TRANSFORMATIONAL CHANGE

The SPCSA is committed to authorizing applicants that seek transformational change for the communities they serve, meaning that the operator:

- *Puts forth a model that will result in double-digit academic gains, and*
 - *Has a solid plan to move schools toward the top 25% in Nevada. School progress is evaluated based on the SPCSA's Charter School Performance Framework (CSPF) and the Nevada School Performance Framework (NSPF) adopted by the Nevada Department of Education.*
- (1) Articulate your approach to education. Describe the most essential features of your school that ensure it will meet the SPCSA's ambitious academic goals. Specifically describe how your students, many of whom will not be proficient initially, will experience and practice academic rigor during the first year and subsequent years in which your school is progressing toward the SPCSA's academic goals.

- (2) Describe the fundamental features of your educational model that will drive outcomes in your proposed school. Key features may include:
 - Programs (e.g., curriculum, PD, afterschool program, parent program, etc.)
 - Principles (e.g., no excuses, individualized learning, learn at your own pace, etc.)

Please note that SPCSA schools typically start with students performing across a broad spectrum from years below grade level to advanced learners. Include the professional development teachers will receive to ensure high levels of implementation.
- (3) Describe the school's approach to help remediate students' academic underperformance. Detail the identification strategy, interventions, and remediation to be implemented. Cite the research/rationale for the chosen methods. What student academic support resources should your school expect from the EMO or CMO (if applicable)? How will you measure the success of your academic remediation efforts (in year 1, year 3, year 5, and beyond)? How will you communicate the need for remediation to parents? How will staffing be structured to ensure that gifted students are adequately supported?

PROGRAMS OF DISTANCE EDUCATION (Distance Education Applicants Only)

A charter school that wishes to provide distance education (online, virtual, cyber, etc.) courses and/or programs (NRS 388.820-388.874 and NAC 388.800-388.860) must submit a distance education application to the Nevada Department of Education prior to or in conjunction with its application to the SPCSA.

For applicants who do not propose to offer a program of distance education, please provide a brief statement explaining that the questions in this section are not applicable.

- (1) Describe the system of course credits that the school will use.
- (2) Describe how the school will monitor and verify the participation in and completion of courses by pupils.
- (3) Describe how the school will ensure students participate in assessments and submit coursework.
- (4) Describe how the school will conduct parent-teacher conferences.
- (5) Describe how the school will administer all tests, examinations or assessments required by state or federal law or integral to the performance goals of the charter school in a proctored setting.

PRE-KINDERGARTEN PROGRAMS

A charter school that wishes to provide pre-kindergarten services to students who will later enroll in its K-12 programs must apply separately to the Nevada Department of Education to offer education below the kindergarten level following charter approval. Approval to offer pre-kindergarten cannot be guaranteed. Consequently, revenues and expenditures related to pre-kindergarten should not be included in the initial charter application budget. Please note that state-funded pre-kindergarten programs are not directed through the state Distributive Schools Account for K-12 education. In addition to a limited amount of state pre-kindergarten funding available through the Department of Education, the SPCSA is also a sub-recipient of a federal grant to expand early childhood services in certain high-need communities through programs approved by NDE. Applicants are encouraged to review resources available at http://www.doe.nv.gov/Early_Learning_Development/. For applicants who do not propose to offer pre-kindergarten, please provide a brief statement explaining that the questions in this section are not applicable.

- (1) Identify whether the school plans to offer pre-kindergarten in the first year of operation or any subsequent year of the charter term.
- (2) Identify whether the school will offer fee-based pre-kindergarten services. If the school does plan to offer fee-based pre-kindergarten, explain how the school will ensure that parents will be informed both initially and on an ongoing basis that both state and federal law preclude a K-12

charter school from giving admissions preference to students to whom it has previously charged tuition.

- (3) Describe the school's plans for ensuring that the pre-kindergarten program aligns with the mission, vision, and program of the school's other grades and meets all other state requirements.
- (4) Explain how the school's proposed pre-kindergarten program may meet the federal pre-kindergarten expansion grant criteria.

HIGH SCHOOL GRADUATION REQUIREMENTS AND POSTSECONDARY READINESS (High School Applicants Only)

High schools approved by the SPCSA will be expected to meet or exceed Nevada graduation requirements. For applicants who do not propose to operate a high school program during the initial charter term, please provide a brief statement explaining that the questions in this section are not applicable.

- (1) Explain how the school will meet state requirements. Describe how students will earn credit hours, how grade-point averages will be calculated, what information will be on transcripts, and what elective courses will be offered. If graduation requirements for the school will exceed those required by the State of Nevada, explain the additional requirements.
- (2) Explain how the graduation requirements will ensure student readiness for college or other postsecondary opportunities (e.g., trade school, military service, or entering the workforce).
- (3) Explain what systems and structures the school will implement for students at risk for dropping out and/or not meeting the proposed graduation requirements, including plans to address students who are overage for grade, those needing to access credit recovery options, and those performing significantly below grade level.

DRIVING FOR RESULTS

The SPCSA will evaluate the performance of every charter school annually, and for renewal, replication, and replacement (restart or reconstitution) purposes according to a set of academic, financial, and organizational performance standards that will be incorporated into the charter agreement and measured by the SPCSA Charter School Performance Framework, the Nevada School Performance Framework adopted by the Nevada Department of Education, and applicable law and regulation. The academic performance standards consider status, growth, and comparative performance based on federal, state, and school-specific measures. The financial performance standards are based on standard accounting and industry standards for sound financial operation. The organizational performance standards are based primarily on compliance with legal obligations and state law and regulation and SPCSA policies, including fulfillment of the governing board's fiduciary obligations related to sound governance.

Applicants are expected to propose additional mission-specific goals to complement or supplement, but not replace, the SPCSA's performance standards with school-specific, mission-driven academic, financial, or organizational goals. All such indicators, measures, and metrics are expected to be rigorous, valid, and reliable.

- (1) Describe the mission-specific academic goals and targets that the school will have. State goals clearly in terms of the measures or assessments you plan to use and describe the process by which you will determine and set targets.
- (2) In the table below, outline the clearly measurable annual performance and growth goals that the school will set in order to meet or exceed SPCSA expectations for the Charter School Performance Framework indicators and to meet state expectations for student academic growth in accordance with the Nevada School Performance Framework (NSPF) adopted by the Nevada Department of Education. You may add or delete rows as needed. Also:
 - (a) Describe your presumed baseline and explain how it was set.
 - (b) Articulate how the organization will measure and evaluate academic progress – of individual students, student cohorts, sub-groups, campuses (for invited multi-site applicants), and the entire school – throughout the school year, at the end of the academic year, and for the first three years of operation.

Goal	Evaluation Tool and Frequency	Baseline	2019-20	2020-21	2021-22

- (3) In addition to mandatory state testing, identify the primary interim academic assessments the school will use to assess student-learning needs and ensure progress towards SPCSA and state proficiency targets and describe how they will be used.
 - (a) How will you support teachers in developing embedded assessments and checks for understanding in order to ensure that instruction meets student needs?
 - (b) Explain how you will know that your proposed interim assessments are valid and reliable indicators of progress. Explain how these interim assessments align with the school's curriculum, performance goals for the school and the SPCSA, and state standards.
 - (c) Describe the corrective actions the school will take if it falls short of student academic achievement expectations or goals at the school-wide and classroom level. Explain what would trigger such corrective actions and who would be responsible for implementing them.
 - (d) Articulate how interim assessments will be used to inform instruction. How will teachers and school leaders be trained in their use?
 - (e) Regardless of grade levels served, new charter schools will not receive an NSPF or CSPF rating until after the completion of their first full year. Therefore, in the table below, identify specific interim performance goals and assessments that you will use to confirm that the

school is on-track to meet ambitious academic goals throughout the school’s first year with students. You may add or delete rows as needed.

Goal	Assessment	Quarter 1	Quarter 2	Quarter 3	Quarter 4

- (4) Describe the process for collecting and storing data, including the information system(s) used beyond the statewide Infinite Campus system.
- (5) Describe the process for collecting and reporting data across the network of schools.

AT-RISK STUDENTS AND SPECIAL POPULATIONS

Pursuant to State and federal law, SPCSA schools are required to serve the needs of all students in special populations. Beginning in the 2016-17 school year, the State of Nevada will switch to a weighted formula for special education. For the first time, this will provide for equitable special education funding across all Nevada public schools. Over time, this will necessitate current SPCSA- sponsored charter schools moving from a defined continuum of service to a broader continuum of services. All applicants submitting proposals to the SPCSA after the conclusion of the 2015 Legislative Session should plan on offering students a broad continuum of services.

The SPCSA operates under the following principles with regards to special populations of students:

SPCSA schools serve all eligible students. SPCSA schools do not deny the enrollment of any student based on needs or disability.

- 1. SPCSA schools are to ensure streamlined access for all students requiring special programs.*
- 2. SPCSA schools develop programs to support the needs of their students.*
- 3. SPCSA schools do not counsel or kick any students out.*
- 4. SPCSA schools utilize best practices to expose students to the most inclusive environments appropriate.*
- 5. If needed, an SPCSA school is responsible for developing more restrictive placements to meet the needs of the highest needs students, including but not limited to clustered placements in consortium with other charter schools.*
- 6. SPCSA schools are responsible for providing high functioning, trained special education teams, which focus on student advocacy and high expectations. IEP teams (including school’s leadership) make placement decisions at IEP meetings. Decisions are made based on evidence/data to support what is best for the student.*

If the charter management organization is from another state, how does the board of the charter management organization intend to balance fidelity to its mission with appropriate input and oversight from Nevada residents? Note: the Board of the State Public Charter School Authority strongly believes that governance is one of the key innovations of the charter school movement and it is interested in engaging in a thoughtful dialogue with best-in-class charter management organizations regarding unique and innovative governance models.
 - (b) Will the existing non-profit board govern the new school, or has the CMO formed a new non-profit corporation governed by a separate board?

HUMAN RESOURCES

Describe your strategy, plans, and timeline for recruiting and hiring teachers. Explain key selection criteria and any special considerations relevant to your school design. *Note: experienced applicants with strong track records of academic success, as*

determined by the Department of Education, are eligible to waive teacher licensure requirements beginning in the first year of operation for all teachers except for special education and ELL professionals as long as they meet all other federal and state requirements. Maintaining such a waiver is contingent on the school continuing to achieve at the 3 Star level or higher (or equivalent) on the statewide system of accountability. Please refer to Section 46 of SB509 (2015 session) or contact the Authority for additional information.

- (1) Outline the proposed school's salary ranges and employment benefits for all employees, as well as any incentives or reward structures that may be part of the compensation system. Explain the school's strategy for retaining high-performing teachers.
- (2) Explain how the relationship between the school's senior administrative team and the rest of the staff will be managed. Note the teacher-student ratio, as well as the ratio of total adults to students for a "typical" school.
- (3) Outline the procedures for hiring and dismissing school personnel, including conducting criminal background checks.
- (4) Explain how teachers will be supported and developed. Describe the school's performance management system and process for teacher evaluation. Provide your teacher evaluation tool(s) as Attachment 6, as well as any supporting protocols or documentation.
- (5) Explain how the school leader will be supported, developed, and evaluated each school year. Provide, as Attachment 7, your leadership evaluation tool(s), as well as any supporting protocols or documentation.
- (6) Explain how staffing plans for non-classroom staff will ensure high-quality teacher support, family and student support, smooth school operations, and compliance with all applicable Nevada and SPCSA laws, regulations, policies, and procedures.
- (7) Does your organization have a proactive succession plan? If so, please provide a detailed description for how potential school leaders will be cultivated and developed.
- (8) Explain how the school and organization intend to identify and address unsatisfactory leadership or teacher performance, as well as leadership/teacher changes and turnover. Include an estimate of the costs of leader and teacher turnover.
- (9) Does your organization utilize a Human Resources Information System (HRIS)? If so, please provide the name of the system you are / will be using.
- (10) Will your organization require additional support (from third parties or consultants) for core Human Resources functions (e.g., payroll, benefits administration, employee relations, etc.)? If yes, please detail the areas that will require additional support and the costs and criteria for selecting such services. If not, please provide a detailed description of how these functions will be managed.

SCALE STRATEGY

- (1) Describe the steps that you will take to scale your model to new sites, including the people involved and the resources contributed both by the parent organization and the new schools.

- (2) If your organization operates schools in other states, compare your efforts to scale operations to Nevada to past scale efforts in other states.
- (3) Describe your plan for embedding the fundamental features of the model that you described in the transformational change section in each new school that you plan to open.

- (4) Explain any shared or centralized support services the network organization will provide to schools in Nevada.
- (5) Describe the structure, specific services to be provided, the cost of those services, how costs will be allocated among schools, and specific service goals of the network. Please also include how the organization will measure successful delivery of these services. In the case of a charter management organization proposing to contract with an education management organization, service goals should be outlined in the term sheet and draft contract provided later in Attachment 23. Note that Nevada law allows charter schools to contract for the management or operation of the school with either a for-profit or non-profit entity. Beginning January 1, 2016, sponsors will also be permitted to grant charters directly to non-profit Charter Management Organizations which directly hold charters in other states or to Nevada non-profit corporations which were formed for the sole purpose of submitting an application in conjunction with such a Charter Management Organization.
- (6) Using the table below, summarize the division school- and organization-level decision-making responsibilities as they relate to key functions, including curriculum, professional development, culture, staffing, etc. This division of responsibilities will be evaluated both in the context of Nevada law and regulation and best organizational and authorizing practices nationally.

- (7) Provide, as Attachment 20, the following organization charts (including both network management and schools within the network):
- (a) Year 1 network as a whole
 - (b) Year 3 network as a whole
 - (c) Year 6 network as a whole

The organization charts should represent the all national operations and clearly delineate the roles and responsibilities of – and lines of authority and reporting among – the governing board, staff, any related bodies (e.g., advisory bodies or parent/teacher councils), and any external organizations that will play a role in managing the schools. If the school intends to contract with an education management organization or other management provider, clearly show the provider's role in the organizational structure of the school, explaining how the relationship between the governing board and school administration will be managed.

STUDENT RECRUITMENT AND ENROLLMENT

Like all public schools, public charter schools must be open to any such child, regardless of that child's race, gender, citizenship, or need for accommodations or special education services. Thus, recruitment and enrollment practices should demonstrate a commitment to providing all students equal opportunity to attend the school, and help schools avoid even the appearance of creating barriers to entry for eligible students.

- (1) Explain the plan for student recruitment and marketing that will provide equal access to interested students and families, including how the school will comply with the

requirements of SB208 (2015 session). Specifically, describe the plan for outreach to: families in poverty; academically low-achieving students; students with disabilities; and other youth at risk of academic failure. For schools which are giving one or more statutorily permissible admissions preferences pursuant to NRS 386.580 or SB390 (2015 session), please indicate if you plan to focus your student recruitment efforts in specific communities or selected attendance areas.

- (a) What is the enrollment calendar for both the first year of operation and subsequent years of operation? Please specify the dates on which the school will begin accepting applications and how long the enrollment window will last prior to conducting a lottery.
 - (b) What enrollment targets will you set and who will be responsible for monitoring progress towards these targets? What is your target re-enrollment rate for each year? How did you come to this determination? What are the minimum, planned, and maximum projected enrollment at each grade level? Outline specific targets in the table below.
 - (c) What systems will you put in place to ensure that staff members are knowledgeable about all legal enrollment requirements pertaining to special populations and the servicing of particular populations of students?
- (2) Describe the student recruitment plan once your school has opened. In what ways will it be different than your pre-opening year, in terms of the strategies, activities, events, persons responsible and milestones? How will the school backfill vacancies in existing grades?
- (3) Complete the following tables for the proposed school to open in 2019 – 20. Experienced Operators applying for multiple schools must complete enrollment summary tables for each school campus opening in fall 2019.
- (a) Minimum Enrollment (Must Correspond to Break Even Budget Scenario Assumptions)

(4) Describe the rationale for the number of students and grade levels served in year one and the basis for the growth plan illustrated above. Note: particular weight will be given to rationales which prioritize academic achievement over financial returns. Start-Up

applicants proposing to open with more than 400 students or more than 3 grade levels should identify and discuss the specific elements of the school model detailed throughout the application that demonstrate that the proposed school is designed to compensate for the known organizational and academic challenges which accompany serving larger student bodies and multiple grade levels in a start-up environment.

INCUBATION YEAR DEVELOPMENT

- (1) Provide a detailed start-up plan as well as specific organizational goals for the planning year (SY 2018-2019) to ensure that the school is ready for a successful launch in fall 2019. Using the template provided, outline key activities, responsible parties, and milestones and submit as Attachment 12.
- (2) Please describe the plans for leadership training and development of the selected school leader during the incubation year prior to school opening and how these plans support your year 0 goals. If partnering with an organization, please briefly describe the main components of the training program.
- (3) Explain who will work on a full-time or nearly full-time basis immediately following assignment of a location to lead development of the school(s) and the plan to compensate these individuals.

SCHOOL MANAGEMENT CONTRACTS

It is rare, but not unheard of, for a non-profit charter management organization to contract with a for-profit or non-profit education management organization. If the applicant does not intend to enter into a management contract with a for-profit or non-profit education management organization (EMO), please explain that this sub-section is "Not Applicable" and skip to the next sub-section.

- (1) How and why was the EMO selected?
- (2) Describe the relationship between the school governing board and the service provider, specifying how the governing board will monitor and evaluate the performance of the service provider, the internal controls that will guide the relationship, and how the governing board will ensure fulfillment of performance expectations.
- (3) Disclose fully and provide an explanation of any existing or potential conflicts of interest between the school governing board and proposed service provider or any affiliated business entities, including, without limitation, any past or current employment, business or familial relationship between any officer, employee, or agent of the proposed service provider and any prospective employee of the charter school, a member of the committee to form a charter school or the board of directors of the charter management organization, as applicable.
- (4) If the applicant does not intend to contract with a for-profit or non-profit education management organization, please upload an attestation as Attachment 23 indicating this request is not applicable to the applicant. Otherwise, please provide the following in Attachment 23:
 - (a) A term sheet setting forth the proposed duration of the contract; roles and

responsibilities of the governing board, the school staff, and the service provider; scope of services and resources to be provided by the EMO; performance evaluation measures and mechanisms; detailed explanation of all fees and compensation to be paid to the provider; financial controls and oversight; methods of contract oversight and enforcement by the governing board and/or school staff; investment disclosure; and conditions for renewal and termination of the contract;

- (b) A draft of the proposed management contract which complies with NRS 386.562 and SB509 (2015 session);
- (c) As an exhibit to the proposed management contract, a crosswalk of the academic, financial, and organizational goals of the charter school set forth in the SPCSA Charter School Performance Framework, including the school's mission-specific goals, and a clear identification of each of the performance goals and expectations for the education management organization related to each charter school goal. This will serve as the board's primary evaluative tool for the education management organization.
- (d) Documentation of the service provider's for-profit or non-profit status and evidence that it is authorized to do business in Nevada.

DUAL-CREDIT PARTNERSHIPS

If the charter school will provide a program where a student may earn college credit for courses taken in high school, please provide answers to the following questions. Other applicants may provide a sentence explaining why this section is not applicable.

- (1) Describe the proposed duration of the relationship between the charter school and the college or university and the conditions for renewal and termination of the relationship.
- (2) Identify roles and responsibilities of the governing body of the charter school, the employees of the charter school and the college or university.
- (3) Discuss the scope of the services and resources that will be provided by the college or university.
- (4) Explain the manner and amount that the college or university will be compensated for providing such services and resources, including, without limitation, any tuition and fees that pupils at the charter school will pay to the college or university.
- (5) Describe the manner in which the college or university will ensure that the charter school can effectively monitor pupil enrollment and attendance and the acquisition of college credits.
- (6) Identify any employees of the college or university who will serve on the governing body of the charter school.
- (7) Provide as Attachment 11, a draft memorandum of understanding between the charter school and the college or university through which the credits will be earned and a term sheet confirming the commitment of both entities to the specific terms outlined in this

charter application. If the school is not planning to provide a dual-credit program, please upload an attestation explaining that this request is inapplicable.

SERVICES

- (1) Provide a description of how the school leadership team will support operational execution.  - (b) Food Service: Outline your plans for providing food service at the school, including whether and how you will be your own school food authority or will contract with another provider. If the school will not provide food service, please identify how the school will ensure that this does serve as a barrier to enrollment or ongoing attendance.

 - (d) School health and nursing services
 - (e) Purchasing processes
 - (f) Safety and security (include any plans for onsite security personnel)
- (2) Technology: Outline the technology infrastructure and support mechanisms across your school, staff, and teachers. - (3) Student Information Management: Timely communication of accurate student information is critical for payments to schools, compliance, and performance monitoring. Please describe how you will manage student information using the statewide Infinite Campus system, and how you will build capacity around the use of the software. If most of the applicant group or the EMO is new to operating in Nevada's education environment, explain your plan to determine Nevada specific reporting requirements. Detail the staff members who will enter data along with the project manager who will commit to trainings and regularly monitor student information for accuracy.
- (4) Data Security: SPCSA charter schools record, generate and consume data that falls under strict requirements for security, privacy, and retention (including FERPA and recent legislation related to the protection of personally identifiable information (PII)). Describe the systems and procedures you will implement in order to ensure you are compliant with these obligations.

- (5) In addition to the narrative above, provide as Attachment 12, an operational execution plan, which identifies the key organizational business processes necessary to support exemplary academic, business and financial performance including those discussed in this narrative.
