I, Melissa Mackedon, being the duly appointed Executive Director of the State Public Charter School Authority, do hereby certify, to the best of my knowledge or belief:

Proposed Regulatory Amendment (NAC 388A.560)

Statement of Intent:

The SPCSA does not need regulatory authority to require SPCSA-sponsored charter schools to use a unique identifying school number for reporting purposes.

Statutory Authority:

[NRS 388A.229](#)

Proposed Regulatory Amendment:

NAC 388A.560 ~~Maintenance and reporting of certain data: Use of unique identification number by charter school sponsored by State Public Charter School Authority; separation of data for each campus operated by each such charter school; format.~~ (NRS 388A.229)

- ~~1. Each charter school sponsored by the State Public Charter School Authority shall, when maintaining and reporting the data required pursuant to NRS 388A.229, identify itself using the unique identification number assigned by the Department or, if no such number exists, by the State Public Charter School Authority.~~
- ~~2. Each charter school sponsored by the State Public Charter School Authority shall, in addition to the aggregate data for the charter school as a whole that is maintained and reported pursuant to subsection 1, separately maintain and report the data required pursuant to NRS 388A.229 for each campus operated by the charter school. Each campus operated by the charter school must be identified using the unique campus identification number assigned by the Department or, if no such number exists, by the State Public Charter School Authority.~~
- ~~3. The data maintained and reported pursuant to this section must be maintained and reported in a format that allows:
 - ~~(a) Each campus of the charter school to be evaluated against specific performance goals for academic achievement according to the performance framework adopted by the State Public Charter School Authority pursuant to NRS 388A.273 which applies to the charter school; and~~
 - ~~(b) The charter school to be evaluated as a whole based on a weighted average of data concerning pupil achievement and school performance specified by the State Public Charter School Authority pursuant to NRS 388A.229 for each campus of the charter school and for each group of grade levels served by the charter school.~~~~
