I am a current SNUMA parent. I highly encourage a charter school that will continue the curriculum and learning strategies used for SNUMA. I have two students that have attended this year and they absolutely loved school this year. This is the first year they were excited to go to school. I am very sad that they will not be continuing at the Silver Mesa Rec Center but am hopeful that they will be able to attend this new charter school. My third grader is reading better after attending this program than he did before. We hired two different tutors to assist him and we could not get him interested and he still struggled. This program helped him tremendously and he doesn't struggle nearly as much as he did in second grade.
