2. Meeting the Need

MISSION AND VISION

The mission of your school should describe the purpose of your school, including the students and community to be served and the values to which you will adhere while achieving that purpose. The vision of your school should describe what success looks like for students, for the school as a whole, and for any other entities that are critical to your mission. The mission and vision statement should align with the purposes of the Nevada charter school law and the mission of the State Public Charter School Authority and serves as the foundation for the entire proposal.

- (1) Provide the mission and vision for the proposed school and briefly describe how they serve as the foundation for the proposed school, including:
 - (a) The key components of your educational model
 - (b) The outcomes you expect to achieve
 - (c) Key supporters, partners, or resources that will contribute to your school's success
- (2) A charter school must have as its stated purpose at least one of the goals set forth in NRS 388A.246. Please identify the statutory purpose(s) of the school and how these align to the mission and vision of the school. The six statutory purposes are:
 - (a) Improving the academic achievement of pupils;
 - (b) Encouraging the use of effective and innovative methods of teaching;
 - (c) Providing an accurate measurement of the educational achievement of pupils;
 - (d) Establishing accountability and transparency of public schools;
 - (e) Providing a method for public schools to measure achievement based upon the performance of the schools; and
 - (f) Creating new professional opportunities for teachers.

TARGETED PLAN

- (1) Explain how the educational model you wish to implement meets the needs of the community you wish to serve.
- (2) During the 2019 legislative session, AB 462 required the SPCSA to develop an Academic and Demographic Needs Assessment. [A copy of this document can be found here.](#) Given the demographic and academic needs as defined below, please describe how your proposed school would meet one or more of the needs defined in the Academic and Demographic Needs Assessment. Note that the SPCSA will evaluate charter applications based upon both the public charter school application rubric and the proposed school's plans to meet statewide academic and demographic needs found within the Needs Assessment.

- (a) Demographics: Applicants meeting this need will propose a school model that includes demonstrated capacity, credible plans, and thorough research and analysis in order to intentionally serve the following student groups, each of which has been identified as persistently underperforming based on data provided by the Nevada Department of Education: Students qualifying for free or reduced-price lunch, English Learners, and students with IEPs. Successful applicants will demonstrate the capacity to support these student groups in achieving academic performance at or above the state average.
- (b) Academic Needs: Applicants meeting this need will propose a school model that includes demonstrated capacity, credible plans, and thorough research and analysis in order to intentionally provide access to 3, 4 and 5-Star schools in zip codes where students are attending a 1- or 2-Star school. A map and list of zip codes will be provided; SPCSA charter schools will be removed from the data set used to identify zip codes.
- (c) Academic Need: Applicants meeting this need will propose a public charter school model that includes demonstrated capacity, credible plans, and thorough research and analysis in order to prevent at-risk students from dropping out of school. Models may include but are not limited to programs designed for student groups that are most at-risk of dropping out or programs aimed at enabling credit-deficient students to get back on track to graduate. Applicants should demonstrate a strong understanding of grade-level appropriate indicators for successful high school completion, such as early literacy, attendance, and credit sufficiency and plans to enable students to successfully meet these milestones.

PARENT AND COMMUNITY INVOLVEMENT

- (3) Describe any expectations for parent volunteering.
- (4) For each strategic partnership your school has established with community organizations, businesses, or other educational institutions that are part of the school’s core mission, vision, and program other than the CMO/EMO identified in the application or dual-credit partners discussed in subsequent sections, please complete the table below. If there are future organizations that you plan to seek to partner with, please list those as well. Include, as Attachment 1, existing evidence of support from community partners such as letters of intent/commitment, memoranda of understanding, and/or contracts.

3. Academic Plan

TRANSFORMATIONAL CHANGE

In its 2019-2024 [Strategic Plan](#), the SPCSA lists goals related to school performance that charter school applicants must consider in setting their own respective goals:

1. *Provide families with high quality schools. The SPCSA aims for a majority of schools to be rated as 4- or 5-stars.*
2. *Ensure that every SPCSA student succeeds - including those from historically underserved student groups: the SPCSA aims for all sponsored schools to demonstrate strong academic growth, high levels of proficiency and on-time graduation across all student groups, including historically underserved student groups.*

(1) How will you ensure that your school either earns a 4- or 5-star rating or is on track to earn a 4- or 5-star rating by the end of your first charter term?

(2) How will you drive growth among students at all achievement levels, accelerating the levels of proficiency and on-time graduation of those who are most behind?

(3) Describe the distinguishing features of your school, including programming and curricular choices that make your school unique. Key features may include:

- (a) Programs (e.g., curriculum, PD, afterschool program, parent program, etc.)
- (b) Principles (e.g., no excuses, individualized learning, learn at your own pace, etc.)
- (c) Structures (e.g., blended learning, small learning communities, small class sizes, etc.)

(4) Describe the reasons for which the features you described in (3) will influence student success. Please provide evidence from your own experience and/or valid research.

(5) Are there any portions of an existing network or school's model that you will utilize in this proposed school? If so, please identify and describe the student performance results of that particular programming.

(4) Explain how the school will identify and differentiate to meet the needs of intellectually gifted students in a way that extends their learning and offers them unique, tailored opportunities. Include information on how staffing will be structured to ensure that gifted students are adequately supported. Please note that Nevada law classifies intellectually gifted students as eligible for specific support services. How will staffing be structured to ensure that gifted students are adequately supported?

(5) Describe the professional development teachers will receive to ensure high levels of implementation of the instructional model and curriculum.

(6) If the proposed charter school intends to include a vocational or career and technical education program, provide a description of the career and technical education program that will be implemented by the charter school.

A charter school that wishes to provide distance education (online, virtual, cyber, etc.) courses and/or programs (NRS 388.820-388.874 and NAC 388.800-388.860) must submit a distance education application to the Nevada Department of Education prior to or in conjunction with its application to the SPCSA. For applicants who do not propose to offer a program of distance education, please provide a brief statement explaining that the questions in this section are not applicable.

PRE-KINDERGARTEN PROGRAMS

A charter school that wishes to provide pre-kindergarten services to students who will later enroll in its K-12 programs must apply separately to the Nevada Department of Education to offer education below the kindergarten level following charter approval. Approval to offer pre-kindergarten cannot be guaranteed. Consequently, revenues and expenditures related to pre-kindergarten should not be included in the initial charter application budget. Please note that state-funded pre-kindergarten programs are not directed through the state Distributive Schools Account for K-12 education. In addition to a limited amount of state pre-kindergarten funding available through the Department of

Education, the SPCSA is also a sub-recipient of a federal grant to expand early childhood services in certain high-need communities through programs approved by NDE. Applicants are encouraged to review resources available at http://www.doe.nv.gov/Early_Learning_Development/. For applicants who do not propose to offer pre-kindergarten, please provide a brief statement explaining that the questions in this section are not applicable.

- (1) Identify whether the school plans to offer pre-kindergarten in the first year of operation or any subsequent year of the charter term.
- (2) Identify whether the school will offer fee-based pre-kindergarten services. If the school does plan to offer fee-based pre-kindergarten, explain how the school will ensure that parents will be informed both initially and on an ongoing basis that both state and federal law preclude a K-12 charter school from giving admissions preference to students to whom it has previously charged tuition.
- (3) Describe the school's plans for ensuring that the pre-kindergarten program aligns with the mission, vision, and program of the school's other grades and meets all other state requirements.
- (4) Explain how the school's proposed pre-kindergarten program may meet the federal pre-kindergarten expansion grant criteria.

PROMOTION AND HIGH SCHOOL GRADUATION REQUIREMENTS

Please note that high schools approved by the SPCSA will be required to meet or exceed Nevada graduation requirements.

- (1) Explain how students will matriculate through the school (i.e., promotion/retention policies) and how stakeholders will be informed of these standards.
- (2) For schools proposing a high school program, explain how the school will meet state graduation requirements. Describe how students will earn credit hours, how grade-point averages will be calculated, what information will be on transcripts, and what elective courses will be offered. If graduation requirements for the school will exceed those required by the State of Nevada, explain the additional requirements.
- (3) For schools proposing a high school program, explain how the graduation requirements will ensure student readiness for college or other postsecondary opportunities (e.g., trade school, military service, or entering the workforce).
- (4) Explain what systems and structures the school will implement for students at risk for retention and/or dropping out and/or not meeting the proposed graduation requirements, including plans to address students who are overage for the grade level. For high schools, describe your plans to support students needing to access credit recovery options.

DUAL-CREDIT PARTNERSHIPS

High schools approved by the SPCSA will be expected to enter into cooperative agreements with one or more community colleges, state colleges and universities to offer dual credit courses per NRS 389.310. For applicants who do not propose to operate a high school program during the initial charter term, please provide a brief statement explaining that the questions in this section are not applicable.

- (1) Discuss the scope of the services and resources that will be provided by the college or university.

- (2) Describe the proposed terms of the relationship between the charter school and the college or university including
- (a) proposed duration of the relationship and the conditions for renewal and termination
 - (b) the manner and amount that the college or university will be compensated for providing such services and resources, including, without limitation, any tuition and fees that pupils at the charter school will pay to the college or university
- (3) Describe the manner in which the college or university will ensure that the charter school can effectively monitor pupil enrollment and attendance and the acquisition of college credits.
- (4) Identify any employees of the college or university who will serve on the governing body of the charter school.
- (5) Provide as Attachment 2, a draft memorandum of understanding between the charter school and the college or university through which the credits will be earned and a term sheet confirming the commitment of both entities to the specific terms outlined in this charter application. If the school is not planning to provide a dual-credit program, please upload an attestation explaining that this request is inapplicable.

DRIVING FOR RESULTS

The SPCSA will evaluate the performance of every charter school annually, and for renewal, replication, and replacement (restart or reconstitution) purposes according to a set of academic, financial, and organizational performance standards that will be incorporated into the charter agreement and measured by the SPCSA Charter School Performance Framework, the Nevada School Performance Framework adopted by the Nevada Department of Education, and applicable law and regulation. The academic performance standards consider status, growth, and comparative performance based on federal, state, and school-specific measures. The financial performance standards are based on standard accounting and industry standards for sound financial operation. The organizational performance standards are based primarily on compliance with legal obligations and state law and regulation and SPCSA policies, including fulfillment of the governing board's fiduciary obligations related to sound governance.

Applicants are expected to propose additional mission-specific goals to complement or supplement, but not supplant, the SPCSA's performance standards with school-specific, mission-driven academic, financial, or organizational goals. All such indicators, measures, and metrics are expected to be rigorous, valid, and reliable.

- (1) Describe the mission-specific academic goals and targets that the school will have. State goals clearly in terms of the measures or assessments you plan to use and describe the process by which you will determine and set targets.
- (2) In the table below, outline the clearly measurable annual performance and growth goals that the school will set in order to meet or exceed SPCSA expectations as outlined in the SPCSA Academic Performance Framework indicators and to meet state expectations for student academic growth in accordance with the Nevada School Performance Framework (NSPF) adopted by the Nevada Department of Education. You may add or delete rows as needed. Also:

- (b) Articulate how the organization will measure and evaluate academic progress – of individual students, student cohorts, sub-groups, campuses (for invited multi-site applicants), and the entire school – throughout the school year, at the end of the academic year, and for the first three years of operation.

Goal	Aligned to SPCSA Framework, NSPF or Both?	Evaluation Tool and Frequency	Baseline	2021-22	2022-23	2023-24

(3) In addition to mandatory state testing, identify the primary interim academic assessments the school will use to assess student-learning needs and ensure progress towards SPCSA and state proficiency targets and describe how they will be used.

- (a) How will you support teachers in developing embedded assessments and checks for understanding in order to ensure that instruction meets student needs?
- (b) Explain how you will know that your proposed interim assessments are valid and reliable indicators of progress. Explain how these interim assessments align with the school’s curriculum, performance goals for the school and the SPCSA, and state standards.
- (c) Describe the corrective actions the school will take if it falls short of student academic achievement expectations or goals at the school-wide and classroom level. Explain what would trigger such corrective actions and who would be responsible for implementing them.
- (d) Articulate how interim assessments will be used to inform instruction. How will teachers and school leaders be trained in their use?
- (e) Identify specific interim performance goals and assessments that you will use to confirm that the school is on-track to meet ambitious academic goals throughout the school’s first year with students. You may add or delete rows as needed.

Goal	Assessment	Quarter 1	Quarter 2	Quarter 3	Quarter 4

(4) Describe the process for collecting and storing data, including the information system(s) used in addition to the statewide Infinite Campus system.

AT-RISK STUDENTS AND SPECIAL POPULATIONS

- 3. SPCSA schools develop programs to support the needs of their students.*
- 4. SPCSA schools do not counsel or kick any students out.*
- 5. SPCSA schools utilize best practices to expose students to the most inclusive environments appropriate.*
- 6. If needed, an SPCSA school is responsible for developing more restrictive placements to meet the needs of the highest needs students, including but not limited to clustered placements in consortium with other charter schools.*
- 7. SPCSA schools are responsible for providing high functioning, trained special education teams, which focus on student advocacy and high expectations. IEP teams (including school's leadership) make placement decisions at IEP meetings. Decisions are made based on evidence/data to support what is best for the student.*

If yes, please detail the areas that will require additional support and the costs and criteria for selecting such services. If not, please provide a detailed description of how these functions will be managed.

STUDENT RECRUITMENT AND ENROLLMENT

Like all public schools, public charter schools must be open to any such child, regardless of that child’s race, gender, citizenship, or need for accommodations or special education services. Thus, recruitment and enrollment practices should demonstrate a commitment to providing all students equal opportunity to attend the school, and help schools avoid even the appearance of creating barriers to entry for eligible students.

(1) Explain the plan for student recruitment and marketing that will provide equal access to interested students and families, including how the school will comply with the requirements of [R 131](#). Specifically, describe the plan for outreach to: families in poverty; academically low-achieving students; students with disabilities; and other youth at risk of academic failure. For schools which are giving one or more statutorily permissible admissions preferences pursuant to NRS 386.580 or SB390 (2015 session), please indicate if you plan to focus your student recruitment efforts in specific communities or selected attendance areas.

- (a) What is the enrollment calendar for both the first year of operation and subsequent years of operation? Please specify the dates on which the school will begin accepting applications and how long the enrollment window will last prior to conducting a lottery.
- (b) What enrollment targets will you set and who will be responsible for monitoring progress towards these targets? What is your target re-enrollment rate for each year? How did you come to this determination? What are the minimum, planned, and maximum projected enrollment at each grade level? Outline specific targets in the table below.
- (c) What systems will you put in place to ensure that staff members are knowledgeable about all legal enrollment requirements pertaining to special populations and the servicing of particular populations of students?

(2) Describe the student recruitment plan once your school has opened. In what ways will it be different than your pre-opening year, in terms of the strategies, activities, events, persons responsible and milestones? How will the school backfill vacancies in existing grades?

(3) Complete the following tables for the proposed school to open in 2021-22. Experienced Operators applying for multiple schools must complete enrollment summary tables for each school campus opening in fall 2021.

- (a) Minimum Enrollment (Must Correspond to Break Even Budget Scenario Assumptions)

Grade Level	Number of Students					
	21-22	22-23	23-24	24-25	25-26	26-27

(b) Planned Enrollment (Must Correspond to Budget Worksheet Assumptions)

Grade Level	Number of Students					
	21-22	22-23	23-24	24-25	25-26	26-27

(c) Maximum Enrollment (Note: Enrolling more than 10 percent of the planned enrollment described in subsection b will necessitate a charter amendment)

Grade Level	Number of Students					
	21-22	22-23	23-24	24-25	25-26	26-27

(4) Describe the rationale for the number of students and grade levels served in year one and the basis for the growth plan illustrated above. Note: particular weight will be given to rationales which prioritize academic achievement over financial returns. Start-Up applicants proposing to open with more than 400 students or more than 3 grade levels should identify and discuss the specific elements of the school model detailed throughout the application that demonstrate that the proposed school is designed to compensate for the known organizational and academic challenges which accompany serving larger student bodies and multiple grade levels in a start-up environment.

(5) As Attachment 13, please provide evidence of demand from prospective students and families within the community you intend to serve.

INCUBATION YEAR DEVELOPMENT

(1) Provide a detailed start-up plan as well as specific organizational goals for the planning year (SY 2020-2021) to ensure that the school is ready for a successful launch in fall 2021. Using the template provided, outline key activities, responsible parties, and milestones and submit as Attachment 14 (“Incubation Year Planning Table”).

(2) Please describe the plans for leadership training and development of the selected school leader during the incubation year prior to school opening and how these plans support your year 0 goals. If partnering with an organization, please briefly describe the main components of the training program and why that organization was chosen.

(3) Explain who will work on a full-time or nearly full-time basis immediately following assignment of a location to lead development of the school(s) and the plan to compensate these individuals.

SERVICES

(1) Provide a description of how the school leadership team will support operational execution. - (b) Food Service: Outline your plans for providing food service at the school, including whether and how you will be your own school food authority or will contract with another provider. If the school will not provide food service, please identify how the school will ensure that this does serve as a barrier to enrollment or ongoing attendance.
- (c) Facilities maintenance (including janitorial and landscape maintenance)
- (d) School health and nursing services: Describe your plans for providing nursing services, including, how student required immunizations will be monitored.
- (e) Purchasing processes

Your outline should include but not be limited to reliable and secure wide area networking, local area networking (e.g., wireless and cables), hardware (e.g., personal computing devices, servers, telephony, storage, routers, switches), technology policies and procedures, device management, and end user support.

(3) Student Information Management: Timely communication of accurate student information is critical for payments to schools, compliance, and performance monitoring. Please describe how you will manage student information using the statewide Infinite Campus system, and how you will build capacity around the use of the software. If most of the applicant group or the CMO/EMO is new to operating in Nevada's education environment, explain your plan to determine Nevada specific reporting requirements. Detail the staff members who will enter data along with the project manager who will commit to trainings and regularly monitor student information for accuracy.

(4) Data Security: SPCSA charter schools record, generate and consume data that falls under strict requirements for security, privacy, and retention (including FERPA and recent legislation related to the protection of personally identifiable information (PII)). Describe the systems and procedures you will implement in order to ensure you are compliant with these obligations.

(5) In addition to the narrative above, provide as Attachment 15, an operational execution plan, which identifies the key organizational business processes necessary to support exemplary academic, business and financial performance including those discussed in this narrative. This operational execution plan may be in a format of your choosing, and may include Gantt charts, process maps or flow charts, or other appropriate illustrative devices in addition to a coherent and well developed narrative.

Charter school facilities must comply with health and safety requirements. In addition, charter school applicants must be prepared to follow applicable county and municipal review procedures which vary significantly between jurisdictions. If the applicant does not yet have a facility identified, please upload an attestation explaining that these materials will be furnished as part of a charter contract amendment.

(4) Describe the organization's capacity and experience in facilities acquisition and management, including managing build-out and/or renovations, as applicable.

(5) Explain the organization's plan to maintain the independent facility.

(6) Communication with local jurisdictions and municipalities is important when opening up a new charter school. In some cases, municipalities may have additional processes that are required, or may request information from proposed charter schools. Please explain, in detail, the applicant team's interactions with the local jurisdiction to date. Specifically, the applicant should clarify if a proposed school is approved for final land use from the local government entity, as well as describe any other pertinent topics related to the facility (ex. queuing for drop-off and pick-up, providing sufficient recreation space). If the applicant has approval from the local jurisdiction for the proposed location, please provide that as Attachment 16 to the final application.
