Academic Goal(s)

Campus Goals:

- Increase percentage of students proficient in Math by 10-15%.
- Lower chronic absenteeism by 5-10%

Our NSPF/SPCSA Academic Performance Rating indicated Math was the area our students had the most opportunity for growth. Achieving a 23.5% proficiency. District average was 38.5%

Based on NSPF/SPCSA Academic Performance Rating as well as our attendance audit from the 22-23 school year, our second goal is to address chronic absenteeism. Our chronic absenteeism was 21.7% above the district average of 18.8%.

Measurable Action Steps

Steps taken towards goals:

- Allocated funding towards PAPER tutor program. 24/7 Tutoring services that provides live instructors to support student academic needs.
- Added two additional staff members to support attendance and academic needs.
- Developed an in person virtual center for tutoring.

Action steps currently in progress

- Progress meetings with families and students to discuss academic achievement
- Continued development of RTI process to support students with academic gaps
- Attendance incentive program rollout

Measuring progress

- Multi-tiered layer approach that includes, pulling academic reports, setting up conferences, allocating resources, and using data to determine opportunities for improvement.
