Schools are evaluated using the Nevada School Performance Framework, SPCSA Academic, Financial, and Organizational Frameworks, and site evaluations. These tools allow the SPCSA to monitor the educational goals and objectives along with monitoring the financial, organizational, and operational effectiveness of each sponsored school. Each year, the SPCSA staff presents to SPCSA Board recommendations regarding NSPF ratings issued in regard to SPCSA-sponsored public charter schools for the preceding school year, including the issuance of

Notice of Concern, Notices of Breach, Notices to return schools to Good Standing. The SPCSA also conducts site evaluations of each charter school it sponsors. Site Evaluations allow the SPCSA to assess schools' student achievement, progress to goals, and fulfillment of their mission, vision, and educational program outlined in their charter. Below, you will find the link to the SPCSA's most recent hearing regarding these results its Site Evaluation Handbook. Final charter school site evaluation reports may be made available upon request.

# Academic Framework

## **Note on the 2020-21 Academic Performance Framework**

Due to COVID-19, the Nevada Department of Education (NDE) applied for and was granted a 2020-21 school year waiver from the U.S. Department of Education for certain accountability, school identification, and reporting requirements established by the Every Student Succeeds Act (ESSA). Accordingly, for the 2020-21 school year, Nevada statewide assessments were administered but the NDE did not calculate new Nevada School Performance Framework (NSPF) school ratings. Because an NSPF rating is required to receive a Nevada State Public Charter School Authority (SPCSA) Academic Performance Framework (Framework) rating, the SPCSA is not issuing Framework ratings for the 2020-21 school year. Additionally, various Framework Indicators and Measures that utilize the NSPF (i.e., the NSPF and Geographical Comparisons Indicators) cannot be calculated or reported. However, because some relevant state assessments were administered in the 2019-20 (ACT) and 2020-21 (Smarter Balanced, ACT) school years, available assessment data are reported in the non-point-earning School Progress Indicator. The SPCSA is providing schools and the Authority with partial Framework reports based on the data that are available—specifically, enrollment data under the Enrollment Diversity Indicator and assessment data under the School Progress Indicator. Due to the lack of complete information, data within the 2020-21 Framework are for informational purposes only.

# FINANCIAL PERFORMANCE

The Financial Performance Framework (FPF) has four near-term and four long-term financial measures used to help measure the financial stability of SPCSA sponsored charter schools.

1. Are best practices being followed?
2. What is the financial health of the school?
3. Is there integrity and fidelity in what is being reported to the board?

# 2019-2024 Strategic Plan

Empowering Communities, Inspiring Students

**Nevada State Public  
Charter School  
Authority**

[www.charterschools.nv.gov](http://www.charterschools.nv.gov)

# › INTRODUCTION

With the vision of equitable access to diverse, innovative, and high-quality public schools for students across our state, this Strategic Plan charts the course for the State Public Charter School Authority (SPCSA) through the 2023-2024 school year. Over the next five years, the SPCSA will work in coordination with district, state and community partners to accelerate positive change for education in Nevada. As detailed within the Plan, the SPCSA has defined three overarching goals to realize this positive change:

- Provide Families with Access to High-Quality Schools
- Ensure that every SPCSA student succeeds - including those from historically underserved student groups
- Increase the diversity of students served by SPCSA schools

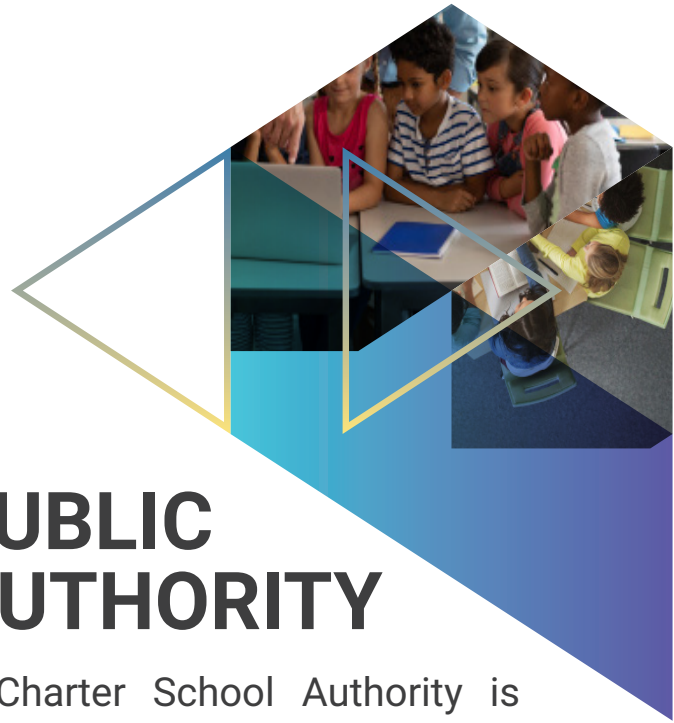

While the Strategic Plan sets the direction for the SPCSA over the coming years, there are several other guiding documents that are critical to the implementation of this plan. As outlined below, the Academic and Demographic Needs Assessment and Growth Management Plan were developed in tandem with the Strategic plan. The SPCSA will utilize these guiding documents as tools to support the implementation of the Strategic Plan.

**Academic and Demographic Needs Assessment:** The Needs Assessment provides an assessment of demographic information of pupils, the academic needs of pupils and the needs of any pupils who are at risk of dropping out of school within Nevada. Going forward, when the SPCSA evaluates applications for new public charter schools, the staff and board will consider the degree to which the application aligns to at least one of the needs identified in the Needs Assessment. The Needs Assessment will be updated annually to reflect the most recent data available along with changes to the Nevada educational landscape.

**Growth Management Plan:** The Growth Management Plan outlines the current performance of SPCSA-Sponsored schools, goals and plans for growth over the next five years, and proposed initiatives and actions to achieve the stated goals. Combined with regular communication with local school districts and the Nevada Department of Education, this Plan provides for increased transparency about the future of public charter schools in Nevada.

Throughout the development of the Needs Assessment, Growth Management Plan and Strategic Plan, the SPCSA engaged with many stakeholders from across the education landscape. We are grateful for the input and feedback provided by local school districts, the Nevada Department of Education, local municipalities and education leaders across our state.

Going Forward, the SPCSA will revisit the Strategic Plan annually to report on progress and, as needed, refine the Plan to ensure we remain on track to realizing the mission and vision. Through our work in sponsoring high-quality public charter schools, we aim to empower communities and inspire students.

## › ABOUT THE STATE PUBLIC CHARTER SCHOOL AUTHORITY

Created in 2011, Nevada's State Public Charter School Authority is a governmental agency of the state of Nevada and a statewide charter school sponsor. The SPCSA authorizes public charter schools across the state and is responsible for oversight and monitoring of those schools to ensure positive academic outcomes for students and strong stewardship of public dollars.

### **As defined in Nevada Revised Statute, the purpose of the State Public Charter School Authority is to:**

- Authorize charter schools of high-quality throughout this state with the goal of expanding the opportunities for pupils in this state, including, without limitation, pupils who are at risk.
- Provide oversight to the charter schools that it sponsors to ensure that those charter schools maintain high educational and operational standards, preserve autonomy and safeguard the interests of pupils and the community.
- Serve as a model of the best practices in sponsoring charter schools and foster a climate in this state in which all high-quality charter schools, regardless of sponsor, can flourish.

**(NRS 388A.150)**

## › HIGHLIGHTS

The State Public Charter School Authority is comprised of the Authority Board and twenty employees. There are currently sixty SPCSA-sponsored charter school campuses that combine to serve 49,420 students. In addition to three virtual school programs that serve students statewide, the SPCSA sponsors schools that are located across five of Nevada's counties: Churchill, Clark, Elko, Washoe and White Pine.

## › VISION & MISSION

### **VISION**

Equitable access to diverse, innovative, and high-quality public schools for every Nevada student.

### **MISSION**

The SPCSA sponsors, supports, and oversees dynamic and responsive public charter schools that prepare all students for academic, social, and economic success.

The following pages describe the values, goals and strategies that will set the SPCSA on a course to realize the vision and mission.

# › VALUES

We put what is best for students at the center of our work and honor the critical role that families play in student success.

## EXCELLENCE THROUGH IMPROVEMENT

We establish clear, high expectations and constantly seek growth for ourselves and foster improvement for our schools.

## TRANSPARENCY

We promote transparent and open communication and make school performance data accessible to all stakeholders.

## ACCOUNTABLE AUTONOMY

We provide our charter schools with the autonomy to innovate in the best interests of students while holding them accountable for academic results, financial performance, and legal compliance, so that students, families, and taxpayers can be confident in the quality of the schools we sponsor.

## EQUITY & DIVERSITY

We are committed to ensuring equitable access for students from all backgrounds and value the voices of all members of our community.

## LEADERSHIP

We earn the public's trust by holding our agency to the highest standards and investing in our growth and development.

## › GOAL 1

### **Provide Families with Access to High Quality Schools**

The SPCSA aims for all sponsored schools to meet academic, organizational and financial performance standards. Five-year goals:

- Improve upon existing strong performance on the Nevada School Performance Framework (NSPF) by achieving 70% four-star or better, 83% three-star or better, no more than 17% two-star, and less than 4% one star.\*
- Schools demonstrate strong organizational and financial performance with 95% rated as meeting standards on the SPCSA Organizational and Financial Performance Frameworks.

\*Excludes schools rated on the Alternative Performance Framework

## › GOAL 2

### **Ensure That Every SPCSA Student Succeeds - Including Those From Historically Underserved Student Groups**

The SPCSA aims for all sponsored schools to demonstrate strong academic growth, high levels of proficiency and on-time graduation across all student groups, including historically underserved student groups. Five-year goals:

- Increase the percent of schools that demonstrate, for each student group, a median student growth percentile on the 3rd-8th grade state Math and English Language Arts (ELA) assessments that exceeds the respective group's Nevada median student growth percentile.
- For each student group, surpass respective Nevada proficiency rates on the state Math and ELA assessments.
- For each student group, surpass respective Nevada 4-year graduation rates.

## › GOAL 3

### **Increase the diversity of students served by SPCSA schools**

The SPCSA aims for sponsored schools to serve a population of students that is representative of the state with regard to race/ethnicity and additional student groups. Five-year goals:

- By the 2021-22 school year and thereafter, in newly created SPCSA-sponsored public charter school seats (new schools, new campuses, and expansion of existing schools), enroll English Learners, Students Eligible for Free or Reduced-Price Lunch, and Students with Disabilities at rates that are greater than or equal to the respective Nevada enrollment rates.^
- While continuing to serve currently enrolled students, in vacant seats at existing SPCSA-sponsored schools, enroll English Learners, Students Eligible for Free or Reduced-Price Lunch, and Students with Disabilities at rates that are greater than or equal to the respective Nevada enrollment rates.^

^Applies to SPCSA-sponsored schools on the aggregate level, and not on the individual school level

## › STRATEGIES

### PROACTIVE OVERSIGHT

Conduct ongoing oversight and engagement with SPCSA-sponsored schools and their boards to clarify performance and compliance expectations, provide transparency about successes and failures, and take swift action when either performance or compliance fall short

### STRATEGIC GROWTH

Clarify standards (performance, growth, etc) for SPCSA-sponsored charter schools wishing to expand. Within the context of the SPCSA Needs Assessment and Growth Management plan, work with community leaders to synthesize and communicate local educational needs to encourage new school applications that are responsive to local communities.

### EXPANDED SUPPORT

In collaboration with the Nevada Department of Education, expand the services, supports, resources, and technical assistance that the SPCSA provides to schools as a Local Educational Agency to help schools better meet the needs of students from all backgrounds.

### RECOGNIZE PROGRESS

Encourage operational and proposed SPCSA-sponsored schools to increase diversity by facilitating the dissemination of best practices and reward schools that show strong academic results with students from historically underserved student groups (streamlined amendment, expedited and extended term renewal, etc.).

## › KEY INITIATIVES

### PROACTIVE OVERSIGHT

- Conduct regular site evaluations of SPCSA-sponsored schools with feedback provided to schools in, at minimum, years one, three and five of the school's contract.
- Communicate regularly with boards of SPCSA-sponsored charter schools regarding their performance and compliance against the SPCSA Performance Framework, including engaging directly with boards and leaders of schools that are struggling.
- Codify expectations for strong governance and training for charter school board members.
- Conduct proactive monitoring of recruitment and enrollment practices for English Learners, Students Eligible for Free or Reduced-Price Lunch, and Students with Disabilities.

### STRATEGIC GROWTH

- Clarify standards for various types of expansions including new campuses, additional grade levels, and additional students in existing grade levels.
- Refine new school application process by aligning it to national best practices for rigorous application reviews and incorporate new strategic priorities, such as the SPCSA Needs Assessment and Growth Management Plan.
- Develop a process for regular community engagement, including input for possible revisions to the SPCSA Needs Assessment and Growth Management Plan.
- Provide avenues for prospective new school applicants to develop a thorough understanding of the SPCSA Needs Assessment and Growth Management Plan.

## › KEY INITIATIVES (CONTINUED)

### EXPANDED SUPPORT

- Collaborate with the NDE to establish a detailed, shared understanding of the SPCSA's roles and responsibilities as an LEA (e.g. grants, monitoring, technical assistance) and refine the budget and staffing model for the SPCSA to fulfill LEA responsibilities.
- Formalize approach and procedures for school support visits, including aligning with state and federal grant monitoring.
- Streamline state and federal grant implementation to enable timely, accurate and efficient distribution of funds.
- Provide proactive training to schools that is differentiated to address school context and is aligned to fiscal and implementation requirements for federal and state programs.
- Codify expectations and improve practices for two-way communication between the SPCSA and its key stakeholders - including the NDE and SPCSA-sponsored schools - to ensure that all parties have timely access to accurate information.

### RECOGNIZE PROGRESS

- Develop a streamlined amendment process for schools that achieve clearly defined, high standards for performance and compliance.
- Develop an expedited renewal process (in alignment with NAC 388A.415) and extended renewal term options (in alignment with SB 451 from the 2019 Legislative Session) for schools that meet clearly defined, high standards for performance and compliance.
- Highlight schools that are outpacing the state in providing a high-quality educational option for students that have been historically underserved and facilitate dissemination of their best practices.
- Ensure that data related to the academic performance and social emotional indicators of student groups are accessible to stakeholders.

## › Glossary of Terms

IEP	9.40%	12.60%	Enrollment in new seats is at a rate that is greater than or equal to Statewide %
