Re: Mater Academy of Nevada Charter Contract Renewal

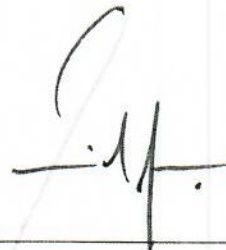

Dear Ms. Feiden,

Below is the summary for Mater Academy of Nevada's ("Mater Academy") intent to renew their charter contract:

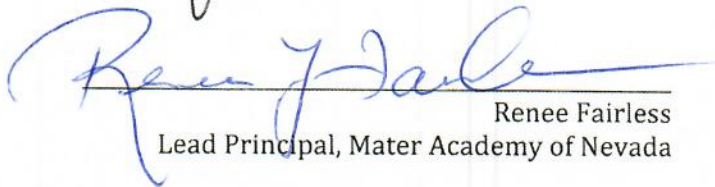

Mater Academy intends to renew their charter contract with the SPCSA. Mater Academy opened its doors in 2014 in the east side of the city of Las Vegas. In its current contract, Mater has served Las Vegas students and families in Kindergarten through 8th Grade. Since that time, Mater Academy has experienced a high amount of demand for their educational experience at the high school level. As such, Mater Academy applied during the SPCSA's Fall Cycle for Charter Amendments to expand their charter contract to include 9-12 Grades, which is still pending formal approval.

In order to continue offering Mater Academy's unique and effective educational model to its students and families, the Governing Board of Mater Academy and its Lead Principal are proposing to renew their Nevada Charter Contract which expires on June 30, 2020.

Sincerely,

Ricardo Jasso
Board Chairperson,
Mater Academy of Nevada Board of Directors

Renee Fairless
Lead Principal, Mater Academy of Nevada
