

February 26, 2021

State Public Charter School Authority Board
2080 East Flamingo Rd. Suite 230
Las Vegas, NV 89119

Dear SPCSA Board,

Eagle Charter Schools of Nevada wants to take this opportunity to thank you and your staff for the time, effort, consideration, and guidance that ultimately led to our conditional approval on January 22, 2021.

As we shared during your January meeting, securing an appropriate facility drives our opening timeline. We have confirmed that the renovations to our target facility would not be completed by July 2021, and we have not identified an alternate “move-in ready” educational facility in our target location. Understanding that a quality school launch is more important than a rushed opening, we are deferring opening our school until the 2022-23 school year.

Beyond allowing us to secure an appropriate facility, Eagle will take this incubation year to extend our principal training program, focus on parent outreach and community support, increase Board training opportunities, and look to secure grants and other capital that will enrich the Eagle program. We thank you for your continued support and are excited to continue building the foundation of our school so that we can serve students and families!

Sincerely,
The Eagle Charter Schools of Nevada Board of Directors

Monica Johnson, Board Chair
