

Young Women's Leadership Academy OF LAS VEGAS

Dear State Public Charter Authority,

Below are a few updates for Young Women's Leadership Academy Las Vegas (YWLA) in the following categories of our pre-opening progress: Facilities, Recruitment for scholars, on-boarding of the founding team.

Staff Updates

YWLA is 67% staffed. We are currently looking for staff in critical shortage areas of Math and Science. YWLA is running ads for the positions in the below locations. We are also running social media ads along the west coast. Additionally, we have shifted to offering a teacher incentive to team members that recruit a team member that is offered and accepted. Our contingency plan for staffing is to partner with Troop in order to get a long term substitute to support us until we are able to fill the positions.

Facility Update

YWLA is on the SPCSA board agenda to request approval of a temporary facility. This is due to the impact of delayed construction and retrieval of permits. Please see the timeline below for an overview of the process we took to locate a facility.

We have identified John D. "Jackie" Gaughan Boys & Girls Clubs of Southern Nevada, 920 Cottage Grove Ave, Las Vegas, NV 89119; as a temporary location. We believe its history in serving other schools in the area makes it a fit and community partner. It is 7 minutes from our leased facility at 3415 S Mojave Road, Las Vegas, Nevada 89121. We have drafted communication plans for families and events to onboard them to the building of the school. Below is a share of our problem solving for some of the families.
