April: The Month of the Military Child  
2023

A colorful calendar for the month of April 2023, featuring a military child theme. The calendar is framed with a blue scalloped border. At the top, there are illustrations of a girl with a yellow umbrella, a boy in a yellow hard hat, and a girl in a yellow hard hat. The word "APRIL" is written in large, yellow, bubbly letters. The calendar grid shows the days of the week and the dates from 1 to 30. Special events and school closures are noted for various days.

# Lesson 2

- Use the US or world map found on the next page(s) to “pin” where your students have lived.
  - In order to pin, you can simply keep it in the presentation and mark with your pen.
  - You can also ask the students and add shapes through slides.
    - I also included maps you could print and mark.
    - You could make lists of the states/countries.
- One option might be to make a writing assignment about where they have lived.
  - Where is your favorite place you have been stationed/lived?
  - Tell me about moving and what you like or dislike about it.
  - How many times have you moved?
  - What makes being a military kid fun?
- You could also make this math based and discuss the numbers, miles or angles of the routes traveled.
- Social Studies can use this lesson to discuss different locations in the world and US.
  - Landmarks associated with the locations.
  - Geographical diversities of the areas.
