Robert –

Thank you for the order. If you would please review the statement Chair Johnson at the December hearing (pasted below for your convenience, located at the transcript p.11) and confirm that there will be public comment for the hearing?

“So the reason why we are continuing this, we're taking this action, contemplating this action is because of the space constraint that we have here today and the ability for the full public to engage in this process. We wanted to acknowledge the fact that many families, students, parents wanted to be here to listen, and we certainly don't take it lightly that you've taken your time off from school and from work today, and we want to acknowledge that this was not ideal. However, in the vein of ensuring that we can provide access and space and opportunity for everyone to engage, we are continuing this in between today and January 27th when we resume. I would encourage staff and Connections Academy to see if a cure can be found, and then on the 27th, we will resume this hearing. And at that date, we will also have accommodations that will allow for as many as necessary to be a part of this process so that all families, students who want to take part in this certainly can take part in this.”

Thank you,  
Laura
