Hi,

My name is Brandon Wright and I am the Program Manager with Solutions of Change. Solutions of Change is a non-profit behavioral health organization that gives free and low-cost therapy to those who are underinsured, uninsured, and undocumented. We also have casa management from our family service department and we offer workshops as well. We will be partnering with Vincent and ThrivePoint Academy to offer our services to their students. Once the school is up and running we plan on offering all of our services to the families that will be attending this academy. We will be on site doing workshops and will be offering mentorship and therapy services as well. We believe that ThrivePoint will serve as a great resource for alternative learning and that is why we decided to partner with them. Vincent has the drive and is committed to serving our community and we will be there for additional support.

Best Regards,

**Brandon Wright, He/Him/His, B.A., QBA**  
**Program Manager and Intervention Specialist**
