for keeping the campuses open at this difficult time in Las Vegas.

Member Bentham stated that he had recently addressed the SCPCA board regarding the North Las Vegas campus. He had expressed his disappointment that the students had not had the opportunity to test in 2020; adding that he was confident in the work that Principal Threeton had done for the campus. Member Bentham recognized that the pandemic had burdened the principals with many additional duties and thanked them for their commitment to the students.

Principal Scobell, Principal Esplin, Principal Tiu, Principal Foster, Principal Lackey, Principal Threeton, and Principal Manning provided brief comments regarding events at their respective campuses.

7. PUBLIC COMMENT

Public comment was made by Assistant Principal Lorraine DeAnda to thank the North Las Vegas families and staff for supporting the campus and attending Board meetings. She also thanked Principal Threeton for her leadership.

Introduction

The SPCSA seeks to continuously improve its processes and the quality of its services. Over the past few years we have, for example, been able to significantly reduce the amount of paperwork involved in the processing of Request For Amendment Applications, primarily be separating primarily instructional and guidance information to a separate Technical Guidance document.

The SPCSA are now adding a new, brief, simple guidance section to this application. This next section is designed to provide guidance and processing steps to schools for applying for one of the following four most frequently requested RFA applications.

Founded in 1997, Somerset Academy opened its first school in Miramar, Florida, with a population of just 50 students in grades Kindergarten through Five. The multi-age, multi-level classrooms were the basis for the Somerset Academy elementary school philosophy and concept and have proven to be a successful innovation.

Opening as an affiliate of the Somerset System, a SACS-CASI accredited institution, Somerset Academy of Las Vegas implements the same best practices and commits to meeting the same standards and quality indicators and achieved system accreditation from AdvancED Accreditation Commission in 2019. Such commitment to implement best practices and quality standards have proven effective in raising student achievement annually for all student populations.

Since opening in the fall of 2011, Somerset Academy of Las Vegas has grown to 7 campuses in the Las Vegas valley, serving more than 9,500 students in grades K-12.

The Somerset Board of Directors consists of seven members who are in compliance with NRS 388A.320. They represent diverse areas of expertise, including legal, financial, and educational.

The Good Cause Exemption Letter, Board Meeting Agenda, and Minutes precede this application.

4. A summary explanation of the reasons that the charter school is seeking to make this specific requested change.

RFA: Eliminate a grade level or other educational services:

The Somerset Academy of Las Vegas Board of Directors is seeking to change the grade levels served at the Somerset North Las Vegas campus from K-8 to K-5.

The main reasons why this change is being sought:

- The need to maximize elementary student achievement at the NLV Campus
- NLV has a high transiency rate believed to be caused by facility limitations and sibling transfers.
- Lease renewal, for the portion of the building that is not owned, after 2021-2022 school year for 20,000 square feet of the 60,000 building. Lease rates are climbing rapidly and are expected to be 6-7% higher year over year.

RFA: Lottery Change(s) in Charter Lottery Policy:

The Somerset Academy of Las Vegas Board of Directors is seeking to implement a system-wide weighted lottery to increase diversity to match its neighboring schools.

The main reasons why this change is being sought:

- To further increase enrollment diversity and equity to align with the neighborhood and zip codes it serves.
- 5. Description of proposed target model and target communities

The requested amendments will not alter Somerset's target model or communities; therefore, a description is not applicable.

6. Statement of outcomes you expect to achieve across the network of campuses

RFA: Eliminate a grade level or other educational services:

Maximizing elementary student achievement at the NLV Campus by creating an only K-5 environment serving approximately 750 students.

Reduction of transiency at the NLV campus created by middle school students and their siblings who transfer out to Somerset Campuses with expanded programs and facilities that may not be available at NLV; and also by aligning the grades served with the building suited for their success in elementary academics. This will also assist in academic success as the population becomes more stable.

Maintaining fiscal stability by exiting the lease which will see 6-7% rate increase in 2022-2023

RFA: Lottery Change(s) in Charter Lottery Policy:

A weighted lottery policy will further increase Somerset's success in enrollment diversity and equity, commensurate with the neighborhood and zip codes it serves.

7. Key components of your educational model for the expanded school

Somerset Academy of Las Vegas is looking to reduce the grade levels served as opposed to an expansion; therefore, this question is not applicable.

8. Describe the charter school's plan to ensure that proper restorative justice principles are practiced. Describe plans, including record keeping, to monitor for potential disproportionate discipline practices.

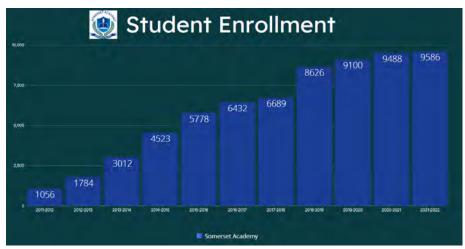

Somerset Academy of Las Vegas Board of Directors approved a restorative justice plan which allows for the administration and oversight of behavioral circumstances and are in compliance with the Restorative Justice Policy and Procedures as applicable within the State of Nevada.

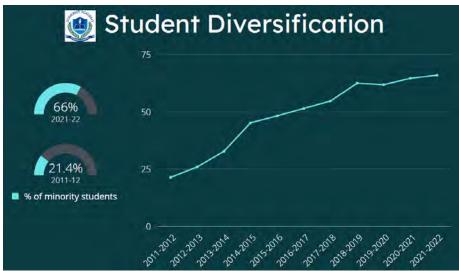

The adopted Restorative Justice plan will continue to be applicable to all students enrolled at Somerset Academy.

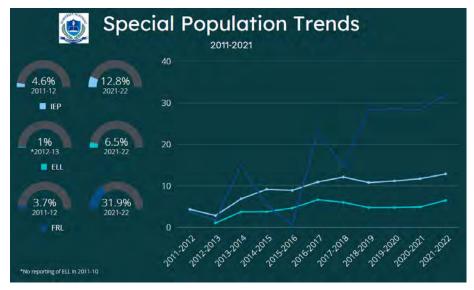

<u>TOC</u> 1/13/2022 7 of 48

9. Describe the charter school's plan to ensure enrollment diversity and equity, commensurate with the neighborhood and zip codes it serves. Include plans to close any proficiency gaps among diverse student groups (ex. race/ethnicity, FRL, EL, IEP) as well as family and community engagement strategies.

The following charts display the increasing percentage of diversification in the Somerset Network since its inception. Since 2011 minority students have increased from 21.4% to 66%; and FRL has increased from 3.7 to 31.9 %.

^{*}Note: Downward trends in FRL on the above chart are due to FRL counts being done in arrears and the opening of new campuses without FRL counts.

TOC 1/13/2022 8 of 48

Somerset Academy of Las Vegas intends to implement a weighted lottery beginning in the 2022-2023 school year as a part of this RFA. A full marketing plan has been established and will be specifically applied to the targeted zip codes which align with the initiatives of the State Public Charter School Authority.

TARGETED PLAN

- (1) Identify the community you wish to serve as a result of the expansion or RFA and describe your interest in serving this specific community.
- (2) Explain how your expansion model or RFA, and the commitment to serve this population, including the grade levels you have chosen, would meet the district and community needs and align with the mission of the SPCSA.

GROWTH RATE AND RATIONALE

- (1) Describe the school's six-year growth plan for developing new schools in Nevada and other states. Please describe the proposed scope of growth over the next 6 years, including both the schools that the campuses the school has already been approved to open, those it is currently applying to open and any additional campuses that it anticipates applying to open in the next six years (number of campuses, locations, proposed six-year enrollment projections, and grade configuration/type of schools).
 - a. Provide a rationale for the proposed six-year growth plan; for example, how the school determined the appropriate pace and scope of the proposed growth and why the school is well-positioned to implement the growth plan. If locating in a new community within your present county of location or a new county within Nevada, please explain the rationale for the geographic expansion. If planning to operate new campuses in other states, please explain the rationale for that expansion.
- (2) Specifically identify the key risks associated with this growth plan and describe the steps the school is taking to mitigate these risks. Respondents should demonstrate a sophisticated and nuanced understanding of the challenges of replication in general and as they relate specifically to their school growth plans based on current and historic experience of charter school management organizations and similar types of multi-site social enterprises and non-profit and for-profit organizations. The response should detail specific risks and explain how the school will minimize the impact of each of these risks, and ideally provide contingency plans for them.

Examples may include:

- a. Inability to secure facilities/facilities financing;
- b. Difficulty raising philanthropic funding;
- c. Insufficient talent pipeline/difficulty recruiting faculty;
- d. Insufficient leadership pipeline/difficulty recruiting school leaders;
- e. Misalignment between the founding school and leader and new campuses and leaders, and;
- f. Ambiguous student performance outcomes and the need to curtail expansion if performance drops.
- (3) Discuss lessons learned during the school's past replication efforts and those of any replicated school or organization from another jurisdiction. For example: specifically identify each challenge encountered and how the school addressed them, as well as how the school would minimize such challenges for the proposed campuses.

What specific strategies will be implemented to establish buy-in and to learn parent priorities and concerns during the transition process and post opening?
- (3) Describe how you will engage parents in the life of the expanded school (in addition to any proposed governance roles). Explain the plan for building family-school partnerships that strengthen support for learning and encourage parental involvement. Describe any commitments or volunteer activities the school will seek from, offer to, or require of parents.
- (4) Discuss the community resources that will be available to students and parents at the expanded school. C) ACADEMIC PLAN

The questions in this section do not pertain to this requested amendment and are therefore, not applicable. Please see RFA: Lottery: Change(s) in Charter Lottery Policy and RFA: Eliminate a grade level or other educational services for further detail regarding the requested amendments.

MISSION & VISION

The mission of your school should describe the purpose of your school, including the students and community to be served and the values to which you will adhere while achieving that purpose. The vision of your school should describe what success looks like for students, for the school as a whole, and for any other entities that are critical to your mission. The mission and vision statement should align with the purposes of the Nevada charter school law and the mission of the State Public Charter School Authority and serves as the foundation for the entire proposal.

Explain whether the proposed mission and vision for the school/network is different from the existing school's mission and vision and how they differ. Describe the reasoning behind any modifications.

Explain whether the mission and vision outlined will replace the current mission and vision of the charter holder, or if the school proposes to complement a broader organizational mission and vision with campus or grade-level specific variants. How will the entity as a whole ensure consistency and coherence of its mission and vision?

CURRICULUM & INSTRUCTIONAL DESIGN

The framework proposed for instructional design must both reflect the needs of the anticipated population and ensure all students will meet or exceed the expectations of the Nevada Academic Content Standards.

- (1) Historical Performance
 - (a) **Performance Data:** schools are only eligible to complete the amendment request and business plan if the existing schools meet the Authority's eligibility criteria; these criteria reflect a proven academic track record of success with Nevada students and our operating expectations or similar performance in another state.
 - (i) A school is welcome to provide any additional historical academic performance metrics that fall outside of the operator's contractual performance plan (e.g. average student growth on an adaptive test such as ACT Aspire, NWEA MAP, SCANTRON, Renaissance Learning's STAR, etc.). If provided, describe student performance on these metrics.
 - (ii) Please only provide data in vendor-produced score reports and note that the Authority may require additional time and resources to review and vet such data.
 - (b) **Interventions**: Please explain any past performance that has not met the organization's expectations. How was the underperformance diagnosed, how were appropriate intervention(s) determined, and how are they being implemented? What are the key areas in which existing schools/campuses need to improve, and what are the priorities to drive further success?
- (2) Academic Vision and Theory of Change
 - (a) **Model Non-Negotiables:** What are the key non-negotiables (i.e. the key school design components, policies, practices, etc. that underlie school culture and academic outcomes) of your school model? Please include details about the critical elements that are constant across the organization's schools and those that may vary. Discuss any campus-level autonomies in implementing the educational plan.
- (3) Performance Management
 - a) **Measuring Progress:** Describe the school's approach to performance management across the network and with individual campuses, including the systems used to measure and evaluate both academic and non-academic performance of each site and of the network as a whole.

<u>TOC</u> 1/13/2022 12 of 48

- a. What performance management systems, processes, and benchmarks will the school use to formally assess this progress?
- b. Explain how the school addresses underperformance and describe the corrective action plan procedures.
- b) **Closure:** Describe the conditions that would cause the school to petition the Authority close a consistently low performing campus. Be specific about threshold metrics the school would use to inform its decision.
- c) College Readiness (HS Only): Describe the mechanisms that the school employs to accurately, reliably, and consistently track college acceptance, enrollment, and persistence rates. If historical data is available on college acceptance, enrollment, and/or persistence rates, please include it. Cite the percent of total alumni for which the school has data on each metric. If data is not available, please include plans to create mechanisms to accurately, reliably, and consistently track student acceptance, enrollment, and persistence rates.
- d) **Readiness to Replicate:** What academic, financial, and operational metrics does the school and its Board use to determine readiness for replication?
- e) Compliance: Describe the proposed academic program and how it complies with the requirements of NRS 388A.366(1)(f) and NRS 389.018. Please complete the scope and sequence/standards alignment template (Excel document at http://CharterSchools.nv.gov/uploadedFiles/CharterSchoolsnvgov/content/Grocers/Alignment Template.xlsx) for each class scheduled to be provided by the school for each grade level to be served following this proposed expansion. For example, a school that currently serves students in K, 1, and 2 which seeks to add grades 3 and 4 would provide the scope and sequence/standards alignment for each class/subject area in the grades currently served along with the scope and sequence/alignment for each of the proposed new grades.
- f) Instructional Strategies: Describe the instructional strategies that you will implement to support the education plan and why they are well suited for the anticipated student population—including a detailed discussion of these strategies for both the expanded grades and for all existing grades. For each grade level to be served by the charter school following the expansion, identify and describe in detail the data, methods, and systems teachers will use to provide differentiated instruction to students. Please note that SPCSA schools typically start with students performing across a broad spectrum from years below grade level to advanced learners. Include the professional development teachers will receive to ensure high levels of implementation.
- g) **Remediating Academic Underperformance:** Describe the school's approach to help remediate students' academic underperformance both for both the expanded grades and for all existing grades. DISTANCE EDUCATION

(Distance Education Expansion Amendments)

A charter school that wishes to provide distance education (online, virtual, cyber, etc.) courses and/or programs (NRS 388.820-388.874 and NAC 388.800-388.860) must submit a distance education application to the Nevada Department of Education prior to or in conjunction with its amendment request to the SPCSA.

For applicants who do not propose to offer a program of distance education or who already have approval to operate such a program, please provide a brief statement explaining that the questions in this section are not applicable.

- (1) Describe the system of course credits that the school will use.
- (2) Describe how the school will monitor and verify the participation in and completion of courses by pupils.
- (3) Describe how the school will ensure students participate in assessments and submit coursework.
- (4) Describe how the school will conduct parent-teacher conferences.

PRE-KINDERGARTEN PROGRAMS

(All Operators Currently Operating or Proposing to Operate Pre-K)

A charter school that wishes to provide pre-kindergarten services to students who will later enroll in its K-12 programs must apply separately to the Nevada Department of Education to offer education below the kindergarten level following charter approval. Approval to offer pre-kindergarten cannot be guaranteed. Consequently, revenues and expenditures related to pre-kindergarten should not be included in the initial charter application budget. Please note that state-funded pre-kindergarten programs are not directed through the state Distributive Schools Account for K-12 education. In addition to a limited amount of state pre-kindergarten funding available through the Department of Education, the SPCSA is also a sub-recipient of a federal grant to expand early childhood services in certain high-need communities through programs approved by NDE. Applicants are encouraged to review resources available at http://www.doe.nv.gov/Early_Learning_Development/. For applicants who do not propose to offer pre-kindergarten, please provide a brief statement explaining that the questions in this section are not applicable.

- (1) Identify whether the school plans to offer pre-kindergarten in the first year of operation at the new campus or in any subsequent year of the charter term.
- (2) Identify whether the school will offer fee-based pre-kindergarten services. If the school does plan to offer fee-based pre-kindergarten, explain how the school will ensure that parents will be informed both initially

- and on an ongoing basis that both state and federal law preclude a K-12 charter school from giving admissions preference to students to whom it has previously charged tuition.
- (3) Describe the school's plans for ensuring that the pre-kindergarten program aligns with the mission, vision, and program of the school's other grades and meets all other state requirements.
- (4) Explain how the school's proposed pre-kindergarten program may meet the federal pre-kindergarten expansion grant criteria.

HIGH SCHOOL GRADUATION REQUIREMENTS AND POSTSECONDARY READINESS

(New High School Amendments Only)

High schools approved by the SPCSA will be expected to meet or exceed Nevada graduation requirements. For operators who do not propose to operate a high school program during the initial charter term or who already have approval to operate a high school, please provide a brief statement explaining that the questions in this section are not applicable.

- (1) Explain how the school will meet state requirements. Describe how students will earn credit hours, how grade-point averages will be calculated, what information will be on transcripts, and what elective courses will be offered. If graduation requirements for the school will exceed those required by the State of Nevada, explain the additional requirements.
- (2) Explain how the graduation requirements will ensure student readiness for college or other postsecondary opportunities (e.g., trade school, military service, or entering the workforce).
- (3) Explain what systems and structures the school will implement for students at risk for dropping out and/or not meeting the proposed graduation requirements, including plans to address students who are overage for grade, those needing to access credit recovery options, and those performing significantly below grade level.

SPECIAL POPULATIONS

Pursuant to State and federal law, SPCSA schools are required to serve the needs of all students in special populations. Beginning in the 2017-18 school year, the State of Nevada will switch to a weighted formula for special education. For the first time, this will provide for equitable special education funding across all Nevada public schools. Over time, this will necessitate current SPCSA-sponsored charter schools moving from a defined continuum of service to a broader continuum of services. All operators submitting amendment requests to the SPCSA after the conclusion of the 2015 Legislative Session should plan on offering students a broad continuum of services.

The SPCSA operates under the following principles with regards to special populations of students:

SPCSA schools serve all eligible students. SPCSA schools do not deny the enrollment of any student based on needs or disability.

- 1. SPCSA schools are to ensure streamlined access for all students requiring special programs.
- 2. SPCSA schools develop programs to support the needs of their students.
- 3. SPCSA schools do not counsel or kick any students out.
- 4. SPCSA schools utilize best practices to expose students to the most inclusive environments appropriate.
- 5. If needed, an SPCSA school is responsible for developing more restrictive placements to meet the needs of the highest needs students, including but not limited to clustered placements in consortium with other charter schools.
- 6. SPCSA schools are responsible for providing high functioning, trained special education teams, which focus on student advocacy and high expectations. IEP teams (including school's leadership) make placement decisions at IEP meetings. Decisions are made based on evidence/data to support what is best for the student.

D) FINANCIAL PLAN

This section must be completed for all applications.

(1) Describe the systems and processes by which the school will manage accounting, purchasing, payroll, and audits. Specify any administrative services expected to be contracted for the school and describe the criteria and procedures for the selection of contractors and the mechanism by which the board will monitor and hold the contractor responsible for providing such services.

Under the supervision of the Board's Treasurer and in conjunction with the school's audit firm, Academica Nevada is responsible for the school's bookkeeping, financial reporting, and financial liability. The school principal will supervise the day-to-day cash collections at the school.

The person designated to draw all orders in pursuant to NRS386.573 for the payment of monies belonging to the charter school is the principal. Each campus employs an office manager to work with Academica Nevada. All claims for payment from charter school funds are processed by Academica Nevada in conformance with charter school procedures. Payment is authorized against invoices properly supported by approved purchase orders with properly submitted vouchers approved by the governing body.

The campus principals are responsible for assuring that budget allocations are observed and that total expenditures do not exceed the amount allocated in the budget. The Board outsources payroll processes to a 3rd party vendor. Preparation of payroll, including time schedules and payroll periods, will be done in accordance with each employee's agreement with the governing body. Employee health, accident, dental and other types of insurance will be provided as outlined in the agreements. mandatory payroll deductions will be withheld as required by state and federal law. The narrative should specifically address the degree to which the school budget will rely on variable income (e.g., grants, donations,

TOC 1/13/2022 18 of 48

fundraising, etc.). There is no page limit for the budget narrative. Include the following: A detailed discussion of Per-Pupil Revenue: Use the figures provided in developing your budget assumptions.

The budget created for Somerset Academy of Las Vegas includes the per-pupil revenue assumption of \$7,293 per-pupil for the 22-23 fiscal year of operation; with an estimated 1.30% increase each subsequent year thereafter. Assumptions were based on the per-pupil statewide base and per pupil funding amount in Clark County found in Senate Bill No. 458.

Please see Attachment 1 – Budget Narrative for a more detailed overview of per-pupil funding.

a. Anticipated Funding Sources: Indicate the amount and sources of funds, property or other resources expected to be available through banks, lending institutions, corporations, foundations, grants, etc. Note which are secured and which are anticipated and include evidence of commitment for any funds on which the school's core operation depends in a clearly identified component of **Attachment** ____. Please ensure that your narrative specifically references what page this evidence can be found on in the attachment.

Please see Attachment 1 (Budget Narrative) for a more detailed overview of all anticipated funding sources.

b. Anticipated Expenditures: Detail the personnel and operating costs assumptions that support the financial plan, including references to quotes received and the source of any data provided by existing charter school operators in Nevada or other states.

Please see Attachment 1 (Budget Narrative) for a more detailed overview of all anticipated funding sources.

c. Discuss in detail the school's contingency plan to meet financial needs if anticipated revenues are not received or are lower than estimated, including both the scenarios identified in subsections e and f.

Somerset Academy of Las Vegas has presented a fiscally conservative budget for the first 6-years of operation for the proposed campus. However, if student enrollment is lower than expected, many budgeted expenses will decrease as a result; this includes EMO/CMO Fees, student supplies, IT fees, etc. Refer to Attachment 1 (Budget Narrative) for a more detailed overview of all anticipated budgeted expenses.

d. Year 1 cash flow contingency in the event that state and local revenue projections are not met in advance of opening.

Somerset Academy of Las Vegas collaborates closely with Academica Nevada in searching and applying to receive grants deemed beneficial to the school in order to further support the planning and implementation of the charter.

e. Year 1 cash flow contingency in the event that outside philanthropic revenue projections are not met in advance of opening.

Somerset Academy of Las Vegas did not rely on philanthropic revenue for their operations in their budget. Refer to Attachment 2 (School Budgets) for a detailed overview of all the budgeted revenue and expenses.

4. Submit a completed financial plan for the proposed school as an Attachment (the format of this is left to the applicant's discretion but must be clear and sufficiently detailed to permit Authority staff, external reviewers, and the general public to review of all elements of the school's business plan and gauge alignment and consistency with the academic program, operating plan, and budget narrative).

Please see Attachment 2 (School Budgets)

5. Submit, as an **Attachment 3**, a detailed budget for the operator at the network level (the format of this is left to the applicant's discretion but must be clear and sufficiently detailed to permit Authority staff, external reviewers, and

the general public to review of all elements of the school's business plan and gauge alignment and consistency with the academic program, operating plan, and budget narrative).

Please see Attachment 3 (Network Budget)

6. Provide, as an **Attachment N/A**, historical financial documents for any affiliated CMO from another state or any EMO providing services to the school, including audited financials for each school operated by the affiliate as well as any other campus by campus financial evaluations conducted by charter school authorizers. At least three years of school financial audits are required for any school operating for three years or longer. Such financials must be provided as converted PDF documents to ensure accessibility.

Available upon request.

7. Complete the audit data worksheet in **Attachment** 4. In the info tab, please identify any schools or campuses listed under the student achievement tab for which, pursuant that relevant state's charter law, financial data is consolidated for reporting and auditing purposes in the independent audits provided in **Attachment N/A**.

Please see Attachment 4 (Audit Data) *The Full Financial Audit has been submitted to the SPCSA

8. Provide a six-year development plan that addresses the annual and cumulative fundraising need at the network and school levels including a description of the staff devoted to development. The plan should include a history of the school's fundraising outcomes and identify funds that have already been committed toward fundraising goals. The plan should also identify the role of the members of the board, particularly as relates to give/get requirements, and should demonstrate alignment with the expectations for board members discussed elsewhere in the amendment request. If funds are raised at a partner organization level, describe the methodology to be used in allocating funds to the school and the proposed campuses. If the school has not raised any funds to support its programming to date and the budget does not include any fundraising activity, please explain that this question is not applicable to your school.

Somerset Academy of Las Vegas does not rely on fundraising programming to support the day-to-day operation of their school and as such this question is not applicable to Somerset Academy of Las Vegas.

9. Describe the campus, school, and any management organization distinct responsibilities in the financial management and oversight of the proposed campuses, including, but not limited to, their respective roles in overseeing or implementing internal controls and in making financial management decisions including budget development. Detail the process and frequency by which key financial information is communicated to and reviewed by the various organizations and different levels of leadership and governance.

This Amendment will not require any changes to the well-established and proven processes that have allowed Somerset Academy to excel over the past 10 years. Those processes, explained briefly below, have resulted in 10 years of strong financial performance, significant cash reserves, and the purchase through tax-exempt bonds of every Somerset Academy facility. Financial procedures will remain consistent at the North Las Vegas Campus as it transitions from a K-8 campus to a K-5 campus.

The financial policies and procedures adopted by the Board are reflected at each of the campuses. The Somerset Academy of Las Vegas Board oversees all aspects of the fiscal management of the school. The Board reviews financial statements at minimum once per quarter and Academica Nevada prepares the financial statements for the designated board meetings. Academica meets with school principals during the development of annual budgets to collaborate in creating a complete budget. Academica Nevada then presents annual budgets to the Board for their consideration. Under the supervision of the Board's Treasurer and in conjunction with the School's audit firm, Academica Nevada is responsible for the school's bookkeeping, financial reporting, and financial liability. STUDENT RECRUITMENT AND ENROLLMENT

Like all public schools, public charter schools must be open to any such child, regardless of that child's race, gender, citizenship, or need for accommodations or special education services. Thus, recruitment and enrollment practices should demonstrate a commitment to providing all students equal opportunity to attend the school, and help schools avoid even the appearance of creating barriers to entry for eligible students.

- g. Explain the plan for student recruitment and marketing for the new campuses that will provide equal access to interested students and families, including how the school will comply with the requirements of SB208 (2015 session). Specifically, describe the plan for outreach to: families in poverty; academically low-achieving students; students with disabilities; and other youth at risk of academic failure. For schools which are giving one or more statutorily permissible admissions preferences pursuant to NRS 386.580 or SB390 (2015 session), please indicate if you plan to focus your student recruitment efforts in specific communities or selected attendance areas.
- h. Provide a detailed discussion of the school's track record in recruiting and retaining students that reflect the ethnic, socio-economic, linguistic, and special needs diversity of the current charter school and each campus to at least the level reflected by the attendance zones where the charter school will operate facilities before approving the proposal. Please provide the school's past enrollment and retention performance for all years since the inception of the school broken out by race, ethnicity, language other than English, disability and 504 status, and eligibility for free and reduced priced lunch both as a school and in comparison, to the school's current zoned schools.
- i. Detail how the school's programmatic, recruitment, and enrollment strategies are designed to recruit, enroll, and retain a student population that is representative of the zoned schools which prospective students would otherwise attend in the community. Schools which do not currently represent their communities based on the data identified above and are not serving an at-risk population are expected to add several of the following programmatic, recruitment, and enrollment strategies to merit approval: (1) participation in state-funded pre-K programs (including federal pre-K) for low-income students; (2) substituting online and social media marketing which advantages affluent and well-connected populations with a community-based, grassroots campaign which targets high need populations in the community, including aggressive door-to-door outreach and publishing marketing materials in each language which is spoken by more than 5 percent of families within each attendance zone; (3) an explicit commitment to serving a broad continuum of students with disabilities and the expansion of programs, including cluster programs or consortia, to meet the needs of a broad spectrum of student needs; (4) a

weighted lottery² which provides additional opportunities for specific target populations to be admitted to the school in a manner consistent with state and federal law; and (5) other enrollment policies and strategies which have had a demonstrated track record of success in dramatically increasing the diversity of student populations in a high achieving charter school to at least the poverty, disability, and ELL profile of the zoned school.

- j. What is the enrollment calendar for both the first year of operation and subsequent years of operation? Please specify the dates on which the school will begin accepting applications and how long the enrollment window will last prior to conducting a lottery.
- k. What enrollment targets will you set and who will be responsible for monitoring progress towards these targets? What is your target re-enrollment rate for each year? How did you come to this determination? What are the minimum, planned, and maximum projected enrollment at each grade level? Outline specific targets in the table below.
- 1. What systems will you put in place to ensure that staff members are knowledgeable about all legal enrollment requirements pertaining to special populations and the servicing of particular populations of students and can answer parent inquiries in a manner consistent with the letter and spirit of state and federal law?
- m. Describe the student recruitment plan once your school has opened. In what ways will it be different than your pre-opening year, in terms of the strategies, activities, events, persons responsible and milestones? How will the school backfill vacancies in existing grades?
- n. Complete the following tables for the proposed school to open in 2021-22. Schools applying for multiple campuses must complete enrollment summary tables for each school campus opening in fall 2021 and fall 2022.
 - 1) **Minimum Enrollment** (Must Correspond to Break Even Budget Scenario Assumptions discussed in budget narrative) *Complete using Excel file "RFA Staffing and Enrollment Worksheets."*

3. RFA: Change Mission and/or Vision

For an RFA to accomplish this objective:

- a. Complete and submit your RFA with the General application sections above completed.
- b. The notice of intent and the RFA must include an explanation of the reasons that the charter school is seeking to make this specific requested change.
- c. Indicate "N/A" for any below requested response that is not applicable to your request.

4. RFA: Eliminate a grade level or other educational services

For an RFA to accomplish this objective, pursuant to NAC 388A.325:

- a) Complete and submit your RFA with the General Requirements sections above completed.
- b) The notice of intent and the RFA must include an explanation of the reasons that the charter school is seeking to make this specific requested change.

Somerset Academy North Las Vegas requests the ability to eliminate grade levels by transition to a K-5 Campus from a K-8 Campus and reduce square footage of the NLV Campus to only the purchased portion of the building. In addition, enrollment will be adjusted from approximately 1100 students to approximately 750 students with the adjustment in grade levels.

The current structure at the Somerset North Las Vegas Campus has created some unique challenges since opening in 2011. The North Las Vegas Campus is the only Somerset facility not specifically built for school use; therefore, the building creates some challenges when implementing certain programs such as suitable outdoor and indoor athletic practice space important for middle school programming. Also, the entire facility is not completely owned by Somerset through Bonds. The building farthest to the east on the North Las Vegas campus is leased space and continues to escalate in rent costs to the school at a rate that outpaces current funding increases, thus, increasing the burden of rent to the school rather than focusing that funding on academic programming. The leased space is on a ten-year lease which ends in the summer of 2022 making this an opportune time to make such a transition for not renewing the lease. Notice of renewal is required in April 2022 if Somerset intends to renew. In addition, the Campus shares parking/traffic with other businesses; therefore, having a reduced student enrollment will lessen the congestion in and around the school during arrival and dismissal times.

The Somerset system is making seats available at the Losee campus by adjusting the number of students at each grade level in grades K-8. The Losee Campus traditionally has had an 80% retention rate over the past three years; therefore, through natural attrition and reducing the number of classes at each grade level in grades K-5 and increasing the seats available in grades 6-8 from 180 to 240 students in each grade, all middle school students at the North Las Vegas Campus will have available seats at the Losee Campus. This is not an increase/decrease in total enrollment at the Losee Campus; this is simply an adjustment between grade levels. In addition, by reducing the number of elementary students at the Losee Campus there can also be an increased focus on student growth and achievement with lesser students.

7. RFA: Enrollment: Expand Enrollment in New Grade Level(s)

For an RFA to accomplish this objective:

- a) Complete and submit your RFA with the General application sections above completed.
- b) The notice of intent and the RFA must include an explanation of the reasons that the charter school is seeking to make this specific requested change.

The purpose of this Expansion Amendment Request is to assess the potential of existing charter school boards to produce high-quality student outcomes and function as highly effective, accountable, and transparent providers of public education as they add new students and demonstrate the capability and maturity to achieve at consistently high levels in all domains while continuing to scale their impact in their communities and in other communities across the state.

The expansion request is evaluated based on the strength of the plan in each of those domains, while applicants are evaluated based on their capacity to execute the program they've proposed both based on the coherence, thoroughness, and thoughtfulness of each element of the application and on the data gathered during both the (discretionary) capacity interview process and background research and due diligence on both proposed members of the expanded governing board and proposed staff members. Successful requests will share many of the same characteristics.

This amendment request form pre-supposes that the school plans to utilize the existing facility.

If the current facility requires no construction or renovation to accommodate the addition of these new grades, then provide a brief narrative at each attachment attesting to that fact. Each attestation must be signed by the chair of the governing body and the school leader, must be notarized, and must be remediated to be accessible pursuant to Section 508 of the Rehabilitation Act.

If the existing campus or campus(es) requires any construction or renovation after the date of submission of this request and prior to the commencement of instruction, then answer the applicable specific facility related section questions.

- a. Please detail how this proposed expansion aligns to the current <u>SPCSA Academic and Demographic Needs Assessment.</u>
- b. Please provide academic performance data broken down by subgroups. What is the school's assessment of its current work in preventing performance gaps? If gaps exist, how is the school working to ensure that these gaps are reduced? How will the school work to prevent gaps with expanded enrollment?
- c. Please provide an overview of discipline data, broken down by subgroup. What is the school's assessment of its current work in preventing disproportionate discipline practices? 8. RFA: Lottery: Change(s) in Charter Lottery Policy

The SPCSA considers changes to the admission process for sponsored schools to be a material amendment to their charter contract. Charter schools/networks seeking to make changes to their current lottery policy should provide complete descriptions and supporting documentation to the specific information requests below including a revised student enrollment schedule for the remainder of the school contract showing (a) the current enrollment plan, (b) the enrollment plan to be used should the proposed changes be approved and (c) the differences between the two plans.

Please provide the current lottery policy for your charter school/network.

Please see Attachment 7 – Current Enrollment Policy

Provide a draft of your proposed lottery policy for your charter school/network and include a thorough explanation/rationale for any adjustments to lottery priorities and/or weights. Proposed policies must demonstrate alignment to <u>NRS 388A.456</u> and/or <u>R131-16</u>. If your school/network is proposing a weighted lottery, please be sure to provide a thorough explanation for the proposed weighting system.

Somerset's Weighted Lottery Policy will provide a weighted preference of 2.0 in its enrollment lotteries to students who qualify for free/reduced lunch services This weighted lottery will take place at every campus where it is determined that the percentage of students at the Somerset campus who qualify for free and reduced lunch is less than 90% of the percentage of students eligible for free/reduced lunch services at the nearest school with like grade levels within the Clark County School District.

If this amendment is approved **ALL** Somerset Campuses will be using a weighted lottery based on current data for the 2022-2023 school year.

The process for the weighted lottery will be as follows:

- 1. Prior to the enrollment lottery at a Somerset campus, the campus will determine the percentage of students who are eligible for free or reduced-price lunch at the nearest school with like grade levels within Clark County School District, rounded to the nearest tenth of one percent ("FRL Comparison %). Data used for this comparison percentage will be taken from the most recent full year data available on www.nevadareportcard.nv.gov.
- 2. The FRL Comparison % will then be compared to the validated current school year free and reduced lunch percentage at the Somerset campus ("Somerset FRL %).
- 3. If the Somerset FRL % is less than 90% of the FRL Comparison % at the nearest school with like grade levels within the Clark County School District, the weighted lottery will apply. If the Somerset FRL % is greater than or equal to 90% of the FRL Comparison %, the weighted lottery will not apply.
 - a. Example #1: if the FRL Comparison % is 50% and the Somerset FRL % is 44%, the weighted lottery will apply.
 - b. Example #2: if the FRL Comparison % is 50% and the Somerset FRL % is 45%, the weighted lottery will not apply.
- 4. If the weighted lottery is applied, a weight of 2.0 will be applied to each applicant who provides sufficient documentation to indicate they would have qualified for free and reduced lunch based on the previous year's USDA income guidelines for free and reduced lunch.
- 5. Somerset's enrollment application will be revised to request that applying students inform Somerset whetherthey are:
 - a. Eligible for TANF, SNAP, FDPIR, or Medicaid, or
 - b. Qualified for a free or reduced-price lunch at their previous school, or
 - c. Eligible to receive a free or reduced-price lunch.

<u>TOC</u> 1/13/2022 40 of 48

- 6. Any student who indicates they are eligible for the 2.0 weighting in the enrollment lottery will be asked to complete and sign an income verification form and provide proof of current income or provide proof of current FRL eligibility at least three days prior to the lottery date. Any refusal to provide the required documentation necessary to validate eligibility for the weighted lottery will result in the student receiving a standard 1.0 weight in the enrollment lottery.
- 7. Qualifying for a 2.0 weight in the Somerset enrollment lottery DOES NOT qualify the student for free or reduced-price lunch. To qualify for free or reduced-price lunch, the parent will have to complete the Household Application for Free and Reduced-Price School Meals released by the USDA in July of each year.
- 8. In the event a weighted lottery is not applied, any information collected for the purpose of the weighted lottery will not be used in any way by Somerset.

Please see Attachment 8 – Weighted Lottery Policy for a copy of this new enrollment policy.

Provide a plan and timeline for communicating the proposed lottery changes to your charter school/network community. How will the charter/network ensure that prospective families are aware of these changes?

Lottery Schedule

Somerset's lottery timeline will not be affected or altered by the adoption of this weighted lottery policy. Open Enrollment will begin on the first Monday of the new year and close on the last calendar day of February. Additionally, the lottery will run on March 1. For example, Somerset's enrollment schedule for this coming school year:

- January 3: Open Enrollment Begins
- February 28: Open Enrollment Closes
- March 1: Lottery Runs

Somerset will utilize its weekly emails and news bulletins to provide its current students and families a comprehensive overview of these lottery changes. Additionally, the Somerset websites will provide additional information regarding these changes, once approved by the SPCSA.

To communicate these changes to the broader community, Somerset will provide marketing materials, such as flyers, as well as social media targeted campaigns to advise potential families of these changes.

Attach a revised student enrollment form to be used under the proposed policy.

Please see Attachment 9 - Revised Student Enrollment Form

SOMERSET ACADEMY ENROLLMENT POLICY

Somerset Academy Enrollment policy was originally established in the charter application. As long as the school's enrollment is less than it can accommodate (as determined by NAC 386.353), the school "shall enroll pupils...in the order in which applications are received." "...[I]f more pupils...apply for enrollment...than the number of spaces which are available..." the school shall use a lottery to determine who will be enrolled.

In the case of available spaces at Somerset Academy that priority would be given to:

- A) Priority will be given to children of a member of the committee to form the charter school.
- B) Priority will then be given to the children of members of the governing body of the charter school.
- C) Priority will be given to the child of a teacher employed by the charter school.
- D) Priority will be given to the siblings of currently enrolled students. Should the number of siblings exceed the number of available spaces in any grade level; the students will be placed in a lottery to determine priority.
- E) Students registered at any Somerset Campus wishing to transfer campuses. In years when Somerset Academy opens a new campus; students attending an existing Somerset Academy, who request transfer to the new campus on their declaration of intent will be given first priority of acceptance during the first year of enrollment at the new campus. In order to receive this priority, transfer request must be received during the recommitment period. All transfer request received after the recommitment period will be given transfer priority as detailed below.
- F) Pursuant to NRS 388.040 and NRS 388A.453(2), students who completed their 8th grade year at a Somerset school and are being promoted to 9th grade will only be guaranteed enrollment in the Somerset High School zone where they attended 8th grade. If they wish to attend high school in another Somerset High School Zone, they will be given transfer priority in the customary lottery process. The Somerset High School Zones are divided as follows:

Somerset Sky Pointe High School Zone

Somerset Lone Mountain Somerset Sky Pointe Elementary Somerset Skye Canyon

Somerset Losee High School Zone

Somerset North Las Vegas Somerset Losee Elem Somerset Stephanie Somerset Aliante

Once a transfer request is granted and the registration process completed the student's seat at attending campus will be released. Should a request be made to return to previously attended campus; any applicable priority will be assigned and student will be placed at the bottom of the assigned priority wait list. Transfers are never guaranteed and are awarded based on seat availability and wait list order.

G) All remaining students will be placed in a lottery to determine priority.

Somerset Academy will begin the open enrollment period the first day students return from winter break and will end the last day of February each school year. Applications will be available on each school website. Applicants must apply at each campus they wish to attend.

The initial lottery will be run at the end of this open enrollment period. All open seats will be filled in this first lottery run using the priority listed above. All students not seated will be assigned a wait list number. This wait list number assignment will be valid for a one year period. Any openings from the end of the open enrollment period until December of the current school year will be filled using this wait list.

Somerset Weighted Lottery Policy

Somerset Academy Weighted Lottery Policy

Pursuant to Nevada Revised Statute 388A.459, Somerset Academy of Las Vegas adopts this policy to ensure that the student population of Somerset will closely resemble the student population of the similar surrounding schools within the community where the school is located.

Somerset's Weighted Lottery Policy will provide a weighted preference of 2.0 in its enrollment lotteries to students who qualify for free/reduced lunch services. This weighted lottery will take place only if it is determined that the percentage of students at the Somerset campus who qualify for free and reduced lunch is less than 90% of the percentage of students eligible for free/reduced lunch services at the nearest school with like grade levels within the Clark County School District.

The process for the weighted lottery will be as follows:

- Prior to the enrollment lottery at a Somerset campus, the campus will determine the percentage
 of students who are eligible for free or reduced-price lunch at the nearest school with like grade
 levels within Clark County School District, rounded to the nearest tenth of one percent ("FRL
 Comparison %). Data used for this comparison percentage will be taken from the most recent full
 year data available on www.nevadareportcard.nv.gov.
- 2. The FRL Comparison % will then be compared to the validated current school year free and reduced lunch percentage at the Somerset campus ("Somerset FRL %).
- 3. If the Somerset FRL % is less than 90% of the FRL Comparison % at the nearest school with like grade levels within the Clark County School District, the weighted lottery will apply. If the Somerset FRL % is greater than or equal to 90% of the FRL Comparison %, the weighted lottery will not apply.
 - a. Example #1: if the FRL Comparison % is 50% and the Somerset FRL % is 44%, the weighted lottery willapply.
 - b. Example #2: if the FRL Comparison % is 50% and the Somerset FRL % is 45%, the weighted lottery will not apply.
- 4. If the weighted lottery is applied, a weight of 2.0 will be applied to each applicant who provides sufficient documentation to indicate they would have qualified for free and reduced lunch based on the previous year's USDA income guidelines for free and reduced lunch.
- 5. Somerset's enrollment application will be revised to request that applying students inform Somerset whetherthey are:
 - a. Eligible for TANF, SNAP, FDPIR, or Medicaid, or
 - b. Qualified for a free or reduced-price lunch at their previous school, or
 - c. Eligible to receive a free or reduced-price lunch.
- 6. Any student who indicates they are eligible for the 2.0 weighting in the enrollment lottery will be asked to complete and sign an income verification form and provide proof of current income or provide proof of current FRL eligibility at least three days prior to the lottery date. Any refusal to

Somerset Weighted Lottery Policy

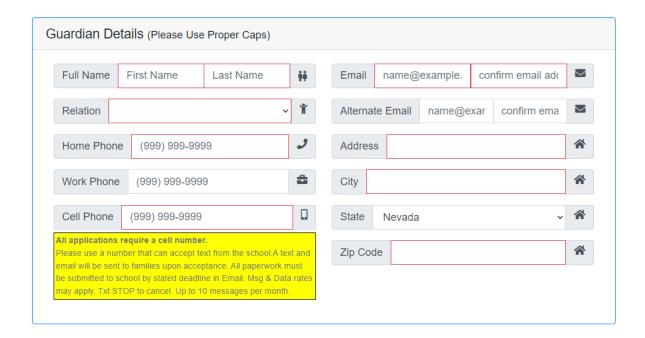

provide the required documentation necessary to validate eligibility for the weighted lottery will result in the student receiving a standard 1.0 weight in the enrollment lottery.

- 7. Qualifying for a 2.0 weight in the Somerset enrollment lottery DOES NOT qualify the student for free or reduced-price lunch. To qualify for free or reduced-price lunch, the parent will have to complete the Household Application for Free and Reduced-Price School Meals released by the USDA in July of each year.
- 8. In the event a weighted lottery is not applied, any information collected for the purpose of the weighted lottery will not be used in any way by Somerset.
