BRIEFING MEMORANDUM

TO: SPCSA Board
FROM: Mark Modrcin, Director of Authorizing
SUBJECT: Somerset Academy of Las Vegas - Charter Renewal Recommendation
DATE: December 3, 2021

1. Background and Summary

Somerset Academy of Las Vegas has submitted an application to renew its charter contract as the current charter contract expires on June 30, 2022. Somerset Academy of Las Vegas is a brick-and-mortar public charter school that currently serves 9,596 students in grades K – 12 across seven campuses in Las Vegas.

After a thorough review of the historical data and charter renewal application, staff recommends that the Authority approve the charter renewal of Somerset Academy of Las Vegas for a four-year term, beginning July 1, 2022.

2. The Process Related to Renewal Applications and the Standards Under Which an Application for Renewal of a Charter Contract Will Be Granted

The first step in the renewal process is the submission of a renewal report by SPCSA staff to the charter school.¹ Specifically, on or before June 30 immediately preceding the final school year prior to expiration of a charter school's charter contract, the SPCSA submits to the governing body a report regarding renewal. The Somerset Academy of Las Vegas renewal report was sent to the board chair on June 29, 2021 and can be found within the supporting documentation for the item.

¹ Charter school regulations provide for an expedited and streamlined renewal process for high-performing charter schools. Generally, charter schools qualifying for expedited renewal review are those charter schools that are consistently rated as four-and five-star schools under the NSPF and have received no notices of concern or notices of breach for academic, organizational or financial performance. See [NAC 388A.415\(2\)](#).

The renewal report summarizes the performance of the charter school under the terms of the charter contract, identifies any deficiencies related to performance of the charter school that might lead to non-renewal of the charter contract, sets forth the requirements for the renewal application, and identifies the criteria that the sponsor will apply in making a determination on the application for renewal. The charter school may submit a response to the renewal report. [See NRS 388A.285\(1\) and \(2\).](#)

Next, the governing body of the charter school must submit a written notice of intent to submit an application for renewal to the SPCSA 45 days prior to submitting a renewal application. See [NAC 388A.415\(1\)](#). Somerset Academy of Las Vegas submitted its notice of Intent to Renew its charter contract on August 19, 2021 and Somerset's notice of intent to renew can be found along with the supporting documents.

In regard to the renewal application, the window to submit the actual renewal application is October 1 through October 15. See [NRS 388A.285\(3\)](#) and [NAC 388A.415\(1\)](#). The application for renewal must include, without limitation:

- (a) The requirements for the application identified by the sponsor in the performance report prepared by the sponsor;
- (b) A description of the academic, financial and organizational vision and plans for the charter school for the next charter term;
- (c) Any information or data that the governing body of the charter school determines supports the renewal of the charter contract in addition to the information contained in the performance report prepared by the sponsor and any response submitted by the governing body; and
- (d) A description of any improvements to the charter school already undertaken or planned.

See [NRS 388A.285\(3\)](#). On October 15, 2021 Somerset Academy of Las Vegas submitted its renewal application, which can be found included with the supporting documents.

Somerset's renewal application describes the continuation of the education program, which is modeled after specific innovative learning methods and strategies that have proven successful in raising student learning and achievement. According to the renewal application, These include but are not limited to: a standards-based curriculum based on Common Core Standards for Learning; a thematic approach to integrate core areas of study such as mathematics, reading, language arts, writing, science, and social studies; appropriate assessments for learning (screening, progress monitoring, and diagnostic); data-driven high-quality differentiated instruction; supplemental programs for student advancement and remediation; support for teachers and ongoing professional development for advancing technology and other 21st century resources; research-based instructional practices; weekly grade level and monthly staff meetings and ongoing professional development workshops; tutoring for remediation and acceleration, and targeted interventions for struggling readers and students performing below grade level.

Decisions to renew a charter school contract or deny a renewal application are made and based upon the Nevada's charter school statutes and regulations related to charter school renewal (see [NRS 388A.285](#)) and the collective record of a school's academic, financial, organizational, findings from the site evaluation process, and all data and information provided by the Department of Education.

Note that no factor may be given more weight than the academic performance of pupils at the charter school, and the academic performance of the charter school is the touchstone of any renewal decision. See [NAC 388A.415\(10\)\(b\)](#).

In making its recommendation to the Authority regarding a renewal application, SPCSA staff considers the past performance of the charter school, including information contained in the application for renewal, any site evaluations, academic achievement of pupils, and any other information that is determined to be relevant

to whether the charter contract should be renewed, including financial and organizational performance. See [NAC 388A.415\(9\)](#).

When determining whether to grant an application for renewal of a charter contract, the Authority Board considers the foregoing factors, any other information that the Authority Board determines is relevant to whether the charter contract should be renewed. The Authority Board will consider the “totality of the evidence” presented to it when making a renewal decision. See [NAC 388A.415\(9\)](#). Again, as stated above, no factor is to be given more weight than the academic performance of pupils at the charter school.² See [NAC 388A.415\(10\)\(b\)](#).

At its sole discretion, the Authority Board may renew a charter contract for a term of three (3) to ten (10) years, or, alternatively, deny the renewal application. See [NRS 388A.285\(6\)](#) and [NAC 388A.415\(11\)](#). Note that a variable term length upon renewal was discretion afforded to the Authority under Senate Bill 451 during the 2019 Legislative Session and is now codified in [NRS 388A.285\(6\)](#).

The Authority Board may accept or reject, in whole or part, the recommendation of the Executive Director. See [NAC 388A.415\(10\)\(a\)](#). If a charter contract is renewed, that Authority Board may include a provision for a high stakes review during the term of the renewed charter contract which may result in the termination of the renewed charter contract prior to its expiration, or renew the charter contract and include any additional provisions, requirements or restrictions which the State Public Charter School Authority determines are appropriate. See [NAC 388A.415\(11\)\(b\) and \(c\)](#).

Alternatively, the Authority Board may deny the renewal application for the purpose of reconstituting the governing body of the charter school pursuant to [NRS 388A.330](#) and assigning the charter contract to a charter management organization or a new governing body which may include, without limitation, the governing body of another charter school or a governing body assembled by the Executive Director; deny the renewal application for the purpose of restarting the charter school and issuing a new charter contract pursuant to [NRS 388A.300](#) to a charter management organization or a new governing body, including, without limitation, the governing body of another charter school, which will inherit any assets of the charter school which remain following dissolution; or deny the renewal of a charter contract for the purpose of closing the charter school. See [NAC 388A.415\(11\)\(d\),\(e\) and \(f\)](#).

3. Analysis

Academics

As noted in the tables below, the Somerset Academy of Las Vegas campuses have exhibited a wide range of academic performance over the current charter term according to the Nevada School Performance Framework (NSPF). According to the most recent ratings, three elementary school programs (Aliante, Losee and North Las Vegas) and one middle school program (Losee) are rated as 2-star programs. As noted in the NSPF guidance document, a 2-star rating identifies a school that has partially met the state’s standard for performance. Students and subgroups often meet expectations for academic performance or growth by may have multiple areas that require improvement. Additionally, these areas requiring significant improvement are uncommon.

Due to the 2-star ratings at the Aliante and Losee elementary schools, both were issued Notices of Concern in 2019 which remain in effect. The North Las Vegas elementary was issued a Notice of Breach in 2019 as it also earned a 2-star rating according to the 2017 – 2018 NSPF ratings, marking consecutive years of academic underperformance. This notice also remains in effect.

² See [NAC 388A.415\(10\)](#). With regard to a second renewal, the Authority is required to place an even greater weight on academic performance than was assigned to it on the first renewal.

Additionally, both high school programs (Losee and Sky Pointe) are rated as 2-star programs. As noted in the NSPF guidance document for high schools, a 2-star rating identifies a school that has partially met the state’s standard for performance. Students and subgroups often meet expectations for academic performance but may have multiple areas that require improvement. Areas requiring significant improvement are uncommon. Due to some purported issues related to the reported 2018 – 2019 graduation rates, no notices were issued to these two high school programs. Subsequent graduation data is strong as noted in the table below and has improved at both campuses over the past two years:

Campus	2019 – 2020 Graduation Rate	2020 – 2021 Graduation Rate
Somerset – Losee	95.8%	96.5%
Somerset – Sky Pointe	100%	99.2%

Somerset Academy of Las Vegas also has four elementary school programs (Lone Mountain, Sky Canyon, Sky Pointe and Stephanie), five middle school programs (Aliante, Lone Mountain, Skye Canyon, Sky Pointe, Stephanie) rated as 5-star programs according to the most recent ratings. A 5-star rating recognizes a superior school that exceeds expectations for all students and subgroups on every indicator category with little or no exception. A 5-star school demonstrates superior academic performance and growth with no opportunity gaps. The school does not fail to meet expectations for any group on any indicator.

Finally, according to the most recent ratings, the North Las Vegas middle school program was rated as a 4-star program. As noted in the NSPF guidance document, a 4-star rating recognizes a commendable school that has performed well for all students and subgroups. A 4-star school demonstrates satisfactory to strong academic performance for all students. Further, the school is successfully promoting academic progress for all student groups as reflect in closing opportunity gaps. The school does not fail to meet expectations for any group on any indicator.

As the Authority is aware, NSPF school ratings and accountability for the 2019 – 2020 and 2020 – 2021 school years have been carried over from the 2018 – 2019 reporting year.

Prior to the 2018 – 2019 school year, all programs were rated at or above 3-stars with the exception of the North Las Vegas elementary program. As noted in the NSPF guidance document, a 3-star rating identifies a school that has met the state’s standard for performance.

The NSPF results for this current charter term are summarized and provided in the table below:

Accordingly, for the 2019 – 20 school year, Nevada statewide assessments were not administered and the NDE did not calculate Nevada School Performance Framework (NSPF) school ratings.

Due to multiple active notices at Somerset campuses, SPCSA staff has implemented heightened oversight for the network. This has included:

- Additional performance reporting to the Authority. Somerset North Las Vegas leadership has appeared multiple times before the Authority since the Notice of Breach was issued in 2019.
- Additional performance reporting to SPCSA staff. Somerset Aliante, Losee and North Las Vegas campuses provided mid-year performance data for the 2020 – 21 school year last spring for SPCSA monitoring.
- Ongoing site evaluations across the network, including an additional evaluation at the North Las Vegas campus this fall in preparation for renewal. SPCSA staff has conducted three site evaluations (one per academic year) at that campus since the Notice of Breach was issued in 2019.

Organizational

The current iteration of the SPCSA’s Organizational Performance Framework was adopted by the Authority in the summer of 2019. Somerset Academy of Las Vegas earned 98 points under the 2020 Organizational Performance Framework as approved by the Authority on November 6, 2020 and SPCSA staff have not noted any substantial organizational performance concerns during the 2020-21 school year. Additionally, Somerset Academy of Las Vegas has not received a Notice of Breach or Notice of Concern under this framework during the current charter term.

SPCSA Organizational Framework Findings

2020 – 2021	<i>Will be reported in January of 2022</i>
2019 – 2020	Meets the Standard (98/100 points)
2018 – 2019	No organizational performance concerns identified
2017 – 2018	No organizational performance concerns identified
2016 – 2017	No organizational performance concerns identified

Financial

In 2018, the Authority requested that the SPCSA Financial Framework be modified so as to be better assess the financial health of sponsored schools. The revised SPCSA Financial Framework was approved on January 18, 2019, with results for FY20 approved by the Authority in January 2021. Somerset Academy of Las Vegas earned a ‘Meets Standard’ rating under each indicator for the FY20 Financial Performance Framework, and the school has a history of clean audit findings. As such, SPCSA staff finds the school to be currently meeting standards against performance expectations within the financial framework.

SPCSA Financial Framework Findings

2020 – 2021	<i>Will be reported in January of 2022</i>
2019 – 2020	Meets the Standard
2018 – 2019	No financial performance concerns identified
2017 – 2018	No financial performance concerns identified
2016 – 2017	No financial performance concerns identified

4. Recommendation: Renew Somerset Academy of Las Vegas for a 4-year term

As previously noted, the Somerset Academy of Las Vegas network has exhibited a range of academic performance over the charter term. Three elementary programs (Aliante, Losee, North Las Vegas) are operating under active notices, one of which is a Notice of Breach. The network also boasts multiple campuses and programs with high levels of academic performance. Specifically, the Aliante, Lone Mountain, Sky Point, Skye Canyon and Stephanie have earned multiple 5-star ratings according to the most recent NSPF data. Additionally, the network only had one 2-star rating prior to the 2018 – 2019 school year.

As previously stated, NSPF school ratings and accountability indicators have been carried over from the 2018 – 2019 reporting year for the 2019 – 2020 school year.

It is also noteworthy that the school has not been issued any financial or organizational notices.

SPCSA staff is concerned about the current performance levels at the North Las Vegas campus, specifically the elementary program. SPCSA staff is also monitoring the academic performance at the Aliante and Losee campuses given the active academic notices. Because multiple campuses exhibit strong academic performance as evidenced by 5-star ratings, and available graduation data is also well above the state and SPCSA averages, SPCSA staff recommends that the Authority renew Somerset Academy of Las Vegas for a four-year term, beginning July 1, 2022. More consistent performance, particularly with regard to academics, is needed to warrant a longer charter term.

The new term would be subject to the enrollment caps outlined below.

	2022-2023	2023-2024	2024-25	2025-26
Campus	Enrollment Caps			
Aliante	1,110	1,110	1,110	1,110
Lone Mountain	960	960	960	960
Losee	2,400	2,400	2,400	2,400
North Las Vegas	1,115	1,115	1,115	1,115
Skye Canyon	960	960	960	960
Sky Pointe	2,200	2,200	2,200	2,200
Stephanie	950	950	950	950
Grades Served	K-12	K-12	K-12	K-12

5. Proposed Motion

Approve the Somerset Academy of Las Vegas Renewal Application with a four-year term beginning July 1, 2022 and the enrollment caps as outlined above in the recommendation memo. Additionally, direct SPCSA staff to continue heightened oversight, such as those activities referenced within this memo, over the network, specifically those campuses with active notices. Finally, in the event of continued academic underperformance the Authority may impose additional oversight.
