## Acing Accountability in Nevada

### State Public Charter School Authority

Monitoring Period: 2023-2024 School Year

In 2023, Governor Lombardo committed \$2.6B in increased funding for K-12 education in Nevada. As these funds were distributed to Nevada's school districts, the State also created accountability metrics to ensure that resources are directly tied to performance. The following information describes how the district performed relative to expectations.
