

Board Updates 2.28.23

Pre-Opening Work

- Contract in place with EdTec to provide back office support
- Applied for an account with NVPers
- Contract in place with NWEA for MAP assessments
- Contract drafted for our student information system (Infinite Campus)
- Invoice received and ready to purchase Achieve 3000 and Achieve Literacy for student academic support
- Contract in place with Board on Track to assist with board governance
- Met with several post-secondary institutions
- Attended a TFA teacher recruitment event on 2.25.23
- Partnered with SchoolMint and Bloomwell Group
- EIN established

Conditions for Pre-Opening

As of 2.27.23 all conditions for pre-opening have been met

Facility Status

- We will cohabitate **Nevada Prep Academy Charter School** for year one.
- Still searching for our long-term facility and working with Charter Schools Development Center (CSDC)

Student Enrollment

- Have partnered with SchoolMint and Bloomwell Group to update our school's website, create marketing materials, and launch recruitment campaigns.
- Info sessions will begin on March 7 and take place every other week, alternating

between virtual and in-person formats. In-person sessions will be at the school site.

- Postcards sent to families with school age children living in the school's supported zip codes.
- Enrollment window opens on March 18.

Staff Hiring

- Used ZipRecruiter to advertise the Director of Operations position.
- Ms. Julia Qi was hired as our Director of Operations and will start on March 1st.
- Teaching positions are being advertised on Indeed and we will expand those efforts in the coming weeks.
- We will also be hiring our office manager in the coming weeks.

Community Partners

- MOU is being finalized with CSN to provide our students with opportunities for dual enrollment and industry-based certifications.
- Discussion will continue with UNLV, Asher College, and the Professional Institute of Technology to also secure partnerships similar to the one with CSN.
- Meeting with representatives from Jobs for Nevada's Graduates and Leaders in Training at the end of March to discuss partnership opportunities.
- Partnered with CompTIA to support our students with tech industry based certifications
