

Fall 2020 New Schools and Expansions

Summary

- **Steady Enrollment Growth.** The SPCSA has seen a steady increase in enrollment over the last five years and currently accounts for approximately 10% of Nevada’s K-12 public school enrollment. Next year, the SPCSA will see approximately 4,305 new seats.
- **Eight New Schools.** Eight (8) new SPCSA-sponsored schools will open in the fall of 2020, including:
 - Four new campuses: American Prep, NSHS (2 campuses), and Mater Academy
 - Four new charter holders: Explore Academy, PANN, Las Vegas Collegiate, and GALS
- **Additional Seats in Subsequent Years.** In addition to the seats these eight (8) new schools will create next year, many of them are opening small and growing over multiple school years. Thus, we will continue to see new seats beyond the 2020-21 school year.

Historical Enrollment

Projected Enrollment Growth

The SPCSA will see approximately 4,305 new seats in the 2020-21 school year. This is based on the addition of

- Four (4) new campuses through approved charter amendments
- Four (4) new charter contracts through approved charter applications
- Additional new seats that were approved in initial charter contracts or recent amendments

Note that many of the recently approved expansions or new contracts include slow growth over multiple years and thus additional seats will be added in future school years as well.
