# 1 EVALUATION OVERVIEW

---

## 1.1 RUBRIC RATINGS

The Evaluation Rubric is the tool used by application evaluators and is completed individually by each evaluator. The Evaluation Rubric contains criteria for each section of the proposal. When conducting an evaluation of an application, evaluators rate and provide a narrative analysis of each section of the application. Within each section and subsection, specific criterion define the expectations for a response that “Meets the Standard.” In general, the following definitions guide evaluator ratings:

Rating	Characteristics
<b>Meets the Standard (MS)</b>	The response reflects a thorough understanding of key issues. It addresses the topic with specific and accurate information that shows thorough preparation; presents a clear, realistic picture of how the school is expected to operate; and inspires confidence in the applicant’s capacity to carry out the plan effectively and result in a 4- or 5-star school.
<b>Approaches the Standard (AS)</b>	The response meets the criteria in many respects but lacks detail and/or requires additional information in one or more areas.
<b>Does Not Meet the Standard (DNMS)</b>	The response is undeveloped or incomplete; demonstrates lack of preparation and/or raises serious questions about the coherence of the application and whether it is original work; raises substantial concerns about the viability of the plan or the applicant’s ability to carry it out.

In addition to meeting the criteria that are specific to that section, each part of the proposal should align with the overall mission, academic program, budget, and other sections of the application.

## 1.2 CRITERIA FOR APPROVAL

An applicant must “Meet the Standard” in all four, or five, if applicable<sup>1</sup>, main sections of the application (Meeting the Need, Academic Plan, Operations Plan, Finance Plan, and Addendum, if applicable) by the end of the application and evaluation process to be recommended for authorization. If an application “Meets the Standard” in all but one section, and “Approaches the Standard” in the one remaining section, the application and proposed new charter school may be recommended for authorization if the remaining issues are specific and limited and the outstanding deficiencies can be addressed through conditions.

---

<sup>1</sup> Charter Management Organizations applying for sponsorship directly, as well as Committee to Form applicants that propose to contact with a Charter Management Organization (CMO) or Educational Management Organization (EMO) are required to complete the Addendum section of the application and therefore will be rated in five main sections. All other applicants are not required to complete the Addendum section and are only rated on four main sections.

### 1.3 INSTRUCTIONS FOR EVALUATORS

#### Instructions for Evaluators

1. Fill in your name and the name of the applicant.
2. For each subsection (ex. 3.1 Transformational Change) of the application, you should do the following during your initial individual analysis of the proposal:
  - a. Select a rating for each rubric criteria by checking the appropriate box. One box should be selected for each criterion.
  - b. Based upon criteria ratings, select the overall best fit rating for the section. One box should be selected for the overall rating.
  - c. Populate the “Strengths” area with notable positive aspects of the response in alignment with the rubric. Be sure to include page references where applicable.
  - d. Populate the “Weaknesses” area with weaknesses based on the rubric. Again, reference relevant page numbers.
  - e. Use the “Clarifying Questions” area to present key questions and areas that need to be clarified or confirmed in writing.
  - f. Use the “Probing Questions” area to present key questions which need to be addressed and areas that need to be clarified or confirmed but would be best addressed through a verbal response during the capacity interview.
3. Save the document (as a PDF) using this naming convention: SPCSA Eval\_School Name\_YOUR LAST NAME.pdf (For example, for the request for Sagebrush Charter Schools by Rebecca Feiden, the file name would be: SPCSA Eval\_Sagebrush\_FEIDEN.doc.) Email the completed rubric to Danny Peltier (dpeltier@spsca.nv.gov) and Jennifer J. King (Jennifer.King@spsca.nv.gov).
4. Following the capacity interview, you will receive a post-capacity interview rubric template to identify any changes to the original ratings and corresponding rationale.
5. Please ensure that all feedback and commentary are written professionally and in complete sentences. Cite page numbers for your comments and questions.

## 2 MEETING THE NEED

### 2.1 MISSION AND VISION

Criteria	Rating
Clear, measurable, and compelling mission statement which explains the role of the school in meeting the needs of the community and intended student population, and which is reflected throughout the application.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
Vision describes success (beyond graduation) for students if the school fulfills its mission.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
Committee to Form/CMO aims to achieve outcomes that they demonstrate will improve the long-term quality of life of all students served, including students with disabilities, English language learners, economically disadvantaged students, at-risk students, and students above or below grade level.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
School's plan, in alignment with the mission and vision, satisfies at least one statutory purpose <sup>2</sup> : <ul style="list-style-type: none"> <li>• Improving the academic achievement of pupils.</li> <li>• Encouraging the use of effective and innovative methods of teaching.</li> <li>• Providing an accurate measurement of the educational achievement of pupils.</li> <li>• Establishing accountability and transparency of public schools.</li> <li>• Providing a method for public schools to measure achievement based upon the performance of the schools, AND/OR</li> <li>• Creating new professional opportunities for teachers.</li> </ul>	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS

## 2.2 TARGETED PLAN

Criteria	Rating
Demonstrates a thorough understanding of the community and students to be served, including the demographics and educational needs of the intended student population, as well as the current school options within the community.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
The proposed educational model is clearly described and addresses a need(s) related to student outcomes in the identified community that is either shown to exist with data or is in response to demonstrated demand for a particular school model.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
Clear, comprehensive explanation of how the proposed model meets identified community needs.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
<p>Demonstrates a commitment to meeting at least one of, and preferably multiple, academic, or demographic needs identified in the SPCAS's Academic and Demographic Needs Assessment<sup>3</sup>:</p> <p>1. <b>Demographics:</b> Student groups that consistently underperform on the Nevada state assessments in Math and ELA (3<sup>rd</sup>-8<sup>th</sup> grade Smarter Balanced and 11<sup>th</sup> grade ACT) present a demographic need. Such student groups may benefit from the creation of high-quality charter school options so long as those new charter schools have credible plans to meet their needs. Applicants meeting this need will propose a school that includes demonstrated capacity, credible plans, community input, and thorough research and analysis to intentionally enroll and serve the following student groups, each of which has been identified as historically underperforming:</p> <ul style="list-style-type: none"> <li>• Students qualifying for free or reduced-price lunch (FRL)<sup>4</sup>;</li> <li>• English Language Learners (ELLs);</li> <li>• Students with disabilities (those with an Individualized Education Program, or IEP);</li> <li>• Students in foster care;</li> <li>• Students experiencing homelessness.</li> </ul> <p>Successful applicants will demonstrate the capacity to support these student groups in making rapid academic growth and achieving academic performance above the state average. Applicants intending to enroll and serve student groups that have historically underperformed can be most impactful when they alleviate barriers to access. Examples include, but are not limited to, providing meals through the National School Lunch Program (NSLP), providing student transportation, proactively translating communications to relevant languages, and offering robust social work and counseling services.</p> <p>2a. <b>Academic Need: Geographies with Consistently Underperforming Schools:</b> Zip codes with one or more consistently underperforming schools present an academic need. When a significant number of students are enrolled in schools that have a</p>	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS

<sup>3</sup> [NRS 388A.220\(6\)](#) and [NRS 388A.249](#)

<sup>4</sup> Enrollment rates of students qualifying for free or reduced-price lunch is often used as a proxy measure for students in poverty.

history of not meeting or partially meeting state performance standards, a community may benefit from the addition of high-quality charter school options so long as those new charter schools have both credible plans to meet the needs of the student population and strong partnerships within the community. Applicants meeting this need will propose a school model that includes demonstrated capacity, credible plans, community input, and thorough research and analysis to intentionally provide access to 3-, 4-, and 5-star schools in zip codes where a significant percentage of students are attending consistently underperforming schools, which are defined as schools that:

- Received a 1- or 2- star NSPF rating for the 2022-23 school year, AND
- Received an NSPF index score below 50 for the 2021-22 school year.<sup>5</sup>

Successful applicants will demonstrate the capacity to effectively meet the needs of students who will transfer from consistently underperforming schools to drive rapid academic growth and achieve academic performance above the state average. Additionally, applicants meeting these needs will provide intentional plans for partnering with the community and building on identified community assets to meet the needs of students within the community. Simply adding a school option in a community with consistently underperforming schools will not inherently meet community needs. Rather, schools must establish trust by working with the community to intentionally meet the needs of the students and community. Alternative 3-, 4-, or 5-star school options in communities where a significant percentage of students are attending a consistently underperforming school can be most impactful when there are limited or no public charter school options available in the community.

**2b. Academic Need: Students At Risk of Dropping Out of School:** Student groups that graduate from high school at lower rates (i.e. drop out at higher rates) than their peers present an academic need. Nearly one in five Nevada students do not graduate from high school in four years, with certain student groups consistently graduating at lower rates than their peers, including English Language Learners (ELLs), students with disabilities (those with Individualized Education Programs or IEPs), students that are homeless, students in foster care, and students identifying as American Indian/Alaskan Native, Black/African American, or Hispanic/Latino. Such students may benefit from the creation of high-quality charter school options so long as those new charter schools have credible plans to meet their needs.

Applicants meeting this need will propose a public charter school model that includes demonstrated capacity, credible plans, community input, and thorough research and analysis to enroll and prevent at-risk students from dropping out of school and put them on track for successful high school completion with concrete post-secondary plans toward economic success. Models may include, but are not limited to, programs designed for student groups that are most at risk of dropping out or credit deficient students to get back on track to graduate. Applicants should demonstrate a strong understanding of grade-level appropriate

<sup>5</sup> Schools rated on the Nevada Alternative Performance Framework pursuant to [NRS 385A.730](#), SPCSA-sponsored charter schools, and schools in the University and Correctional districts are excluded from this analysis. For the 2021-22 school year, the Nevada Department of Education (NDE) released NSPF index scores but did not issue star ratings. An NSPF index score below 50 translates to a 1- or 2-star rating. Only schools that otherwise met NSPF rating requirements are included.

indicators for successful high school completion, such as early literacy, attendance, and credit sufficiency, as well as plans to enable students to successfully meet these milestones. Charter schools aimed at enrolling and preventing at-risk students from dropping out of school can be most impactful when they offer a unique academic experience for students and/or are closely aligned to Nevada’s priorities for workforce and economic development.

*Pursuant to [NRS 388A.249\(2\)](#), the SPCSA must consider the degree to which the proposed charter school will address the needs identified in the Academic and Demographic Needs Assessment as part of the application review. Additionally, in accordance with [NRS 388A.249\(3\)](#) the SPCSA may only approve an application to form a charter school if, in addition to meeting other requirements, the proposed charter school will address one or more of the needs identified in the Academic and Demographic Needs Assessment.*

## 2.3 PARENT AND COMMUNITY INVOLVEMENT

Criteria	Rating
Demonstrates ties to and/or knowledge of the identified community and explains how the proposed school will build upon community assets.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
Intentional and thoughtful strategies for engaging with community members, families, and parents representative of the community to be served. Illustrates, with examples, that parents, neighborhood, and community members representative of the community to be served helped shape the school proposal.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
Outlines a thoughtful plan to proactively engage parents, community members, and other neighborhood partners from the time that the school is approved and once the school is operating.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
Describes meaningful opportunities for all parents to contribute to the school community and be active partners, including parents of students with disabilities and English language learners.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
Adheres to state laws regarding parent and family volunteers, ensuring that there are no volunteering requirements as a condition of enrollment <sup>6</sup> .	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
Identifies key supporters, partners, or resources that are directly tied to the stated outcomes of the school, including community partners that are located in and/or serve the identified zip codes. Partnerships are evidenced by specific letters of commitment outlining the accountabilities of both parties and clear, measurable, time-specific deliverables from the partner which are clearly relevant to the needs of the identified population, and do not reflect a paid vendor relationship.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS

### 3 ACADEMIC PLAN

#### 3.1 TRANSFORMATIONAL CHANGE

Criteria	Rating
Compelling, well-articulated theory of change and clear educational strategy aligned to the mission and critical to the school’s success.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
Ambitious, yet achievable plan to further the SPCSA’s strategic goals: <ul style="list-style-type: none"> <li>• Provide families with 4- or 5-star school.</li> <li>• Ensure that every SPCSA student succeeds - including those from historically underserved student groups.</li> </ul>	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
Provides a specific description of how the proposal will be implemented to ensure fidelity to the model.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
Demonstrates that the key features of the proposed school can be implemented together in a coherent and cohesive manner that will drive towards meeting the proposed mission and vision.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
Distinguishing features of the proposed school are supported by compelling evidence of success in schools implementing similar programs while serving similar student populations or a demonstration of rationale for the feature that is supported by a logic model and plans to study effectiveness.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS

### 3.2 CURRICULUM AND INSTRUCTIONAL DESIGN

Criteria	Rating
Describes instructional model and learning environment that align to the proposed mission and vision, academic program, and instructional strategies. Instructional model and learning environment will engage students in ways that are culturally responsive and relevant.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
Identifies curricula for all core academic subjects and demonstrates that they align to the Nevada Academic Content Standards <sup>7</sup> .	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
Includes a logical plan for delivering required courses including arts, computer education and technology, health, and physical education.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
Demonstrates that instructional strategies are well suited to the identified student population and will enable effective differentiation.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
Demonstrates how the instructional model and curriculum will enable all students, including students with disabilities, English language learners, economically disadvantaged students, at-risk students, and students above or below grade level to build the knowledge base necessary to access rigorous instruction.	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS
If the school intends to include a career and technical education program, the application outlines a logical plan that is aligned with the school's mission, vision, instructional model, and goals for student growth as well as the State's requirements for career and technical education <sup>8</sup> .	<input type="checkbox"/> MS <input type="checkbox"/> AS <input type="checkbox"/> DNMS <input type="checkbox"/> N/A
