Dear Mr. Modrcin:

This letter will clarify and amend areas of Nevada State High School's (NSHS) 2020 *Charter Request for Amendment to Charter Contract Application* submitted to you on Wednesday, April 15, 2020. The one item needing amendment includes the school's identified zip codes. In the original submission to your offices, NSHS requested to occupy "one" expansion location choosing from nine different zip codes including: 89030, 89032, 89107, 89110, 89121, 89122, 89169, 89103, 89104. At this point, NSHS is requesting that you approve limiting NSHS to four zip codes with language including:

NSHS is requesting to occupy "one" expansion location choosing from four different zip codes including: 89030, 89032, 89121, and 89122

Limiting the number of zip codes will provide your board with additional clarity on our target location along with a reasonable amount of flexibility for NSHS to find a usable location in areas of underserved student populations. In addition, NSHS would like to clarify that this 2020 charter amendment is for the approval of "one" expansion location separate from the State Public Charter School Authority's (SPCSA's) approval of the NSHS 2019 amendment. The 2019 amendment allowed NSHS to continue its lease in zip code 89074 and expand ONLY to one location in zip code 89015.

Please consider this letter of clarification and amendment with favor as you review the 2020 *Charter Request for Amendment to Charter Contract Application* submitted to you on Wednesday, April 15, 2020 by NSHS and reach out with any questions to me at 702-332-2593.

Sincerely,

John Hawk, COO
