## INTRODUCTION

This Site Evaluation Report offers an analysis of evidence collected during the school evaluation that took place on 9/28/2020 at Pinecrest Academy of Nevada Inspirada. The State Public Charter School Authority (SPCSA) conducts a comprehensive review of evidence related to all charters within the portfolio during the 1<sup>st</sup>, 3<sup>rd</sup>, and 5<sup>th</sup> year of operation. This comprehensive analysis addresses the academic success of the school and the effectiveness and viability of the school organization.

An analysis of the school's academic and operational success is undertaken by reviewing the most current versions of the Nevada State Performance Framework (Appendix A) and the State Public Charter School Authority Academic Framework (Appendix B) as well as the Organizational Framework (Appendix C).

In addition, the Site Evaluation Team conducts classroom observations within the areas of classroom environment and instruction. The purpose of these observations is to collect evidence using a rubric which has been normed by our team. All classroom rating outcomes will be displayed within this report so that school leaders have an overall idea of what is happening in general, at any time, in any classroom. The overall numbers will provide information about the school outcomes on this one day.

SPCSA staff will track "best practices", using a checklist and a summary of best practices observed, and will be contained within the report. Using information from focus groups of students, parents, staff, school leaders and the school's board, the SPCSA team will conduct focus groups and summarize results for schools within the report. The operational portion of the evaluation will be observed and take-aways recorded using a checklist and observing all aspects of the school's operational components as outlined in the SPCSA operational framework.

This evaluation has been designed to focus on teaching and learning (e.g. curriculum, instruction, assessment, and services for at-risk students) as well as leadership, organizational capacity, and board oversight. The SPCSA uses the established criteria on a regular basis to provide schools with a consistent set of expectations leading up to renewal.

# FOCUS GROUP SUMMARIES

---

## FOCUS GROUP SUMMARY

Pinecrest Academy of Nevada is currently in Year 3 of its charter contract. Because all schools within the Pinecrest network rated as 4 or 5 stars according to the most recent statewide accountability ratings, the school qualified for an abbreviated evaluation, and no focus groups were convened. Focus groups will be included in the Year 5 site evaluation.

# ORGANIZATIONAL PERFORMANCE

The SPCSA uses the Organizational Performance Framework to collect evidence of performance and evaluate schools, at least annually, to monitor schools throughout their charter terms, to report to schools and the public annually, to intervene in schools that do not meet expectations and to make high-stakes decisions, including: renewal, non-renewal, possible revocation, expansion or replication. Most of this work is done through routine submissions by the school to the SPCSA.

A limited number of measures within the organizational performance framework may be at least partially evaluated during the site evaluation process. Measures are partially evaluated based upon evidence from school focus groups, school observations, documents reviewed and information from the school presentation portion of the evaluation. SPCSA staff will note the evidence provided by the school and also outline any questions or potential concerns.

Measure	Description	Evidence Collected Through	Takeaways
1a	The school implements material terms of the education program.	School Presentation Classroom Observations	The Inspirada Campus places an emphasis on student engagement. The most recent NSPF numbers indicate that the school is one of two top middle schools in the state of Nevada.
1b	The school complies with applicable education requirements.	School Presentation Classroom Observations	The school complies with applicable education requirements and offers the following programs: Power Hour, high integration of STEM, (Science, Technology, Engineering, and Mathematics), Restorative Justice, developing teachers to become Master Teachers, strong coaching cycles, and OTR (Opportunity to Respond).
1c	The school protects the rights of students with disabilities.	School Presentation Classroom Observations	All IEP goals are tracked via progress monitoring and through collaboration between regular/special education teachers, students, and family members.
1d	The school protects the rights of ELL students.	School Presentation Classroom Observations	Staff at the Inspirada campus conduct WIDA testing at the beginning of each school year.

Measure	Description	Evidence Collected Through	Takeaways
3a	The school complies with governance requirements.	School Presentation Epicenter Submission	The Inspirada Campus handbook is updated regularly, safety checks completed routinely, and distance learning security measures have been implemented.
3b	The school holds management accountable.	School Presentation Epicenter Submissions	All Pinecrest school leaders are evaluated on a yearly basis.
4a	The school protects the rights of all students.	School Presentation	All Pinecrest campuses have developed a restorative justice plans to keep students in school as much as possible. Title II funding is being used to develop equity in education practices. All Pinecrest campuses have social workers at school sites to assist in providing social emotional support.
5b	The school complies with health and safety requirements.		The Inspirada Campus has made special efforts to protect all students and staff at the school site. There are three members of staff that are clearly identified, and one member of the staff is a Behavior Mentor and works with teachers and students to meet the needs of each student at the school.

## STRENGTHS

A Summary of Strengths as observed through academic achievement indicators, classroom observations, focus group feedback and portions of the Organizational Performance Evidence are found within the body of the report and summarized here.

There are several strengths at the Pinecrest Inspirada Campus. The school community prides itself on high levels of student achievement and is rated as a 5-star Elementary and Middle School. The middle school is rated at the top of the state's best schools. The internal staff has focused for the last four years to improve student achievement. As such, the school seeks out ways to develop distinguished teachers. One example of how this is done by asking teachers to be reflective using observational tools, filming their own lessons, frequent observations and feedback, and by implementing coaching cycles by instructional coaches for new or struggling teachers. Teachers are provided time and classroom coverage to go and observe another classroom at the school and invite others to come and teach within their own classrooms. Leadership shared that this provides a great way for teachers to experience, first-hand, how another visiting, masterful teacher might respond and implement things differently when with a different set of students. The school leader added that the discussion, which takes place after the observations of one another, is critical and helps teachers try new instructional methods and approaches in their own classroom. SPCSA staff applauds this approach and encourages Inspirada staff to share this with other schools as a teacher development tool.

The Inspirada Campus has implemented a multitude of programs and practices that include the integration of STEM in all content areas and curriculum where appropriate. The OTR, or Opportunity to Respond, and Restorative Justice are two other examples. The Inspirada "Power Hour" is fully in place in all grades and within the English Language Arts and Math. SPCSA staff sees each of these elements as particular strengths, and as critical to maintaining high levels of student achievement.

## CHALLENGES

A summary of challenges as observed through academic achievement indicators, classroom observations, focus group feedback and portions of the Organizational Performance Framework Evidence are described within the body of the report and summarized here.

Beginning in March of 2020 and continuing into this fall of 2020, distance learning has been required in most public schools within the Las Vegas and surrounding geographical areas. For the Inspirada Campus staff and leaders, it has been particularly challenging to complete the normal amounts of content (which would occur face-to-face) with less time in the school day.

Another challenge, also noted in the February 2020 report from the previous site evaluation, is the Inspirada Campus' low numbers of special populations enrolled at the school.

## RECOMMENDATIONS

Recommended items are provided so charters may increase their school-wide ratings as well as their overall success. SPCSA School Support Team members will follow up on each listed recommendation.

1. SPCSA staff recommends that the Pinecrest network of schools, and in particular the Inspirada Campus, continue to take steps to increase the number of English Language Learners, Free and Reduced Lunch, and Students with Individual Education Plans. Possible considerations include: adding some of the information on the website in both English and Spanish, producing flyers/advertisements in Spanish, and implementing a weighted lottery.
2. SPCSA staff recommends taking time to build upon the variety of distance learning practices to become even more skilled, purposeful and intentional with this platform. These same best practices apply to in person and on-line. We suggest using what has been learned in both face-to-face and distance learning environments to leverage what works best to impact student achievement. In both settings research has shown that the following best practices apply to both settings(*Fisher, Frey, & Hattie, 2020*):
  - Fostering student self-regulation is crucial for moving learning to deep and transfer levels.
  - Learning accelerates when the student, not the teacher, is taught to be in control of learning.
  - There needs to be a diversity of instructional approaches (not just some direct instruction and then some off-line independent work).
  - Well-designed peer learning impacts understanding.
  - Feedback in a high-trust environment must be integrated into the learning cycle.

*(Fisher et al., 2020)*

## DEFICIENCIES

There were no identified deficiencies for Pinecrest Academy of Nevada Inspirada campus during this evaluation.
