I will not be able to attend the meeting regarding Thrivepoint but I would like to extend my support.

I have been a teacher with CCSD for over 20 years.

I am also a parent and grandparent of children who have attended CCSD schools. As a parent I have chosen charter schools over public for my own children for academic as well as social advantages.

Thrivepoint offers a more caring, individualized approach to education.

I wish that the Thrivepoint model would have been available for my children.

The individualized approach with personal coaches is a better way for many to achieve success.

I hope that Thrivepoint Nevada will be allowed to move forward to help students in our community

Thank you!
