**Agreement between  
Nevada Connections Academy for Consulting Services**

This Agreement ("Agreement") is entered into on **September 28, 2016** ("Effective Date") between **Advance Education, Inc. ("AdvancED®")**, a 501(c)(3) non-profit organization incorporated under the laws of the state of Georgia, United States of America and **Nevada Connections Academy** an education provider ("Education Provider") (hereinafter referred to individually as "Party" and collectively as "Parties").

**NOW THEREFORE, FOR AND IN CONSIDERATION** of the mutual promises, covenants and agreements contained herein, the Parties agree as follows:

1. **Scope of Work.** AdvancED shall provide services ("Services") as described in the Statement of Services ("Statement of Services" or "SOS") which is attached hereto and incorporated by reference herein as **Exhibit "A."**
2. **Changes to Statement of Services.** If either Party wants to make changes to the Statement of Services, the Parties must agree on the terms for such changes through the completion and the signing of a Change Request Form ("Change Request Form") to be provided by AdvancED. Any change may impact terms for the Services, such as extend the time for the Services to be delivered and/or result in higher costs. If the changes are significant, as determined by AdvancED, AdvancED may require the Parties to enter into a written amendment to the affected SOS or a separate and new SOS in addition to the signed Change Request Form. No work on the changes to the Services shall commence until the signed Change Request Form and any amendment or new SOS required by AdvancED has been signed by both Parties.
3. **Obligations of Education Provider.** AdvancED's completion of some or all of the Services is subject to Education Provider providing certain content, data, specifications and/or other items as identified by AdvancED. The timeline and AdvancED's allocation of its resources assume that the Education Provider will provide, at or before the time that it is needed, anything required for AdvancED to perform the Services. The timing for the delivery of Services also assumes that none of the applicable specifications or requirements will change and that information provided by Education Provider is accurate. Education Provider acknowledges that any change in data or specifications may result in delays that may jeopardize the meeting of deadlines. AdvancED will not be in breach of the Agreement due to any deadlines missed due to changes in data or specifications requested by Education Provider.
4. **License; Intellectual Property Rights**
  - a. AdvancED hereby grants a non-exclusive and non-transferable, limited license for the use of the AdvancED Standards for Quality Schools and Systems ("Standards") and any other

The license for AdvancED Products shall be used solely for the purposes of this Agreement and in collaboration with AdvancED to provide the Services. Said license shall expire upon the termination or expiration of this Agreement whichever is earlier. Notwithstanding the foregoing, if Education Provider is accredited by AdvancED, its license to use AdvancED Products shall continue as long it remains accredited by AdvancED and any and all fees or charges owed to AdvancED are fully paid.

- b. Except as set forth in Section 4(c), neither Party to the Agreement will have any claim to the ownership of any intellectual property rights that belong to the other Party at the date of the execution of the Agreement or that the other party creates or develops pursuant to the Agreement, and nothing in the Agreement will transfer or assign, or obligate a Party to transfer or assign, any intellectual property right now or in the future to any other party to the Agreement or third party.
  - c. All intangible property, inventions, improvements, discoveries, trade secrets, know how, copyrightable work, and any other intellectual property, including any patent, copyright registration, or application therefor, that may be created or developed pursuant to the Agreement, whether or not patentable or copyrightable, which relate to any AdvancED Products, services, systems, tools, or proprietary information or processes, shall be and remain the sole property of AdvancED and no rights in such intellectual property shall be conferred to or upon or be granted or otherwise vested in any other party, and Parties further agree to execute any and all documents or to take any additional actions that may be necessary in the future to fully effectuate this provision. The Agreement may be terminated (a) without cause by either Party with a minimum of thirty (30) calendar days written notice or terminated; (b) with cause upon ten (10) calendar days’ written notice by either Party due to the breach of any of the terms and conditions of this Agreement by the other Party; or (c) until it is terminated by mutual agreement of the parties. Notwithstanding the foregoing, each Party agrees to provide the other with ten (10) business days to cure any cause prior to termination of the Agreement for cause. In all circumstances, AdvancED shall be paid for all Services and work performed up to the date of termination including all expenses incurred.

**Statement of Services**

AdvancED – Nevada Connections Academy

---

**Executive Summary**

Nevada Connections Academy (NCA) is seeking external validation of its data in order to more holistically understand the impact NCA has on graduation. AdvancED will implement an independent Data Validation Review to fulfill the requirements of the Graduation Rate Improvement Plan for NCA while simultaneously examining NCA's ability to provide quality education to all students enrolled in the Academy. AdvancED will conduct a comprehensive treatment of all the conceptual and technical considerations involved in the measurement of graduation rates; taking into consideration relative information regarding students' enrollment status, dropout experiences, and high school completion outcomes. It is AdvancED's understanding that NCA will require data validation for all data associated with both the 2015 graduation cohort and the 2016 graduation cohort.

An overview of AdvancED services, as well as a detailed description of deliverables is provided below.

AdvancED will provide the personnel and resources necessary to deliver the services as outlined below.

**Overview**

In comparison to the complexities involved in measuring student achievement, the challenges associated with counting the number of students who complete high school in a given institution may at first appear trivial. However, the struggle of calculating high school graduation rates with an acceptable degree of validity and reliability is not without its own challenges. Certain issues such as data sources, methods of calculations and who counts as a graduate may cause bias in reporting graduation rates.

For example, a single indicator capturing the percent of students who had received a high school diploma from any institution would arguably be too confining an instrument for measuring the performance and effectiveness of that institution. This would be particularly true of virtual academies where many students who enroll in these institutions are two to six semester-length courses behind, severely off cohort and where mobility rates are extremely high. Evaluation criteria of students who fall under these areas generally are not, and cannot be, established in advance. These types of institutions tend to have lower completion rates for a variety of other reasons related to actual educational conditions rather than methodological considerations. For these reasons, it has been suggested a data validation review taking into consideration indicators based on group-level data from student cohorts (rather than individuals) tracked over time may be more statistically sound.

**Data Validation Review**

Graduation rates are affected by a variety of interrelated data, and a comprehensive analysis of those data is an effective way to evaluate the different factors that may have contributed to an institution's low graduation rate. The purpose of this Data Validation Review (DVR) is to ensure the data used to measure the true graduation rate for Nevada Connections Academy is accurate and reliable. Confirming the accuracy of data is a critical part of the process necessary to validate the effectiveness of the overall institution.

The process of validation will include the review of obtained statistical data provided by NCA and the Nevada Department of Education and will provide clear and coherent allocation of actions and responsibilities to ensure the highest performance, while reducing the possibility of mistakes. The process will identify qualities that characterize good measures and describe the process of selecting and evaluating

appropriate measures that will result in data of the highest quality – data that provide useful, timely, accurate, and comparable information.

The DVR will consist of an in-depth comprehensive review of the policies, procedures, and documentation that support the compilation of the graduation rate measures. This will include, but is not limited to; a hands-on appraisal of every facet of the institution's learning environment, performance, and organizational effectiveness. Information will be gathered, synthesized, and shared in a manner that provides a clear picture of how the institution is performing, what students are learning, and the capacity of the institution to maintain the *AdvancED Standards for Quality Schools*.

AdvancED data validation review experts will examine the extent to which the institution's policies, practices, and conditions support continuous improvement in student performance and school-wide effectiveness. The analysis and evaluation will be based on multiple sources of data and information. Sources of information may include on-site visits, documents, questionnaires/surveys, existing databases and other relevant artifacts. All data will be verified and validated for completeness, correctness and conformance against specified methods, and procedural or contractual requirements. Data will be analyzed to determine what performance indicators may be necessary to identify trends over time that may have contributed to low graduation rates. This process will be a decisional procedure establishing the criteria for accepting, rejecting, or qualifying data. Also, to support the premise that the reported data used to develop plan performance measures are credible to other stakeholders, and that information used to respond to public inquiries are reliable.

The list below identifies key components that may be analyzed during this review.

1. For the time periods 2014 to 2015 and 2015 to 2016:
  - The institution's change in Grades 7-12 annual dropout rates;
  - The institution's change in total leavers (i.e., dropouts, graduates, and other leavers) in relation to Grades 7 – 12 attendance;
  - The institution's change in the numbers and rates of graduates in relation to total leavers;
  - The institution's change in numbers and rates of other leavers in relation to total leavers, and;
  - The institution's change in numbers and rates of dropouts in relation to total leavers.

The results of the comprehensive review process will be helpful in building capacity and sustainability within the institution. NCA can use the results to prioritize areas in need of improvement and establish goals, set measureable objectives, and identify strategies to address root causes of low graduation rates.
