## Introduction

The SPCSA seeks to continuously improve its processes and the quality of its services. Over the past few years we have, for example, been able to significantly reduce the amount of paperwork involved in the processing of Request For Amendment Applications, primarily be separating primarily instructional and guidance information to a separate Technical Guidance document.

The SPCSA are now adding a new, brief, simple guidance section to this application. This next section is designed to provide guidance and processing steps to schools for applying for one of the following four most frequently requested RFA applications.

If you're seeking RFAs in one of the following four (4) areas, the following guidance may help you prepare and process your application faster

The first three may be handled in the Consent Agenda section of the board meeting, also:

Mater's interest in serving this community is driven by parents from the school's community seeking a pre-kindergarten program for their children.

(2) Explain how your expansion model or RFA, and the commitment to serve this population, including the grade levels you have chosen, would meet the district and community needs and align with the mission of the SPCSA.

#### **Dual-Credit & Pre-Kindergarten**

Both of Mater's requests (dual-credit and pre-kindergarten) align to the mission of the SPCSA by providing further educational resources to its community, which will assist in preparing all students for academic, social, and economic success.

#### **GROWTH RATE AND RATIONALE**

- (1) Describe the school's six-year growth plan for developing new schools in Nevada and other states. Please describe the proposed scope of growth over the next 6 years, including both the schools that the campuses the school has already been approved to open, those it is currently applying to open and any additional campuses that it anticipates applying to open in the next six years (number of campuses, locations, proposed six-year enrollment projections, and grade configuration/type of schools).
  - a. Provide a rationale for the proposed six-year growth plan; for example, how the school determined the appropriate pace and scope of the proposed growth and why the school is well-positioned to implement the growth plan. If locating in a new community within your present county of location or a new county within Nevada, please explain the rationale for the geographic expansion. If planning to operate new campuses in other states, please explain the rationale for that expansion.

#### **Dual-Credit**

This question is not applicable to this particular amendment request.

#### Pre-Kindergarten

Beyond the addition of a Pre-Kindergarten program, Mater Academy of Nevada has no plans to build or expand to an additional campus within the next 6 years, therefore this question is not applicable.

In the event that state funds are unavailable, the campus would then seek grant funds such as CSP, ESSER, Cares ESSER II, ARAP, and ESSER III grant funds as additional funding streams. If both the statewide process and grant funds are unavailable then the school would remain operating as a traditional K-12.

(3) Discuss lessons learned during the school's past replication efforts and those of any replicated school or organization from another jurisdiction. For example: specifically identify each challenge encountered and how the school addressed them, as well as how the school would minimize such challenges for the proposed campuses.

This question is not applicable to either of Mater's amendment requests at this time.

#### PARENT AND COMMUNITY INVOLVEMENT

(1) Describe the role to date of any parents, neighborhood, and/or community members involved in the proposed expansion of the school.

#### **Dual-Credit**

This guestion is not applicable to this particular amendment request.

#### Pre-Kindergarten

Mater Academy of Nevada is an established and respected component of the eastern Las Vegas community. Having operated in this region of the city since 2014, Mater understands the central role a school plays in a neighborhood. As a school, Mater works with the previously mentioned community organizations to not only identify community needs, but establishes partnerships to meet and address those needs as well.

Mater's Governing Board has extensive ties to and relationships with the target community and surrounding region. Many Board Members have significant experience working with the target population in educational settings, as elected and appointed government representatives, and as community activists.

As Mater implements a pre-kindergarten program, it will continue to listen to and gather community feedback at public board meetings and other previously mentioned engagement strategies, to understand new and arising needs and how to best meet them. The school and Governing Board commit to establishing new relationships with local community organizations in order to have community support and engagement in school matters. The school will promote an environment that allows parents, teachers, and other community members to be actively engaged in the school.

(6) Identify any organizations, agencies, or consultants that are partners in planning and expanding the school, along with a brief description of their current and planned role and any resources they have contributed or plan to contribute to the school's development. If the school is new to this county, describe how your previous work has prepared you to establish relationships and supports in this new community.

#### **Dual-Credit**

#### Pre-Kindergarten

Mater Academy of Nevada's Board has partnered with Mater Academy Inc. (the replicated school model and partner) and Academica Nevada (the Educational Management Organization) for the planning and establishing Mater Academy of Nevada. ## C) ACADEMIC PLAN

Apart from the <u>PRE-KINDERGARTEN PROGRAMS</u> subsection, the remainder of the ACADEMIC PLAN will remain unchanged from this amendment request. Therefore, the remainder of these questions are not applicable. Please see <u>PRE-KINDERGARTEN PROGRAMS</u> and/or <u>RFA: Add Dual-Credit Program</u> for more information.

#### **MISSION & VISION**

The mission of your school should describe the purpose of your school, including the students and community to be served and the values to which you will adhere while achieving that purpose. The vision of your school should describe what success looks like for students, for the school as a whole, and for any other entities that are critical to your mission. The mission and vision statement should align with the purposes of the Nevada charter school law and the mission of the State Public Charter School Authority and serves as the foundation for the entire proposal.

Explain whether the proposed mission and vision for the school/network is different from the existing school's mission and vision and how they differ. Describe the reasoning behind any modifications.

Explain whether the mission and vision outlined will replace the current mission and vision of the charter holder, or if the school proposes to complement a broader organizational mission and vision with campus or grade-level specific variants. How will the entity as a whole ensure consistency and coherence of its mission and vision?

#### **CURRICULUM & INSTRUCTIONAL DESIGN**

The framework proposed for instructional design must both reflect the needs of the anticipated population and ensure all students will meet or exceed the expectations of the Nevada Academic Content Standards.

- (1) Historical Performance
  - (a) **Performance Data:** schools are only eligible to complete the amendment request and business plan if the existing schools meet the Authority's eligibility criteria; these criteria reflect a proven academic track record of success with Nevada students and our operating expectations or similar performance in another state.
    - (i) A school is welcome to provide any additional historical academic performance metrics that fall outside of the operator's contractual performance plan (e.g. average student growth on an adaptive test such as ACT Aspire, NWEA MAP, SCANTRON, Renaissance Learning's STAR, etc.). If provided, describe student performance on these metrics.
    - (ii) Please only provide data in vendor-produced score reports and note that the Authority may require additional time and resources to review and vet such data.
  - (b) **Interventions**: Please explain any past performance that has not met the organization's expectations. How was the underperformance diagnosed, how were appropriate intervention(s) determined, and how are they being implemented? What are the key areas in which existing schools/campuses need to improve, and what are the priorities to drive further success?
- (2) Academic Vision and Theory of Change
  - (a) **Model Non-Negotiables:** What are the key non-negotiables (i.e. the key school design components, policies, practices, etc. that underlie school culture and academic outcomes) of your school model? Please include details about the critical elements that are constant across the organization's schools and those that may vary. Discuss any campus-level autonomies in implementing the educational plan.
- (3) Performance Management
  - a) **Measuring Progress:** Describe the school's approach to performance management across the network and with individual campuses, including the systems used to measure and evaluate both academic and non-academic performance of each site and of the network as a whole.

<u>TOC</u> 11/15/2021 15 of 48

- a. What performance management systems, processes, and benchmarks will the school use to formally assess this progress?
- b. Explain how the school addresses underperformance and describe the corrective action plan procedures.
- b) Closure: Describe the conditions that would cause the school to petition the Authority close a consistently low performing campus. Be specific about threshold metrics the school would use to inform its decision.
- c) College Readiness (HS Only): Describe the mechanisms that the school employs to accurately, reliably, and consistently track college acceptance, enrollment, and persistence rates. If historical data is available on college acceptance, enrollment, and/or persistence rates, please include it. Cite the percent of total alumni for which the school has data on each metric. If data is not available, please include plans to create mechanisms to accurately, reliably, and consistently track student acceptance, enrollment, and persistence rates.
- d) **Readiness to Replicate:** What academic, financial, and operational metrics does the school and its Board use to determine readiness for replication?
- e) Compliance: Describe the proposed academic program and how it complies with the requirements of NRS 388A.366(1)(f) and NRS 389.018. Please complete the scope and sequence/standards alignment template (Excel document at <a href="http://CharterSchools.nv.gov/uploadedFiles/CharterSchoolsnvgov/content/Grocers/Alignment Template.xlsx">http://CharterSchools.nv.gov/uploadedFiles/CharterSchoolsnvgov/content/Grocers/Alignment Template.xlsx</a>) for each class scheduled to be provided by the school for each grade level to be served following this proposed expansion. For example, a school that currently serves students in K, 1, and 2 which seeks to add grades 3 and 4 would provide the scope and sequence/standards alignment for each class/subject area in the grades currently served along with the scope and sequence/alignment for each of the proposed new grades.
- f) Instructional Strategies: Describe the instructional strategies that you will implement to support the education plan and why they are well suited for the anticipated student population—including a detailed discussion of these strategies for both the expanded grades and for all existing grades. For each grade level to be served by the charter school following the expansion, identify and describe in detail the data, methods, and systems teachers will use to provide differentiated instruction to students. Please note that SPCSA schools typically start with students performing across a broad spectrum from years below grade level to advanced learners. Include the professional development teachers will receive to ensure high levels of implementation.
- g) Remediating Academic Underperformance: Describe the school's approach to help remediate students' academic underperformance both for both the expanded grades and for all existing grades. Detail the identification strategy, interventions, and remediation to be implemented. Cite the research/rationale for the chosen methods. How will you measure the success of your academic remediation efforts (in year 1 of the expansion, year 3, year 5, and beyond? How will you communicate the need for remediation to parents? How will staffing be structured to ensure that gifted students are adequately supported?
- h) **Identifying Needs:** Describe how you will identify the needs of all students in both the expanded grades and for all existing grades. Identify the research-based programs, strategies and supports you will utilize to provide a broad continuum of services, ensure students' access to the general education curriculum in the least restrictive environment, and fulfill NV's required Response to Intervention model.
- i) **Intellectually Gifted Students:** Explain how the school will identify and differentiate to meet the needs of intellectually gifted students in both the expanded grades and for all existing grades in a way that extends their learning and offers them unique, tailored opportunities. Please note that Nevada law classifies intellectually gifted students as eligible for specific support services. How will staffing be structured to ensure that gifted students are adequately supported?
- j) **Enrichment Opportunities:** Describe the enrichment opportunities that will be available to students performing at or above grade level in both the expanded grades and for all existing grades as part of the school's comprehensive strategy to ensure that all pupils are making accelerated academic progress.
- k) **Matriculation:** Explain how students will matriculate through the school (i.e., promotion/retention policies) and how stakeholders will be informed of these standards.

#### SCHOOL STRUCTURE: CALENDAR AND SCHEDULE

- a) Discuss the annual academic schedule for the school, including the calendar for the proposed new grades. Explain how the calendar reflects the needs of the student population and the educational model.
- b) Describe the structure of the school day and week for both the proposed new grades and for existing grades. Include the number of instructional minutes/hours in a day for core subjects such as language arts, mathematics, science, and social studies. Provide the minimum number of hours/minutes per day and week that the school will devote to academic instruction in each grade.
- c) Describe your goal for student attendance and explain how you will ensure high rates of student attendance. Who will be responsible for collecting and monitoring attendance data? What supports will be in place to reduce truancy and chronic absenteeism?

#### **DISTANCE EDUCATION**

(Distance Education Expansion Amendments)

A charter school that wishes to provide distance education (online, virtual, cyber, etc.) courses and/or programs (NRS 388.820-388.874 and NAC 388.800-388.860) must submit a distance education application to the Nevada Department of Education prior to or in conjunction with its amendment request to the SPCSA.

For applicants who do not propose to offer a program of distance education or who already have approval to operate such a program, please provide a brief statement explaining that the questions in this section are not applicable.

- (1) Describe the system of course credits that the school will use.
- (2) Describe how the school will monitor and verify the participation in and completion of courses by pupils.
- (3) Describe how the school will ensure students participate in assessments and submit coursework.
- (4) Describe how the school will conduct parent-teacher conferences.
- (5) Describe how the school will administer all tests, examinations or assessments required by state or federal law or integral to the performance goals of the charter school in a proctored setting.

#### PRE-KINDERGARTEN PROGRAMS

(All Operators Currently Operating or Proposing to Operate Pre-K)

A charter school that wishes to provide pre-kindergarten services to students who will later enroll in its K-12 programs must apply separately to the Nevada Department of Education to offer education below the kindergarten level following charter approval. Approval to offer pre-kindergarten cannot be guaranteed. Consequently, revenues and expenditures related to pre-kindergarten should not be included in the initial charter application budget. Please note that state-funded pre-kindergarten programs are not directed through the state Distributive Schools Account for K-12 education. In addition to a limited amount of state pre-kindergarten funding available through the Department of Education, the SPCSA is also a sub-recipient of a federal grant to expand early childhood services in certain high-need communities through programs approved by NDE. Applicants are encouraged to review resources available at http://www.doe.nv.gov/Early\_Learning\_Development/. For applicants who do not propose to offer pre-kindergarten, please provide a brief statement explaining that the questions in this section are not applicable.

(1) Identify whether the school plans to offer pre-kindergarten in the first year of operation at the new campus or in any subsequent year of the charter term.

Mater Academy East Campus is proposing to start a Pre-Kindergarten program in the 2022-23 school year contingent upon receiving funds from Nevada Ready! State Pre-K grant. In the event that state funds are unavailable, the campus would then seek grant funds such as CSP, ESSER, Cares ESSER II, ARAP, and ESSER III grant funds as additional funding streams. If both the statewide process and grant funds are unavailable then the school would remain operating as a traditional K-12.

<u>TOC</u> 11/15/2021 17 of 48

(2) Identify whether the school will offer fee-based pre-kindergarten services. If the school does plan to offer fee-based pre-kindergarten, explain how the school will ensure that parents will be informed both initially and on an ongoing basis that both state and federal law preclude a K-12 charter school from giving admissions preference to students to whom it has previously charged tuition.

Mater Academy East Campus will not charge tuition for pre-kindergarten services. The school is awaiting approval from the Nevada Department of Education to provide a program through Nevada Ready! State Pre-K which is a state funded educational program for families who qualify based on income eligibility.

Please see Attachment 15 for an overview of the pre-kindergarten staffing charts.

(3) Describe the school's plans for ensuring that the pre-kindergarten program aligns with the mission, vision, and program of the school's other grades and meets all other state requirements.

The pre-kindergarten program at Mater East will replicate the already successful programs implemented at the two other Mater campuses in the Las Vegas valley, Mater Mt. Vista and Mater Bonanza. The Mater Pre-K program follows the same mission and vision found in the K-12 model with the addition of the preschool specific Mission Statement.

## **Mater Preschool Mission Statement**

We are dedicated to helping each child reach their full potential to become a well-rounded individual. Providing each child with a safe environment of engaging new learning experiences. We strive to help children grow in all areas of development and become self-motivated learners.

To remain in alignment with the other Mater Pre-K programs, the following is a list of curriculum that is intended to be implemented.

(4) Explain how the school's proposed pre-kindergarten program may meet the federal pre-kindergarten expansion grant criteria.

TOC 11/15/2021 18 of 48

The Mater East pre-kindergarten program will follow all required program elements to meet the federal expansion grant criteria. The elements include:

- 1. Individualized accommodations and supports ensure access and participation for all children.
- 10. Equitable Access Each child applicant will have equal access to the same content as other children.

#### HIGH SCHOOL GRADUATION REQUIREMENTS AND POSTSECONDARY READINESS

(New High School Amendments Only)

High schools approved by the SPCSA will be expected to meet or exceed Nevada graduation requirements. For operators who do not propose to operate a high school program during the initial charter term or who already have approval to operate a high school, please provide a brief statement explaining that the questions in this section are not applicable.

- (1) Explain how the school will meet state requirements. Describe how students will earn credit hours, how grade-point averages will be calculated, what information will be on transcripts, and what elective courses will be offered. If graduation requirements for the school will exceed those required by the State of Nevada, explain the additional requirements.
- (2) Explain how the graduation requirements will ensure student readiness for college or other postsecondary opportunities (e.g., trade school, military service, or entering the workforce).
- (3) Explain what systems and structures the school will implement for students at risk for dropping out and/or not meeting the proposed graduation requirements, including plans to address students who are overage for grade, those needing to access credit recovery options, and those performing significantly below grade level.

#### **SPECIAL POPULATIONS**

Pursuant to State and federal law, SPCSA schools are required to serve the needs of all students in special populations. Beginning in the 2017-18 school year, the State of Nevada will switch to a weighted formula for special education. For the first time, this will provide for equitable special education funding across all Nevada public schools. Over time, this will necessitate current SPCSA-sponsored charter schools moving from a defined continuum of service to a broader continuum of services. All operators submitting amendment requests to the SPCSA after the conclusion of the 2015 Legislative Session should plan on offering students a broad continuum of services.

The SPCSA operates under the following principles with regards to special populations of students:

<u>TOC</u> 11/15/2021 19 of 48

SPCSA schools serve all eligible students. SPCSA schools do not deny the enrollment of any student based on needs or disability.

- 1. SPCSA schools are to ensure streamlined access for all students requiring special programs.
- 2. SPCSA schools develop programs to support the needs of their students.
- 3. SPCSA schools do not counsel or kick any students out.
- 4. SPCSA schools utilize best practices to expose students to the most inclusive environments appropriate.
- 5. If needed, an SPCSA school is responsible for developing more restrictive placements to meet the needs of the highest needs students, including but not limited to clustered placements in consortium with other charter schools.
- 6. SPCSA schools are responsible for providing high functioning, trained special education teams, which focus on student advocacy and high expectations. IEP teams (including school's leadership) make placement decisions at IEP meetings. Decisions are made based on evidence/data to support what is best for the student.

  - b) (*Middle and High Schools*) How will the school identify and serve students who require special education services and develop transition plans?

What will be the process to transition a student out of special education who has been incorrectly identified as having a disability in the past?
  - a) Continuum of Services: How will the school provide a broad continuum of instructional options and behavioral supports and interventions for students with a range of disabilities? Specifically describe how students with severe intellectual, learning, and/or emotional disabilities will be served. Provide a chart which graphically illustrates the continuum of services which identifies, by disability and level of severity, the means by which students with disabilities will be able to receive an appropriate public education in the least restrictive environment (note—this graphic may be created using a commercial program like Microsoft Visio or a free or low-cost internet-based solution such as Lucidchart). Identify the resources, personnel (including administrative responsibilities), and direct and related services the school is likely to provide both within general education classrooms and in other settings (e.g., collaborative team teaching (CTT), Special Education Teacher Support Services (SETSS), speech therapy, physical therapy, occupational therapy, counseling, etc.) as well as the services or settings that will be provided through a consortium or other collaborative initiative with other charter schools or through a third party contract.
- (4) Enrollment: Describe the school's strategy and plan to recruit, enroll, and retain students with disabilities. How will the school proactively address parent and community perceptions around the availability and appropriateness of the charter school to the needs of students with disabilities?
- (5) General Education Collaboration/Access: How will special education and related service personnel collaborate with general education teachers (e.g., team teaching, team planning, etc.) to ensure that all students are able to access a rigorous general academic curriculum?

#### **Staffing**

## This section must be completed for all applications.

(1) Describe the systems and processes by which the school will manage accounting, purchasing, payroll, and audits. Specify any administrative services expected to be contracted for the school and describe the criteria and procedures for the selection of contractors and the mechanism by which the board will monitor and hold the contractor responsible for providing such services.

The Mater Academy of Nevada Board oversees all aspects of the fiscal management of the school. The auditors, accountants, and educational management company retained by the Board, work as to team to develop financial statements and accounting reporting templates to ensure compliance with state and federal reporting guidelines. Under the supervision of the Board's Treasurer and in conjunction with the school's audit firm, Academica Nevada is responsible for the school's bookkeeping, financial reporting, and financial liability. The school principal will supervise the day-to-day cash collections at the school.

The person designated to draw all orders in pursuant to NRS386.573 for the payment of monies belonging to the charter school is the principal. Each campus employs an office manager to work with Academica Nevada. All claims for payment from charter school funds are processed by Academica Nevada in conformance with charter school procedures. Payment is authorized against invoices properly supported by approved purchase orders with properly submitted vouchers approved by the governing body.

The campus principals are responsible for assuring that budget allocations are observed and that total expenditures do not exceed the amount allocated in the budget. The Board outsources payroll processes to a 3rd party vendor. Preparation of payroll, including time schedules and payroll periods, will be done in accordance with each employee's agreement with the governing body. Employee health, accident, dental and other types of insurance will be provided as outlined in the agreements. mandatory payroll deductions will be withheld as required by state and federal law. Payroll information will be uploaded by the office manager into the portal provided by the vendor in time for the payroll vendor to process all payroll information.

Mater Academy of Nevada complies with the Model Financial Procedures for Charter Schools, developed by the NDE in 2008 and as may be revised by the SPCSA. The function of charter school purchasing is to serve the educational program by providing the necessary supplies, equipment, and services. The governing body will appoint the purchasing agent. He/She will be responsible for developing and administering the charter school's purchasing program. Any officer or employee of the governing body may incur no obligation unless that expenditure has been authorized in the budget or by governing body action and/or governing body policy. In all cases, calling for the expenditure of charter school money, except payrolls, a requisition and purchase order system must be used. Unless authorized by the administrator, no purchase will be authorized unless covered by an approved purchase order. No bills will be approved for payment unless purchases were made on approved orders. The administrator will review bills due and payable for the purchase of supplies and services to determine if they are within budget amounts. After appropriate administrative review, the administrator will direct payment of the just claims against the charter school. The administrator is responsible for the accuracy of all bills and vouchers.

(2) Depending on the type of RFA requested, staff may require applicant to submit additional documentation regarding the potential fiscal impact of proposed changes. Fiscal impact documentation is required for all facility acquisition/construction RFAs.

#### Available upon request.

- (3) Attachment \_\_\_\_. Present a budget narrative including a detailed description of assumptions and revenue estimates, including but not limited to the basis for revenue projections, staffing levels, and costs. The narrative should specifically address the degree to which the school budget will rely on variable income (e.g., grants, donations, fundraising, etc.). There is no page limit for the budget narrative. Include the following:
  - (a) A detailed discussion of Per-Pupil Revenue: Use the figures provided in developing your budget assumptions. 0

TOC 11/15/2021 22 of 48

The budget created for Mater Academy of Nevada includes the per-pupil revenue assumption of \$7,293 for the 22-23 fiscal year of operation; with an estimated 1.00-2.00% increase each subsequent year thereafter. Assumption was based on the per-pupil statewide base and per pupil funding amount in Clark County found in Senate Bill No. 458. Refer to **Attachment 10 – Budget Narrative** for a more detailed overview of per-pupil funding.

(b) Anticipated Funding Sources: Indicate the amount and sources of funds, property or other resources expected to be available through banks, lending institutions, corporations, foundations, grants, etc. Note which are secured and which are anticipated and include evidence of commitment for any funds on which the school's core operation depends in a clearly identified component of **Attachment** \_\_\_\_. Please ensure that your narrative specifically references what page this evidence can be found on in the attachment.

Refer to *Attachment 10* for a more detailed overview of all anticipated funding sources. Specific grant funding source to note: Pre-K grant revenue assumed at \$500,000 each year, related expenses are also assumed at \$500,000 and are contingent on Mater Academy of Nevada being awarded the Pre-K grant.

(c) Anticipated Expenditures: Detail the personnel and operating costs assumptions that support the financial plan, including references to quotes received and the source of any data provided by existing charter school operators in Nevada or other states.

Refer to Attachment 10 for a more detailed overview of all anticipated expenditures.

(d) Discuss in detail the school's contingency plan to meet financial needs if anticipated revenues are not received or are lower than estimated, including both the scenarios identified in subsections e and f.

Mater Academy of Nevada has presented a fiscally conservative budget for the next 6-years of operation. However, if student enrollment is lower than expected, many budgeted expenses will decrease as a result; this includes EMO/CMO Fees, student supplies, IT fees, etc. Refer to *Attachment 10* for a more detailed overview of all anticipated budgeted expenses.

(e) Year 1 cash flow contingency in the event that state and local revenue projections are not met in advance of opening.

Mater Academy of Nevada collaborates closely with Academica Nevada in searching and applying to receive grants deemed beneficial to the school in order to further support the planning and implementation of the charter. Pre-K Grant revenue is assumed in the budget, as well as the related expenses which include: Salaries and benefits (coordinator, teachers, aides, interventionist) and instructional consumables.

(f) Year 1 cash flow contingency in the event that outside philanthropic revenue projections are not met in advance of opening.

Mater Academy of Nevada did not rely on philanthropic revenue for their operations in their budget. Refer to **Attachment 11** for a detailed overview of all the budgeted revenue and expenses.

(4) Submit a completed financial plan for the proposed school as an **Attachment** (the format of this is left to the applicant's discretion but must be clear and sufficiently detailed to permit Authority staff, external reviewers, and the general public to review of all elements of the school's business plan and gauge alignment and consistency with the academic program, operating plan, and budget narrative).

## Refer to Attachment 11.

## Refer to Attachment 12.

(6) Provide, as an **Attachment**\_\_\_\_, historical financial documents for any affiliated CMO from another state or any EMO providing services to the school, including audited financials for each school operated by the affiliate as well as any other campus by campus financial evaluations conducted by charter school authorizers. At least three years of school financial audits are required for any school operating for three years or longer. Such financials must be provided as converted PDF documents to ensure accessibility.

## Available upon request.

(7) Complete the audit data worksheet in **Attachment**\_\_\_. In the info tab, please identify any schools or campuses listed under the student achievement tab for which, pursuant that relevant state's charter law, financial data is consolidated for reporting and auditing purposes in the independent audits provided in **Attachment** .

#### Refer to Attachment 14.

(8) Provide a six-year development plan that addresses the annual and cumulative fundraising need at the network and school levels including a description of the staff devoted to development. The plan should include a history of the school's fundraising outcomes and identify funds that have already been committed toward fundraising goals. The plan should also identify the role of the members of the board, particularly as relates to give/get requirements, and should demonstrate alignment with the expectations for board members discussed elsewhere in the amendment request. If funds are raised at a partner organization level, describe the methodology to be used in allocating funds to the school and the proposed campuses. If the school has not raised any funds to support its programming to date and the budget does not include any fundraising activity, please explain that this question is not applicable to your school.

Mater Academy of Nevada does not rely on fundraising programming to support the day-to-day operation of their school and as such this question is not applicable to Mater Academy of Nevada.

(9) Describe the campus, school, and any management organization distinct responsibilities in the financial management and oversight of the proposed campuses, including, but not limited to, their respective roles in overseeing or implementing internal controls and in making financial management decisions including budget development. Detail the process and frequency by which key financial information is communicated to and reviewed by the various organizations and different levels of leadership and governance.

The financial policies and procedures adopted by the Board are reflected at each of the campuses. The Board, Lead Principal, and Academica Nevada will work with and train the school principal and office manager in all financial policies and procedures. The Mater Academy of Nevada Board oversees all aspects of the fiscal management of the school. The Board will review financial statements at minimum once per quarter and Academica Nevada will prepare the financial statements for the designated board meetings. Academica will meet with school principals during the development of annual budgets to collaborate in creating a complete budget. Academica Nevada will then present annual budgets to the Board for their consideration. Under the supervision of the Board's Treasurer and in conjunction with the School's audit firm, Academica Nevada is responsible for the school's bookkeeping, financial reporting, and financial liability. The principal of the school will supervise the budget and day-to-day cash collections at the school. Academica Nevada will meet regularly with the school principals to review their budgets.

#### STUDENT RECRUITMENT AND ENROLLMENT

Like all public schools, public charter schools must be open to any such child, regardless of that child's race, gender, citizenship, or need for accommodations or special education services. Thus, recruitment and enrollment practices should demonstrate a commitment to providing all students equal opportunity to attend the school, and help schools avoid even the appearance of creating barriers to entry for eligible students.

- g. Explain the plan for student recruitment and marketing for the new campuses that will provide equal access to interested students and families, including how the school will comply with the requirements of SB208 (2015 session). Specifically, describe the plan for outreach to: families in poverty; academically low-achieving students; students with disabilities; and other youth at risk of academic failure. For schools which are giving one or more statutorily permissible admissions preferences pursuant to NRS 386.580 or SB390 (2015 session), please indicate if you plan to focus your student recruitment efforts in specific communities or selected attendance areas.
- h. Provide a detailed discussion of the school's track record in recruiting and retaining students that reflect the ethnic, socio-economic, linguistic, and special needs diversity of the current charter school and each campus to at least the level reflected by the attendance zones where the charter school will operate facilities before approving the proposal. Please provide the school's past enrollment and retention performance for all years since the inception of the school broken out by race, ethnicity, language other than English, disability and 504 status, and eligibility for free and reduced priced lunch both as a school and in comparison, to the school's current zoned schools.
- i. Detail how the school's programmatic, recruitment, and enrollment strategies are designed to recruit, enroll, and retain a student population that is representative of the zoned schools which prospective students would otherwise attend in the community. Schools which do not currently represent their communities based on the data identified above and are not serving an at-risk population are expected to add several of the following programmatic, recruitment, and enrollment strategies to merit approval: (1) participation in state-funded pre-K programs (including federal pre-K) for low-income students; (2) substituting online and social media marketing which advantages affluent and well-connected populations with a community-based, grassroots campaign which targets high need populations in the community, including aggressive door-to-door outreach and publishing marketing materials in each language which is spoken by more than 5 percent of families within each attendance zone; (3) an explicit commitment to serving a broad continuum of students with disabilities and the expansion of programs, including cluster programs or consortia, to meet the needs of a broad spectrum of student needs; (4) a weighted lottery² which provides additional opportunities for specific target populations to be admitted to the school in a manner consistent with state and federal law; and (5) other enrollment policies and strategies which have had a demonstrated track record of success in dramatically increasing the diversity of student populations in a high achieving charter school to at least the poverty, disability, and ELL profile of the zoned school.
- j. What is the enrollment calendar for both the first year of operation and subsequent years of operation? Please specify the dates on which the school will begin accepting applications and how long the enrollment window will last prior to conducting a lottery.

- k. What enrollment targets will you set and who will be responsible for monitoring progress towards these targets? What is your target re-enrollment rate for each year? How did you come to this determination? What are the minimum, planned, and maximum projected enrollment at each grade level? Outline specific targets in the table below.
- 1. What systems will you put in place to ensure that staff members are knowledgeable about all legal enrollment requirements pertaining to special populations and the servicing of particular populations of students and can answer parent inquiries in a manner consistent with the letter and spirit of state and federal law?
- m. Describe the student recruitment plan once your school has opened. In what ways will it be different than your pre-opening year, in terms of the strategies, activities, events, persons responsible and milestones? How will the school backfill vacancies in existing grades?
- n. Complete the following tables for the proposed school to open in 2021-22. Schools applying for multiple campuses must complete enrollment summary tables for each school campus opening in fall 2021 and fall 2022.

  - ii. Food Service: Outline your plans for providing food service at the school, including whether and how you will be your own school food authority or will contract with another provider. If the school will not provide food service, please identify how the school will ensure that this does serve as a barrier to enrollment or ongoing attendance.
  - iii. Facilities maintenance (including janitorial and landscape maintenance)

#### **ONGOING OPERATIONS**

- 16. SPCSA schools coordinate emergency management with local authorities. Explain your process to create and maintain the school's Emergency Management Plan required by the State of Nevada. #### **Attachment 1: Request for Good Cause Exemption**

November 17, 2021

State Public Charter School Authority 1749 North Stewart Street Suite 40 Carson City, Nevada 89706

#### RE: Request for Good Cause Exemption from Amendment Cycle

Executive Director Feiden:

Mater Academy of Nevada requests a good faith exemption from the current amendment cycle to amend their contract with the SPCSA to include a dual-credit program as required by NRS 389.310 and pre-kindergarten program.

In an effort to comply with the language in NRS 389.310, Mater Academy of Nevada is entering into a cooperative agreement with both the College of Southern Nevada as well as Western Nevada College to provide dual-credit courses to their students. These courses will be offered only to students currently attending one of the Mater Academy of Nevada network campuses.

Additionally, in order to comply with the Nevada State Public Charter School Authority's amendment requirements, Mater was encouraged to amend their current charter to provide a Pre-K program as detailed within the attached application.

As the school year is well under way, Mater Academy of Nevada is seeking a good faith exemption to the application cycle and that the application for both programs be heard at the Board's next convenience.

Sincerely,

Mary Beth Scow Mater Academy of Nevada Board Chairperson

#### 4a. Discussion with Jessica Barr Regarding Prior Year School Data

Ms. Jessica Barr addressed the Board and stated that Mater Academy of Nevada students had taken the SBAC test last year even though it had not counted officially towards an overall STAR rating; adding that the State had decided to take the test for informational purposes and that there would not be any accountability associated with the results. Ms. Barr explained that Mater had been using their data results prior to school starting in August and that she was looking forward to sharing with the Board student outcomes and overall results of the testing; adding that the winter data would provide an important update towards where the school's STAR ratings would be trending.

Ms. Barr reported that, due to post pandemic instruction, overall student learning took dramatic hits; adding that, on average, ELA proficiency had dropped between 7-10% from where schools had been in 2019 and that math had dropped between 20-25% in proficiency. She also stated that student populations that were highly vulnerable before the pandemic now had exacerbated vulnerabilities. Ms. Bar explained that vulnerable populations were students with IEPs, academically challenged, ELL students, and economically disadvantaged; adding that, as a Title I school, Mater's student population had fallen into this category. Ms. Barr then reviewed the prior year baseline data as contained within the support materials.

Ms. Barr began with the overall academic achievement data for Mater Bonanza. She highlighted that, overall, elementary school math achieved a median score of 56.0% proficiency, and that middle school ELA and math had strong growth; adding that there had been strong ELA IEP growth in 7<sup>th</sup> and 8<sup>th</sup> grade, and strong math IEP growth in elementary and middle school. Ms. Barr stated that areas of focus included elementary and middle school ELA and math growth with their opportunity gap students; adding that opportunity gap students were students who had not passed the test and were counted four times in the STAR rating. Other areas of focus included building proficiency in primary grades to create sustainability in testing grades and consistent IEP/ELL growth.

Member Triana asked what the percentage of ELL and IEP students was at Bonanza. Principal Amy Gronna addressed the Board and replied that 75% of students were classified as ELL and around 10% were classified as IEP. Principal Gronna stated that, once she had seen the data for her campus, she had used grant funding to place interventionists in every kinder through

3<sup>rd</sup> grade classroom, implemented power-hours, worked towards 100% participation in 21<sup>st</sup> Century after-school program, and had mandatory after school math tutoring for 6<sup>th</sup> graders. Ms. Barr stated that she was looking forward to seeing Bonanza's winter data.

Ms. Barr continued and reviewed the overall academic achievement data for Mater Mountain Vista. She highlighted that, overall, elementary ELA achieved a median score of 60.0% and math achieved a median score of 63.3%; adding that ELA growth had maintained from 2018/2019 to 2020/2021. Middle school overall achieved 66% growth in ELA and 65% growth in math; adding that both elementary and middle school ELA and math FRL growth had been very strong despite nation-wide FRL trends for having minimal growth. Ms. Barr reported that areas of focus included elementary and middles school opportunity gaps in ELA and math, elementary IEP ELA growth, and building proficiency in primary grades to create sustainability in testing grades.

Member Jasso asked whether or not plans for getting students back on track would be tailored for the individual campus or if a blanket intervention would be used. Ms. Barr replied that, overall, it would be important to implement best practices; adding that going back to a complete curriculum and using iReady would be essential. She also stated that specific student/teacher data would be more campus focused; adding that the interventions used for teacher data would be more strategic. Principal Olivia Carbajal addressed the Board and stated that she had been able to implement a collaboration where stronger teachers and interventionists were utilized. She also stated that Ms. Barr had been able to provide her with a list of students who specifically needed more targeted support. Member Triana commended all three principals for pushing to have students back in the building for school for the last year; adding that their success had been a direct result for having students back in the classroom for in-person instruction. Principal Renee Fairless addressed the Board and stated that, once students were back in the building for instruction, it had been hard to keep everything stable while instructing students both in-person and online. Ms. Barr also noted how creative Mater Academy of Nevada had been with scheduling to ensure students came back for full school days.

Ms. Barr further reviewed the overall academic achievement data for Mater East Las Vegas. She highlighted that, overall, elementary IEP growth had achieved a median score of 61% and that middle school ELA growth had achieved 59%; adding that 6<sup>th</sup> and 8<sup>th</sup> grade ELA and IEP had strong growth as well. Middle school math growth had also been noted at 62%. Ms. Barr stated that the areas of focus for the school would be in elementary and middles school ELA and math growth and opportunity gap, as well as maintaining consistency across elementary claim performance in ELA and English learner support/growth. Member Triana asked how big the middle school was. Principal Fairless replied that there were over 825 middle school students; adding that there were 1,500 students total in K-10<sup>th</sup> grade. Discussion ensued regarding the Mater model for growing students.

#### 4c. Review and Approval of Final Revised Budget for the 2021/2022 School Year

Mr. Trevor Goodsell addressed the Board and stated that there were only a few minor changes to the third and final budget; adding that enrollment had been adjusted to reflect the projected average daily enrollment and internet speed had been increased. Mr. Goodsell reported that the revenue remained at 97% with 1.6% in surplus. Member Anderson stated that the budget looked good.

Member Jasso moved to approve the final revised budget for the 2021/2022 school year. Member Anderson seconded the motion, and the Board voted unanimously to approve.

#### 4i. Review and Approval of Teacher and Staff Holiday Bonuses

Mr. Goodsell stated that the school had been able to provide a small holiday bonuses each year; adding that he amounts for the bonuses were the same from the previous year. Mr. Goodsell reported that administration would receive \$200, teachers and 12-month employees would receive \$125, and hourly employees would receive \$100; adding that the total would come to around \$57,000 and had been accounted for within the budget. Board members would be notified as to when the bonuses would be distributed to faculty and staff.

Member Triana moved to approve the teacher and staff holiday bonuses. Member Anderson seconded the motion, and the Board voted unanimously to approve.

#### 4d. Review and Approval of an MOU with Heavenly Smiles Mobile Dental LLC

Mr. Michael Muehle addressed the Board and stated that he had reviewed the MOU and that Heavenly Smiles Mobile Dental LLC had made all of his requested changes. He explained that the company was a mobile dental service for under privileged students; adding that there would not be any charges billed to the students. The MOU would allow Mater Academy of Nevada to partner with an additional community leader to provide some needed services to under privileged students.

Member Triana moved to approve the MOU with Heavenly Smiles Mobile Dental LLC. Member Jasso seconded the motion, and the Board voted unanimously to approve.

#### 4e. Review and Approval of a Dual Enrollment MOU for the Mater East Campus

Mr. Muehle explained that State law required that all high schools provide dual enrollment opportunities for their students; adding that Mater high school fell under this requirement. Mr. Muehle stated that Principal Fairless had sought out to enter into MOUs with multiple community colleges including College of Southern Nevada (CSN) and Western Nevada College (WNC);

adding that he had reviewed each MOU with CSN and WNC and that they had met the requirements set forth by the law. Mr. Muehle also explained that, instead of students leaving the campus to attend the dual enrollment classes at the college, teachers would be certified at Mater to offer the high school and college credit courses.

Principal Fairless stated that they were very excited to offer dual enrollment for the students; adding that students would only need to pay \$75 a credit by using Mater certified teachers. Member Scow asked if the instruction would take place during the day. Principal Fairless replied that classes would be offered during the day and most likely in the evening; adding that students could have their required 23 credits for graduation by the end of their junior year leaving their senior year open to complete full time dual enrollment and/or CTE classes.

Member Triana moved to approve the dual enrollment MOU with Mater East campus with CSN and Western Nevada College. Member Jasso seconded the motion, and the Board voted unanimously to approve.

## 4f. Review and Approval of the Submission of an Amendment Application for Dual Enrollment

Mr. Muehle stated that approval would be needed to amend the charter to offer dual enrollment.

Member Triana moved to approve the submission of an amendment application for dual credit enrollment. Member Jasso seconded the motion, and the Board voted unanimously to approve.

## 4g. Review and Approval of the Submission of an Amendment Application to Include Pre-K at the Mater East Campus

Mr. Muehle stated that this amendment application would allow Mater East to offer Pre-K at their campus. Currently, Mater Academy offers Pre-K at the Mountain Vista and Bonanza campuses. Member Triana asked how many students would be able to participate. Principal Fairless replied that two classrooms with 20 students in each classroom would be used. Member Scow asked if federal funds would be used to cover the costs involved. Principal Fairless replied affirmatively; adding that Mater would include the program with the other two campuses. Member Scow asked if the federal money would require special accommodations with what was being taught. Principal Fairless relied that that State would require accommodations but that the federal would not.

Member Triana moved to approve the submission of an amendment application to include Pre-K at the Mater East campus. Member Jasso seconded the motion, and the Board voted unanimously to approve.

#### 4h. Review and Approval of the First Amendment to the Mater East Lease Agreement

Mr. Muehle stated that he had sent the amendment to outside council and that they had sent back suggested revisions; adding that Turner Agassi had made the requested changes by outside council. Mr. Clayton Howell addressed the Board and reviewed the lease amendment as found in the support materials. He stated that the facility was being built out in phases and that the original lease had anticipated a 3-phase build to construct the entirety of the campus, which included the existing facilities where the elementary was located in the gym building as well as all the site work; adding that Phase 2 had been completed in August, which would hold long-term middle school and a few high school classrooms. Mr. Howell continued that, based upon enrollment demands at the Mater East campus, accelerating the delivery of Phase 3 was being considered, which would include the construction of the high school building. The lease needed to be amended based upon final costs for Phase 1 and 2, which came in under budget by \$1.8 million; adding that Phase 3 had increased in size from 54,000 sq. ft. to 64,000 sq. ft. due to Principal Fairless and the development team's input.

Mr. Howell referred the Board to page 633 of the support materials and reviewed the changes within the project's budget, specifically drawing attention to the project summary; adding that there had been a change to the amount for Phase 3. The total amount to complete the project had been changed to \$40,983,313, where the original lease included a total budget of \$39,512,931. Mr. Howell attributed the increase to the changes made to include more classrooms in the building, and the increase in the cost of building materials; adding that a lease amendment was necessary to reflect the changes to the total cost of within the lease agreement. Mr. Howell stated that the terms of the lease had not changed from the original lease other than the reflected project costs and annual lease numbers that reflected the new budgeted number.

Member Triana asked if Mr. Goodsell was comfortable with the numbers being presented. Mr. Goodsell replied affirmatively; adding that he had run projections and that everything would be fine.

Member Triana moved to approve the first amendment to the Mater East lease agreement. Member Jasso seconded the motion, and the Board voted unanimously to approve.

#### Mater Academy of Nevada Restorative Justice Discipline Plan and Procedures

Mater Academy of Nevada has established the following Restorative Justice procedures to address disciplinary infraction of pupils and on-site review of disciplinary decisions. The plan was developed with the input and participation of teachers, other educational personnel (counselors, strategists and specialists), support personnel, and the parents and guardians of pupils who are enrolled in the school. The plan has been developed in accordance with written rules of behavior prescribed in NRS 392.4644 (formally amended by AB 168 and SB 89 in 2019).

It includes, without limitation, provisions designed to address the specific disciplinary needs and concerns of the school that aligns with the integral framework and tenants of Restorative Justice. The plan provides for the placement at a different school in accordance with NRS 392.466. The plan was reviewed and developed by the Restorative Justice Committee. The plan was reviewed and revised by administration, teachers, other educational personnel, support staff personnel, and parents. The review and revisions were made continually and collaboratively as requested following monthly discipline committee meetings, weekly administrative meetings, and monthly Parent Advisory Committee meetings. A copy of this plan is located in the main office lobby and posted electronically on the school website for public inspection.

Mater Academy employs a Multi-Tiered Instructional Support Model with a focus on prevention to deter negative student behaviors. If student behavior falls outside school wide expectations, state established behavioral guidelines will be used by school administrators to determine appropriate consequences and/or interventions for student behavioral violations. In all instances, these guidelines may be modified contingent upon the level of severity of the incident and aligned with age, developmental level and other extenuating circumstances. Whenever possible and appropriate, schools will provide restorative disciplinary practices which include 1) holding a student accountable for his or her behavior; 2) restoration or remedies related to the behavior of the student; 3) relief for any victim of the student; and, 4) changing the behavior of the student.

In all circumstances, school administrators will make decisions based upon the health, safety and welfare of all students. Decisions will be made regardless of real or perceived race, creed, religion, sex, sexual orientation, gender identity, economic status, and/or disability status with a focus on student success and their pathway to graduation.

Exclusion from the educational program of the schools, whether by suspension or expulsion, is the most severe sanction that can be imposed on a student in the school and one that will not be imposed without appropriate due process, including timely notification to parents/guardians and a right of appeal since exclusion may deprive a student of the right to a public education.

Only students who are at least 11 years old may be removed from Mater, suspended, or expelled with the following exceptions: A general education student in possession of a firearm or dangerous weapon (NRS 392.466.3), Under extraordinary circumstances, in which case a school may request an exception to this prohibition from the Mater Board of Trustees (NRS 392.466.9, NRS 392.467.1). Accordingly, suspension or expulsion of students in Mater Academy will occur only in compliance with all state and federal laws and regulations, including compliance with the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act, as applicable. When city, state or federal laws have been violated, a referral will be made to the proper legal authorities.

Additionally, Mater Academy will provide a Restorative Justice intervention and action plan prior to the expulsion of any student, removal of a student for infractions outlined in the table below (see Table II).

#### HABITUAL DISCIPLINARY PROBLEM CRITERIA

If a student has been suspended from Mater Academy, school administrators, with consultation from the Social Emotional Learning (SEL) Team and parents/guardians will develop a Restorative Justice intervention and action plan. This intervention and action plan should be designed to prevent the student from being deemed a habitual disciplinary problem. If infractions continue despite the implementation of the action plan with fidelity, a student will be considered a Habitual Disciplinary Problem (HDP). Written evidence must be provided that documents that within one school year the student has:

- 1. Threatened or extorted, or attempted to threaten or extort, another student or school employee two or more times; or
- 2. Has been suspended for initiating at least two fights on school property, at an activity sponsored by a public school, on a school bus or, if the fight occurs within 1 hour of the beginning or end of a school day, on the pupil's way to or from school; or
- 3. Has a record of five suspensions for any reason.

A student who is declared a Habitual Disciplinary Problem (NRS 392.455) and is at least 11 years old, will be suspended or expelled from school for a period of time not to exceed one school semester as determined by the seriousness of the acts which were the basis for the discipline or expelled from school under extraordinary circumstances as determined by the principal of the school.

#### **Habitual Disciplinary Declaration**

If two teachers of a pupil enrolled at Mater Academy of Nevada request that the principal deem a student a Habitual Disciplinary Problem, the principal will meet with each teacher to review the student's discipline record. If after the review, the principal determines the student does not meet the criteria of a Habitual Disciplinary Problem, the teacher(s) submitting the request may appeal that determination to the school's Board of Trustee's.

#### PROCEDURES FOR CRITERIA # 1

Mater Academy of Nevada will process threats, extortion incidents, or any attempt thereof using existing expulsion procedures, however, in order to be considered Habitual Disciplinary Problem under current statute, the act of threatening or extorting, or attempting to threaten or extort, must have been documented at least twice during one school year **if and only if the school has made a reasonable effort to complete a plan of action based on restorative justice** (NRS 392.466.1). Habitual Disciplinary Problem language will be included in addition to identifying the infraction when preparing expulsion paperwork. Mater Academy of Nevada will provide a written notice seven days prior to declaring a student a Habitual Disciplinary Problem to the parent or legal guardian that contains:

- 1) A description of the act(s).
- 2) Dates on which the act(s) were committed.
- 3) An explanation that pursuant to NRS 392.466, a student declared a Habitual Disciplinary Problem may be suspended from school for a period not to exceed one school semester as determined by the seriousness of the acts which were the basis for the discipline or expelled from school under extraordinary circumstances as determined by the principal of the school and the Board of Trustees.

A student who is determined to have documented infractions in the progression of those identified under statute relevant to Habitual Disciplinary Problem may enter into a voluntary behavior plan designed to prevent the student from being deemed Habitual Disciplinary Problem and may include, without limitation:

- 1) A plan for graduating if the student is credit deficient and not likely to graduate according to schedule;
- 2) Information on alternative schools;
- 3) A voluntary agreement by the parent/guardian to attend school with the student;
- 4) A voluntary agreement by the student and parent/guardian to attend counseling;
- 5) A voluntary agreement by the student and the parent/guardian for the student to attend summer school, intersession school, or Saturday School.

If the student commits the same act or any other act that qualifies him/her as an HDP for which the notice was provided after he/she enters into a plan of behavior, the student shall be deemed to have not successfully completed the plan of behavior and may be deemed a Habitual Disciplinary Problem.

#### HABITUAL DISCIPLINARY PROBLEM PROCEDURES FOR CRITERIA # 2

Following each suspension, Mater Academy of Nevada will provide written notice to the parent or legal guardian that contains:

- 1) Description of the act committed by the pupil.
- 2) Date the act was committed.
- 3) An explanation that if the student is suspended five times within one school year, the student will be deemed a Habitual Disciplinary Problem.
- 4) An explanation that pursuant to NRS 392.466, a student declared a Habitual Disciplinary Problem may be suspended from school for a period not to exceed one school semester as determined by the seriousness of the acts which were the basis for the discipline or expelled from school under extraordinary circumstances as determined by the principal of the school and Board of Trustees.

#### BEHAVIOR PLAN PRIOR TO DECLARATION FOR CRITERIA #3

Before a student is deemed a Habitual Disciplinary Problem, if within one school year, a student is suspended one time for threatening or extortion, or attempting to threaten or extort, another student or school employee; or if the student has been suspended four times, a plan of behavior will be developed with the parent and student.

A student may enter into one behavior plan per school year. The plan, without limitation, may include a voluntary agreement for:

- 1) A plan for graduating if the student is credit deficient and not likely to graduate according to schedule;
- 2) Information on attending another Mater school;
- 3) A voluntary agreement by the parent/guardian to attend school with the student;
- 4) A voluntary agreement by the student and parent/guardian to attend counseling;
- 5) A voluntary agreement by the student and the parent/guardian for the student to attend summer school, intersession school, or Saturday School.

If the student violates the conditions of the plan or commits the same act for which notice was provided (i.e. commits a second extortion or attempted extortion; or receives a fifth suspension) after he/she enters into a plan of behavior, the student shall be deemed a Habitual Disciplinary Problem.

The parent/legal guardian of a student who has entered into a plan of behavior may appeal the contents of the behavior plan to the Executive Director of Mater Academy of Nevada.

If the student has been deemed a HDP and/or expulsion is an option, and the student has been suspended for less than 11 days, the Executive Director and/or the Assistant Executive Director, acting as the superintendent under NRS 392.466, and a committee of two Mater Academy Administrators has the discretion to reduce the expulsion to a short-term suspension. The Executive Director or the Assistant Executive Director, if the Executive Director is not available, will serve as the chair of this committee. If the referring administrator is one of the committee members, an alternate member will be chosen from the existing administrators. The last level of appeal for these students is the Mater Academy of Nevada Board of Directors.

DUE PROCESS NOTIFICATION—Mater Academy of Nevada will provide due process notification to each parent at least seven days before the school deems the student a Habitual Disciplinary Problem.

#### STEPS TEACHERS MUST TAKE PRIOR TO AB 521 REFERRAL

AB 521 is an option teachers have for a student who has engaged in behavior that seriously interferes with the ability of the teacher to teach and the other students to learn. Before a student's behavior reaches this level of severity, the teacher must attempt to correct the student's behavior through restorative justice discipline. According to AB 521, progressive discipline must be followed in the classroom before requesting that a student be temporarily removed. Teachers will complete the following interventions before submitting an AB 521 referral:

- 1. Conference with student.
- 2. Parent contact by phone.
- 3. If the student's family has no phone, a copy of the parent contact form must be mailed home.
- 4. Assign teacher restorative intervention a the classroom level.
- 5. Counselor referral.
- 6. Referral to an administrator for disruptive behavior.

These steps must be documented, and documentation must be submitted to the Board of Trustees.

#### **Assembly Bill 521 (Temporary removal of student)**

The Mater Academy of Nevada Discipline Plan provides for the temporary removal of a student from a classroom if, in the judgment of the teacher, the student has engaged in behavior that **seriously** interferes with the ability of the teacher to teach the other students in the classroom and with the ability of the other students to learn.

Restorative Justice Discipline will be followed within the classroom as explained, and may include such things as: verbal warning, parent contact, restorative intervention, counselor referral, restorative action plan, and administrator's referral. If a student is removed by teacher, the administrator will explain to the student the reason for the removal and the student will have an opportunity to respond. The administrator will contact the parent within 24 hours. A temporary, alternative placement will be given to the student unless the student is suspended or expelled for disciplinary action.

A conference with the student, parent, administrator, and teacher will be held within three days of the incident. Since it was the teacher that ordered the removal of the student, not the administrator, during the conference, the teacher must provide an explanation of the reasons for the removal and the parent must be given an opportunity to respond. Upon completion of the conference, the administrator will recommend whether the student returns to the classroom or remains in alternative placement for additional time. If the administrator recommends that a student be returned to the classroom from which he/she was removed and the teacher who removed the student does not agree with the recommendation, the administrator shall continue with the temporary alternative placement and will immediately contact the Board of Trustees. The parent will be informed of the meeting.

The Board of Trustees will convene to review temporary alternative placement. If the committee membership includes the teacher who removed the student, that teacher shall not participate in the deliberation on that case. The Board of Trustees will review the circumstances of the student's removal and behavior. Based upon its review, the committee shall assess the best placement available for the student and shall, without limitation 1) Direct that the student be returned to the classroom from which he was removed; 2) Assign the student to another classroom; 3) Assign the student to an alternative school of education (another Mater Academy of

Nevada school) if available or appropriate; 4) Recommend suspension or expulsion in accordance with NRS 392.467; or

5) Take any other appropriate disciplinary action against the student that the committee deems necessary.

#### SPECIAL EDUCATION STUDENTS -- Assembly Bill 14

If a student has a disability who is at least 11 years old and is participating in special education, the student may be suspended or expelled from school in the same manner as a student without a disability if the behavior is **NOT** a manifestation of his/her disability. This suspension or expulsion may occur only after the Board of Trustees has reviewed the circumstances and determined the action is in compliance with the Individuals with Disabilities Education Act (IDEA). Additionally, Part B of the Individual With Disabilities Education Act (IDEA) and established disciplinary procedures will be met when declaring a special education student a Habitual Disciplinary Problem as well as reflect the changes outlined in AB 168 and SB 89.

The exemption to this may be in the case of possession of a firearm or dangerous weapon by a student. Suspension of a student with an IEP is limited to 1-5 days for each occurrence on misconduct. Only under extraordinary circumstances may a student with an IEP under the age of 11 be expelled. This exemption can be requested by Mater Academy from the Board of Trustees.

The Individuals with Disabilities Education Act, the Americans with Disabilities Act of 1990, Title V of the Rehabilitation Act of 1973, any other federal law applicable to children with disabilities, and the procedures adopted by the Mater Academy Board of Trustees will be reviewed for students with disabilities and/or participating in special education pursuant to NRS 388.440 to 388.520 to be removed under AB 168.

#### Battery or Sale/Distribution of Controlled Substances (NRS 392.466.1)

If a student with an IEP has committed battery of a Mater employee, the employee may appeal the plan of action based on restorative justice if (1) the employee feels that any actions taken pursuant to that plan are inappropriate; and (2) the Board of Trustees has reviewed the circumstances and determined that the appeal is in compliance with Individuals with Disabilities Education Act (IDEA)

#### Possession of a Firearm or Dangerous Weapon (NRS 392.466.3)

A student with an IEP who is at least 11 years old who is found to be in possession of a firearm or a dangerous weapon may be removed from the school immediately upon being given an explanation of the reasons for their removal and pending proceedings. A student with an IEP who is 10 years old or younger cannot be removed from school immediately; this age limitation does not apply to general education students.

#### I. Purpose

- a. The purpose of this Memorandum of Understanding (MOU) is to memorialize the agreement between the Board of Regents of the Nevada System of Higher Education (NSHE) on behalf of the College of Southern Nevada (CSN) and Mater Academy of Nevada East Campus (MAE) to coordinate their efforts and work collaboratively to provide concurrent enrollment in CSN courses to qualified MAE students. The MAE and CSN are referred to individually as a "party", or collectively as the "parties."
- b. The parties acknowledge and endorse the need for collaboration in carrying out the conditions and intent of this MOU, and agree to use their reasonable efforts to provide the appropriate actions hereunder, and to make available appropriate representatives and resources in order to maximize the benefits hereunder consistent with their respective priorities, budgets, and other obligations.

#### II. Terms of Agreement

- a. The parties will jointly agree on concurrent enrollment courses to offer during the term of this MOU.
- b. MAE will offer certain approved 299 or lower-level college courses that qualify for CSN academic credit and fulfill MAE's high school graduation requirements.
- c. Contact hours (classroom instruction hours) for concurrent enrollment courses taught pursuant to this MOU must be equivalent to CSN regular courses. MAE will offer concurrent enrollment classes during the traditional school day hours.
- d. All instruction of the concurrent enrollment classes under this MOU will occur at a MAE location. The MAE waives any charge to CSN for facility usage under this MOU. Both MAE and CSN shall be responsible for the actions or negligence of its own employees and agents. In no event shall liability exceed that set forth in Nevada Revised Statute Chapter 41.
- e. Upon successful completion of the approved course, the MAE student will receive credit towards high school graduation from MAE and simultaneously receive credit from CSN.
- f. CSN will work together with MAE to formulate a steering committee that will meet at least once quarterly to review the policies and procedures outlined in this MOU and National Alliance of Concurrent Enrollment Partnerships Standards to ensure compliance.
- g. Pursuant to Nevada Revised Statute 388.205, MAE will develop a four-year plan for each student, which may include concurrent enrollment courses.

# h. MAE will ensure that each student seeking enrollment in a concurrent enrollment course, and the parent/guardian of the student, is made aware of opportunities and requirements for participating in interscholastic activities.

#### III. Fees and Payments

a. MAE Students, or their parent(s)/guardian(s), are responsible to pay all fees applicable to CSN for course enrollment. CSN will charge MAE students at the time of enrollment via CSN on-line invoice. MAE students or their parent(s)/guardian(s) are responsible to pay for courses at the time of enrollment or via CSN payment plan. However, MAE may pursue grants and other funding opportunities to help support their students in the dual enrollment program. A failure to pay fees by the due date, or create a payment plan as indicated through MyCSN, can result in classes being dropped. CSN does not guarantee classes dropped will remain available for continued enrollment.

On-Line Payments: Students may pay for tuition and fees with a credit card through MyCSN. CSN accepts MasterCard, Visa, Discover, American Express, and Diners Club credit cards. In the event that a credit card is declined online, classes will not show as paid, and all classes are subject to be dropped due to non-payment.
