Dear Mr. Modrcin:

Below is an update related to Nevada State High School's recent amendment submitted to your office on Wednesday, April 15, 2020.

On April 15, 2020, Nevada State High School partially submitted all of the documents to your office required for your team to review our amendment. One exception being, the board approved agenda and respective minutes from our school's "Thursday, April 16, 2020" meeting where the board formally approved NSHS to submit the amendment to your agency. A decision was made by my office to submit the documents and ask your office for a "good cause exemption" that would allow you to move forward with the review our application.

Your office needs to exercise the upmost compliance to the rules and our team would understand if your team decided not to move forward with our review because of the technical nature of missing the formal approval process by one day. On the other hand, it is realistic to assume through the number of other meetings and communication with our board on long-range planning from the previous six years of growth through our financial modeling and vision traction organizer (V/TO®) that a similar result "may" have been likely if the meeting were set on Tuesday, April 14, 2020.

Can you please let me know if you and the State Public Charter School Board meet this request for a "good cause exemption" with favor? If you require any additional information, then please feel free to contact me at 702-332-2593.

Sincerely,

John Hawk, COO
