My name is Ben Nicholes and I have children in a charter school as well as in a ccsd high school. I love the charter school option and wish that it was available to more parents. The size of traditional schools in my observation makes a student feel lost in a sea of peers. The smaller charter school has provided my other children a more intimate caring environment. Please reconsider the Pioneer technology arts academy application for the good of Nevada children's future.

Thank you,

Ben Nicholes
