- ▶ Key Take-Away
 - ▶ Focus on Educating the whole child
 - ▶ Social Emotional Learning
 - ▶ SEL curriculum embedded into the daily schedule
 - ▶ Second Steps
 - ▶ Structured Lessons
 - ▶ High Five
 - ▶ Responsive Classroom

Award-winning research by University of Pennsylvania psychologist Angela Duckworth found that social and emotional skills – such as learning how to apply yourself to a task and believe in the possibility of your own improvement – are bigger determinants of success than reading and math skills. By creating an environment where effort is appreciated as much as accuracy, we are teaching our students that failure is simply part of learning – and they should never stop trying.

EAGLE CHARTER SCHOOLS OF NV

Welcome!

Eagle Schools of Nevada is a newly authorized K-5 public charter school opening in August of 2023, and growing with our kids to a K-8 campus. With a focus on safe, supportive, and innovative education, we are committed to ensuring all of our students reach their full potential. We reach beyond the standard curriculum. In addition to a robust core curriculum of Math, Science, English, and Social Studies, students will interact with music, arts, engineering, and technology.
