Mission Statement

The SPCSA sponsors, supports, and oversees dynamic and responsive public charter schools that prepare all students for academic, social, and economic success.

Superintendent's Highlights

Created in 2011, Nevada's State Public Charter School Authority is a governmental agency, a statewide charter school sponsor, and a local educational agency (LEA). The SPCSA authorizes public charter schools across the state and is responsible for overseeing and monitoring them to ensure positive academic outcomes for students and strong stewardship of public dollars.

The State Public Charter School Authority comprises the Authority Board and forty-eight employees. In the 2025-26 school year, ninety SPCSA-sponsored charter school campuses combined to serve approximately 70,000 students. In addition to three virtual school programs serving students statewide, the SPCSA sponsors schools across five Nevada counties: Churchill, Clark, Elko, Washoe, and White Pine. 85 percent of SPCSA schools had a 3-star or higher rating in the most recent Nevada school star ratings (Nevada School Performance Framework).

Goals and Objectives

Goal #1: Provide communities with access to excellent schools that students and families want to attend. The SPCSA aims for all sponsored schools to meet academic, organizational, and financial performance standards. Five-year goals: Improve upon existing strong performance on the Nevada School Performance Framework (NSPF) by achieving 60% four-star or better and 78% three-star or better (excludes schools rated on the Alternative Performance Framework). 85% of schools on the organizational and financial framework intervention ladder will be returned to good standing or not escalated.

Goal #2: Provide equitable access to charter schools. The SPCSA aims for sponsored schools to serve a student population that is representative of the state in terms of race/ethnicity and other student groups. Five-year goals: The percentage of Title 1 schools in the SPCSA portfolio is at or above the percentage of statewide Title 1 schools. New charter schools opening under this strategic plan will have an ELL enrollment rate at or above their district average (includes new charter holders, not additional campuses under existing charter holders). New charter schools opening under this strategic plan will have an enrollment rate of students with IEPs at or above the state average.

Goal #3: The SPCSA is committed to being a responsive organization. As an agency, the SPCSA aims to have strong communication skills, adaptability, and innovation in our outputs and problem-solving. We are committed to executing plans effectively while staying resilient to challenges. Five-year goals: Most respondents indicated satisfaction with SPCSA communication during the annual survey. The SPCSA will establish a comprehensive communication strategy to supplement the strategic plan to improve communication internally and externally. The SPCSA will establish streamlined processes for high-performing charter school operators.

'-' indicates data not presented for groups fewer than 10 in order to protect the student privacy under FERPA.

'N/A' indicates that this population was not present.

''' indicates that the data was not available.

Adjusted Diploma receivers and HSE Earners are not considered Graduates in the ACGR calculations.

Although Adult Diploma receivers are considered as graduates in Nevada, per the federal regulations they are not considered as graduates in the ACGR calculations starting with the 4-year class of 2021-22.

For further explanation on cohort graduation indicators and other terminology, please see the glossary section.

Cohort graduation rate data is lagging data.

[Progress toward meeting long-term goals and measures of interim progress for 4- and 5-year ACGR \(per section 1111\(h\)\(1\)\(C\)\(vi\)\) is available](#)

'-' indicates data not presented for groups greater than 10 but suppressed in order to protect the student privacy under FERPA.

Beginning with the 2016-17 school year, Nevada transitioned away from the High School Proficiency Exam (HSPE) as a graduation requirement. This policy change may contribute to higher 4-year and 5-year Adjusted Cohort Graduation Rates (ACGR) compared to prior years.

Summary of Standards-Based Test Performance

Nevada uses CRT (Criterion Referenced Test with the new NV Standards, also known as the Smarter Balanced) to measure student achievement relative to Nevada's academic standards. For grade specific assessment results and other assessment information, refer to www.nevadareportcard.nv.gov.

ED = Percentage of students performing in the lowest range of achievement (Emergent/Developing)

AS = Percentage of students performing in the "Approaches Standards" range of achievement

MS = Percentage of students performing in the "Meets Standards" range of achievement

ES = Percentage of students performing in the highest range of achievement (Exceeds Standards)

Level 1 = The student has not met the achievement standard and needs substantial improvement to demonstrate the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 2 = The student has nearly met the achievement standard and may require further development to demonstrate the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 3 = The student has met the achievement standard and demonstrates progress toward mastery of the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school

Level 4 = The student has exceeded the achievement standard and demonstrates advanced progress toward mastery of the knowledge and skills needed for likely success in entry-level credit-bearing college coursework after high school
