My name is Paula Ringkob. My grandson is in 5th grade at Doral Academy.

I am writing to urge you to increase the number of
In-class days for Doral Academy students
starting in January, 2021.

Elementary-age children learn and benefit from socialization with their peers. They also
benefit from the predictability and consistency in a teacher's daily routine.

I support Principal Orr's efforts to have the school open full time, in-person beginning in
January 2021.
