State Charter Governing Board State Public Charter School Authority 2080 E. Flamingo Rd., Suite 230 Las Vegas, NV 89119

Re: Good Cause Exemption Request to Amend Charter Application

To State Public Charter School Authority,

Young Women's Leadership Academy respectfully requests a good cause exemption from the current amendment schedule to amend its charter contract with the State Public Charter School Authority (SPCSA).

The purpose of this out-of-cycle amendment is to seek the Authority's approval to occupy a temporary facility due to construction and permitting delays.

We appreciate the support of the SPCSA staff as YWLA seeks the approval of this good cause exemption as well as the granting of its underlying application to amend the charter.

Sincerely,

Gunlek Ruder

A) EXECUTIVE SUMMARY

Provide a brief overview of your school, including:

1. Identification of the school, its location(s), enrollment(s)(most recent ADE quarter), brief history, brief description of its board members and key leadership team members.

Young Women's Leadership Academy (YWLA) is a charter middle and high school that will serve students in grades 6-12 at full buildout. The school will open in August 2022 and serve students and families residing on the east side of the Las Vegas Valley, more specifically in the following ZIP codes: **89101**, **89104**, **89119**, **89121**, **89142**, **and 89169**. The projected enrollment for the 2022-23 school year is 110 students – 80 sixth graders and 30 ninth graders.

Since opening its first campus in East Harlem in 1996, The Young Women's Leadership School has grown into a national network of excellent all-girls college prep schools all driven by the same mission and vision: to nurture the intellectual curiosity and creativity of young women. Young Women's Leadership Schools accomplish this by supporting the "whole girl" and seek to maximize the academic achievement, social emotional well-being, and post-secondary success of each student.

Board Chair Gunlek Ruder – Gunlek serves as President and CEO of S. Martinelli & Company and has built a successful career around project management, strategic consulting, venture investing, financial management, real estate development, and consumer goods manufacturing. He has lived in Las Vegas since 2005 and became aware of the need for high quality public education choices working with the Andre Agassi Foundation. He also has experience serving on multiple nonprofit boards and running an equity fund developing facilities for charter schools.

Board Vice Chair Mala Panday – Mala started her career in education in 2004 as a science teacher in New York City. She worked as an Assistant Principal prior to accepting her current position as Principal of the Young Women's Leadership School of Queens where she has worked for the past 8 years. Mala's dedication and effective implementation of the Young Women's educational model in a community with similar demographics will prove vital as YWLA goes through its opening and growth stages. Mala has demonstrated success as an academic leader in guiding her students towards academic success despite the obstacles of language barriers, poverty, and discrimination. Her career interests are centered in engaging youth in racial, political, and social issues that impact them directly, as well as women around the world. She has initiated school-wide projects and partnerships seeking and adding to minority excellence.

Board Secretary Zac Hudson – Zac serves as Executive Vice President and Global General Counsel of the Las Vegas Sands Corporation. Prior to joining LVS, Mr. Hudson curated a varied background in the professional legal community including roles as the general counsel of a prominent technology company, worked as a lawyer in private practice, taught as an adjunct professor at Georgetown University, and served as a law clerk to both United States Supreme Court Chief Justice John Roberts and then-United States Court of Appeals D.C. Circuit Judge Brett Kavanaugh. Mr. Hudson earned his Juris Doctor from Yale Law School, his Master of Public Policy from Georgetown University, and his Bachelor of Science from the United States Naval Academy.

Board Treasurer Olivia Carbajal – Olivia has worked in education for over 12 years, beginning her educational career in the Clark County School District as a 3rd grade teacher. She later accepted a leadership position at Mater Academy in 2014, eventually becoming an Assistant Principal and then Principal in 2020. As a school principal in the area, Olivia currently works with community organizations and families in the targeted area. She is passionate about serving Title I communities and her educational philosophy is based on her uncompromising belief that all students can learn given a positive learning environment, strong and knowledgeable leadership, a committed and focused educational team, an encouraging community, and supportive family. Additionally, Olivia has worked with the Puentes Las Vegas Organization, which helps provide food, medical, financial, and other resources to help support YWLA's targeted community.

<u>TOC</u> 7/26/2022 5 of 53

Board Member Robert Goldstein – Robert currently serves as Chairman and CEO of the Las Vegas Sands Corporation after serving in a variety of leadership positions since joining the company in 1995. His leadership has helped LVS achieve a significant number of industry records for financial performance and positioned the company as a leader of regulatory compliance. Robert has exhibited a demonstrable interest in improving Las Vegas, particularly in terms of educational outcomes for families residing in YWLA's target community. His association with Las Vegas Sands will provide YWLA families resources and supports to bring about the YWLA mission and vision. He received his law degree from Temple University and is currently an active member in the Las Vegas community serving on the Board of Opportunity Village, The Adelson Drug Rehabilitation Clinic, and the Emeril Legasse Foundation.

Founding Principal Whitney McIntosh – The Governing Board has selected Whitney to serve as the Founding Principal of the Young Women's Leadership Academy of Las Vegas. Whitney is a first generation college student of African American descent, and she values the educational opportunities afforded to her. She is a graduate from the University of Florida and The University of St. Thomas, a small private institution in the city of Houston, Texas. Please see <u>below</u> for additional information related to Whitney's educational and leadership accomplishments.

2. Statement and overview of the mission and vision.

Mission Statement

The Young Women's Leadership Academy (YWLA) was established to nurture the intellectual curiosity and creativity of young women and to address their developmental needs. We cultivate dynamic, participatory learning, enabling students to experience great success at many levels, especially in the fields of math, science, and technology. Students are encouraged to achieve their personal best in and out of the classroom. YWLA strives to work with families and instill in the students a sense of community, responsibility and ethical principles of behavior – characteristics that will help make them become leaders of their generation.

Vision Statement

YWLA will establish a school community that prepares students not just for academic and career success, but also ensures that young women from underserved communities develop the knowledge, skills, and agency to define for themselves what a meaningful, impactful life will be, and to act in service of the values and equity-focused critical lens that they've developed within their school community.

3. Specific statement of the request.

The Board of the charter network, operating under a current contract with a start date of **July 1, 2022** and a six-year expiration date of **June 30, 2028** requests that the SPCSA approve this request to amend its charter school contract with the SPCSA regarding the following (check all that apply)

□ 1.	Dual-Credit Programs
□ 2.	EMOs: Amend charter contract with an EMO or CMO
□ 3.	Enrollment: Expand enrollment in existing grades and facilities
□ 4.	Enrollment: Expand enrollment in new grade levels
□ 5.	Enrollment: Eliminate a grade level or other educational services
□ 6.	Facilities: Acquire or construct a new or additional facility that will not affect approved enrollment
□ 7.	Facilities: Occupy additional sites
□ 8.	Facilities: Relocate or consolidate campuses
⊠ 9.	Facilities: Occupy a temporary facility

Attach a copy of the document(s), including minutes, confirming approval of the RFA.

Please see Attachment 1 - Board Meeting Agenda & Minutes.

4. A summary explanation of the reasons that the charter school is seeking to make this specific requested change.

Young Women's Leadership Academy (YWLA) is seeking approval from the Nevada State Public Charter School Authority (SPCSA) to apply for a temporary facility. The permanent school facility for Young Women's Leadership Academy of Las Vegas (YWLA) is La Palabra Viva Las Vegas, a local church located at 3415 S. Mojave Rd. in Las Vegas, Nevada 89121. Below is a timeline of tenant improvements that are required to be completed at the permanent site:

Submit Parking Waiver Application: 7/13/22 Zoning Plans checker approves permit: 7/18/22 Permit Processing and Permit Issue: 7/25/22

Complete construction of building improvements (3 weeks) 8/15/22

Final Inspections (building, fire, health) complete 8/19

TCO issued: 8/22/22

YWLA is seeking approval for use of a temporary facility of the Boys and Girls Club located at 920 Cottage Grove Avenue, in the short term due to permitting and construction delays. Based on timeline provided, the school anticipates moving into their permanent facility shortly after the TCO is issued.

5. Description of proposed target model and target communities.

YWLA anticipates serving female students and families residing on the east side of the Las Vegas Valley; more specifically the following ZIP codes: **89101**, **89104**, **89119**, **89121**, **89142**, and **89169**.

The Nevada State Public Charter School Authority's **2021 Academic and Demographic Needs Assessment** identified each of these ZIP codes as areas of "Academic Need" since each ZIP codes contains multiple 1- or 2-Star Schools.

Table 1. Targeted ZIP Codes and Star Ratings

ZIP Code	Total Enrollment	Total Number of Schools	Number of 1- or 2-Star Schools	1- or 2-Star School Enrollment	% Enrolled in 1- or 2-Star Schools
89101	10,922	22	8	4,531	41.4%
89104	5,512	9	3	1,919	34.8%
89119	119 3,127		3	1,955	62.5%
89121	8,189	14	9	5,440	66.4%
89142	9,360 8		3	2,857	30.5%
89169	89169 4,989		6	4,318	86.5%
Total	42,099	65	32	21,020	49.9%

As this data demonstrates, half of all students (49.9%) from YWLA's targeted ZIP codes are attending schools with a 1- or 2-star rating. That is more than 21,000 students attending schools designated by the State of Nevada as underperforming.

YWLA has also examined data for all traditional public middle and high schools within a 3-mile radius of the school's proposed facility location in order to obtain a more detailed understanding of the demographics of the targeted student population. The information in *Table 2* below represents an average of the data from the

TOC 7/26/2022 7 of 53

Demographic Profile obtained from the Nevada Department of Education's *Nevada Accountability Portal* for the traditional public middle and high schools located within a 3-mile radius of YWLA's proposed facility.

Table 2. Anticipated Student Ethnicity Demographics

Asian	Black Hispanic Pacific Islander		Multi-Racial White		
3%	14%	62%	2%	5%	11%

Furthermore, in terms of special student populations, YWLA's targeted community demonstrates an area of diverse needs. Again, the information in *Table 3* below represents an average of the data from the Demographic Profile obtained from the Nevada Department of Education's *Nevada Accountability Portal* for the traditional public middle and high schools located within a 3-mile radius of YWLA's proposed facility.

Table 3. Anticipated Special Student Demographics

IEP	EL	FRL
14%	25%	86%

As evidenced in *Table 2* and *Table 3* above, these demographic findings present an ethnically-diverse targeted population encompassing a variety of student needs. These needs are further evidenced upon examining student achievement results from these same 1- and 2-star ranked schools.

Results from the 2018-19² Smarter Balanced Assessment Consortium (SBAC) test found that only 19% of all female middle students from the target community achieved proficiency on the Mathematics portion of the NV-CRT assessment. On the Reading portion of the NV-CRT, 41% of female middle school students achieved proficiency, and only 26% were proficient on the NV-CRT Science. As demonstrated in *Figure 1* below, these results are even lower when compared to the overall results for the State of Nevada.

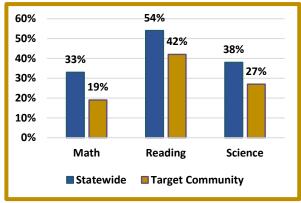

Figure 1. Female Middle School Student Achievement Results

Female middle school students from the target community are performing well-below their female middle school counterparts across the state in all subject areas. YWLA's interest in serving our community, therefore, is two-fold: (1) provide a quality educational choice for young women in our targeted ZIP codes, and (2) simultaneously meet the needs as described by the SPCSA's **2021 Academic and Demographic Needs Assessment**. As described in the proceeding question, YWLA is the solution to meeting the academic and demographic needs identified in the SPCSA's current Assessment.

6. Statement of outcomes you expect to achieve across the network of campuses.

YWLA seeks to achieve equitable academic outcomes through a tight-knit, diverse community, and a growth-oriented culture where every family, staff, and student feels embraced by supportive relationships that help them to move with purpose towards becoming their best self.

<u>TOC</u> 7/26/2022 8 of 53

In accordance with the U.S. Department of Education ESEA waiver to suspend accountability requirements in response to the COVID 19 pandemic, NSPF school ratings and accountability indicators have been carried over from the 2018-2019 reporting year. Therefore, the most recent SBAC/NV-CRT results used here are from the 2018-2019 reporting year.

While YWLA will use a host of different goals and measures to monitor its progress, its mission is driven by three priority goals:

- 1. Student success in English Language Arts/Literacy, Math, and Science;
- 2. Demonstration of at least one (1) year of growth in Reading and Math annually with the ultimate goal of at minimum meeting and/or exceeding proficiency in the core curriculum areas; and
- 3. Reduction of achievement gaps in targeted at-risk student subgroups.
- 7. Key components of your educational model for the expanded school.

Young Women's Leadership schools are guided by teachers and staff dedicated to creating a supportive and academically challenging environment, investing in each girl's potential to achieve high standards in every area including math, science, and technology. We have a very supportive school culture that includes daily advisory, academic tutoring, and regular contact with parents. Our students have opportunities for challenging work both in the classroom and through partnerships with many outside organizations.

YWLA's philosophy is informed by a deep belief in the potential of every young woman to achieve at incredibly high levels when nurtured by a program founded in shared values of Equity, Community, and Growth. These three core values serve as both the foundation of all programming and the lens through which the YWLA team measures success.

We expect all students to commit themselves to **PRIDE** (**P**rofessionalism, **R**espect, **I**ntegrity, **D**iligence, and **E**nthusiasm.

Additionally, YWLA support and inspire leaders of tomorrow by focusing on four core areas:

- *Leadership* We define a leader as "a young woman who respects herself and others, strives for personal and academic excellence, and is committed to service that affects positive social change."
- *Early College & Career Awareness* We live by the mantra "If I can see it, I can be it." We offer programs that allow students to interact with professionals from a variety of fields, and introduce a full-time CollegeBound Initiative director of college counseling to students as early as 6th grade.
- *Health & Wellness* We are focused on bringing programs and professional development that enhance our students', teachers', and administrators' understanding of nutrition, emotional well-being, trauma recovery, and physical fitness.
- *STEAM* Science, Technology, Engineering, the Arts and Math (STEAM): Our schools provide a rigorous academic track in STEAM with a focus on computer science.
- 8. Describe the charter school's plan to ensure that proper restorative justice principles are practiced. Describe plans, including record keeping, to monitor for potential disproportionate discipline practices.

YWLA will work to ensure that discipline is effective by dealing with behavioral incidents as they occur in a fair and impartial way. In the event that discipline is needed, it will be done in a way that is aligned with the restorative practices that are a core principle of the school. Discipline at YWLA will be done using a progressive discipline model. This means that disciplinary action generally grows and is contingent upon past behavior. These actions also strive to address and prevent the behavior from reoccurring.

The YWLA discipline model is grounded in the research and best practices of restorative practices. The rationale and recommendations for implementing restorative practices are rooted in the most current thinking regarding trauma-informed approaches to schooling, specifically for girls of color, informed particularly by the work of Dr. Monique Morris. YWLA will provide professional development in trauma-informed practices for all adults in our school buildings so that the school has a common language regarding trauma. The simple reframing that Monique Morris proposes — shifting thinking after an incident from "what has she done?" to "what happened to her?" —

<u>TOC</u> 7/26/2022 9 of 53

can be transformative in how a school moves from discipline to restorative practices, the latter of which are far more effective in an all-girl environment.

The restorative approach to discipline in schools developed out of the movement for restorative justice in the criminal justice field. At its most simple, restorative justice seeks to:

- Understand the harm and develop empathy for all students involved.
- Listen and respond to the needs of the person harmed and the person who harmed.
- Encourage accountability and responsibility through personal reflection with a collaborative planning process.
- Reintegrate the harmer into the community as a valuable, contributing member.
- Create caring climates to support healthy community.
- Change the system when it contributes to harm.

YWLA will utilize a blend of interventions alongside both positive incentives and penalties in its discipline model:

Interventions

- Opportunities for students to be removed from situations and given the opportunity to reflect on the behavior that has caused a consequence.
- Times when behavioral supports such as assessments or evaluations are suggested to better help students manage behaviors that violate YWLA expectations.
- Counseling with YWLA staff to discuss goals and interventions to address problematic behaviors.
- Use of restorative programs such as Peer Mediation or Peace Circles to assist students in working through conflict and avoiding behaviors that have resulted in consequences.
- Parent/guardian conferences with teams and administration to discuss behavior seen and create plans to address the behavior.
- Student counseling and parent education courses when applicable to address student behavior and performance.

Incentives

A variety of positive incentives will be utilized across both the middle and high school levels:

- Dress down days
- Homework passes
- Monthly Awards and Distinctions
- Honor Roll Field Trips
- Positive phone calls home

Consequences

YWLA will utilize a developmentally-appropriate, tiered code of conduct that will outline consequences aligned to our progressive discipline approach. YWLA will strive to utilize the most appropriate disciplinary action which will be the least extreme measure that can resolve the discipline problem. Teachers and administrators will strive to use a variety of informal disciplinary or guidance strategies, prior to, during, and after formal disciplinary action. The school will utilize corrective strategies appropriate to address the level of disruptive behavior as indicated in the Code of Student Conduct. In general, consequences include detention, in-school suspension, out-of-school suspension, and expulsion review.

YWLA will comply with all NRS statutes and implement restorative practices before going to the board for review and approval of any qualifying suspensions or expulsion as directed in Assembly Bill (AB) 168. Restorative practices require more focus on repairing relationships, mediation techniques, alternative accountability, and community collaboration in working with the holistic development and improvement of each student. When students make poor decisions or demonstrate unacceptable behaviors, YWLA will implement a restorative action

<u>TOC</u> 7/26/2022 10 of 53

plan for the student in addition to progressive disciplinary consequences as needed. This may be based on the severity of the offense, history of the offender, and the administrator's discretion.

The Restorative Plan of Action is a list of the concrete agreements (or actions) that come out of restorative practices (most typically harm circles, circles of support, or re-entry circles and restorative conferences). Criteria for the Restorative Action Plan shift our responses from behaviors and punishment to repairing harm.

An administrator alongside the student and parent will create the Plan of Action. The administrator will consider the frequency and intensity of behavior demonstrated, the harm to the other student or community based on the behavior, and any other factors relevant to the student case. The administrator will meet with the young woman and parent to discuss the plan of action for repair.

The plan will include 3 elements:

- Restoration Actions to be taken to repair the harm the hurt, to "make it right" as much as possible in ways that address the needs and priorities of the victims and affected community members.
- *Reintegration* Actions taken to re-connect and re-engage offenders those whose behavior have harmed or hurt relationships. Healing actions.
- Support and nurturing strategies Actions to be taken to strengthen connections to supportive persons and communities. Actions to be taken to strengthen wrongdoers and reduce the likelihood the behavior will be repeated.

YWLA will ensure that the Plan of Action is review for the following:

- Need to feel right to the person harmed.
- Need to be "doable" by the one who did the harm.
- Need to include an action to prevent further offending:
 - Something that strengthens and supports the offender.
 - Something that addresses underlying issues associated to the offense.
- 9. Describe the charter school's plan to ensure enrollment diversity and equity, commensurate with the neighborhood and zip codes it serves. Include plans to close any proficiency gaps among diverse student groups (ex. race/ethnicity, FRL, EL, IEP) as well as family and community engagement strategies.

YWLA anticipates serving female students and families residing on the east side of the Las Vegas Valley in ZIP codes **89101**, **89104**, **89119**, **89121**, **89142**, and **89169**. YWLA deliberately selected these communities since each of these ZIP codes represent areas of "Academic Need" based on the SPCSA's **2021** Academic and **Demographic Needs Assessment** as each ZIP code contains multiple 1- or 2-star ranked schools. According to the data in **Table 1** above, 49.9% representing more than 21,000 students from YWLA's targeted ZIP codes are attending underperforming schools as designated by the State of Nevada.

As evidenced by the school's mission, YWLA is focused on preparing all students for post-secondary success. Young Women's Schools have a strong track record of keeping students engaged in school all the way towards their graduation and ultimately their acceptance into college.

Since 1996, college enrollment rates from The Young Women's Leadership schools is approximately 95%. Of those students who were enrolled in a college, 68% have completed a Bachelor's or Associate's degree; compared to 27% of the national average for similar schools from lower-income areas.

As with all Young Women's Leadership Schools, YWLA will track and utilize key indicators to ensure students are on-track to graduate from high school. Some of these indicators include, but are not limited to, the following:

9th Grade attendance

<u>TOC</u> 7/26/2022 11 of 53

- Meeting state standards by 10th Grade in Math and ELA
- Annual credit accumulation

YWLA staff will meet together as grade teams to strategize supports (such as after-school or peer tutoring) and interventions (such as calling parents, holding student conferences, etc.). Additionally, YWLA's partnership with the CollegeBound Initiative program as well as the school's college-going culture will provide students an antidote to dropout ideation.

Aside from the proven effectiveness of Young Women's Leadership Schools, YWLA's utilization of STEM learning will also support higher retention rates. In a particular study, Hispanic students who engaged in STEM courses demonstrated higher retention rates when compared to similar students not participating in STEM courses. Furthermore, students (especially those with learning disabilities) who took applied STEM courses significantly increased their educational outcomes in the following ways: lowered chances of dropout, increased math test scores, and increased enrollment in postsecondary education.

YWLA is modeled after a network of highly successful secondary schools serving historically marginalized populations, and the implementation of this model predicts similar results/outcomes. For example:

 Over the last five years of testing, the five Young Women's Leadership Schools (TYWLS) in NYC have outperformed NYC and NY State in ELA by an average of 16.3 and 17.1 percentage points respectively. See *Figure 2* below:

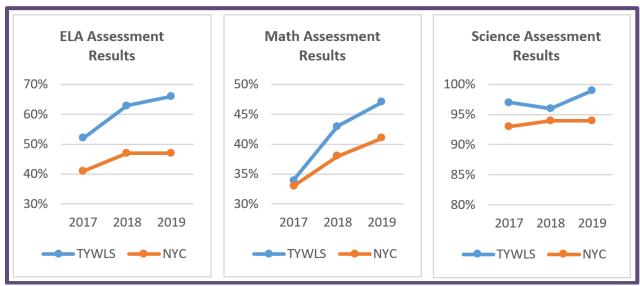

Figure 2. TWYLS vs. NYC Public School Assessment Results

- TYWLS success with economically disadvantaged students is even more pronounced, outperforming NYC and NYS average ELA proficiency by 21.1 and 25.9, respectively.
- Since 2014, TYWLS students have consistently outperformed average NYC and NYS rates for Math proficiency.
- Considering school startup, the Young Women's Leadership School of Astoria, YWLN's third NYC replication, received all "A" grades on its NYC Department of Education School Report Cards during its first three years of receiving accountability grades.

Moreover, YWLA has likewise examined data for all traditional public middle and high schools within a 3-mile radius of the school's proposed facility to obtain a more detailed understanding of the demographics of the targeted student population. According to the data in *Table 2* above, YWLA anticipates serving a student population that is predominantly Hispanic (62%), Black (14%), White (11%), Two or More Races (5%), Asian (3%), and Pacific Islander (2%).

<u>TOC</u> 7/26/2022 12 of 53

Finally, in terms of special student populations, YWLA's targeted community likewise demonstrates an area of diverse needs. Based on data in *Table 3* above, YWLA anticipates serving a student population that includes 86% of students eligible for free or reduced-price lunch, 25% of English Language Learners, and 14% of students with IEPs.

YWLA will meet the various needs of their anticipated population by replicating the success of the Young Women's Leadership School network. As demonstrated in *Table 4* below, Young Women's Leadership Schools share similar demographics to YWLA's targeted community:

Table 4. Comparison of Student Demographics

	Hispanic	FRL/Econ. Disa.	IEP/SWD
Targeted Surrounding Schools	62%	86%	14%
YW's Leadership Schools	64%	83%	19%

YWLA is committed to serving the needs of all its students, regardless of level, learning style, and/or special needs. In support of our mission, the goal remains that all young women (including those with an IEP, are identified as ELL, or eligible for FRL services) are able to "maximize academic achievement, social emotional well-being, and post-secondary success." YWLA will employ the following strategies to meet the needs of their students:

- *IEP* For IEP students, YWLA will use progress monitoring plans for students below grade-level proficiency. Additionally, all IEP students will have annual goals, specific to each IEP student, with benchmarks to meet at regular intervals throughout the year. These goals will be created to help students attain and demonstrate mastery of the Nevada Standards.
- *ELL* All content area teachers will use the Universal Design for Learning (UDL) approach in planning and instruction. This enables students of all learning styles and English language proficiencies to learn in an environment in which they are provided with multiple means of representation, engagement, and academic expression. The UDL model is one that works well for ELLs, in particular, because it takes into account the ENL and SIOP instructional strategies, such as, building prior knowledge through anticipatory texts, visual representation of materials, verbal cues, repetition, posting of instructions, and collaborative learning.
- Economically Disadvantaged Mastery-based grading is in place to emphasize "process over product" and the idea of "did you learn it in the end?" rather than an emphasis on polished results. Mastery works in tandem with student-led conferences where students maintain a portfolio and are responsible for updating parents/guardians with process-oriented reflections 3x annually (in lieu of the typical parent/teacher conference format). Students collaborate in setting and are aware of their learning goals.

The YWLA Whole Girl Approach influences student success because it is holistic in nature. The approaches, practices, and strategies address the full range of development for each young woman. The YWLA Model is built on a 25-year history of success in a diversity of communities across the United States, including New York, California, Maryland, Missouri, North Carolina, and Texas.

The Whole Girl Approach is rooted in holistic education, which is formally described as a comprehensive approach to teaching where educators seek to address the emotional, social, ethical, and academic needs of students in an integrated learning format. Emphasis is placed on positive school environments and providing whole-child supports (services that support academic and nonacademic needs, also known as wraparound supports) to students.

YWLA has participated in several community engagement events to provide the targeted area an overview of the school and simultaneously obtain feedback from prospective parents of students. Additionally, YWLA has utilized the support of Academica Nevada to engage the community through social media marketing campaigns, which first launched in May 2021 and are still being utilized presently. YWLA will continue to market to the community

<u>TOC</u> 7/26/2022 13 of 53

by hosting and attending community events and engaging in social media marketing campaigns. In addition to these marketing efforts, YWLA will continue to obtain community feedback in order to align the needs of the target area to the actual school.

YWLA believes that parent engagement with the school is critical to student success. Parents will be strongly encouraged to be active participants in their children's education through various volunteer opportunities at the school. However, in all volunteer opportunities and communications with parents, YWLA will only encourage, but never require parents to participate in volunteer opportunities.

YWLA's founding team believes that achievement of the mission depends on engaging families and community stakeholders to collaboratively develop and sustain the high expectations and supports that will ensure young women achieve their potential.

In the ongoing development of the school, YWLA has sought the input and feedback of parents and members from the community in order to ensure that the school is not only supported by the target area, but that the school is adequately meeting the needs and desires of those whom the school will serve as well.

Simultaneously with their marketing efforts, YWLA has engaged their target community through various methods and has obtained tangible practical input and feedback which has helped shape the development of the school. For example, an anonymous Google survey, which was distributed to parents in YWLA's targeted area, asked respondents a variety of questions, including a request to identify items they would like to see in a neighborhood school. The results are shown below in *Figure 3* below.

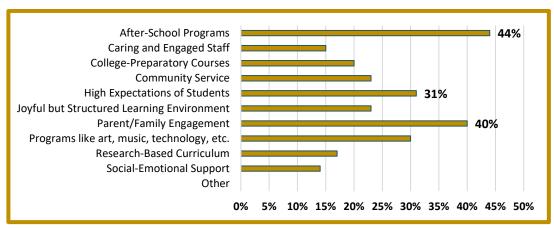

Figure 3. Target Community Survey Results

As of responses received through July 9, 2021, approximately 44% of applicants have responded that they would like to see after-school programs included in a new neighborhood school. In response to these results, YWLA will to implement after-school programs for their students and families. YWLA's Governing Board will continue to reach out to the community to gather their input and feedback on what specific after-school programs they would like to see. The majority of the Young Women's Leadership Schools already provide a wide array of various after-school activities and programs. A few examples of these programs include: Community Word Project

- Girls Inc.
- L.O.V.E. Mentoring
- READ Alliance
- Riley's Way
- Roundabout Theatre
- Step Up Women's Network
- Vibe Theatre
- WIDE Rainbow
- Student Government
- Debate Club

- Photography Club
- School Play
- Art Club
- Yoga Club

Like these programs which are already present at other Young Women's Schools, the formation and addition of after-school programs will be driven by student and community input.

The next highest category selected (at 40%) was parent/family engagement opportunities. Young Women's Leadership schools recognize that the long-term success of their mission depends on engaging its community, particularly the parents of students attending the school. In its current marketing efforts, YWLA has engaged the community through various in-person as well as virtual methods. These efforts are ongoing and will remain an important facet of YWLA's school structure even after its opening. As the school grows, YWLA leadership will establish specific times for families and community stakeholders to meet with leaders and teachers, through routine meetings at neighborhood venues, office hours at the school, invitations to board meetings, and so on.

Lastly, at 31%, respondents stated that they would like to see "Higher Expectations of Students." YWLA is inspired by the incredible growth and achievement that students attain when embraced by a school that ensures high expectations through high support. YWLA will have extremely clear and consistent expectations for students at all grade levels. As students progress from grade to grade, they will experience a significant, though gradual, release of responsibility to ensure development of authentic leadership. Every expectation and subsequent consequence will be explicitly tied to a core value and a long-term arc of development. The complete system of expectations/consequences is grounded in lessons learned from other Young Women's schools and will be refined by the School Leader and founding team and will include the following elements: positive behavior support, logical consequences, merit/demerit system, and uniforms.

10. The values, approach, and leadership accomplishments of your school or network leader and leadership team.

As noted above, the Governing Board has selected Whitney McIntosh to serve as the Founding Principal of the Young Women's Leadership Academy of Las Vegas.

Whitney began her career as a Teach for America corps member. In 2013-2014, Whitney achieved the greatest academic growth in Houston Independent School District (the 7th largest school district in America) at 36% in one academic school year. She went on to serve as a primary appraiser and feedback to promote individual instructor growth. As an Assistant Principal, she developed the math department at Dogan Elementary School to grow a collective average of 24% in one school year. This increased the campus math department from being ranked 172/175 elementary schools to being ranked 147/172 in one school year. Whitney later created and led professional development for sixty principals on how to establish a school data system that aligned campus department data, grade level data, classroom data, and individual scholar tracking systems with a color coded key system.

She has three years of experience as Assistant Principal and was honored to serve a year as a 2018 Ryan Fellow at Accelerate Institute. During her time as a Ryan Fellow, Whitney developed a coaching system for 166 teachers and coached four instructional coaches to successful implementation at Mater Academy of Nevada. Most recently, Whitney served as the principal of Rainbow Dreams Academy and then transitioned to provide instructional oversight and principal coaching to three schools within Phalen Leadership Academies.

Whitney most recently used her passion, dedication, and commitment to serve Great Lakes Academy as the Campus Director in the fight to ensure that all her scholars have access to quality education. No one questions the determination that drives her every step towards these goals of closing the achievement gap.

Moreover, Board Treasurer Olivia Carbajal has worked in education for over 12 years, beginning her educational career in the Clark County School District as a 3rd grade teacher. She later accepted a leadership position at Mater

<u>TOC</u> 7/26/2022 15 of 53

Academy in 2014, eventually becoming an Assistant Principal and then Principal in 2020. As a school principal in the area, Olivia currently works with community organizations and families in the targeted area. She is passionate about serving Title I communities and her educational philosophy is based on her uncompromising belief that all students can learn given a positive learning environment, strong and knowledgeable leadership, a committed and focused educational team, an encouraging community, and supportive family.

11. Key supporters, partners, or resources that will contribute to your expanded school's success.

Students have opportunities for challenging work both in the classroom and through partnerships with many outside organizations.

Student Leadership Network

In 1996, Student Leadership Network (SL Network) opened the United States' first all-girls public school in 30 years – The Young Women's Leadership Academy of East Harlem. Over the last 25 years, SL Network has impacted more than 44,000 students. SL Network now supports two life-changing programs that empower youth from underserved communities to disrupt the cycle of poverty through education:

- CollegeBound Initiative (CBI) A comprehensive college access program for young women and men across 25 NYC public high schools, currently impacting nearly 14,000 students. CBI promotes college access and financial aid options for every student. We have a full-time CBI college counselor on staff who guides students and parents through the process of visiting and choosing colleges, applying to college, and applying for financial aid.
- Young Women's Leadership Network (YWLN) A national network of all-girls schools including six affiliate schools in California, Maryland, Missouri, New York, and North Carolina, and our partner network of 10 schools in Texas, the Young Women's Preparatory Network (YWPN).

Las Vegas Sands Corporation

By being an innovative and groundbreaking leader in the hospitality industry, the Sands Corporation has generated significant benefits for their local communities for more than 30 years. Their global community engagement program, Sands Cares, addresses pressing issues and needs from their regions and each year provides generous amounts of funding, volunteerism, and other resources to support local communities. Each of the Sands Cares' local regions supports educational initiatives and prioritizes the advancement of education from Kindergarten – 12th Grade and even on to higher education. As part of their commitment to the community and this school, the Sands Corporation will fully fund the salary of the school leader during the incubation year.

Academica Nevada

Academica is one of the nation's longest-serving and most successful education service organizations, providing professional management services and related non-academic support to public charter schools. Having served the Las Vegas area for 10 years, Academica Nevada supports more than 25 schools across the state and ensures that each school's governing body has complete autonomy and control over its school academic program, staffing needs, and curriculum. YWLA will contract with Academica Nevada as their educational service provider.

Grants

Additionally, YWLA will seek additional support through available grant funds, including, but not limited to: 21st Century Community Learning Center grants; and Title I, II, and III; and Title IVA.

Since its inception, Young Women's Leadership Schools have been extremely successful, with near-perfect graduation and college acceptance rates.

NOTES

- 1. **For all remaining General Requirements Sections:** Complete and submit all RFAs by answering remaining General Requirements Section questions.
- 2. Indicate "No change" for any below requested response that has not changed from your charter school contract.
- 3. Indicate "N/A" for any below requested response in this General Requirements Section that is not applicable to your request. Applicants do not need to respond "N/A" to any Specific Requirements RFA section for which they are not applying.
- 4. If your school is seeking an amendment outside of the Fall or Spring Amendment Cycle, please include at the front of the application:
 - a. Letter from the Board chair requesting Good Cause Exemption;
 - b. Agenda for the Board Meeting where Board voted to request the Good Cause Exemption; and
 - c. The draft or approved minutes for the Board Meeting where the Board voted to request the Good Cause Exemption.
- 5. To expand any closed section(s) below, put your cursor on the left side of a heading below and click the triangle () left of that heading.

B) MEETING THE NEED

TARGETED PLAN

- (1) **Identify the community you wish to serve** as a result of the expansion or RFA and describe your interest in serving this specific community.
- (2) Explain how your expansion model or RFA, and the commitment to serve this population, including the grade levels you have chosen, would meet the district and community needs and align with the mission of the SPCSA.

GROWTH RATE AND RATIONALE

(1) Specifically identify the key risks associated with this growth plan and describe the steps the school is taking to mitigate these risks. Respondents should demonstrate a sophisticated and nuanced understanding of the challenges of replication in general and as they relate specifically to their school growth plans based on current and historic experience of charter school management organizations and similar types of multi-site social enterprises and non-profit and for-profit organizations. The response should detail specific risks and explain how the school will minimize the impact of each of these risks, and ideally provide contingency plans for them.

Examples may include:

- a. Inability to secure facilities/facilities financing;
- b. Difficulty raising philanthropic funding;
- c. Insufficient talent pipeline/difficulty recruiting faculty;
- d. Insufficient leadership pipeline/difficulty recruiting school leaders;
- e. Misalignment between the founding school and leader and new campuses and leaders, and;
- f. Ambiguous student performance outcomes and the need to curtail expansion if performance drops.
- (2) Discuss lessons learned during the school's past replication efforts and those of any replicated school or organization from another jurisdiction. For example: specifically identify each challenge encountered and how the school addressed them, as well as how the school would minimize such challenges for the proposed campuses.

PARENT AND COMMUNITY INVOLVEMENT

- (1) Describe the role to date of any parents, neighborhood, and/or community members involved in the proposed expansion of the school.
- (2) Describe how you will engage parents, neighborhood, and community members from the time that the application is approved through the opening of the new campus(es) or grade levels. What specific strategies will be implemented to establish buy-in and to learn parent priorities and concerns during the transition process and post opening?
- (3) Describe how you will engage parents in the life of the expanded school (in addition to any proposed governance roles). Explain the plan for building family-school partnerships that strengthen support for learning and encourage parental involvement. Describe any commitments or volunteer activities the school will seek from, offer to, or require of parents.
- (4) Discuss the community resources that will be available to students and parents at the expanded school. Describe any new strategic partnerships the expanded school will have with community organizations, businesses, or other educational institutions that are part of the school's core mission, vision, and program other than dual-credit partners discussed in subsequent sections. Specify the nature, purposes, terms, and scope of services of any such partnerships, including any fee-based or in-kind commitments from community organizations or individuals that will enrich student-learning opportunities. Include, as an **Attachment**,

TOC 7/26/2022 18 of 53

- existing evidence of support from new community partners such as letters of intent/commitment, memoranda of understanding, and/or contracts.
- (5) **Describe the school's ties to and/or knowledge of the target community**. How has the school learned from and engaged with this community to date? What initiatives and/or strategies will you implement to learn from and engage the neighborhood, community, and broader city/county?
- (6) Identify any organizations, agencies, or consultants that are partners in planning and expanding the school, along with a brief description of their current and planned role and any resources they have contributed or plan to contribute to the school's development. If the school is new to this county, describe how your previous work has prepared you to establish relationships and supports in this new community.

<u>TOC</u> 7/26/2022 19 of 53

C) ACADEMIC PLAN

MISSION & VISION

The mission of your school should describe the purpose of your school, including the students and community to be served and the values to which you will adhere while achieving that purpose. The vision of your school should describe what success looks like for students, for the school as a whole, and for any other entities that are critical to your mission. The mission and vision statement should align with the purposes of the Nevada charter school law and the mission of the State Public Charter School Authority and serves as the foundation for the entire proposal.

Explain whether the proposed mission and vision for the school/network is different from the existing school's mission and vision and how they differ. Describe the reasoning behind any modifications.

Explain whether the mission and vision outlined will replace the current mission and vision of the charter holder, or if the school proposes to complement a broader organizational mission and vision with campus or grade-level specific variants. How will the entity as a whole ensure consistency and coherence of its mission and vision?

CURRICULUM & INSTRUCTIONAL DESIGN

The framework proposed for instructional design must both reflect the needs of the anticipated population and ensure all students will meet or exceed the expectations of the Nevada Academic Content Standards.

- (1) Historical Performance
 - (a) **Performance Data:** schools are only eligible to complete the amendment request and business plan if the existing schools meet the Authority's eligibility criteria; these criteria reflect a proven academic track record of success with Nevada students and our operating expectations or similar performance in another state.
 - (i) A school is welcome to provide any additional historical academic performance metrics that fall outside of the operator's contractual performance plan (e.g. average student growth on an adaptive test such as ACT Aspire, NWEA MAP, SCANTRON, Renaissance Learning's STAR, etc.). If provided, describe student performance on these metrics.
 - (ii) Please only provide data in vendor-produced score reports and note that the Authority may require additional time and resources to review and vet such data.
 - (b) **Interventions**: Please explain any past performance that has not met the organization's expectations. How was the underperformance diagnosed, how were appropriate intervention(s) determined, and how are they being implemented? What are the key areas in which existing schools/campuses need to improve, and what are the priorities to drive further success?
- (2) Academic Vision and Theory of Change
 - (a) **Model Non-Negotiables:** What are the key non-negotiables (i.e. the key school design components, policies, practices, etc. that underlie school culture and academic outcomes) of your school model? Please include details about the critical elements that are constant across the organization's schools and those that may vary. Discuss any campus-level autonomies in implementing the educational plan.
- (3) Performance Management
 - a) **Measuring Progress:** Describe the school's approach to performance management across the network and with individual campuses, including the systems used to measure and evaluate both academic and non-academic performance of each site and of the network as a whole.
 - a. What performance management systems, processes, and benchmarks will the school use to formally assess this progress?
 - b. Explain how the school addresses underperformance and describe the corrective action plan procedures.

TOC 7/26/2022 20 of 53

- b) Closure: Describe the conditions that would cause the school to petition the Authority close a consistently low performing campus. Be specific about threshold metrics the school would use to inform its decision.
- c) College Readiness (HS Only): Describe the mechanisms that the school employs to accurately, reliably, and consistently track college acceptance, enrollment, and persistence rates. If historical data is available on college acceptance, enrollment, and/or persistence rates, please include it. Cite the percent of total alumni for which the school has data on each metric. If data is not available, please include plans to create mechanisms to accurately, reliably, and consistently track student acceptance, enrollment, and persistence rates.
- d) **Readiness to Replicate:** What academic, financial, and operational metrics does the school and its Board use to determine readiness for replication?
- e) Compliance: Describe the proposed academic program and how it complies with the requirements of NRS 388A.366(1)(f) and NRS 389.018. Please complete the scope and sequence/standards alignment template (Excel document at http://CharterSchools.nv.gov/uploadedFiles/CharterSchoolsnvgov/content/Grocers/Alignment Template.xlsx) for each class scheduled to be provided by the school for each grade level to be served following this proposed expansion. For example, a school that currently serves students in K, 1, and 2 which seeks to add grades 3 and 4 would provide the scope and sequence/standards alignment for each class/subject area in the grades currently served along with the scope and sequence/alignment for each of the proposed new grades.
- f) Instructional Strategies: Describe the instructional strategies that you will implement to support the education plan and why they are well suited for the anticipated student population—including a detailed discussion of these strategies for both the expanded grades and for all existing grades. For each grade level to be served by the charter school following the expansion, identify and describe in detail the data, methods, and systems teachers will use to provide differentiated instruction to students. Please note that SPCSA schools typically start with students performing across a broad spectrum from years below grade level to advanced learners. Include the professional development teachers will receive to ensure high levels of implementation.
- g) Remediating Academic Underperformance: Describe the school's approach to help remediate students' academic underperformance both for both the expanded grades and for all existing grades. Detail the identification strategy, interventions, and remediation to be implemented. Cite the research/rationale for the chosen methods. How will you measure the success of your academic remediation efforts (in year 1 of the expansion, year 3, year 5, and beyond? How will you communicate the need for remediation to parents? How will staffing be structured to ensure that gifted students are adequately supported?
- h) **Identifying Needs:** Describe how you will identify the needs of all students in both the expanded grades and for all existing grades. Identify the research-based programs, strategies and supports you will utilize to provide a broad continuum of services, ensure students' access to the general education curriculum in the least restrictive environment, and fulfill NV's required Response to Intervention model.
- i) Intellectually Gifted Students: Explain how the school will identify and differentiate to meet the needs of intellectually gifted students in both the expanded grades and for all existing grades in a way that extends their learning and offers them unique, tailored opportunities. Please note that Nevada law classifies intellectually gifted students as eligible for specific support services. How will staffing be structured to ensure that gifted students are adequately supported?
- j) **Enrichment Opportunities:** Describe the enrichment opportunities that will be available to students performing at or above grade level in both the expanded grades and for all existing grades as part of the school's comprehensive strategy to ensure that all pupils are making accelerated academic progress.
- k) **Matriculation:** Explain how students will matriculate through the school (i.e., promotion/retention policies) and how stakeholders will be informed of these standards.

SCHOOL STRUCTURE: CALENDAR AND SCHEDULE

- a) Discuss the annual academic schedule for the school, including the calendar for the proposed new grades. Explain how the calendar reflects the needs of the student population and the educational model.
- b) Describe the structure of the school day and week for both the proposed new grades and for existing grades. Include the number of instructional minutes/hours in a day for core subjects such as language arts, mathematics, science, and social studies. Note the length of the school day, including start and dismissal

<u>TOC</u> 7/26/2022 21 of 53

times. Explain why the school's daily and weekly schedule will be optimal for the school model and for student learning. Provide the minimum number of hours/minutes per day and week that the school will devote to academic instruction in each grade.

c) Describe your goal for student attendance and explain how you will ensure high rates of student attendance. Who will be responsible for collecting and monitoring attendance data? What supports will be in place to reduce truancy and chronic absenteeism?

DISTANCE EDUCATION

(Distance Education Expansion Amendments)

A charter school that wishes to provide distance education (online, virtual, cyber, etc.) courses and/or programs (NRS 388.820-388.874 and NAC 388.800-388.860) must submit a distance education application to the Nevada Department of Education prior to or in conjunction with its amendment request to the SPCSA.

For applicants who do not propose to offer a program of distance education or who already have approval to operate such a program, please provide a brief statement explaining that the questions in this section are not applicable.

- (1) Describe the system of course credits that the school will use.
- (2) Describe how the school will monitor and verify the participation in and completion of courses by pupils.
- (3) Describe how the school will ensure students participate in assessments and submit coursework.
- (4) Describe how the school will conduct parent-teacher conferences.
- (5) Describe how the school will administer all tests, examinations or assessments required by state or federal law or integral to the performance goals of the charter school in a proctored setting.

PRE-KINDERGARTEN PROGRAMS

(All Operators Currently Operating or Proposing to Operate Pre-K)

A charter school that wishes to provide pre-kindergarten services to students who will later enroll in its K-12 programs must apply separately to the Nevada Department of Education to offer education below the kindergarten level following charter approval. Approval to offer pre-kindergarten cannot be guaranteed. Consequently, revenues and expenditures related to pre-kindergarten should not be included in the initial charter application budget. Please note that state-funded pre-kindergarten programs are not directed through the state Distributive Schools Account for K-12 education. In addition to a limited amount of state pre-kindergarten funding available through the Department of Education, the SPCSA is also a sub-recipient of a federal grant to expand early childhood services in certain high-need communities through programs approved by NDE. Applicants are encouraged to review resources available at http://www.doe.nv.gov/Early_Learning_Development/. For applicants who do not propose to offer pre-kindergarten, please provide a brief statement explaining that the questions in this section are not applicable.

- (1) Identify whether the school plans to offer pre-kindergarten in the first year of operation at the new campus or in any subsequent year of the charter term.
- (2) Identify whether the school will offer fee-based pre-kindergarten services. If the school does plan to offer fee-based pre-kindergarten, explain how the school will ensure that parents will be informed both initially and on an ongoing basis that both state and federal law preclude a K-12 charter school from giving admissions preference to students to whom it has previously charged tuition.
- (3) Describe the school's plans for ensuring that the pre-kindergarten program aligns with the mission, vision, and program of the school's other grades and meets all other state requirements.
- (4) Explain how the school's proposed pre-kindergarten program may meet the federal pre-kindergarten expansion grant criteria.

HIGH SCHOOL GRADUATION REQUIREMENTS AND POSTSECONDARY READINESS

(New High School Amendments Only)

High schools approved by the SPCSA will be expected to meet or exceed Nevada graduation requirements. For operators who do not propose to operate a high school program during the initial charter term or who already have approval to operate a high school, please provide a brief statement explaining that the questions in this section are not applicable.

- (1) Explain how the school will meet state requirements. Describe how students will earn credit hours, how grade-point averages will be calculated, what information will be on transcripts, and what elective courses will be offered. If graduation requirements for the school will exceed those required by the State of Nevada, explain the additional requirements.
- (2) Explain how the graduation requirements will ensure student readiness for college or other postsecondary opportunities (e.g., trade school, military service, or entering the workforce).
- (3) Explain what systems and structures the school will implement for students at risk for dropping out and/or not meeting the proposed graduation requirements, including plans to address students who are overage for grade, those needing to access credit recovery options, and those performing significantly below grade level.

SPECIAL POPULATIONS

Pursuant to State and federal law, SPCSA schools are required to serve the needs of all students in special populations. Beginning in the 2017-18 school year, the State of Nevada will switch to a weighted formula for special education. For the first time, this will provide for equitable special education funding across all Nevada public schools. Over time, this will necessitate current SPCSA-sponsored charter schools moving from a defined continuum of service to a broader continuum of services. All operators submitting amendment requests to the SPCSA after the conclusion of the 2015 Legislative Session should plan on offering students a broad continuum of services.

The SPCSA operates under the following principles with regards to special populations of students:

SPCSA schools serve all eligible students. SPCSA schools do not deny the enrollment of any student based on needs or disability.

- 1. SPCSA schools are to ensure streamlined access for all students requiring special programs.
- 2. SPCSA schools develop programs to support the needs of their students.
- 3. SPCSA schools do not counsel or kick any students out.
- 4. SPCSA schools utilize best practices to expose students to the most inclusive environments appropriate.
- If needed, an SPCSA school is responsible for developing more restrictive placements to meet the needs of the highest needs students, including but not limited to clustered placements in consortium with other charter schools.
- 6. SPCSA schools are responsible for providing high functioning, trained special education teams, which focus on student advocacy and high expectations. IEP teams (including school's leadership) make placement decisions at IEP meetings. Decisions are made based on evidence/data to support what is best for the student.

Special Education

- (1) Track Record: Please explain the extent to which the board and leadership team (instructional leader, etc.) has experience working to achieve high academic outcomes of students with disabilities, including students with mild, moderate, and severe disabilities.
- (2) Identification: Describe in detail the school's Child Find process. How will the school identify students in need of additional supports or services?

<u>TOC</u> 7/26/2022 23 of 53

- a) (*Elementary Schools Only*) How will the school accurately identify students prior to and following enrollment (e.g., those who require pre-school special education and related services) and in the early grades (PreK, K, 1, or 2) for appropriate services?
- b) (*Middle and High Schools*) How will the school identify and serve students who require special education services and develop transition plans?
- (3) (*All Schools*) How will the school handle over-identification of students as having a disability that qualifies them for special education services? What will be the process to transition a student out of special education who has been incorrectly identified as having a disability in the past?
 - a) Continuum of Services: How will the school provide a broad continuum of instructional options and behavioral supports and interventions for students with a range of disabilities? Specifically describe how students with severe intellectual, learning, and/or emotional disabilities will be served. Provide a chart which graphically illustrates the continuum of services which identifies, by disability and level of severity, the means by which students with disabilities will be able to receive an appropriate public education in the least restrictive environment (note—this graphic may be created using a commercial program like Microsoft Visio or a free or low-cost internet-based solution such as Lucidchart). Identify the resources, personnel (including administrative responsibilities), and direct and related services the school is likely to provide both within general education classrooms and in other settings (e.g., collaborative team teaching (CTT), Special Education Teacher Support Services (SETSS), speech therapy, physical therapy, occupational therapy, counseling, etc.) as well as the services or settings that will be provided through a consortium or other collaborative initiative with other charter schools or through a third party contract.
- (4) Enrollment: Describe the school's strategy and plan to recruit, enroll, and retain students with disabilities. How will the school proactively address parent and community perceptions around the availability and appropriateness of the charter school to the needs of students with disabilities?
- (5) General Education Collaboration/Access: How will special education and related service personnel collaborate with general education teachers (e.g., team teaching, team planning, etc.) to ensure that all students are able to access a rigorous general academic curriculum?

Staffing

How will you ensure qualified staffing to meet the needs of students with disabilities across a broad continuum? Note: Federal and Nevada law requires licensure for the special education teachers, related service personnel, and psychologists at all charter schools, including those which are permitted to waive other licensure requirements due to their academic track record.

- (1) Staff Development: How does the school plan to train general education teachers to modify the curriculum and instruction to address the unique needs of students with disabilities across a broad continuum?
- (2) Discipline: Explain how the school will protect the rights of students with disabilities in disciplinary actions and proceedings and exhaust all options in order to promote the continuation of educational services in the home school.
- (3) Monitoring: What are your plans for monitoring and evaluating both the progress and success of students who qualify for special education and related services across a broad continuum, and the extent to which your special education program complies with relevant federal and state laws? How will curriculum and instructional decisions be tracked and monitored by IEP teams and school personnel?
- (4) Parental Involvement: What appropriate programs, activities, and procedures will be implemented for the participation of parents of students with a broad range of disabilities?
- (5) For Distance Education Schools: Describe how the school will provide appropriate services in the distance education learning environment to students with disabilities across a broad continuum. *If you are not proposing to operate a distance education or virtual school, please explain that this is not applicable.*

D) FINANCIAL PLAN

This section must be completed for all applications.

- (1) Describe the systems and processes by which the school will manage accounting, purchasing, payroll, and audits. Specify any administrative services expected to be contracted for the school and describe the criteria and procedures for the selection of contractors and the mechanism by which the board will monitor and hold the contractor responsible for providing such services.
- (2) Depending on the type of RFA requested, staff may require applicant to submit additional documentation regarding the potential fiscal impact of the proposed changes. Fiscal impact documentation is required for all facility acquisition/construction RFAs.
- (3) Attachment ____. Present a budget narrative including a detailed description of assumptions and revenue estimates, including but not limited to the basis for revenue projections, staffing levels, and costs. The narrative should specifically address the degree to which the school budget will rely on variable income (e.g., grants, donations, fundraising, etc.). There is no page limit for the budget narrative. Include the following: A detailed discussion of Per-Pupil Revenue: Use the figures provided in developing your budget assumptions.

The budget created for YWLA includes the per-pupil revenue assumption of \$7,243 for the first fiscal year of operation (2022-2023), with an estimated 1.3% - 1.6% increase each subsequent year thereafter. Assumption of \$7,243 was based on the adjusted per pupil funding amount in Clark County found in Senate Bill No. 458 with an NDE adjustment of 0.9931.

Refer to Attachment 2 - Budget Narrative for a more detailed overview of per-pupil funding.

(a) Anticipated Funding Sources: Indicate the amount and sources of funds, property or other resources expected to be available through banks, lending institutions, corporations, foundations, grants, etc. Note which are secured and which are anticipated and include evidence of commitment for any funds on which the school's core operation depends in a clearly identified component of **Attachment** ____. Please ensure that your narrative specifically references what page this evidence can be found on in the attachment.

For the pre-operational year (21-22), the Sands Corporation provided YWLA a donation for various tenant improvements to the anticipated facility, as well as a donation for the principal salary during the pre-operational year. The Sands Corporation will also provide a donation throughout Years 1-6 for technology, curriculum, furniture, fixtures, and equipment (FF&E). This budget also includes charter school startup (CSP) grant funds.

Refer to *Attachment 3 – Six-Year School Budget* for a more detailed overview of all pre-operational / operational budgeted revenue and expenditures.

(b) Anticipated Expenditures: Detail the personnel and operating costs assumptions that support the financial plan, including references to quotes received and the source of any data provided by existing charter school operators in Nevada or other states.

Refer to *Attachment 2 - Budget Narrative* for a more detailed overview of all anticipated expenditures.

(c) Discuss in detail the school's contingency plan to meet financial needs if anticipated revenues are not received or are lower than estimated, including both the scenarios identified in subsections e and f.

YWLA has presented a fiscally conservative budget for their first 6 years of operation. However, if student enrollment is lower than expected, many budgeted expenses will decrease as a result; this includes ESP Fees, student supplies, IT fees, etc.

Refer to *Attachment 2 - Budget Narrative* for a more detailed overview of all anticipated budgeted expenses.

(d) Year 1 cash flow contingency in the event that state and local revenue projections are not met in advance of opening.

YWLA will look to apply for any grants deemed beneficial to the school to further support the planning and implementation of the charter. YWLA will pursue, but may not be limited, the following.

- *Charter School Program (CSP) grant* utilized by new schools during their first few years of inception.
- 21st Century Community Learning Center grants competitive funds are available for schools designed as Title I for before and after school programs.
- *Title I, II, III* non-competitive funding for schools designed as Title I (over 40% FRL), and English Language Learners. Funding is based on the numbers of students and fund a variety of supplemental programs such as technology, web-based programs, family engagement, curriculum materials, instructional assistants, supplemental administrators, before and after school programs, etc.
 - (e) Year 1 cash flow contingency in the event that outside philanthropic revenue projections are not met in advance of opening.

YWLA relies on the Sands contribution for their pre-operational and first school year allowing the facility and school to be ready for their school fiscal year of operation. Assumes the school is able to sustain every year after.

Refer to *Attachment 3 – Six-Year School Budget* for a more detailed overview of all the budgeted revenue and expenses.

(4) Submit a completed financial plan for the proposed school as an **Attachment** (the format of this is left to the applicant's discretion but must be clear and sufficiently detailed to permit Authority staff, external reviewers, and the general public to review of all elements of the school's business plan and gauge alignment and consistency with the academic program, operating plan, and budget narrative).

Refer to Attachment 4 - Financial Plan Workbook

(5) Submit, as an **Attachment___**, a detailed budget for the operator at the network level (the format of this is left to the applicant's discretion but must be clear and sufficiently detailed to permit Authority staff, external reviewers, and the general public to review of all elements of the school's business plan and gauge alignment and consistency with the academic program, operating plan, and budget narrative).

(6) Provide, as an **Attachment**____, historical financial documents for any affiliated CMO from another state or any EMO providing services to the school, including audited financials for each school operated by the affiliate as well as any other campus by campus financial evaluations conducted by charter school authorizers. At least three years of school financial audits are required for any school operating for three years or longer. Such financials must be provided as converted PDF documents to ensure accessibility.

No Change

(7) Complete the audit data worksheet in **Attachment**___. In the info tab, please identify any schools or campuses listed under the student achievement tab for which, pursuant that relevant state's charter law, financial data is consolidated for reporting and auditing purposes in the independent audits provided in **Attachment**___.

(8) Provide a six-year development plan that addresses the annual and cumulative fundraising need at the network and school levels including a description of the staff devoted to development. The plan should include a history of the school's fundraising outcomes and identify funds that have already been committed toward fundraising goals. The plan should also identify the role of the members of the board, particularly as relates to give/get requirements, and should demonstrate alignment with the expectations for board members discussed elsewhere in the amendment request. If funds are raised at a partner organization level, describe the methodology to be used in allocating funds to the school and the proposed campuses. If the school has not raised any funds to support its programming to date and the budget does not include any fundraising activity, please explain that this question is not applicable to your school.

E) OPERATIONS PLAN

- ♦ Indicate "No Change" to the sections or subsections below, where applicable. Otherwise, all applications require completion of this section.
- 1. Historical performance

There is no change in the Historical Performance section.

- (a) Performance Data: schools are only eligible to complete the amendment request and business plan if the existing schools meet the Authority's eligibility criteria; these criteria reflect a proven academic track record of success with Nevada students and our operating expectations or similar performance in another state. Please provide a narrative demonstrating that the school meets the organizational criteria for approval.
- (b) Interventions: Please explain any past organizational/compliance performance that has not met expectations. How did the governing body diagnose the under-performance, how were appropriate intervention(s) determined by the governing body, how are they being implemented by staff, and how is the governing body monitoring implementation of the interventions on a monthly basis?
- (c) What are the key areas in which the existing school or schools/campuses need to improve, as determined by the governing body, and what are the priorities to drive further success?
- 2. Organization governance structure & board development:

There is no change in the Governance and Board Development section.

- (a) Describe how the organization's governance structure will adapt to oversee and support the 6-year growth plan and addition of new school(s). Include any impact on: (1) the composition of the Board, the Board's roles and responsibilities, and the Board's development priorities and (2) the Board's relationship to individual campuses
- (b) Describe the diverse skillsets that currently exist on the Board and note any additional type of expertise that the Board may seek to help support the growth plan.
- (c) Identify any Board development requirements relative to the organization's governance needs at each stage of growth.
- (d) Describe how the Board identifies and addresses conflicts of interest. Attach a code of ethics that includes a formal conflict of interest policy and specifies the procedures for implementing the policy.
- 3. Organization charts and decision-making authority:

There is no change in the Organizational chart section.

- (a) Provide the following organizational charts:
 - (i)Current
 - (ii) Vision for school in three years (clearly identify both campuses requested in this amendment request as well as any additional campuses that the operator anticipates applying to open within three years)
 - (iii) Vision for school in six years (clearly identify both campuses requested in this amendment request as well as any additional campuses that the operator anticipates applying to open within six years)

The organization charts should represent all national and state operations and clearly delineate the roles and responsibilities of – and lines of authority and reporting among – the governing board, staff, any related bodies (e.g., advisory bodies or parent/teacher councils), and any external organizations that will play a role in managing the schools. If the school intends to contract with an education management organization or other management provider, clearly show the provider's role in the organizational structure of the school, explaining how the relationship between the governing board and school administration will be managed. Please *include* all shared/central office positions and positions provided by *the Management Organization (CMO or EMO) in the organizational chart, if applicable*.

4. Describe the proposed organizational model; include the following information:

There is no change in the Organizational Model.

	a) Job descriptions for each leadership or shared/central office role identified in the organizational chart (provide as an Attachment)
	b) Resumes of all current leadership (provide as an Attachment).
	c) Previous student achievement data for the proposed instructional leaders at each proposed campus (if available) (provide as part of Attachment)
5.	Describe the leadership team's individual and collective qualifications for implementing the multi-site school design and business and operating plan successfully, including capacity in areas such as:
Th	ere is no change to the Leadership Team.
	(a) School leadership;
	(b) School business operations and finance;
	(c) Governance management and support to the Board;
	(d) Curriculum, instruction, and assessment;
	(e) At-risk students and students with special needs;
	(f) Performance management; and
	(g) Parent and community engagement.
6.	Explain who is responsible for school leader coaching and training and what those processes will look like in action. Please include any existing competencies used for school leader selection and evaluation, if available (provide as an Attachment). No change
7.	Explain your school leader's role in the successful recruitment, hiring, development and retention of a highly effective staff. No change
8.	Explain your campus instructional leader's role in providing instructional guidance and school culture guidance. How will the leadership team work in support of the campus instructional leader's guidance? No change
9.	What systems are in place in your leadership team structure to ensure redundancies in knowledge and skill? No change
LEAD	ERSHIP FOR EXPANSION
Th	ere is no change in the Leadership for Expansion section.
	a) Describe the operator's current or planned process for recruiting and training potential network leaders. Explain how you have developed or plan to establish a pipeline of potential leaders for the network as a whole. If known, identify candidates already in the pipeline for future positions.
	b) Identify the proposed regional director candidate, if applicable, and explain why this individual is qualified to lead the expansion of the organization (provide a resume as an Attachment). Summarize the proposed leader's academic and organizational leadership record. Provide specific evidence that demonstrates capacity to design, launch, and manage a high-performing charter school network.
	c) If a regional director candidate has not yet been identified, provide the job description (as an Attachment or qualifications and discuss the timeline, criteria, and recruiting and selection process for hiring the regional director. HUMAN CAPITAL STRATEGY

There is no change in the Human Capital Strategy section.

Describe your strategy, plans, and timeline for recruiting and hiring teachers for a multi-site charter school. Explain key selection criteria and any special considerations relevant to your school design. *Note: schools with strong track records of academic success, as determined by the Department of Education, are eligible to waive teacher licensure requirements for all teachers except for special education and ELL professionals as long as they meet all other federal and state requirements. Maintaining such a waiver is contingent on the school continuing to achieve at the 3 Star level or higher (or equivalent) on the statewide system of accountability. Please refer to Section 46 of SB509 (2015 session) for additional information.*

- a) **Recruitment:** Identify whether recruitment will be managed at the campus or network level. Identify key partnerships and/or sources the operator will rely upon of teachers and leaders. Identify the process the operator will rely upon to identify and develop high-quality leaders and high-quality teachers.
- b) Leadership Pipeline: Discuss the specific measures and timelines the organization will employ to identify and develop organizational and school leaders. For example, explain:
 - 1) How the school plans to identify leadership internally and externally;
 - 2) Who will be responsible for hiring leaders;
 - 3) Formal and informal systems that will prepare leaders for their responsibilities;
 - 4) The school's philosophy regarding internal promotions;
 - 5) The timing for identifying leaders in relation to the launch of a new campus; and,
 - 6) Internal or external leadership training programs.
- c) Professional Development: Identify the school's plan to meet professional development needs. Include whether professional development will be managed at the school or network level and how new campuses will be added to existing professional development. Also identify the method the school will use to determine the effectiveness of professional development.
- d) **Performance Evaluations and Retention:** Identify the school's approach to staff performance evaluations. Identify how frequently the organization plans to: evaluate teachers, campus administrators, and network leaders and staff, who will evaluate whom, and how the organization plans to retain high-performing teachers and administrators?
- e) **Compensation**: Explain the board's compensation strategy and salary ranges for network and school level staff. Discuss how the compensation structure enables the organization to attract and retain high quality staff

and describe any incentive structures such as bonuses or merit pay. Compare the proposed salary ranges to those in other organizations, charter schools and local districts, as applicable.

SCALE STRATEGY

There is no change in the Scale Strategy section.

- a) Describe the steps that you will take to scale your model to new sites, including the people involved and the resources contributed both by the founding campus and the new campuses.
- b) If the school is affiliated with a CMO or EMO that operates schools in other states, compare your efforts to scale operations to Nevada to past scale efforts in other states.
- c) Describe your plan for embedding the fundamental features of the model that you described in the transformational change section in each new campus that you plan to open.
- d) Explain any shared or centralized support services the management organization will provide to campuses in Nevada.
- e) Describe the structure, specific services to be provided, the cost of those services, how costs will be allocated among campuses, and specific service goals of the network. Please also include how the school will measure successful delivery of these services. In the case of a charter management organization proposing to contract with an education management organization, service goals should be outlined in the term sheet and draft contract provided later in **Attachment**. Note that Nevada law allows charter schools to contract for the management or operation of the school with either a for-profit or non-profit education management organization.
- f) Using the table below, summarize the division school- and organization-level decision-making responsibilities as they relate to key functions, including curriculum, professional development, culture, staffing, etc. This division of responsibilities will be evaluated both in the context of Nevada law and regulation and best organizational and authorizing practices nationally.

STUDENT RECRUITMENT AND ENROLLMENT

There is no change in the Student Recruitment and Enrollment section.

Like all public schools, public charter schools must be open to any such child, regardless of that child's race, gender, citizenship, or need for accommodations or special education services. Thus, recruitment and enrollment practices should demonstrate a commitment to providing all students equal opportunity to attend the school, and help schools avoid even the appearance of creating barriers to entry for eligible students.

- g. Explain the plan for student recruitment and marketing for the new campuses that will provide equal access to interested students and families, including how the school will comply with the requirements of SB208 (2015 session). Specifically, describe the plan for outreach to: families in poverty; academically low-achieving students; students with disabilities; and other youth at risk of academic failure. For schools which are giving one or more statutorily permissible admissions preferences pursuant to NRS 386.580 or SB390 (2015 session), please indicate if you plan to focus your student recruitment efforts in specific communities or selected attendance areas.
- h. Provide a detailed discussion of the school's track record in recruiting and retaining students that reflect the ethnic, socio-economic, linguistic, and special needs diversity of the current charter school and each campus to at least the level reflected by the attendance zones where the charter school will operate facilities before approving the proposal. Please provide the school's past enrollment and retention performance for all years since the inception of the school broken out by race, ethnicity, language other than English, disability and 504 status, and eligibility for free and reduced priced lunch both as a school and in comparison, to the school's current zoned schools.
- i. Detail how the school's programmatic, recruitment, and enrollment strategies are designed to recruit, enroll, and retain a student population that is representative of the zoned schools which prospective students would otherwise attend in the community. Schools which do not currently represent their communities based on the data identified above and are not serving an at-risk population are expected to add several of the following programmatic, recruitment, and enrollment strategies to merit approval: (1) participation in state-funded pre-K programs (including federal pre-K) for low-income students; (2) substituting online and social media marketing

which advantages affluent and well-connected populations with a community-based, grassroots campaign which targets high need populations in the community, including aggressive door-to-door outreach and publishing marketing materials in each language which is spoken by more than 5 percent of families within each attendance zone; (3) an explicit commitment to serving a broad continuum of students with disabilities and the expansion of programs, including cluster programs or consortia, to meet the needs of a broad spectrum of student needs; (4) a weighted lottery³ which provides additional opportunities for specific target populations to be admitted to the school in a manner consistent with state and federal law; and (5) other enrollment policies and strategies which have had a demonstrated track record of success in dramatically increasing the diversity of student populations in a high achieving charter school to at least the poverty, disability, and ELL profile of the zoned school.

- j. What is the enrollment calendar for both the first year of operation and subsequent years of operation? Please specify the dates on which the school will begin accepting applications and how long the enrollment window will last prior to conducting a lottery.
- k. What enrollment targets will you set and who will be responsible for monitoring progress towards these targets? What is your target re-enrollment rate for each year? How did you come to this determination? What are the minimum, planned, and maximum projected enrollment at each grade level? Outline specific targets in the table below.
- 1. What systems will you put in place to ensure that staff members are knowledgeable about all legal enrollment requirements pertaining to special populations and the servicing of particular populations of students and can answer parent inquiries in a manner consistent with the letter and spirit of state and federal law?
- m. Describe the student recruitment plan once your school has opened. In what ways will it be different than your pre-opening year, in terms of the strategies, activities, events, persons responsible and milestones? How will the school backfill vacancies in existing grades?
- n. Complete the following tables for the proposed school to open in 2021-22. Schools applying for multiple campuses must complete enrollment summary tables for each school campus opening in fall 2021 and fall 2022.
 - 1) **Minimum Enrollment** (Must Correspond to Break Even Budget Scenario Assumptions discussed in budget narrative) *Complete using Excel file "RFA Staffing and Enrollment Worksheets."*

- a. Describe the rationale for the number of students and grade levels served in year one and the basis for the growth plan illustrated above. Note: particular weight will be given to rationales which prioritize academic achievement over financial returns.
- b. Schools proposing to open new elementary facilities with more than 400 students or more than 3 grade levels should identify and discuss the specific elements of the school model and organizational track record detailed throughout the request that demonstrate that the proposed expansion model is designed to compensate for the known organizational and academic challenges which accompany serving larger student bodies and multiple grade levels in a start-up environment.

BOARD GOVERNANCE

There is no change in the Board Governance section.

Complete this section only to the extent it is different from what is shown in the application for the school. Otherwise, indicate "No change from original application or most recent amendment. See attached."

- o. Explain the governance philosophy that will guide the board, including the nature and extent of involvement of key stakeholder groups.
- p. Describe the governance structure of the expanded school when the board is fully composed, including the primary roles of the governing board and how it will interact with the principal/head of school and any advisory bodies. Explain how this governance structure and composition will help ensure that a) the school will be an educational and operational success; b) the board will evaluate the success of the school and school leader; and c) there will be active and effective representation of key stakeholders, including parents.
- q. Please submit board member information for current and proposed new board members in the provided Board Member Template (provide as part of **Attachment___**). Please note that at least 75% of new board members for SY 2021-2022 must be identified at the time of the submission of the expansion request.
- r. Provide, as part of **Attachment**____, a completed and signed Board Member Information Sheet for each proposed new Board member as well as the board member's resume and a thoughtful biographical

- summary outlining the particular qualifications of each board member as relates to both service on a public charter school board and to the specific needs of this particular charter school.
- s. Describe the board's ethical standards and procedures for identifying and addressing conflicts of interest. Will the board be making any changes to its Bylaws, Code of Ethics, and Conflict of Interest policy in light of the expansion or new statutory or regulatory requirements, including SB509?
- t. Identify any existing, proposed, or contemplated relationships that could pose actual or perceived conflicts if the expansion request is approved, including but not limited to any connections with landlords, developers, vendors, or others which will receive compensation or other consideration directly or indirectly from the school; discuss specific steps that the board will take to avoid any actual conflicts and to mitigate perceived conflicts, including the new requirements of a Code of Ethics in SB509 and the nepotism regulations applicable to charter schools.
- u. Describe the board's history since inception, including a discussion of turnover. How does the board proactively manage governance and succession? How does the board propose to significantly exceed the statutory minimum criteria for board qualifications in light of the complexity and risk associated with governing a large, multi-site charter school network? What elements, characteristics, and behaviors of specific, analogous high performing multi-site charter school networks, non-profit social enterprises, and for-profit organizations with similar levels of revenues or complexity has the governing body elected to emulate in its governance and in the operation of the school? Describe concrete and specific plans for increasing the capacity of the governing board. How will the board continue expand and develop over time?
- v. Describe the kinds of orientation or training new board members will receive and what kinds of ongoing development existing board members will receive. The plan for training and development should include a timetable, specific topics to be addressed, and requirements for participation.
- w. Describe the working relationship between the board and staff (academic, operations, and financial) and the working relationship between the board, staff, and any education management organization. Outline the regular reports that will be provided to the board, their frequency, and who will provide them. This may include financial, operational, and/or or academic reports.
- x. Describe any advisory bodies or councils to be formed, including the roles and duties of those bodies. Describe the planned composition; the strategy for achieving that composition; the role of parents, students, and teachers (if applicable); and the reporting structure as it relates to the school's governing body and leadership.
- y. Explain the process that the school will follow should a parent or student have an objection to a governing board policy or decision, administrative procedure, or practice at the school.
- z. What goals will be established for the board and how will board members be held accountable? Outline the key expectations for board members in the table below. What actions would trigger removal from the board and under what process?

SCHOOL MANAGEMENT CONTRACTS

There is no change in the School Management Contracts section.

Indicate "Not Applicable" if the school does not intend to amend an existing management contract or enter into a new management contract with a for-profit or non-profit education management organization (EMO) or charter management organization (CMO).

- dd. How and why was the EMO or CMO selected?
- ee. Explain whether the management organization will provide services to the charter school as a whole or will it be assigned to provide specific services at an individual campus or campuses or a particular program (e.g. a portfolio management governance model).
- ff. Describe the relationship between the school governing board and the service provider, specifying how the governing board will monitor and evaluate the performance of the service provider, the internal controls that will guide the relationship, and how the governing board will ensure fulfillment of performance expectations.
- gg. Disclose fully and provide an explanation of any existing or potential conflicts of interest between the school governing board and proposed service provider or any affiliated business entities, including, without limitation, any past or current employment, business or familial relationship between any officer, employee, or agent of the proposed service provider and any prospective employee of the charter school, a member of the committee to form a charter school or the board of directors of the charter management organization, as applicable.
- hh. Please provide the following in **Attachment** :
- A term sheet setting forth the proposed duration of the contract; roles and responsibilities of the governing board, the school staff, and the service provider; scope of services and resources to be provided by the EMO; performance evaluation measures and mechanisms; detailed explanation of all fees and compensation to be paid to the provider; financial controls and oversight; methods of contract oversight and enforcement by the governing board and/or school staff; investment disclosure; and conditions for renewal and termination of the contract;
- 2. A draft of the proposed management contract which complies with NRS 386.562 and SB509 (2015 session) and all other applicable laws and regulations;
- 3. As an exhibit to the proposed management contract, a crosswalk of the academic, financial, and organizational goals of the charter school set forth in the SPCSA Charter School Performance Framework, including the school's mission-specific goals, and a clear identification of each of the performance goals and expectations for the education management organization related to each charter school goal. This will serve as the board's primary evaluative tool for the education management organization.

For all such schools which are still in operation, please provide contact information, including name, legal home or business mailing address, home or business telephone number, and personal or business email address, for the current board chair office and all other board members and school personnel contacted. Include a summary of the correspondence or discussions between members of the governing body and this individual and other knowledgeable staff or board members regarding all performance issues related to each non-renewal, shorted or conditional renewal, or renegotiation or reduction in services. Discuss the lessons learned by the governing body based on this ongoing due diligence and how this research has informed provisions that the governing body has required in the proposed management agreement.

SERVICES

There is no change in the Services section.

- 9. Provide **Attachment** describing how the school leadership team will support operational execution.
- 10. Provide narrative or evidence illustrating the staffing model, performance metrics, and the school's plan for supporting all operational needs of the school, including but not limited to those listed below.
- 11. In this space and in the finances section, demonstrate how you will fund the provision of the services below which you are requesting approval to implement.
 - i. Transportation: Describe your plans for providing student transportation. If the school will not provide transportation, please identify how the school will ensure that this does serve as a barrier to enrollment or ongoing attendance.
 - ii. Food Service: Outline your plans for providing food service at the school, including whether and how you will be your own school food authority or will contract with another provider. If the school will not provide food service, please identify how the school will ensure that this does serve as a barrier to enrollment or ongoing attendance.

- iii. Facilities maintenance (including janitorial and landscape maintenance)
- iv. Safety and security (include any plans for onsite security personnel)
- v. Other services
- 12. Technology: Outline the technology infrastructure and support mechanisms across your school, staff, and teachers. Your outline should include but not be limited to reliable and secure wide area networking, local area networking (e.g., wireless and cables), hardware (e.g., personal computing devices, servers, telephony, storage, routers, switches), technology policies and procedures, device management, and end user support, including the management of user rights and privileges.
- 13. Student Information Management: Timely communication of accurate student information is critical for payments to schools, compliance, and performance monitoring. Please describe how you will manage student information using the statewide Infinite Campus system, and how you will build capacity around the use of the software in order to independently maintain the system. Detail the staff members who will enter data along with the project manager who will commit to trainings and regularly monitor student information for accuracy.
- 14. Data Security: SPCSA charter schools record, generate and consume data that falls under strict requirements for security, privacy, and retention (including FERPA and recent legislation related to the protection of personally identifiable information (PII)). Describe the systems and procedures you will implement in order to ensure you are compliant with these obligations.
- 15. Provide, as an Attachment____, a detailed operational execution plan which discusses the planning and provision of these and other essential operational services in greater detail.

ONGOING OPERATIONS

- 16. SPCSA schools coordinate emergency management with local authorities. Explain your process to create and maintain the school's Emergency Management Plan required by the State of Nevada. Include the types of security personnel, technology, equipment, and policies that the school will employ. Who will be primarily responsible for this plan? Does the school anticipate contracting with the local school district for school police services? How will the school communicate with and coordinate with lead law enforcement agencies and other public safety agencies?
- 17. Discuss the types of insurance coverage the school will secure as a result of the expanded scope of operation and the attendant risks, including a description of the levels of coverage. Types of insurance should include workers' compensation, liability insurance for staff and students, indemnity, directors and officers, automobile, and any others required by Nevada law or regulation. As the minimum coverage required by Nevada law and regulation is intended as a baseline requirement for schools which operate at a significantly smaller scale, schools requesting an amendment are expected to research the levels of and types of insurance coverage typically required of and obtained by multi-site charter school networks in other states, including but not limited to Arizona, California, Colorado, the District of Columbia, Massachusetts, and New York, and crosswalk those levels of coverage with those the school intends to obtain to ensure that the governing body and network leadership is fully cognizant of the complexity of risk management in a multi-site context.

Section II: SPECIFIC RFA SECTIONS

RFA: Academic Amendments

1.RFA: Add Distance Education

- a. Executive Summary
 - i. An overview of the mission and vision for the expanded school or network, noting any revisions to the approved mission and vision for the school relating to the addition of a distance education program.
 - ii. A list of the current school campuses
 - iii. Proposed model and target communities by zip code
 - iv. The outcomes you expect to achieve across the network of campuses with the addition of the distance education program.
 - v. The key components of your educational model and how the distance education program aligns with the educational model.
 - vi. Key supporters, partners, or resources that will contribute to the distance education program

b. Targeted Plan

- i. Identify the community you wish to serve as a result of the distance education program and describe your interest in serving this specific community.
- ii. Explain how your distance education model, and the commitment to serve the population, including the grade levels you have chosen, would meet the district and community needs and align with the mission of the SPCSA.
- c. Distance Education Requirements
 - i. Describe the system of course credits that the school will use.
 - ii. Describe how the school will monitor and verify the participation in and completion of courses by pupils.
 - iii. Describe how the school will ensure students participate in assessments and submit coursework.
 - iv. Describe how the school will conduct parent-teacher conferences.
 - v. Describe how the school will administer all tests, examinations or assessments required by state or federal law or integral to the performance goals of the charter school in a proctored setting.

d. Special Education

- i. For Distance Education Schools: Describe how the school will provide appropriate services in the distance education learning environment to students with disabilities across a broad continuum.
- ii. What systems will you put in place to ensure that staff members are knowledgeable about all legal distance education requirements pertaining to special populations and the servicing of particular populations of students and can answer parent inquiries in a manner consistent with the letter and spirit of state and federal law?

e. Scale Strategy

- i. Describe the steps that you will take to scale your model to new sections, including the people involved and the resources contributed both by the founding campus and the new distance education program.
- ii. If the school is affiliated with a CMO or EMO that operates distance education in other states, compare your efforts to scale distance education operations to Nevada to past scale distance education efforts in other states.

f. Student Recruitment and Enrollment

i. Explain the plan for student recruitment and marketing for the new distance education program that will provide equal access to interested students and families, including how the school will comply with the requirements of SB208 (2015 session). Specifically, describe the plan for outreach to: families in poverty; academically low-achieving students; students with disabilities; and other youth at risk of academic failure.

<u>TOC</u> 7/26/2022 39 of 53

- ii. What is the enrollment calendar for both the first year of operation and subsequent years of operation? Please specify the dates on which the school will begin accepting distance education applications and how long the window will last prior to conducting a lottery.
- iii. What distance education enrollment targets will you set and who will be responsible for monitoring progress towards these targets? What is your target re-enrollment rate for each year? How did you come to this determination?

g. Services

- i. Provide a description of how the school leadership team will support the distance education operational execution. Please provide narrative or evidence that illustrates the staffing model, performance metrics, and the school's plan for supporting all operational needs of the school, including but not limited to those listed below. In this space and in the finances section, demonstrate how you will fund the provision of these services.
- ii. Technology: Outline the technology infrastructure and support mechanisms across your school, staff, and teachers—including new investments necessary to support this distance education expansion. Your outline should include but not be limited to reliable and secure wide area networking, local area networking (e.g., wireless and cables), hardware (e.g., personal computing devices, servers, telephony, storage, routers, switches), technology policies and procedures, device management, and end user support, including the management of user rights and privileges.

h. Financial

Describe the costs associated with the inclusion of the Distance Education program including technology infrastructure and support mechanisms across your school, staff, and teachers—including new investments necessary to support this distance education expansion. Your outline should include but not be limited to reliable and secure wide area networking, local area networking (e.g., wireless and cables), hardware (e.g., personal computing devices, servers, telephony, storage, routers, switches), technology policies and procedures, device management, and end user support, including the management of user rights and privileges.

2.RFA: Add Dual-Credit Program

Charter schools which would like to provide a program where a student may earn college credit for courses taken in high school must request this amendment by responding to the general sections of this RFA and the following specific program questions.

- a. Describe the proposed duration of the relationship between the charter school and the college or university and the conditions for renewal and termination of the relationship.
- b. Identify roles and responsibilities of the governing body of the charter school, the employees of the charter school and the college or university.
- c. Discuss the scope of the services and resources that will be provided by the college or university.
- d. Explain the manner and amount that the college or university will be compensated for providing such services and resources, including, without limitation, any tuition and fees that pupils at the charter school will pay to the college or university.
- e. Describe the manner in which the college or university will ensure that the charter school can effectively monitors pupil enrollment and attendance and the acquisition of college credits.
- f. Identify any employees of the college or university who will serve on the governing body of the charter school.

Provide as an **Attachment**____, a draft memorandum of understanding between the charter school and the college or university through which the credits will be earned and a term sheet confirming the commitment of both entities to the specific terms outlined in this charter application. If the school is not planning to provide a dual-credit program, please upload an attestation explaining that this request is inapplicable.

3.RFA: Change Mission and/or Vision

For an RFA to accomplish this objective:

a. Complete and submit your RFA with the General application sections above completed.

TOC 7/26/2022 40 of 53

- b. The notice of intent and the RFA must include an explanation of the reasons that the charter school is seeking to make this specific requested change.
- c. Indicate "N/A" for any below requested response that is not applicable to your request.

4.RFA: Eliminate a grade level or other educational services

For an RFA to accomplish this objective, pursuant to NAC 388A.325:

- a) Complete and submit your RFA with the General Requirements sections above completed.
- b) The notice of intent and the RFA must include an explanation of the reasons that the charter school is seeking to make this specific requested change.

5. RFA: EMOs/CMOs: Entering, amending, renewing, terminating charter contract with EMO/CMO

a) School Management Contracts

- 1. RFAs for "entering into, amending, renewing or terminating a contract with an educational management organization" are processed pursuant to NAC 388A.575
- 2. Contracts with EMOs are regulated in part pursuant to NAC 388A.580.
- 3. Limitations on the provision of teachers and other personnel by EMOs is regulated pursuant to NAC 388A.585.
- 4. Please provide the EMO's Tax Identification Number (EIN), Organizational Location Address, and Organizational Mailing Address.
- 5. How and why was the EMO selected?
- 6. If this amendment would result in the approval of an EMO other than that approved in the initial charter application, please explain in detail the rationale for the change.
- 7. Explain whether the management organization will provide services to the charter school as a whole or will it be assigned to provide specific services at an individual campus or campuses or a particular program (e.g. a portfolio management governance model).
- 8. Describe the relationship between the school governing board and the service provider, specifying how the governing board will monitor and evaluate the performance of the service provider, the internal controls (including any compensatory controls) that will guide the relationship, and how the governing board will ensure fulfillment of performance expectations.
- 9. Disclose fully and provide an explanation of any existing or potential conflicts of interest between the school governing board and proposed service provider or any affiliated business entities, including, without limitation, any past or current employment, business or familial relationship between any officer, employee, or agent of the proposed service provider and any other current or prospective vendor or contractor (including the landlord), prospective employee of the charter school, a member of the committee to form a charter school or the board of directors of the charter management organization, as applicable.
- 10. Provide a brief overview of the organization's history.
- 11. List any and all charter revocations or surrenders, bankruptcies, school closures, non-renewals, or shortened or conditional renewals for any of the schools managed by the organization and provide explanations. For all such schools, please provide contact information, including name, business mailing address, business telephone number—including extension or direct line, and business email address, for the current leader of the school's authorizing office and a summary of the correspondence or discussions between members of the governing body and this individual and other knowledgeable authorizer personnel contacted. Include a summary of all performance issues related to each revocation, surrender, bankruptcy, closure, non-renewal, or shorted or conditional renewal. Discuss the lessons learned by the governing body based on this ongoing due diligence and how this research has informed provisions that the governing body has required in the proposed management agreement.
- 12. Explain any performance deficits or compliance violations that have led to formal authorizer intervention with any school managed by the organization. Provide details as to how such deficiencies were resolved. For all such schools, please provide contact information, including name, business mailing address, business telephone number—including extension or direct line, and business email address, for the current leader of the school's authorizing office and all other authorizer personnel contacted. Include a summary

<u>TOC</u> 7/26/2022 41 of 53

- of the correspondence or discussions between members of the governing body and this individual and other knowledgeable authorizer staff regarding all performance issues related to each non-renewal, shortened or conditional renewal, or renegotiation or reduction in services. Discuss the lessons learned by the governing body based on this ongoing due diligence and how this research has informed provisions that the governing body has required in the proposed management agreement.
- 13. List any and all management contract non-renewals, shortened or conditional renewals, or renegotiations or reductions in services provided for any of the schools managed by the organization and provide explanations. For all such schools which are still in operation, please provide contact information, including name, legal home or business mailing address, home or business telephone number, and personal or business email address, for the current board chair office and all other board members and school personnel contacted. Include a summary of the correspondence or discussions between members of the governing body and this individual and other knowledgeable staff or board members regarding all performance issues related to each non-renewal, shorted or conditional renewal, or renegotiation or reduction in services. Discuss the lessons learned by the governing body based on this ongoing due diligence and how this research has informed provisions that the governing body has required in the proposed management agreement.

b) Financial Plan

- 1. Describe the systems and processes by which the school will manage accounting, purchasing, payroll, and audits. Specify any administrative services expected to be contracted for the school and describe the criteria and procedures for the selection of contractors and the mechanism by which the board will monitor and hold the contractor responsible for providing such services.
- 2. Present a budget narrative including a detailed description of assumptions and revenue estimates, including but not limited to the basis for revenue projections, staffing levels, and costs. The narrative should specifically address the degree to which the school budget will rely on variable income (e.g., grants, donations, fundraising, etc.).
- 3. Provide a six-year development plan that addresses the annual and cumulative fundraising need at the network and school levels including a description of the staff devoted to development. The plan should include a history of the school's fundraising outcomes and identify funds that have already been committed toward fundraising goals. The plan should also identify the role of the members of the board, particularly as relates to give/get requirements, and should demonstrate alignment with the expectations for board members discussed elsewhere in the amendment request. If funds are raised at a partner organization level, describe the methodology to be used in allocating funds to the school and the proposed campuses. If the school has not raised any funds to support its programming to date and the budget does not include any fundraising activity, please explain that this question is not applicable to your school.
- 4. Describe the campus', school's, and any management organization's distinct responsibilities in the financial management and oversight of the proposed campuses, including, but not limited to, their respective roles in overseeing or implementing internal controls and in making financial management decisions including budget development. Detail the process and frequency by which key financial information is communicated to and reviewed by the various organizations and different levels of leadership and governance.
- 5. Submit a completed financial plan for the proposed school as an **Attachment** (the format of this is left to the applicant's discretion but must be clear and sufficiently detailed to permit Authority staff, external reviewers, and the general public to review of all elements of the school's business plan and gauge alignment and consistency with the academic program, operating plan, and budget narrative).
- 6. Submit, as an **Attachment___**, a detailed budget for the operator at the network level (the format of this is left to the applicant's discretion but must be clear and sufficiently detailed to permit Authority staff, external reviewers, and the general public to review of all elements of the school's business plan and gauge alignment and consistency with the academic program, operating plan, and budget narrative).
- 7. Provide, as an **Attachment**____, historical financial documents for any affiliated CMO from another state or any EMO providing services to the school, including audited financials for each school operated by the affiliate as well as any other campus by campus financial evaluations conducted by charter school

- authorizers. At least three years of school financial audits are required for any school operating for three years or longer. Such financials must be provided as converted PDF documents to ensure accessibility.
- 8. Complete the audit data worksheet in **Attachment**. In the info tab, please identify any schools or campuses listed under the student achievement tab for which, pursuant that relevant state's charter law, financial data is consolidated for reporting and auditing purposes in the independent audits provided in **Attachment**.

Attachments Necessary for EMO Amendment

- 1) A letter of transmittal signed by the Board chair formally requesting the amendment and identifying each of the elements to be submitted in support of the request.
- 2) Agenda for Board Meeting Where Board Voted to Request an Amendment to Contract with an Educational Management Organization, Renew a Contract with an Educational Management Organization, Terminate a Contract or Discontinue Negotiations with an Educational Management Organization, and/or Amend a Contract with an Educational Management Organization.
- 3) Draft or Approved Minutes for Board Meeting Where Board Voted to Request an Amendment to Contract Educational Management Organization, Renew a Contract with an Educational Management Organization, Terminate a Contract or Discontinue Negotiations with an Educational Management Organization, and/or Amend a Contract with an Educational Management Organization.
- 4) Final Term Sheet
- 5) Final, negotiated and executed contract between charter school and educational management organization which complies with NRS 388A, NAC 388A and all other applicable laws and regulations.
- 6) A term sheet signed by the Chief Executive Officer of the Service Provider setting forth the proposed duration of the contract; roles and responsibilities of the governing board, the school staff, and the service provider; scope of services and resources to be provided by the EMO; performance evaluation measures and mechanisms; detailed explanation of all fees and compensation to be paid to the provider; financial controls and oversight; methods of contract oversight and enforcement by the governing board and/or school staff; investment disclosure; and conditions for renewal and termination of the contract;
- 7) Crosswalk of academic, organizational, and financial framework deliverables under the charter contract which will be delegated to or supported in whole or in part by the Educational Management Organization.
- 8) Documentation of Service Provider's non-profit or for-profit status
- 9) Documentation of Service Provider's authorization to do business in Nevada (e.g. current business license)
- 10) Budget Narrative
- 11) School Budget
- 12) Network Budget
- 13) Historical Audits
- 14) Audit Data Worksheet
 - (a) Academic Performance Worksheet
 - (b) Good Cause Exemption Letter
 - (c) A final crosswalk of the academic, financial, and organizational goals of the charter school set forth in the SPCSA Charter School Performance Framework, including the school's mission-specific goals, and a clear identification of each of the performance goals and expectations for the education management organization related to each charter school goal. This will serve as the board's primary evaluative tool for the education management organization.

6. RFA: Enrollment: Expand Enrollment In Existing Grade Level(s) And Facilities

The purpose of this Expansion Amendment Request is to assess the potential of existing charter school boards to produce high-quality student outcomes and function as highly effective, accountable, and transparent providers of public education as they add new students and demonstrate the capability and maturity to achieve at consistently high

levels in all domains while continuing to scale their impact in their communities and in other communities across the state.

- a. Please detail how this proposed expansion aligns to the current <u>SPCSA Academic and Demographic</u> Needs Assessment.
- b. Please provide academic performance data broken down by subgroups. What is the school's assessment of its current work in preventing performance gaps? If gaps exist, how is the school working to ensure that these gaps are reduced? How will the school work to prevent gaps with expanded enrollment?
- c. Please provide an overview of discipline data, broken down by subgroup. What is the school's assessment of its current work in preventing disproportionate discipline practices? How will the school work to prevent disproportionate discipline practices with expanded enrollment? Please be sure to speak to the restorative justice practices implemented at the school.

7. RFA: Enrollment: Expand Enrollment in New Grade Level(s)

For an RFA to accomplish this objective:

- a) Complete and submit your RFA with the General application sections above completed.
- b) The notice of intent and the RFA must include an explanation of the reasons that the charter school is seeking to make this specific requested change.

The purpose of this Expansion Amendment Request is to assess the potential of existing charter school boards to produce high-quality student outcomes and function as highly effective, accountable, and transparent providers of public education as they add new students and demonstrate the capability and maturity to achieve at consistently high levels in all domains while continuing to scale their impact in their communities and in other communities across the state.

The expansion request is evaluated based on the strength of the plan in each of those domains, while applicants are evaluated based on their capacity to execute the program they've proposed both based on the coherence, thoroughness, and thoughtfulness of each element of the application and on the data gathered during both the (discretionary) capacity interview process and background research and due diligence on both proposed members of the expanded governing board and proposed staff members. Successful requests will share many of the same characteristics.

This amendment request form pre-supposes that the school plans to utilize the existing facility.

If the current facility requires no construction or renovation to accommodate the addition of these new grades, then provide a brief narrative at each attachment attesting to that fact. Each attestation must be signed by the chair of the governing body and the school leader, must be notarized, and must be remediated to be accessible pursuant to Section 508 of the Rehabilitation Act.

If the existing campus or campus(es) requires any construction or renovation after the date of submission of this request and prior to the commencement of instruction, then answer the applicable specific facility related section questions.

Facility RFAs

8.RFA: Occupy a Temporary Facility

- a. Complete the general sections above and the general and specific facility sections below
- b. If there is no change to any part of the below specific section or specific sub-sections from your current contract...state "No change to section" in a row inserted below the heading of the applicable section.
- c. The notice of intent and the RFA must include an explanation of the reasons that the charter school is seeking to make this specific requested change.

General Facility RFA requirements

1. Describe the school's capacity and experience in facilities acquisition and development, including managing buildout and/or renovations, as applicable. Provide a description and analysis of any construction or development delays which have impacted a school or campus calendar and schedule in the past and a discussion of any organizational or operational adjustments that have been made to prevent recurrence in the future.

Young Woman Leadership Academy has hired Ethos 3 as its architect and Nevada General Construction as their contractor. Working together this team has built more than 30 charter school in Las Vegas. In this case the facility requires minor renovations consisting of sprinklers, new kitchen equipment and a new back flow system. Many of the projects were renovations of existing buildings. Last year this team deal with a delayed opening at SLAM elementary. This delayed the opening of school for several weeks. Working closely with the administrative team they were able to manage the situation without losing any students.

2. Identify the entity responsible for acquiring and maintaining school facilities and describe that entity's relationship to both the school and any management organization. If costs related to the facility will be borne by the proposed school's education management organization or a related party such as a foundation, it should identify the level of capital support the organization (or related party) is willing to provide to the school.

The facility is being leased from a church under a triple net lease. Improvements to the building are funded from contributions made to the school's foundation. Contributors have committed to making the contributions to the foundation necessary to improve the facility. Ongoing maintenance will be part of the school's budget.

3. List names and roles of any parties which could be deemed financially interested and describe the potential or actual interest relating to the current or proposed facility. This includes any existing or potential conflicts of interest or existing, direct or indirect, potential ownership interests with the current and/or proposed facility.

Since this facility is being leased from a church with no purchase option, there are no interests or conflicts related to the facility.

- 4. Show the fiscal impact of the proposed facility plan for the first three years after implementation of your plan using the SPCSA Financial Performance Ratings model (ask staff for a copy of the most recent model for your school). Explain plans to address any pro forma rating declines—if any—to at least the below areas from implementation of the plan.
 - a) Current Ratio (CR)
 - b) Unrestricted Days Cash on Hand (UDCOH)
 - c) Cash Flow (CF)
 - d) Debt to Asset Ratio (D/A)
 - e) Debt (or Lease) Service Coverage Ratio (DSCR or LSCR)

Rent payments will remain the same and will have no impact on the Financial Ratios.

5. If a proposed facility <u>has been</u> identified and <u>requires no construction or renovation</u> prior to the commencement of instruction, provide only the relevant post construction, post renovation items described below:

<u>TOC</u> 7/26/2022 46 of 53

a) The physical address of the facility and supporting documentation verifying the location, including the Assessor's Parcel Number and a copy of the Assessor's Parcel Map for the proposed facility.

MINUTES OF THE MEETING OF THE YOUNG WOMEN'S LEADERSHIP ACADEMY BOARD OF DIRECTORS JULY 14, 2022

The Board of Directors of Young Women's Leadership Academy held a public meeting on June 16, 2022 at 3:00 p.m. via Zoom meeting.

1. CALL MEETING TO ORDER AND ROLL CALL

The meeting was called to order by Member Ruder at 3:01 p.m. Present were Board members Gunlek Ruder, Mala Panday, Zac Hudson, Robert Goldstein (joined at 3:07 p.m.), Raeann Barnes, and Donnabelle Rogers.

Member Olivia Carbajal was not present.

Also present were Principal Whitney McIntosh and Sarah Boldin from Student Leadership Network; as well as Academica representatives Mariella Bueno, Gayle Jefferson, Bob Howell, Clayton Howell, Paul Ballou, Ryan Reeves, and Trevor Goodsell.

2. Public Comment

There was no public comment.

3. ACTION & DISCUSSION ITEMS

a. REVIEW AND APPROVAL OF MINUTES FROM THE JUNE 14, 2022 BOARD MEETING

MEMBER HUDSON MOVED TO APPROVE THE MINUTES FROM THE JUNE 14, 2022 BOARD MEETING. MEMBER PANDAY SECONDED THE MOTION, AND THE BOARD VOTED TO APPROVE WITH MEMBERS RUDER, HUDSON, AND PANDAY IN FAVOR AND MEMBERS BARNES AND ROGERS ABSTAINING.

b. REVIEW AND APPROVAL OF PROPERTY LEASE/MOU

Member Ruder asked for an update on the site timeline before discussing an MOU with a potential alternate facility. Mr. Clayton Howell addressed the Board and stated that the majority of the work on the site was occurring under the fire sprinkler permit. The remainder of the items would be under a building permit, which the Las Vegas Valley Water Department was holding up. The water district would not approve the permit until the backflow system was updated. Mr. Clayton Howell noted that Bob Gronauer, a land use attorney, was helping to facilitate the approval and received a commitment to sign off on the permit. Following approval of the building permit, the required work would take two to three weeks. He further noted that there had been a second comment on the permit request regarding the prior removal of six parking spaces. A waiver application had been submitted, which would satisfy that requirement. The timeline for completion of final inspections was August 19th, with a temporary certificate of occupancy (TCO) issued on August 22nd.

Member Ruder stated that, with the delay in receiving the TCO, the Board would discuss approving an alternate facility or postponing the start of the school year. Mr. Bob Howell addressed the Board and stated that the State Public Charter School Authority (SPCSA) would prefer an alternate site over a delay of the start date. Principal Whitney McIntosh addressed the Board and explained that she had looked at six possible sites and narrowed the choices to two facilities. The Boys and Girls Club was the most promising; however, they would not have a meeting until July 19th. Ms. Mariella Bueno addressed the Board and stated that, given the timeline, the Board could decide to delay the start of school until the first week of September. Mr. Bob Howell stated that delaying until September might result in losing students. Member Ruder noted that the preference would be to find an alternate facility and start on time.

Ms. Gayle Jefferson addressed the Board to review the amendment process. The deadline for submitting documents for an amendment was July 21st. A signed lease, MOU, and several other documents would be required to be submitted with the application. Member Goldstein asked if the consensus to find an alternate site was due to fear of losing students. Principal McIntosh stated that a delayed start would impact families, and YWLA could decide to provide a program for students of the affected families. Member Goldstein asked if the facility needed to be in the neighborhood, to which Member Ruder replied in the affirmative. Mr. Bob Howell noted that approval to use a bus would take too long to be an option. Ms. Bueno pointed out that the SPCSA would approve a delayed start if that were the direction the Board chose. Member Ruder stated that because the MOU was not yet available, the Board could authorize the Board Chair to sign the MOU when it was available.

MEMBER HUDSON MOVED TO AUTHORIZE MEMBER RUDER TO SIGN A POTENTIAL MOU WITH THE BOYS AND GIRLS CLUB OR ANOTHER ALTERNATIVE LOCATION, ENABLING YWLA TO OPEN THE SCHOOL ON TIME. MEMBER GOLDSTEIN SECONDED THE MOTION.

Member Hudson stated that the lease should include an option to extend. Member Ruder agreed and stated that he would send out a copy of the lease and MOU for review. Member Rogers noted that the main concern was to open on time. She asked if YWLA had plans for summer and afterschool programs. Member Ruder explained that the Board could only make decisions on items on the agenda; however, they could add the discussion to a future agenda.

THE BOARD VOTED UNANIMOUSLY TO APPROVE.

c. DISCUSSION AND POSSIBLE ACTION TO SUBMIT A CHARTER AMENDMENT APPLICATION AND GOOD CAUSE EXEMPTION LETTER TO OCCUPY AN ALTERNATE FACILITY

This item was discussed in conjunction with Item 3.b.

MEMBER HUDSON MOVED TO AUTHORIZE MEMBER RUDER TO SUBMIT A CHARTER AMENDMENT APPLICATION AND GOOD CAUSE EXEMPTION LETTER TO OCCUPY AN ALTERNATIVE FACILITY FOR THE SCHOOL. MEMBER GOLDSTEIN SECONDED THE MOTION, AND THE BOARD VOTED UNANIMOUSLY TO APPROVE.

4. ANNOUNCEMENTS AND NOTIFICATIONS

Principal McIntosh noted that there were several upcoming events. Member Ruder stated that the Board, although the work was challenging, it was exciting for the neighborhood. He thanked all involved.

5. Public Comment

There was no public comment.

6. ADJOURN MEETING

THE MEETING WAS ADJOURNED AT 3:41 P.M.

APPROVED ON:

SECRETARY OF THE BOARD OF DIRECTORS
YOUNG WOMEN'S LEADERSHIP ACADEMY

Young Women's Leadership Academy (YWLA) Budget Narrative

The following narrative provides an overview of YWLA projected revenue and expenses.

Revenue

Per-Pupil Revenue:

The budget created for YWLA includes the per-pupil revenue assumption of \$7,293 for the first fiscal year of operation (2022-2023), with an estimated 1.30%-1.60% increase each subsequent year thereafter. Assumption of \$7,293 was based on the adjusted per pupil funding amount in Clark County shown in the following table found in Senate Bill No. 458:

5. For each charter school or university school for profoundly gifted pupils, the statewide base per pupil funding amount for each pupil enrolled full-time in a program of distance education provided by such a school in Fiscal Year 2022-2023 is \$7,074. For each such school which provides in-person instruction in each of the respective counties, the adjusted base per pupil funding amount for Fiscal Year 2022-2023 is:

Carson City	\$7,074
Churchill	\$7,265
Clark	\$7,293
Douglas	\$7,074
Elko	\$7,265
Esmeralda	\$7,265
Eureka	\$7,265
Humboldt	\$7,265
Lander	\$7,265
Lincoln	\$7,265
Lyon	\$7,074
Mineral	\$7,265
Nye	\$7,265
Pershing	\$7,265
Storey	\$7,074

National School Lunch Program (NSLP):

The budget created YWLA includes an assumptive NSLP reimbursement rate of \$3.50 per eligible student for lunch and \$1.84 per eligible student for breakfast, for 180 school days. The National School Lunch Program is a federally assisted meal program that provides nutritionally balanced, low-cost, or free lunches to children each day.

Title I, II:

As outlined in <u>Section 2: Meeting the Need</u>, of this application, YWLA projects 86% of the student population will qualify for free and reduced lunch, allowing YWLA to be Title I & Title II eligible (>40%). The budget created for YWLA includes an assumptive Title I eligible per-pupil amount of \$400 and an assumptive Title II eligible per-pupil amount of \$85. Title I & Title II provides financial assistance to schools for children from low-income families to help ensure that all children meet academic standards.

Special Education Funding (Part B):

Anticipated \$950 per SPED student – Revenue is budgeted based upon prior year SPED counts which take place in October of each year. Student SPED counts are budgeted at 12% of the anticipated student enrollment.

SPED Discretionary Unit:

Anticipated \$2,755 per SPED student – Revenue is budgeted based upon prior year SPED counts. Student SPED counts are budgeted at 12% of the anticipated student enrollment. YWLA will not be eligible to receive this funding during their first year of operations.

English Language Learner (ELL) Weight:

Anticipated \$1,627 per ELL student – Revenue is budgeted based upon prior year ELL counts. Student ELL counts are budgeted at 21% of the anticipated student enrollment. ELL per pupil funding amount is obtained by utilizing the 22-23 statewide base of \$7,074 multiplied by the ELL weight multiplier of 0.23 (figures located in SB458).

At-Risk [Free and Reduced Lunch (FRL)] Weight:

Anticipated \$212 per FRL student – Revenue is budgeted based upon prior year FRL counts. Student FRL counts are budgeted at 86% of the anticipated student enrollment. FRL per pupil funding amount is obtained by utilizing the 22-23 statewide base of \$7,074 multiplied by the at-risk weight multiplier of 0.03 (figures located in SB458).

Donations:

As mentioned in <u>Section 6: Financial Plan</u>, the Sands Corporation will provide a donation for various tenant improvements to the anticipated facility, as well as a donation for salary/benefits during the pre-operational year. They will also be providing a donation of \$200,000 in Year 1 of the operating budget.

^{*}All salaries are expected to increase by 1.50% each year.

Benefits:

Approx. 19.37% of the budget (Year 1 - Year 6)

Employee benefits will cover all employees except for substitute teachers and other contracted services as they are not employed by the school. Employee benefits include, but are not limited to, the following:

- PERS (Retirement)
- Medicare
- Workers Comp

^{*}Additional staff positions will be added in the following years based on school growth.

Medical/Dental/Vision/Life/Disability

These expenses are figured at approximately 46.61% of salaries in the 22-23 school year, increasing each subsequent year thereafter. Using the total cost of salaries each year from the personnel chart above, the anticipated cost of employee benefits each year is as followed:

	22-23	23-24	24-25	25-26	26-27	27-28
Total Salaries & Wages	\$ 569,040	\$ 1,096,950	\$ 1,575,957	\$ 1,967,195	\$ 2,114,828	\$ 2,256,854

Payroll Services:

Approx. 0.22% of the budget (Year 1 - Year 6)

The cost of payroll services is assumed based upon the figures provided by other charter schools working with Academica Nevada. It costs \$20 per employee per month to process payroll, bringing us to an annual total cost of \$240 per employee. Includes a cushion for potential overages.

Contractual:

Approx. 5.65% of the budget (Year 1 - Year 6)

Academica Nevada Management Fee – \$450 per student – Academica Nevada is an Educational Management Service Provider whose services to YWLA shall include, but may not be limited to, the following:

- ➤ Identification, design, and procurement of facilities and equipment
- > Staffing recommendations and human resource coordination
- Regulatory compliance and state reporting
- > Legal and corporate upkeep
- Public relations and marketing
- ➤ The maintenance of the books and records of the charter school
- Bookkeeping, budgeting, and financial forecasting

Contracted Services:

Approx. 3.49 of the budget (Year 1 - Year 6)

Data Analyst Contracted Services – \$12,000 in Year 2. The YWLA Data Analyst maintains accurate data files of student achievement and works with site-based staff to interpret the data and plan for improved instructions. Essential duties include:

- Analyze and prepare reports from local, state, and national assessment data as it relates to individual's student performance and school improvement.
- Develop and maintain historical student and school data files to monitor track performance.
- ➤ Interpret and review assessment data with administrators and teachers; support the planning of action steps.
- Compile data from multiple assessments to develop student, subject, grade-level, or school achievement profiles.
- ➤ Work with staff in schools in one-on-one and group settings to conduct training in the use of data to improve student results.

Special Education Contracted Services – Anticipated expense of \$200 per student the first year, increasing incrementally as student enrollment increases. Special Education Contracted Services include speech therapy, occupational therapy, physical therapy, nursing, and psychological services. The budgeted expenses are based on the charter schools Academica Nevada works closely with.

Substitute Teachers - \$175/day – *Manage the learning environment while providing instruction in the absence of a classroom teacher.* (10 days per teacher) YWLA will contract with a staffing agency for substitute teachers. Pricing is based on the rates given by Kelly Educational Staffing, an experienced provider of substitute teachers nationwide, who has and is currently serving charter schools similar in size of the proposed charter. The substitute teacher services provided, which include educational staffing and placement needs; are conservatively priced at \$165 per day, for 10 days per teacher.

Equipment:

Approx. 4.76% of the budget (Year 1 - Year 6)

Instructional Equipment / Computers / Furniture / Fixtures - As mentioned above under anticipated revenue, YWLA will receive a donation from the Sands Corporation, throughout Years 1-6, for technology, curriculum, furniture, fixtures, and equipment (FF&E). YWLA budgets \$1,000 per student to outfit the entire school.

Copier/Printing – Anticipated copier lease at a rate of roughly \$12,000 in Year 1, increasing incrementally each year. Includes a cushion to account for overages in printing, which will also incrementally increase as student enrollment increases. YWLA has also budgeted \$3,000 for preoperational printing.

Supplies:

Approx. 2.35% of the budget (Year 1 - Year 6)

Consumables – \$140 per student except for the first year of operation where most of the materials are incorporated into the FFE Lease. This includes items that can't be used more than once or by multiple students (i.e. workbooks).

Office Supplies – \$14 per student – utilized by administrative staff.

Classroom Supplies – \$29 per student – utilized by teaching staff.

Copier Supplies – \$4.25 per student

Nursing Supplies – \$3.25 per student

SPED Supplies – \$129 per SPED student– utilized by SPED teaching staff.

Facility:

Approx. 13.72% of the budget (Year 1 - Year 6)

Scheduled Lease Payment (rent) – The YWLA Board will secure a facility lease in time for the commencement of school operations. The facility will allow for necessary classrooms, computer labs, science labs, multi-purpose room, and office space needed. Academica manages over one-hundred schools nationwide, with a majority that have facilities with the model of adequate square feet per students that the anticipated facility will offer. Year 1 rent total of \$55,000 based on \$500 per student, increasing each year. The budget assumes the school is leasing a Boys and Girls Club

facility for the first month of operation and then moving into the schools intended facility after the first month.

Facility/School Insurance - \$25,500 annually - based upon the figures provided by other charter schools working with Academica Nevada. Increasing incrementally each year.

Public Utilities (electricity, gas, water, sewer, trash) – Utility expenses have a direct correlation to the size and student population of a school; as student enrollment increases, public utilities increase as well. YWLA is budgeting roughly \$47,500 in Year 1 for public utilities, increasing incrementally as student enrollment increases.

Contracted Janitorial – Approximately \$0.12 per sq. ft. per month (rate at which the charter schools working with Academica Nevada pay as of right now), including a cushion for any major/miscellaneous janitorial expenses. Amount budgeted is based on what similar charter schools working with Academica are paying for janitorial expenses.

Custodial Supplies - \$32 per student

Facility Maintenance – basic facility maintenance of \$8,500 in Year 1, increasing gradually as student enrollment increases and to account for general facility wear and tear.

Lawn Care - basic lawn care assumption of \$500 per month, \$6,000 annually in Year 1. Increasing by 3% each subsequent year thereafter.

AC Maintenance & Repair – Assumption of \$7,500 in Year 1, increasing as student enrollment increases and to account for general AC wear and tear.

Fire & Security Alarms - Assumption of \$5,000 in Year 1, based on the actual expenses of other charter schools working with Academica Nevada. Increasing by 3% each subsequent year thereafter.

National School Lunch Program (NSLP): Approx. 8.82% of the budget (Year 1 - Year 6)

As outlined in <u>Section 3: Meeting the Need</u> of this application, YWLA projects 86% of the student population will qualify for free and reduced lunch. Standard kitchen equipment is factored into the amount of the anticipated building space and may include up to an oven, warming cabinet, double door refrigerator, and single door freezer. These items are included in the schools anticipated FFE lease mentioned in more detail in the subsection above. Additional start-up expenses may include food thermometers, a prep table, oven mitts, single use gloves, and other kitchen supplies. Administrative costs are minimal and may include a date-stamp, envelopes, and mailing stamps. The school will seek to contract with a Vendor to prepare specified meals under the National School Lunch Program (NSLP). The school will administer the application process for all free and reduced-price meals and will submit claims for reimbursement to the state. The budget assumes an expense rate of \$3.00 per student for lunch and \$1.89 per student for breakfast, for 180 school days.

Travel:

Approx. 0.04% of the budget (Year 1 - Year 6)

Travel costs associated with recruitment and staff development are estimated to be \$5,500 annually. YWLA has also budgeted \$35,150 for pre-operational travel, professional development, and recruiting.

Accounting, Audit, and Legal Fees: Approx. 0.52% of the budget (Year 1 - Year 6)

Audit/Accounting - An accounting firm that is familiar with federal and state accounting practices and is familiar with Nevada charter school audits, will provide YWLA's annual audit. YWLA will not incur an audit fee in the first year of operation as the first audit will take place in September following the first fiscal year. YWLA based pricing on the rates given by Binder Dijker Ote (BDO), an accounting firm, who has and is currently serving charter schools similar in size of the proposed charter. The auditing services provided, which include the auditing of school finances for annual reporting, IRS reporting, and legal compliance; are priced at \$20,000 per year.

Legal Fees – YWLA aims to contract with one or more legal firms to provide legal expertise for any school specific issues that may arise during the schools' operation. Pricing is based on the rates given by Wolfe & Wyman LLP a law firm, who has and is currently serving charter schools similar in size of the proposed charter. YWLA will research firms to ensure quality legal services, which include business/tax/regulatory issues; priced at \$5,000 each year.

Technology:

Approx. 1.39% of the budget (Year 1 - Year 6)

Intellatek IT Monthly Services - IT services will include set-up and continual maintenance/monitoring of computers, server, network, firewall and other technology related hardware. For continual maintenance/monitoring of technology related hardware for the school, a fee of \$3.50 per month per student is necessary to ensure quality work is being done and the needs of the school are being met taking into consideration enrollment growth (equates to \$45.00 per year per student).

Intellatek IT Set-up Fees – Intellatek's initial start-up fee is dependent on how much new equipment is acquired by the school and/or if a school is opening for the first time. The initial start-up fee can be as high as \$15,000 per year and as low as \$5,000 per year. The budget reflects this variance and takes into consideration how much new equipment the school is anticipated to need in its first year of operation and each year after.

Infinite Campus - \$2 per student plus \$2,500 recurring expense each year. Infinite campus is an education software utilized by both the faculty of the school and parents/guardians of the students. YWLA has also budgeted \$5,000 for pre-operational set-up/implementation.

Website - \$4,500 annual expense each year; Year 1 expense incurred during the pre-operational year.

Telephone/Internet/Communications – annual anticipated contract expense of \$13,000 in Year 1 for phone/internet connection, incrementally increasing as student enrollment increases.

Other:

Approx. 1.64% of the budget (Year 1 - Year 6)

State Administrative Fee - 1.25% of DSA revenue – the state charges 1.25% of DSA revenue for the state sponsor fee.

Tuition Reimbursement – Employee benefits in which the school pays all, or a portion, of an employee's tuition for coursework and/or training. \$1,200 in Year 1, incrementally increasing each year as the staff population begins to grow.

Dues and Fees - Assumption of \$5,500 in Year 1, incrementally increasing each year as the student population begins to grow.

Postage – Projected annual expense of \$750 in Year 1, incrementally increasing as student enrollment increases. YWLA has also budgeted \$2,100 for pre-operational postage/mailing expenses.

Background and Fingerprinting - \$60 per new employee

Miscellaneous Expenses (Other Purchases) – Estimate of \$1,000 per year for miscellaneous expenses that may arise throughout the year.

Marketing/Advertising – \$5,000 annually for marketing/advertising. YWLA will market via multiple modes to ensure that all families are informed of their educational options. The marketing campaign includes, but may not be limited to, the following: school website, social media such as Facebook, flyers, direct mailers, advertisements in varying English and Spanish media, building relationships with community groups, and a door-to-door approach. An amount of \$44,055 has been budgeted for Marketing/Advertising during the pre-operational year.

FINANCIAL PLAN WORKBOOK INSTRUCTIONS

This New School Application Financial Plan/Pro Forma workbook was designed to show the financial implications of a school plan and assumptions before and during a six-year school contract. It enables the applicant, the SPCSA and other stakeholders to analyze potential fiscal impacts of that plan. This is a protected workbook and data should only be entered in the unprotected cells (yellow cells). To maximize usage of the Financial Plan Workbook, please familiarize yourself with the following general instructions prior to data entry.

We have tried to design this to be as simple as possible yet as comprehensive as possible to help applicants think through fiscal impacting assumptions and for reviewers to see the impacts of those assumptions.

Contact us with any questions.

School Inputs

Enter your assumptions in the light yellow cells of the various tabs of this workbook, beginning with the Cover "tab" or "worksheet." Overwrite any placeholder assumptions currently in those cells.

FTE stands for Full-Time Equivalent. If this term is unfamiliar, please consult with an individual experienced in budgeting and pupil accounting. If your budget plans include staff less than full time use a decimal to indicate the portion. Contact or inform the State Public Charter School Authority of this if you perceive any issues in the related expenses and other impacts in this budget tool.

Summary tab

No entry needed on this tab

Market tab

Use this tab to show your target market, planned enrollments and potential demand and demographics of the "feeder" schools in your planned service area.

Enrol & Rev tab

Basic Information

The Pupil Centered Funding Plan (PCFP) funding per student is automatically populated depending on the county where the school is located (Cell F57). If the school will be a single-district or multi-district virtual school with a Distance Education program, then under the PCFP, one PPR rate will apply-regardless of NV County/District.

inflation in this cell. You may wish to test inflation rates of 0 to 3%. Be sure you can still operate with a surplus even with a 0% inflator/escalator.

Enter your Title 1, IDEA (cost per SPED student) and school level fundraising income per student. Each of these entries will automatically calculate the revenue line items for BEP, Title 1, IDEA and school level funding.

Any remaining revenue entries can be manually accounted for in the following subgroups:

Charter Start-Up Funds
Other Start-Up Grant Funds
Student Fees (As allowed by other public schools)
Investment Income
Private fundraising (foundations, corporate)
Private Fundraising

Staff tab

The staffing and compensation assumptions section will require input data on not only the charter school's staffing levels and average salaries, but it will also require the preparer to provide benefits data in order to provide the charter school with realistic financial projections. Please follow the instructions below:

Instructional Days (Staff tab, row 65)

General Operating ("Gen Optg") Expense tab

The general operating expense assumptions section houses the majority of the expenditures that are necessary to operate Schools should set aside an amount of 4 to 5% of revenues into a general reserve account.

Transportation and Food Services are not funded for charter schools.

Facilities tab

Complete either the Lease or the Purchase section.

Facilities Wkst tab

This sheet is optional. It is provided to help you consider your space requirements. Some schools may seek more/less space submit.

FFE&T (Furniture, Fixtures, Equipment & Technology) tab

See "Note FFE" tab for a note regarding the depreciation approach used in this model.

Marketing tab

Use this tab to show your marketing plan to reach your target market.

This tab differs from the Market tab. This focuses not on where your pupils will come from but on marketing expenses to FFE&T (Furniture, Fixtures, Equipment & Technology) tab

Insurance tab

Use this tab to show your insurance plan/budget. Note legal insurance requirements

Incubation tab (Pre-Approval, Pre-Opening)

Use this tab only for unique pre-opening plan/budget costs. Otherwise, use the other expense sheets.

EMO-CMO tab

Use this tab to show your plan/budget -- if you use a EMO/CMO.

Cashflow Year 1 tab

Use this tab to "spread" your year 1 expenses out on a monthly basis.

DSA Rates tab

FYI

Levers tab

This page is intended to be a quick view of how each cost center is affecting overall financial performance.

It will automatically populate as you complete the required tabs in the application. The use of this tab is completely optional and at your discretion.

Young Women's Leadership Academy

Mike Dang 702.486.8879 TOC Consider a cost plus model of hiring specific services you may need, such as accounting/payroll. But also consider the value of full service providers. There can be greater savings from exercising a service cost plus a margin for services providers specializing in specific areas. There can be more peace of mind from "one-stop" providers. Some schools may start with one model and shift to another. Make sure your contracts provide the flexibility you deserve.

Attachment 7 - Proposed Lease Agreement

Date: July 21th, 2022

To: Boys & Girls Club of Southern Nevada

Re: Proposed lease/rental agreement

The Property: A portion of the property at the western termination of Cottage Grove Ave. comprised of APN 16222501001 with the address of 920 Cottage Grove Avenue, Las Vegas, Nevada 89119.

Landlord: Boys & Girls Club of Southern Nevada

Dear Boys & Girls Club of Southern Nevada:

Young Women's Leadership Academy (School), a Nevada State Public Charter School and a domestic non-profit corporation, is pleased to present this term sheet (the "Term Sheet") concerning the School leasing/renting a portion of the facility described above. The School intends to lease and operate three classrooms in the building (est. +/- 2,100 sf) and necessary common areas as of August 10, 2022, until September 10, 2022, with the option to renew on a month-to-month basis thereafter if necessary.

Lease of The Property

Tenant's proposal to lease the Property

- 1) Lease term shall be month to month for a maximum of nine months.
- 2) Lease rate shall be \$6,000 per month.
- 1st and Last month's rent shall be calculated pro rata based upon dates of occupancy.
- 4) School will provide the first draft of the facility lease to Landlord.

Contingencies

Tenant's obligation to lease the Property shall be subject to the tenant's satisfaction of the following contingencies:

- (a) School entering into a lease/rental agreement with the landlord on such other terms and conditions as may be satisfactory to School, and
- (b) School obtaining such governmental entitlements, approvals and permits, and private party consents as may be required to operate a public student charter school at the Property.

Landlord and School agree that this proposal is not an offer to lease/rent but rather an attempt to establish a basis of understanding to allow both parties to proceed in good faith, and both parties further acknowledge that only a fully executed lease/rental agreement shall constitute a legally binding agreement.

This letter shall embody the basic understanding between the parties. Please return a signed copy to my attention no later than July 22, 2022, at 5 pm PST. Once this letter has been executed, Landlord or School will prepare its lease/rental agreement.

Thanks for your assistance in this matter. I look forward to your prompt response.

NOTICE OF FINAL ACTION

February 11, 2021

MICHAEL LIVINGSTON 2851 HUBER HEIGHTS DRIVE LAS VEGAS, NV 89128

REFERENCE: UC-20-0449

On the date indicated above, a Notice of Final Action was filed with the Clark County Clerk, Commission Division, pursuant to NRS 278.0235 and NRS 278.3195, which starts the commencement of the twenty-five (25) day limitation period specified therein.

The above referenced application was presented before the Clark County Planning Commissioners at their regular meeting of **February 02**, **2021** and was **APPROVED** subject to the conditions listed below. You will be required to comply with all conditions prior to the issuance of a building permit or a business license, whichever occurs first.

Time limits to commence, complete or review this approval, apply only to this specific application. A property may have several approved applications on it with each having its own expiration date. It is the applicant's responsibility to keep the application current.

CONDITIONS OF APPROVAL -

Current Planning

- Until July 1, 2022 to review as a public hearing;
- Maximum of 160 students for the first year with the intent to increase students with future years based on the review;
- Provide outdoor recreational space;
- Provide adult supervision for students crossing the streets.
- Applicant is advised that a substantial change in circumstances or regulations may warrant
 denial or added conditions to an extension of time and application for review; the extension
 of time may be denied if the project has not commenced or there has been no substantial
 work towards completion within the time specified; and that this application must
 commence within 2 years of approval date or it will expire.

BACKGROUND:

Project Description

General Summary

• Site Address: 4220 S. Maryland Parkway

Site Acreage: 3.3
Project Type: School
Number of Stories: 2
Building Height (feet): 25

• Square Feet: 23,750

Parking Required/Provided: 358/423 (entire office complex including school)

Request & History

This request is to operate a charter school for up to 400 middle school students (sixth through eighth grade) in an existing office building. No changes are proposed to the site, landscaping, or exterior of the building. A previous application for up to 770 students (kindergarten through sixth grade) in this same office building was withdrawn without prejudice in February 2020 at the Board of County Commissioners meeting by the applicant. The previous applicant requested a withdrawal since the charter school did not yet have approval from the State Board of Education.

Site Plans

The plans depict an existing office building complex consisting of 5 buildings. The subject building is located near the center of the complex, set back approximately 180 feet from the north property line, 190 feet from the east property line along Escondido Street, 335 feet from the south property line along Rochelle Avenue, and 185 feet from the west property line along Maryland Parkway. Access to the complex is provided by 2 ingress/egress points from Escondido Street, 1 ingress/egress point from Rochelle Avenue, and 2 ingress/egress points from Maryland Parkway. Parking is located throughout the complex.

To access the school, a circulation plan shows that vehicles will enter and exit from the northernmost driveway on Maryland Parkway on the west side of the site and from the northernmost driveway on Escondido Street on the east side of the site. Vehicles will then circulate one-way through the parking lot to a drop-off/pick-up location on the northside of the subject office building.

Landscaping

Landscaping is located around the perimeter of the complex, within the parking lot, and around the base of the office buildings.

Elevations

The 2 story, 25 foot high office building includes neutral painted split face block walls with a mansard style concrete tile roof. Architectural features include arched windows, wooden outlooks, and recessed doorways.

Floor Plans

The plans depict a 23,750 square foot office building that will be converted into 20 classrooms, 2 student lounges, and offices.

Signage

Signage is not a part of this request.

Applicant's Justification

According to the applicant, initial enrollment for the charter school will be 200 students with an expectation to grow to 400 students. Operating hours are 8:00 a.m. to 3:30 p.m. on weekdays. The school is moving from the current location at the Boys and Girls Club on the UNLV campus. After the move, the school will continue to share indoor and outdoor recreation facilities for sports and activities with the Boys and Girls Club on the UNLV campus. In conclusion, the applicant states that a school is an appropriate use for this vacant office building. Adequate parking exists on-site, and the use is in harmony with the surrounding area.

STANDARDS FOR APPROVAL:

The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

Analysis

Current Planning

A use permit is a discretionary land use application that is considered on a case by case basis in consideration of Title 30 and the Comprehensive Master Plan. One of several criteria the applicant must establish is that the use is appropriate at the proposed location and demonstrate the use shall not result in a substantial or undue adverse effect on adjacent properties.

The previous application for a charter school at this location anticipated up to 770 students for kindergarten through sixth grade. Although that application was withdrawn without prejudice, staff recommended denial due to concerns about traffic circulation, lack of a designated drop-off/pick-up location, and lack of outdoor amenities for students. This application anticipates up to 400 students for sixth through eighth grades at maximum capacity. Even though the

anticipated capacity of this charter school is less than the previous application, the concentration of vehicles during drop-off/pick-up may still overwhelm the vehicle capacity at this office complex. While the applicant submitted plans showing one-way circulation on the north side of the office building to address drop-off/pick-up, this could create vehicle stacking issues onto Maryland Parkway on the west side of the site and onto Escondido Street on the east side of the site. Staff believes additional stacking lanes are necessary to accommodate drop-off/pick-up for 400 students. Lastly, although outdoor recreation will be available for students through a partnership with the Boys and Girls Club facilities on the UNLV campus, no outdoor recreation areas are available immediately adjacent to the proposed building. As a result of lack of vehicular capacity and lack of outdoor recreation areas on the site, staff cannot support the request.

Staff Recommendation

Denial.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Comprehensive Master Plan, Title 30, and/or the Nevada Revised Statutes.

PRELIMINARY STAFF CONDITIONS:

Current Planning

If approved:

 Applicant is advised that a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified; and that this application must commence within 2 years of approval date or it will expire.

Public Works - Development Review

• Traffic study and compliance.
