Looking forward to a high quality, charter option in Spanish Springs! Our twins will be starting kinder in August, and are afraid if regression with the blanket education provided by the school they're zoned for! Much needed, and GREATLY appreciated to hopefully have an option that better suits our family! Thank you for the consideration!

I would be so pleased to see this school go on. Living in Spanish springs we don't have a lot of options for schools and all that are out here are over crowded. This would be my first pick for my daughter to attend.

Our area here in Northern Nevada desperately needs this alternative to public school. Even with new schools being built, the area has too much overcrowding and too many students in a class room. Please allow this academy to come into our area. Thank you.

For the last year and a half I have turned to homeschooling for my children because of a lack of quality education options available in the Spanish Springs area. Schools like Coral Academy and Doral Academy are very attractive to our family, but because of their distance are unreasonable options. I believe a school like Pinecrest Academy would be a real asset to our community's children. Quality education and educational options are becoming more and more crucial for the development and future success of our children.

My family and I are very excited when we heard Pinecrest Academy was going to be build in Spanish Springs. I've researched about it and heard excellent reviews on it. Most of the charter schools are located in Reno, and we need a quality of education here in Spanish Springs. We cannot wait for what Pinecrest Academy has to offer. We are hopeful that the school will be opening for 2020 school year, and hopefully with all the help from SPCA, the staff, and the community we could have another excellent high quality school in Northern Nevada. Thank you.
