Scott, Jesse D. Elementary School	NSPF 1	93.48% of capacity
Tartan, John Elementary School	NSPF 1	73.63% of capacity
Johnston, Carroll M. Middle School	NSPF 2	82.49% of capacity

**Does the School District's Capital Improvement Plan include any plans to add new schools or add additional capacity to existing schools within the community in which the applicant proposes to locate?**

The provided zip codes of the intended service encompass a large geographic area with twenty-five elementary schools, and six middle schools with varying demographic profiles. Through the 2015 Capital Improvement Program, the Clark County School District has invested considerably within these zip codes to support community needs. Two of these schools received replacement facilities: Lincoln Elementary School (2017) and Mackey K-8 (2020). Two elementary schools have received building additions, adding needed capacity and modernization: Squires Elementary School (2018), and Elizondo Elementary School (2019). Additionally, the following are planned for a future school replacement: Cahlan Elementary School; Herron Elementary School; and Bridger Middle School.

As you know, the SPCSA approved the Academic and Demographic Needs Assessment on July 26, 2019 and approved an updated version on January 22, 2021, January 28, 2022, and subsequently November 18, 2022. A copy of the current version can be found [here](#). Our staff and board will be evaluating the degree to which the applicant aligns with the identified needs. Please provide any input as to how this applicant does or does not meet identified needs in the community.

The chart below provides an analysis of the **Do & Be Arts Academy of Excellence K–8** application in reference to the applicant aligning with the SPCSA needs assessment.

Do & Be Arts Academy of Excellence K–8		
Assessment	Criteria	Findings
Demographics	Does the applicant propose to serve student groups that consistently underperform on the Grades 3–8 Smarter Balanced Assessment (Math and ELA)?	Meets
Academic Geographies	Does the applicant propose serving geographies with a significant percentage of students attending a school that received a One-star or Two-star on the Nevada School Performance Framework (NSPF) for the 2018–2019 school year, and received a NSPF index score below 50 for the 2021–2022 school year?	Meets
Demonstrated Capacity	Does the applicant propose a school model that includes demonstrated capacity, credible plans, and thorough research and analysis to intentionally provide access to Three-, Four- and Five-star schools in zip codes where a significant percentage of students are attending a school that received a One-star or Two-star on the NSPF for the 2018–2019 school year, and received a NSPF index score below 50 for the 2021–2022 school year?	Does Not Meet

**If district staff or Board of Trustees has had prior communications with this applicant, please provide any relevant information or details from that communication that might be useful to the SPCSA in making an informed decision regarding the application.**

There is no knowledge of official communication between District staff or the Clark County School District Board of School Trustees.

**Are there currently any schools providing a similar educational model in the community in which the applicant proposes to locate? If yes, please provide any relevant information on the current school(s) with similar educational models that are available to students in the community.**

The District believes that existing schools in the proposed locations do offer similar types of opportunities.

**Is there any other additional information you wish to provide?**
