To whom it may concern,

As. Lifelong Nevadan, Las Vegas resident, and mother of three I have seen the lack of opportunities in education first hand. I have seen the poor performance of our public school programs. I am also aware of the continuing success of our charter school programs. I am in full support of adding more of these successful programs to our failing education system and adding more opportunities for those who are in underprivileged. Thank you for your time and consideration.

Sincerely,
Daphne Lee
