Acing Accountability in Nevada

State Public Charter School Authority

Monitoring Period: 2023-2024 School Year

In 2023, Governor Lombardo committed \$2.6B in increased funding for K-12 education in Nevada. As these funds were distributed to Nevada's school districts, the State also created accountability metrics to ensure that resources are directly tied to performance. The following information describes how the district performed relative to expectations.

To what degree are districts effectively implementing resources?

To what we grow the district of the property in promoting root of the property in property in promoting root of the property in pr		
Evidence Based Instruction Materials		
The school district and the SPCSA ensures that evidence-based, high-quality reading and mathematics programs and primary instructional materials are used; all primary materials are on State-approved lists.	23/24 Goal 23/24 Actual	Meets Expectations Does Not Meet
	23/24 Rating	Fails To Meet Expectations
District Performance Plan		
The District Performance Plan (DPP) contains strategic targets to improve student growth and proficiency in literacy and mathematics and increase the number of students graduating with the College and Career Ready Diploma. The SPCSA collects the annual plan to improve the achievement of pupils from each of their sponsored schools.	23/24 Goal	Meets Expectations

	23/24 Rating	Meets Expectations

To what degree are K-3 students demonstrating progress toward mastery in literacy, as measured by Measures of Academic Progress (MAP) Growth in Reading assessment?

readefine Flogress (WM) / Glowth in Reading assessment:		
Student Academic Growth		
In grades K-3, at least 65% of students in the school district and SPCSA meet or exceed their personalized learning growth goal in reading. Personalized learning growth goals are	22/23 Base	53.6%
determined by individual results from the spring administration of MAP for kindergarten	23/24 Goal	65%
students and the spring administration of MAP for 1-3 grade students, and outcomes will be evaluated based on the spring administration.	23/24 Actual	57.6%
	23/24 Rating	Approaches Expectations
Student Academic Proficiency		
In grades K-3, an increasing number of students in the school district and SPCSA demonstrate grade-level proficiency in reading. Spring MAP results show at least a five-point annual increase in the percentage of students in the school district and SPCSA demonstrating proficiency (at or above the 65th percentile).	22/23 Base	44.0%
	23/24 Goal	+5
	23/24 Actual	46.3%
	23/24 Rating	Approaches Expectations

To what degree are grades 4-8 students demonstrating growth and proficiency in mathematics, as measured by the Smarter Balanced Assessment Consortium (SBAC) assessment?

Student Academic Growth		
In grades 4-8, an increasing number of students are on-track to be proficient within three	22/23 Base	22.5%
years or by eighth grade. SBAC results show at least a five-point annual increase in the percentage of students in the school district and SPCSA on-track to be proficient as measured using Adequate Growth Percentile (AGP).	23/24 Goal	+5
	23/24 Actual	18.3%
	23/24 Rating	Fails to Meet Expectations
Student Academic Proficiency		
In grades 4-8, an increasing number of students demonstrate proficiency in mathematics.	22/23 Base	42.8%
SBAC results show at least a five-point annual increase in the percentage of students in the district and SPCSA scoring a Level 3 or Level 4, thus designated as "proficient".	23/24 Goal	+5
	23/24 Actual	43.5%
	23/24 Rating	Approaches Expectations
