I, Patrick Gavin, Executive Director of the State Public Charter School Authority do hereby certify that, to the best of my knowledge or belief:

1. The Proposed Regulations related to Senate Bill 509 of the 78th Legislative Session concerning charter schools are not likely to (a) impose a direct or significant economic burden upon a small business, or (b) directly restrict the formation, operation or expansion of a small business. The proposed regulation additions make necessary changes to charter school regulations per SB509, SB460, and the authority given to the State Public Charter School Authority in SB 509.
2. A concerted effort was made to determine any economic burden.
3. All relevant materials were reviewed and the Authority considered its history with implementing similar regulations; the proposed changes are within the historic scope of the Authority's activities and present no new cost of enforcement.
4. Comment has not been solicited from small businesses, and no summary of their response is provided, because small businesses are not impacted by this regulation and thus no burden or economic impact can be assessed.

I hereby further certify that, to the best of my knowledge or belief, a concerted effort was made to determine the impact of the regulation on small businesses and that the information contained in this statement was prepared properly and is accurate.

Respectfully submitted,
