SPCSA Update

July 17, 2020

Hiring

We are closing in on a complete staff. We have hired two teachers per content area (except math) and one elective teacher, a special education director, and three support staff. We are still looking for an additional math teacher.

Teachers began training this week and are preparing curriculum and lessons for the first day of school, August 6th.

Facilities

We are preparing for inspection by the SNHD and SPCSA in preparation for opening. Our reopening plan was approved by our board and submitted for review.

Enrollment

We have had steady growth toward full enrollment. Our current numbers are outlined in the chart below. We will continue recruiting, creating a waitlist as necessary, to ensure that we are operating within our enrollment and budget targets.

Grade	Number	Percentage
6th	40	36.04
7th	29	26.13
8th	23	20.72
9th	19	17.12
TOTAL	111
