# 1 OVERVIEW

---

## 1.1 ELIGIBILITY

Assembly Bill 400 (2023 Session of the Nevada Legislature) appropriated \$7 million to the State Public Charter School Authority (SPCSA) for each year of the upcoming biennium (the 2023-24 school year and the 2024-25 school year) to award to charter schools to fund student transportation. Pursuant to Assembly Bill 400, any charter school in the State of Nevada, regardless of sponsor (SPCSA or school district) may apply for transportation funding. To apply, charter schools must submit a transportation plan to the SPCSA. Transportation plans must be submitted at the charter school campus level<sup>1</sup>. If a charter holder wishes to apply for funding for multiple campuses (distinct addresses), a transportation plan must be submitted for each campus. If the transportation plan is approved, the SPCSA may award money to the charter school for the transportation of pupils.

It is important to note that a charter school is only permitted to provide transportation to pupils if the school has approval to do so from its sponsor. See NAC 388A.330(4). Therefore, charter schools may be required to submit to their sponsor a contract amendment request in order to implement the transportation plan. For those schools sponsored by the SPCSA, any contract amendment associated with the implementation of the transportation plan will be considered as part of this application as detailed below in section 1.4.

***Applications for the 2023-24 school year will be accepted and reviewed on a rolling basis beginning on July 7, 2023 and through September 30, 2023<sup>2</sup>. While the SPCSA hopes to fund all applicants that submit a compliant transportation plan, because there is only \$7 million available in each school year, the SPCSA may prioritize funding Title I charter schools.***

## 1.2 ALLOWABLE USES OF FUNDS

Transportation funding may be used to cover the capital expenses (procuring vehicles, establishing infrastructure such as fencing to secure vehicles, etc.) and operating costs (employee salaries, employee benefits, fuel, maintenance, insurance, etc.) associated with transporting enrolled students to and from school. However, funding may not be used to cover the costs associated with transporting students during field trips or for extracurricular activities. Allowable transportation funding authorized by Assembly Bill 400 may be provided to charter schools for either direct transportation services provided by the charter school, or for transportation services purchased or contracted through a vendor that provides transportation services. Transportation plans may include the use of school buses, vans or other vehicles that are designed for up to 10 passengers, as well as public transportation vouchers (e.g., public transit passes), so long as the transportation complies with applicable state and federal laws and regulations. Schools may not use transportation funding to provide stipends or reimbursements to parents for costs associated with transporting students to a charter school.

## 1.3 ADMINISTRATION OF FUNDS

Schools that receive awards for transportation funding will be reimbursed for expenses associated with the transportation plan and as detailed in the approved budget. In unique situations, the SPCSA may, at its discretion, provide transportation funding to a school in advance of the school expending the funds. If a school that has been approved for transportation funding believes advance funding is necessary, a request to waive the reimbursement requirement may be submitted to the SPCSA. Waiver requests must be made in writing, thoroughly articulated, and

---

<sup>1</sup> Each distinct, non-adjacent address is considered a separate charter school campus.

<sup>2</sup> After September 30, 2023, the SPCSA will determine if there are remaining funds that have not yet been awarded. If funds remain, the SPCSA will re-open the transportation application.

align to the transportation plan. Upon approval of the waiver request, the school will be expected to agree to terms and conditions for the post expenditure audit of the fiscal transactions and may be subject to recoupment of funds used in transactions that do not comply with applicable law, regulation, or the approved transportation plan.

## 1.4 APPLICATION INSTRUCTIONS

To apply for transportation funding, charter schools must complete and submit the following to [SPCSAFinance@spsca.nv.gov](mailto:SPCSAFinance@spsca.nv.gov):

- **Application Cover Sheet** (Section 2)
- **Transportation Plan** (Section 3)
  - *For those schools sponsored by the SPCSA that do not already have approval to provide transportation to and from school, the transportation plan will also constitute a charter school contract amendment request pursuant to NAC 388A.330(4).*
- **Budget** (Section 4 and Budget Workbook)
- **Good Cause Exemption Request, if applicable:** For those schools that are sponsored by the SPCSA and are not already approved to provide transportation to and from school, a board-approved letter requesting a good cause exemption to consider the contract amendment outside of the amendment windows defined in regulation. (A sample letter can be found in Appendix A)
- **Attachment 1:** Board meeting minutes, draft or final, for the meeting in which the governing body authorized the submission of the transportation plan and funding request
- **Attachment 2:** Copy of vendor contract (or draft contract), if applicable
- **Attachment 3:** Authorizer’s Performance Framework reports for the preceding three years (non-SPCSA-sponsored schools only)
- **Attachment 4:** Current charter contract, including evidence that the school has been approved to provide transportation (non-SPCSA-sponsored schools only)
- **Attachment 5:** 4<sup>th</sup> quarter ADE report (*New schools and those schools that were approved for an Exceptional Enrollment Growth Adjustment (EEGA) should provide a copy of the signed funding request*)
- **Attachment 6:** Transportation Budget Workbook

Prior to submission, the charter school’s board must approve the transportation plan at a board meeting that complies with Nevada’s Open Meeting Laws (Charter 241 of Nevada Revised Statutes). Sample board motions can be found in Appendix B.

Applications for the 2023-24 school year will be accepted and reviewed on a rolling basis beginning on July 7, 2023 and through September 30, 2023<sup>3</sup>. While the SPCSA hopes to fund all applicants that submit a compliant transportation plan, because there is only \$7 million available in each school year, the SPCSA may prioritize funding Title I charter schools.

Recommendations regarding approval or denial of transportation plans will be presented to the SPCSA board for consideration. In general, applications received at least four weeks prior to a scheduled [SPCSA board meeting](#) are likely to be reviewed with sufficient time for a recommendation to be presented to the SPCSA board. SPCSA staff will make every effort to review applications submitted by 8am on Wednesday, July 12, 2023 with sufficient time to present a recommendation to the SPCSA board at its July 28, 2023 meeting.

---

<sup>3</sup> After September 30, 2023, the SPCSA will determine if there are remaining funds that have not yet been awarded. If funds remain, the SPCSA will re-open the transportation application.

## 1.5 APPLICATION EVALUATION

Pursuant to Assembly Bill 400, applications will be evaluated using the following rubric. Only those applications that meet all the rubric criteria will be recommended for approval. While the SPCSA hopes to fund all applicants that submit a compliant transportation plan, because there is only \$7 million available in each school year, the SPCSA may prioritize funding Title I charter schools.

Section	Rubric Criteria
2 Application Cover Sheet	<input type="checkbox"/> Title I School (the SPCSA may prioritize funding Title I charter schools)
3.1 Demonstration of Need	<input type="checkbox"/> The application identifies the gaps and limitations in existing transportation options and articulates how the transportation plan will address those gaps and limitations in order to materially improve access to education in the region served by the transportation plan.
3.2 Program Design	<input type="checkbox"/> The transportation plan is comprehensive, including complete answers to questions 1-4, as applicable, and is likely to be successfully implemented. <input type="checkbox"/> Answers to questions 5-8 demonstrate that the charter school will be able to comply with statutory and regulatory transportation requirements, including, without limitation, the certification of bus drivers and vehicle safety. <i>Only applies to applicants proposing to operate vehicles.</i>
3.3 School Information	<input type="checkbox"/> The academic, financial and organizational performance of the charter school indicates that the transportation plan is in the interest of pupils who will be served by the transportation plan. Specifically <ul style="list-style-type: none"> <li>● Past financial performance indicates that the transportation plan is likely to be financially sustainable;</li> <li>● Past organizational performance demonstrates that the transportation program is likely to be operated in compliance with all applicable laws and statutes; and</li> <li>● Past academic performance shows that students who will be transported to the school will be well served by the academic program and/or that transporting students is likely to improve academic performance (e.g., through the reduction in chronic absenteeism).</li> </ul>
4 Budget	<input type="checkbox"/> The budget demonstrates that the transportation plan is financially viable. <input type="checkbox"/> The budget and student enrollment demonstrate that the transportation plan would not cost more, on a per pupil basis, than the average cost for transportation for other public schools operating in the school district in which the charter school is located. <i>This will be evaluated by dividing the total cost of the transportation plan as proposed in the budget by the total number of students (Quarter 4 Average Daily Enrollment OR for new or expanding schools, the result of the enrollment audit).</i>

## 1.6 QUESTIONS AND TECHNICAL ASSISTANCE

For an overview of the application, evaluation rubric, and process, please refer to this [video](#). In addition, the SPCSA will be holding office hours at several points during the summer to answer questions. The first office hours will be held on Wednesday, July 5 at 8:15am. To join the office hours, use the meeting information below.

### Microsoft Teams meeting

## 2 APPLICATION COVER SHEET

---

### 2.1 GENERAL INFORMATION

Charter School/Holder: Discovery Charter School

Campus Name<sup>4</sup>: Hillpointe Campus

Sponsor Name: State Public Charter School Authority

School Year<sup>5</sup>: 2023-24

Title I Status:  School *identified* as Title I for the 23-24 SY  School *not identified* as Title I for the 23-24 SY

Street Address: 8941 Hillpointe Rd

City: Las Vegas State: NV Zip: 89134

Primary Contact Name<sup>6</sup>: Tricia Willbourne

Phone Number: 702-240-0359 Email: twilbourne@dclsv.org

### 2.2 APPLICATION SUBMISSION

Date of Charter School's Board's Approval of Transportation Plan: July 13, 2023

As Attachment 1, provide the copy of the board meeting minutes, draft or final, for the meeting in which the governing body authorized the submission of the transportation plan and funding request. Note that sample board motions for the approval and submission of the transportation plan can be found in Appendix B.

### 2.3 EXECUTIVE SUMMARY

Total Amount of Funding Requested: \$179,000

Briefly describe the transportation plan and how you plan to use the requested funding, if approved. (300 words or less)

With two campuses in the valley, Discovery Charter School has been able to serve the Las Vegas community since 2012. With this new funding opportunity, our Hillpointe campus is hoping to run a bus from its Sandhill campus to the Hillpointe campus, with strategic and safe stops along the route. With remaining funds we plan to remove barriers and add opportunities for more targeted support. We will operate two vans specifically for getting students with transportation insecurities to and from school every day.

This will allow us to accomplish two main goals. First, it will allow our geographic footprint to increase allowing more families an accessible route to school. Second, it will give more Discovery students the opportunity to attend middle school at a Discovery Charter School campus, enrolling at Hillpointe and riding the bus from Sandhill.

---

<sup>4</sup> Transportation plans must be submitted at the charter school campus level. Each distinct, non-adjacent address is considered a separate charter school campus. If a charter holder wishes to apply for funding for multiple campuses (distinct addresses), a transportation plan must be submitted for each campus.

<sup>5</sup> School year for which transportation funding is being requested.

<sup>6</sup> If the transportation plan is approved, the school's primary contact will be added to the Nevada Department of Education's Emergency Service Directory for Transportation.

Discovery Charter School is pursuing school transportation and student safety because we believe it is critical to our school's mission and commitment to equity. Ensuring students are arriving at school safely and consistently is top priority as we grow from our founding year. We were pleased to see the developments of the 2023 Legislative Session because public funding for transportation will allow us to provide critical services we could not provide, otherwise.

At a cost of \$66,000 per route, Discovery Charter School can secure an annual contract to provide full-size yellow bus transportation access to at least 60-70 students every day. We are open to adding new transportation services in the future as our enrollment and allowable budget allocation allows.

Based on our Q4 ADE from 2022-2023, we are eligible to apply for \$180,375 in SPCSA transportation funding. This funding will support Discovery Charter School's mission to keep students safe and support families by providing an equitable and efficient option for transportation.

○ *NOTE ON CALCULATIONS: ADE REPORTS ARE NOT CAMPUS-SPECIFIC, BUT AT THE END OF 2023-2024, 79.4% OF DISCOVERY'S STUDENTS ATTENDED THE HILLPOINTE CAMPUS, SO WE ALLOCATED 79.4% OF THE ADE REPORTED STUDENTS TO THIS CAMPUS'S APPLICATION (79.4% X 472.5 STUDENTS = 375.28 STUDENTS AT HILLPOINTE)*

## 2.4 ACKNOWLEDGEMENT

The school acknowledges the following:

- Charter schools that are awarded funding for daily transportation to and from school may not charge any fees for daily transportation to and from school.
- Charter schools providing transportation are responsible for complying with all applicable state and federal laws and regulations pertaining to the transportation of students.
- A school that receives an award will be reimbursed for expenditures made, upon submission of proof of payment of those expenditures. A school that receives an award may request a waiver to the reimbursement requirement. Waiver requests must be made in writing, thoroughly articulated, and align to the transportation plan.
- Before implementing an approved transportation plan a charter school must provide the following, as they pertain to the components of the transportation plan:
  - Provide evidence of proper insurance coverage pursuant to NRS 386.795;
  - Provide evidence that any school buses have inspected by the Department of Public Safety to ensure that the vehicle is mechanically safe and meets the minimum specifications established by the State Board of Education;
  - Provide written attestation that any vans or other vehicles that are designed for up to 10 passengers are in good repair pursuant to NRS 386.830; and
  - Complete the driver certification form demonstrating that bus, van, or other vehicle driver(s) have met all training, testing, and fingerprinting requirements.
- Charter schools providing transportation are required to submit certain reports to the Nevada Department of Education, including but not limited to the Annual Transportation Report and the Stop Arm Violation Report.

### 3 TRANSPORTATION PLAN

---

#### 3.1 DEMONSTRATION OF NEED

- 1) Describe the current transportation options available to students and identify the gaps and limitations. Include data on the number of students who need transportation and their geographic distribution.

Discovery Charter School - Hillpointe launched in 2012. As students from Sandhill graduate from elementary school they continue their time at Discovery Charter School at the Hillpointe campus, where middle school is offered. We wish to make this process easier and more accessible to families by providing a bus route from our Sandhill campus to Hillpointe, allowing students to stay at Discovery Charter School until the completion of eighth grade. There will be additional stops between the two campuses to help accommodate additional families along the optimized route, increasing our geographic footprint greatly. Families are very interested in transportation services and have expressed excitement over being able to continue attending a Discovery Charter School.

RTC bus routes are possible between the Hillpointe and Sandhill campuses, however even optimized routes are over 2 hours long which is not a suitable option for students and families.

The proposed bus stop map included later in this application shows where we believe bus stops will have the greatest reach and accomplishes the goal of getting from one campus to the other, but we are open to revising our map as more students enroll and we complete our ongoing needs assessment.

The proposed school bus stops are designed to extend access in the most efficient and equitable way possible by getting as many students off the waitlist and into school as soon as possible. Our proposed route is less than an hour long and has safe stops along the way for families.

- 2) Describe how the school's Transportation Plan, if approved and funded, is likely to materially improve access to education in the region served by the transportation plan.

If the transportation plan is approved and funded, Discovery Charter School will be able to serve more families who currently cannot attend to transportation difficulties. The proposed plan would expand our equitable, walkable recruitment footprint to 20 square miles . We reserve the right to adjust our bus stop map based on ongoing Needs Assessment, but below in Question #4 is a sample of what a bus route could look like based on current enrollment and interest forms.

#### 3.2 PROGRAM DESIGN

*For those charter schools sponsored by the SPCSA that do not already have approval to transport students to and from school, the Program Design section will constitute an amendment request pursuant to NAC 388A.330(4).*

- 1) Describe the transportation program. Include the following:
  - a. How do you plan to provide transportation to students?
  - b. How many students will be served by the proposed transportation plan?
  - c. What grade levels will be served by the proposed transportation plan?
  - d. What geographic area(s) will be served by the proposed transportation plan?
  - e. Describe all policies pertaining to the transportation program such as student eligibility, how students will be prioritized if the transportation program is oversubscribed, etc.
  - f. Describe the implementation timeline for the transportation program.

**a. How do you plan to provide transportation to students?**

For this first phase of student transportation, we plan to serve at least 60-70 students per day on each full-size yellow school bus managed by an external transportation partner.

With our shuttle vans, we intend to serve an additional 10-20 students per day, creating an equitable solution to truancy and chronic absenteeism.

**b. How many students will be served by the proposed transportation plan?**

As many as 70-90 students per day will be served by this plan.

**c. What grade levels will be served by the proposed transportation plan?**

All Discovery Charter School students would be eligible for bus transportation and for truancy and chronic absenteeism support, so this plan would serve grades K-8 in 2023-24.

**d. What geographic area(s) will be served by the proposed transportation plan?**

See the proposed route map below. This plan would primarily serve families living between 1 and 13 miles away from the Discovery Charter School campuses.

**e. Describe all policies pertaining to the transportation program such as student eligibility, how students will be prioritized if the transportation program is oversubscribed, etc.**

Students with transportation required in their IEP will always have first priority access to transportation. For everyone else, seats on the bus are granted on a first-come first-served basis. If there is more demand than available seats, then students will go on a rank ordered list, similar to an enrollment waitlist at a charter school.

Most importantly, if there is a significant waitlist for transportation services, we will aggressively seek to add additional bus routes.

**f. Describe the implementation timeline for the transportation program.**

We are prepared to launch transportation in October 2023. We have notified families in our enrollment discussions that transportation may be forthcoming. We are working closely with our chosen transportation vendor (LOI and draft contract attached) with a goal to begin services in October 2023.

In coming years, we hope to increase our transportation program, adding additional route(s) for the 2024-2025 school year.

**2) List and thoroughly describe any partnerships or contracts under which the school may provide the transportation services. As Attachment 2 provide a copy of the contract (or draft contract).**

We are committed to transportation, equity, and access, but we want to keep our focus on teaching, learning, and building relationships, so we intend to outsource transportation services to Bright Yellow Lines, a mission-driven organization that is launching this year to help charter schools provide transportation services to our families in response to the new opportunities provided by AB400.

A sample contract, scope of work, and signed LOI are attached.

Schools proposing to provide bus or van/vehicle transportation must answer questions 3-8. This section is not required if the school's plan only contemplates the use of public transportation.

- 3) Describe the scope and scale of the transportation that will be offered:
- a. Provide the number of vehicles, make and model of each vehicle, and capacity of each vehicle;
  - b. Provide the number of daily routes operated; and
  - c. Provide the average number of students per route (to calculate the average number of students per route, take the total of students transported, including pre-K and special education, and divide by the number of routes).

**a. Provide the number of vehicles, make and model of each vehicle, and capacity of each vehicle;**

The anticipated buses the proposed transportation service provider will use to serve Discovery Charter School students in 2023-2024 are Model Year 2011 Class D buses from International. A quote and spec sheets for these buses is attached. The buses are rated at 84-students max, but we are estimating a capacity of 60-75 students per bus because we will be serving elementary and middle school students.

**b. Provide the number of daily routes operated; and**

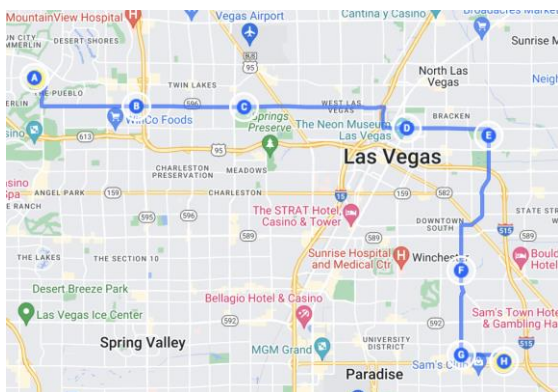

We will operate 1 route per day in the morning and afternoon.

**c. Provide the average number of students per route (to calculate the average number of students per route, take the total of students transported, including pre-K and special education, and divide by the number of routes).**

The bus route will serve up to 60-75 students, and this is a one-route transportation plan, so the buses can serve 60-70 students total.

- 4) Describe the proposed transportation routes and schedules, including a description of the pick-up/drop-off location(s) and how they comply with NRS 386.840. If possible, provide a tentative map of the transportation routes.

See proposed bus route below. The proposed stops are safe, open, well-lit locations, most of which are schools and parks.

(Pictured above stops A-H connect the two campuses together. For the morning route we will start at H and continue to A, this is reversed for the afternoon route.)

Stop 1: Discovery Charter School - Sandhill (7:00 a.m)

Stop 2: Paradise-McLeod Park (7:10 a.m)

Stop 3: Winchester Cultural Center (7:15 a.m)

Stop 4: Freedom Park (7:20 a.m)

Stop 5: Lion's Memorial Park (7:25 a.m)

Stop 6: Ed Fountain Park (7:30 a.m)

Stop 7: Woofter Family Park (7:35 a.m)

## Stop 8: Discovery Charter School - Hillpointe (7:45 a.m.)

Afternoon dismissal times will likely be in reverse order, and the bus will depart campus as soon as possible after 2:45 p.m. dismissal.

- 5) Explain how the school will ensure compliance with [Nevada's School Bus Standards](#), and Nevada Revised Statutes and Regulations, particularly NRS 386.790 through NRS 386.845 and NAC 386.500 through NAC 386.555.

Student safety is the most important goal of our transportation program. The myriad compliance requirements from Nevada Department of Education and the Nevada Highway Patrol are helpful requirements to promote student safety, so we will ensure that each one is met fully and on time.

Discovery Charter School's draft contract with BYL includes specific expectations to manage compliance requirements (e.g., annual bus inspections and driver assessments, records retention, drug testing, etc.). A compliance tracker provided to the SPCSA tracker shows what BYL will be accountable to track and report for Discovery Charter School. New school bus guidelines are updated each year, so this tracker will be finalized as soon as the Nevada Department of Education adopts its revised guidelines for the 2023-24 school year, which we expect to happen later in July 2023.

- 6) Describe how the school will comply with requirements and protocols for driver training and safety. For school bus transportation, confirm that the driver(s) of the school bus will meet the minimum qualifications as described in NRS 386.825 and describe how the school will maintain all required employer documentation per Nevada Department of Education regulatory guidance for school bus operations.

Similar to question #5, BYL will use a compliance tracker, which is also shared with SPCSA to ensure that any buses providing service to Discovery Charter School or any other charter school will meet all requirements from NDE, NHP, or any other relevant regulatory agencies.

- 7) Describe how the school and/or transportation vendor will ensure student safety, including complying with NRS 386.820, as applicable. Include:
- The proposed schedule for practicing student evacuation
  - A description of the bus/vehicle safety program

Similar to questions 5 and 6, all required safety and compliance documentation will be provided by BYL. One such requirement is to maintain an annual log of practice student evacuation drills which must be completed at least twice per, but which we will conduct once per month in the first quarter, and then quarterly, thereafter. New rider onboarding and family communication regarding bus safety and expectations will be required before any new riders can begin receiving bus services.

- 8) **Optional:** For schools that intend to transport students to and from activities and programs, describe how the school and/or transportation vendor will comply with NRS 386.815 regarding operating a school bus for extended periods of time, if applicable. *Note that transportation funding cannot be used to cover the expenses associated with field trips and extracurricular activities. However, SPCSA-sponsored schools should complete this question if they are seeking a transportation amendment and intend to transport students to and from activities and programs.*

Discovery Charter School understands these funds cannot be used for field trips or athletics, so those transportation services are addressed in a separate scope of work that is not included with this application.

### 3.3 SCHOOL INFORMATION

- 1) Explain why academic, financial and organizational performance of the charter school indicates the transportation plan is in the interest of the students who will be served by the transportation plan.

**Academically**, transportation's greatest impact will be reducing absenteeism and tardiness. This claim is supported by [large-scale national research](#), especially when bus riders are not too long, and transportation is reliable. For the 21-22 school year, Discovery Charter School - Hillpointe had a chronic absenteeism rate of 31.4%. We believe providing transportation will reduce this figure.

**Financially**, transportation helps us maintain scholars as they move from elementary to middle school, encouraging more students to stay enrolled at Discovery Charter School.

**Operationally**, providing student transportation will allow the school's arrival and dismissal processes to run more smoothly. Discovery Charter School and its proposed transportation partner are in communication with Discovery Charter School's civil engineer to confirm the allowability and review the safety of the proposed bus loading procedures.

- 2) For charter schools not sponsored by the SPCSA, provide a summary of any findings under the Authorizer's Performance Framework (NRS 388A.273) for the preceding three years and the actions taken by the school to address the findings. Include as Attachment 3 copies of the Authorizer's Performance Framework reports for the preceding three years.

n/a

- 3) For schools not sponsored by the SPCSA, provide as Attachment 4 the current charter contract, including evidence that the school has been approved to provide transportation. If the school has not been approved to provide transportation, describe the school's plans to receive approval pursuant to NAC 388A.330(4).

n/a

## 4 BUDGET

---

*Pursuant to Assembly Bill 400, Section 28.5(3)(e), schools may be funded up to the average per pupil cost for transportation in the school district in which the charter school is located.*

- 1) What is the total number of students enrolled at the charter school campus based on the 4th quarter Average Daily Enrollment (ADE) from the 2022-23 school year? *New schools and those schools that were approved for an Exceptional Enrollment Growth Adjustment (EEGA) should report the audited enrollment number.*

375.28

- 2) As Attachment 5, provide a copy of the 4<sup>th</sup> quarter ADE report. *New schools and those schools that were approved for an Exceptional Enrollment Growth Adjustment (EEGA) should provide a copy of the signed funding request.*

- 3) Which county is the charter school campus located in? Clark

*For reference, per pupil funding amounts by school district are included below.*

School District	Per Pupil Transportation Funding (Based on the FY19-FY22 four-year average)
Carson City	\$359
Churchill County	\$519
Clark County	\$481
Elko County	\$480
Washoe County	\$392
White Pine County	\$968

- 4) Use the Transportation Budget Workbook to show how the transportation funds being requested will be used to support the school's proposed Transportation Plan. For each item in the budget include Object Code; Function Code; Quantity; Salary, Rental or Unit Cost; and Narrative. The Narrative should include details on the purpose, justification for the cost, and the cost calculation. Submit the Transportation Budget Workbook as Attachment 6.

- 5) If necessary, provide any additional narrative in support of the budget details.

# 1. APPENDIX A: SAMPLE GOOD CAUSE EXEMPTION LETTER

---

Those charter schools that are sponsored by the SPCSA which are not already approved to provide transportation to and from school will require an amendment to their charter contract. The transportation plan within the application serves as the amendment application. Because this amendment is being requested outside of the SPCSA's typical contract amendment windows, schools must include a request for a good cause exemption pursuant to NAC 388A.400. In addition to including a good cause exemption in the board's motion approving the transportation application, the school must provide a letter regarding the good cause exemption request. The following language may be used for the good cause exemption letter. This letter should be on the school's letterhead and signed by the school's board chair.

*This letter is provided to formally request a Good Cause Exemption to amend the [school name] charter contract outside of the traditional amendment cycle. This request was approved by the Governing Body of [school name] on [board meeting date]. The attached amendment application would formally establish transportation services to and from school at [school name]. Transportation would begin on or about [date].*

## 2. APPENDIX B: SAMPLE BOARD MOTIONS

---

**For a school that is requesting approval of the transportation plan and a contract amendment (SPCSA schools only):**

Approve the [school name] transportation plan and funding request for submission to the State Public Charter School Authority and approve the amendment request to add transportation of students to and from school, including a request for good cause exemption request to have the State Public Charter School Authority consider this amendment request outside of the established windows.

**For a school that is requesting approval of the transportation plan only (non-SPCSA schools and those SPCSA schools already approved to provide transportation to and from school):**

Approve the [school name] transportation plan and funding request for submission to the State Public Charter School Authority.

### 3. APPENDIX C: FREQUENTLY ASKED QUESTIONS

---

1. Can transportation funding be used for capital expenses?  
*Yes, transportation funding may be used for capital expenses, such as the purchase of a vehicle to transport students or the cost to retrofit a space to secure the transportation vehicles.*
2. Can transportation funding be used to contract with a vendor that will provide transportation services?  
*Yes, a charter school may use transportation funds to contract with a vendor to provide transportation services. Note that any transportation, regardless of whether it is provided by the school or a vendor, must comply with applicable statutes and regulations.*
3. Can transportation funding be used for capital and/or operating expenses associated with transporting students in vans?  
*Transportation funding may be used to fund expenses associated with vans, so long as they are vehicles designed to transport 10 passengers or less. Any vehicle designed for more than 10 passengers must comply with all laws and regulations pertaining to school buses.*
4. Can transportation funds be used to cover the cost of insurance related to transporting students to and from school?  
*Yes, transportation funds may be used to cover the cost of insurance related to transporting students to and from school.*
5. Can transportation funding be used to purchase public transportation passes?  
*Yes, transportation funds may be used to purchase public transportation passes for students.*
6. Can transportation funding be used for private motor coaches/buses that transport adults instead of school buses?  
*No, daily transportation operated by the school to transport students to and from school can only be provided on vehicles that meet the school bus requirements. The only exception is vehicles that are designed to transport 10 passengers or less.*
7. Can transportation funding be used for expenses associated with transporting students to field trips?  
*No, transportation funding can only be used for expenses related to transporting students to and from school.*
8. Can transportation funding be used for stipends or to reimburse parents for the costs associated with transporting their students to school?  
*No, transportation funding cannot be used for stipends or reimbursements to parents.*
9. What should be included in the budget?  
*The budget should show how the transportation funds being requested will be used to support the school's proposed Transportation Plan. For each item in the budget include Object Code; Function Code; Quantity; Salary, Rental or Unit Cost; and Narrative. The Budget Narrative must contain:*
  1. *Purpose of Cost (Why does the school need funds in this line item?)*
  2. *Beneficiary (Who will benefit from funds in this line item? E.g., Salary for one bus driver or Cost for one school bus to transport 25 students)*
  3. *Cost Calculation (Show your math. E.g., Funds for 1.0 FTE school bus driver at estimated \$32,000 annual base salary.)*
10. When will schools be able to receive transportation funds?

*Schools that receive awards for transportation funding will be reimbursed for expenses associated with the transportation plan and as detailed in the approved budget. In unique situations, the SPCSA may, at its discretion, provide transportation funding to a school in advance of the school expending the funds.*

11. What is the process and timeline for charter contract amendments and approvals?

*A charter school is only permitted to provide transportation to pupils if the school has approval to do so from its sponsor. See NAC 388A.330(4). Therefore, charter schools may be required to submit to their sponsor a contract amendment request in order to implement the transportation plan. For those schools sponsored by the SPCSA, any contract amendment associated with the implementation of the transportation plan will be considered as part of this application as detailed in section 1.4. Charter schools sponsored by school districts must work with their sponsor to gain approval of an amendment to provide transportation to pupils.*

12. Will transportation funding be renewed each year?

*Assembly Bill 400 only appropriates funds for the 2023-24 and 2024-25 school years. Schools that receive transportation funding during the 2023-24 school year will be prioritized to receive funding again in the 2024-25 school year. However, the Legislature will need to appropriate funding for charter schools beyond the 2024-25 school year.*

Charter School/Holder Name: Discovery Charter School  
 Campus Name: Hillpointe Campus

This is a monthly service fee to a transportation service provider to run two bus for students every morning and afternoon (paid over 10 months). Under this agreement, the school would have no other expenses (e.g., driver s

Object Code	Function Code	Quantity	Salary, Rental or Unit Cost	Narrative
Purchased Professional/Techn	Transportation	10	6,600	This is a monthly service fee to a transportation service provider to run 1 buses for students every morning and afternoon (paid over 10 months). Under this agreement, the school would have no other expenses (e.g., driver salaries and benefits, insurance, fuel, etc.)  All Discovery Charter School students who ride the bus will benefit from this expense.
			6,600	\$6,600 per month x 10 months x 1 routes = \$66,000
Equipment	Transportation	2	45,000	\$90,000 is its total cost of acquisition for 2 shuttle vans. This will benefit all students who will be driven in the school's shuttle vans, including for truancy visits. Discovery will aggressively shop for the best price for reliable, safe, NEW vehicles, but this quote is based on total cost of acquisition of support vans for morning or afternoon.
Salaries	Transportation	7	2,000	Stipends for teachers who complete the driver training exam and operate the student truancy Commercial Auto and Liability Insurance. This will benefit all students who will be driven in the school's shuttle van, including for truancy visits. The cost is based on a total commercial auto and liability quote of \$4,500 per vehicle annual premium.
Other	Transportation	2	4,500

Website: [www.dcslv.org](http://www.dcslv.org)

enrollment from Q4. They are giving us 227, 000 for transportation. Yellow Lines wants to become the transportation for charter schools, his company will provide the bus covered with insurance, maintenance, and everything for us. David, the owner, is getting the buses and can help to provide this route to Discovery in September sometime. The vote today is to submit the plans to the Charter Authority and request the money from them.

- b. Member Pehlivanov asked if this provider has prior experience in providing these services and how long has he been in Nevada. Do other charter schools have similar services? Once we submit, do we have to resubmit the entire application if we need to change providers?
  - i. Wilbourne said he will follow all laws in regards to the bus and will train the drivers, first year in Nevada. Other charter schools are going to use him. Battle Born, Nevada Prep are going to use him as well. We are one of 2 that have transportation in Nevada. No one else is approved except us and Nevada Prep. She is completing the application and then the owner of the bus company, David, will add the rest of the details about the buses. SPCSA decides who gets the money and who is approved. Wilbourne will ask if we have to redo the application based on the one company. We would more than likely have to resubmit the application and plan.
- c. Member Kise asked how many buses he has for us and drivers? Do we have first dibs or are we at the mercy of availability? How long are we contracted with him?
  - i. The company is buying a fleet and is aimed at just keeping our route from Sandhill to Hillpointe and back. If we use the money, they will continue to give us the

- money. There is 7 million dollars allocated for charter schools to use transportation.
- ii. Member Sandoval mentioned that she cannot provide transportation for her middle school student, but she has to be assured that the bus situation is good. She did see other parents that are still going to bring their children.
  - iii. Member Pehlivanov asked if the transportation would change based on how many students are on the bus
    1. Wilbourne said that it is based on the student count at Hillpointe, not just bus riders. It is also difficult to hold seats for the bus students as we are a public school.
  - d. Member Pehlivanov made a motion to move forward with the approval of the plan and submit the request. Member Salas seconded the motion. The application and request will be submitted to the Charter Authority for approval by Principal Wilbourne.
5. State of the School Tricia Wilbourne (For Discussion)
- a. Wilbourne shared that we have moved to the new campus. 25 volunteers the first day. Member Salas helped daily. Member Salas mentioned that she is really happy with the new campus, her children are excited to be at the new campus.
  - b. RedHook has been a great partner. The neighborhood is excited to have them
  - c. There will be a SH grill at the end of the month.
  - d. Member Kise asked about administration raises as well. Principal Wilbourne said that all administrators were compensated fairly. The new assistant principal for Sandhill was given a competitive salary from CCSD.
  - e. Member Kise asked about the transportation for passenger vans. Wilbourne said that if we transport more than 10 students, we have to get buses.

6. Public Comment and Discussion: *(No action may be taken on a matter raised under this item of the agenda until the matter itself has been specifically included on an agenda as an item upon which action will be taken.)*
  - a. None at the time
7. Adjournment
  - a. Member Kise adjourned the meeting at 9:33 a.m.

#### PUBLIC COMMENTS:

Speakers wishing to speak during public comment period for this meeting may sign up via the chat box on Go To Meeting once they have joined the virtual meeting. Speakers will be unmuted in the order which they signed up. No one may sign up for another person or yield their time to another person. Generally, a person wishing to speak during the comment period will be allowed two (2) minutes to address the Leadership team. Speakers may also submit additional comments in writing. It is asked that speakers be respectful to each other, the administrative team and school staff. Speakers that are disruptive will be muted and asked to leave the meeting. Depending on the length of the meeting, ten speakers will be guaranteed an opportunity to speak. Additional speakers may be called on if time permits.

## TRANSPORTATION SERVICES AGREEMENT

THIS AGREEMENT ("Agreement") is by and between Bright Yellow Lines, LLC, a Nevada Limited Liability Company ("Yellow Lines") with an address of 48 Vallejo Verde Street and Discovery Charter School, a Nevada charter school with an address of 8941 Hillpointe Rd., Las Vegas, NV 89134 ("Charter School") and is effective as of the date signed by the Charter School ("Effective Date").

THE PARTIES HEREBY AGREE TO BE BOUND BY THE FOLLOWING TERMS:

1. (RESERVED)
2. Term. The term of this Agreement ("Term") shall commence on the Effective Date and, unless earlier terminated pursuant to the terms of this Agreement, shall continue until either the last day the Charter School holds classes in the 2023-2024 school year or May 31st, 2024, whichever is later (the "Lapse Date").
3. Services. Rates. and Payment. Yellow Lines agrees to perform the following services for the Charter School at the following rates:
  - a. Services. During the Term, on each day the Charter School is in session and students are attending class (as reflected on the Charter School's school calendar available on its website or as otherwise identified in writing by the Charter School), Yellow Lines will provide the following services (collectively, the "Services"):
    - a Provide one sufficiently sized bus (the "Bus");
    - b To pick-up all the students identified by the Charter School from time to time (the "Bus Riders");
    - c During the scheduled times agreed upon during route planning.
    - d Drop the Bus Riders off at their respective stops as identified on the route map, as reflected in Charter School's approved transportation plan to the SPCSA, and as may be amended from time to time upon mutual written agreement of the parties (the "Route").

In the event of any delay in Service for any reason, Yellow Lines will immediately notify the Charter School of the delay's cause and estimated length. Yellow Lines will do everything it can, at its sole cost and expense, to minimize the delay and still provide Services that school day, including but not limited to providing a replacement Bus (meeting the requirements of this Agreement) to provide the Services.

\*\* If Gas prices rise about 4.75, there will be an additional charge to help cover the cost of gas at 100.00 per bus per month

- b. Fee. In consideration of the Services, the Charter School will pay Yellow Lines \$6,600 per bus for each month Yellow Lines provides the Services (the "Fee"), up to 10 months. In the event Yellow Lines is unable to provide the Services on a school day or provides significantly delayed Services, as determined by the Charter School, Yellow Lines will credit the Charter School an amount equal to the daily Fee for the given route.
- c. The Bus. Yellow Lines will ensure, at its sole cost and expense, every Bus it uses to provide the Services: (i) has properly functioning air conditioning and heat at all times; (ii) is clean and in

safe operating condition; (iii) is lawfully able to be operated on public roads and highways in compliance with all applicable laws, regulations, and industry standards; and (iv) is well-maintained, properly serviced, and is at all times compliant with all applicable standards of the industry, including DOT and DPS guidelines and requirements.

- d. Invoices. At the beginning of each month, Yellow Lines will deliver an invoice reflecting the Fee, the number of actual days the Services were provided to the Charter School, as well as any credits due to the Charter School arising from the immediately preceding month. The Charter School will remit payment to Yellow Lines within 5 days of receiving Event Source's invoice ("Due Date"). In the event the Charter School has not sent payment within than five (5) days after the Due Date, then a \$25 late fee will be charged to the Charter School per day. In the event the Charter School has not sent payment within 15 days after the Due Date, Yellow Lines, in its sole discretion, has the absolute right to suspend its provision of Services to the Charter School until the invoice is paid by the Charter School, at which point Yellow Lines will resume the Services.
- e. Notice of termination of contract: Either party may terminate this Agreement, in its sole discretion and without further liability, by providing 30 days written notice to the other party.
- f. Insurance. At its expense, Contractor shall always maintain insurance coverage sufficient to cover its obligations under this Agreement, including at least:
  - a general commercial liability insurance of \$ 1,000,000 per occurrence and \$2,000,000 in the aggregate, including abuse and molestation coverage of at least \$ 1,000,000 per occurrence, advertising injury coverage, products and completed operations coverage, and independent contractors' coverage.
  - b comprehensive commercial automobile liability insurance covering all owned, non-owned, and hired automobiles with coverage (not excluding passengers) of at least \$5,000,000 Combined Single Limit Bodily Injury and Property Damage; and
  - c workers' compensation insurance meeting the statutory requirements and limits in Nevada.

For coverages (a) and (b), Yellow Lines will ensure the Charter School property is a covered location, will provide the Charter School with certificates of insurance and endorsements naming "Vista College Preparatory and its directors, officers, employees, and agents" as additional insureds and will provide a waiver of subrogation in favor of "Vista College Preparatory." All policies maintained by Yellow Lines in satisfaction of this Section must be issued on a primary and noncontributory basis and may not contain any insured vs. insured exclusions that would prejudice the Charter School's rights under the policies. Coverages required in this Section may be satisfied through a combination of coverages, including through an umbrella policy; however, all policies must be issued from a company rated A or better by A.M. Best and be licensed to do business in Nevada. Yellow Lines will provide the school with thirty (30) days' written notice of any cancellation, renewal, or material change to coverages.

The Charter School is not responsible for any fees arising out of this Agreement unless Yellow Lines provides the Charter School with effective certificates of insurance, endorsements, and waivers of subrogation, as required by this Section.

- g. Personnel. Throughout the Term, Yellow Lines will ensure that all persons providing Services, including Bus Aides and Drivers meet all requirements for Nevada school transportation personnel. Upon the Charter School's reasonable request, Yellow Lines will promptly (the person will not have further contact with Bus Riders unless approved in writing by the Charter School) replace any person it has assigned to provide Services with someone acceptable to the Charter School and who meets the above identified qualifications. Yellow Lines will ensure all its personnel conduct themselves at all times in a professional manner, enforce the Charter School's expectations for student conduct, and promptly report any Bus Rider misbehavior to the Charter School.

In addition to the foregoing and in accordance with all applicable Nevada statute and regulations, Yellow Lines will ensure all transportation personnel involved in carrying out Yellow Lines' s duties under this Agreement, including all drivers, possess: the appropriate license class for the size of school bus being operated, as issued by the Department of Transportation; a bus endorsement issued by the Department of Transportation; and a school bus certificate issued by the Department of Public Safety. Such personnel shall also maintain minimum standards and completed training and instruction, as required by Nevada statute and regulations.

- h. Compliance with Laws. At all times during the Term, Yellow Lines will remain compliant with all applicable state, local, and federal laws and regulations relating to the transportation of children.

The Charter school will provide a 100% fully refundable deposit in the amount of two weeks of transportation services at the beginning of the school year, that The Charter school would get back at the end of the school year. The deposit could be applied to the last invoice of the year or be paid back in full to the school.

4. Contractual Obligations of Charter School. The Charter School is responsible for the following under this Agreement:

- a. The Charter school will provide timely notice to Yellow Lines of any specialized transportation needs of Bus Riders and Yellow Lines shall thereafter, at Yellow Lines' s sole cost, fully meet such needs.
- b. The parties understand and agree that nothing in this Agreement shall be construed to create a partnership, joint venture, or employee/employer relationship between the parties and that Yellow Lines shall always be free to perform the same or similar transportation services for others, as well as engage in any other business activities or other fields of business.
- c. The Charter school will, in its sole discretion, notify Yellow Lines, in a timely manner, of any complaints made by Charter School staff or Bus Riders relating to any of Yellow Lines' staff and Yellow Lines shall promptly investigate, respond to, and, as necessary, remedy the issue underlying the complaint.
- d. Yellow Lines will provide to the school a copy of the Bus Insurance, drivers name, driver's license, fingerprint card and First Aid and CPR card.

Agreement and that they are not a party to any agreements, written or otherwise, that would materially conflict with the provisions of this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date written in the preamble herein.

6/30/2023

I, Tricia Wilbourne, hereby certify that:

I, or my designated representative, have validated the Quarter 4, FY23 student enrollment data calculated and generated by Infinite Campus Nevada State Reporting Average Daily Enrollment reports, including resolving any overlaps to the best of our ability and confirming district of residence, in accordance with the *ADE Validation & Certification Guidance (Updated 8/1/2022)* and the direction of NDE SAIN Support.

The following validated reports have been downloaded from Infinite Campus and uploaded to Bighorn under Files > Fiscal Reporting under the appropriate school and/or district folder, and I affirm their completeness and accuracy for the purposes of Pupil-Centered Funding payments:

- School Detail Report
- District/Charter Summary Report
- Non-Traditional Student Supplemental Attendance
- Enrollment Overlap Report, with justification
- Supplementary Reports of Enrollment and Attendance, to include, as applicable:
  - Out of State Pupils
  - Resident Pupils Attending School Out of State
  - Interlocal Students
  - Pupils receiving Residential Treatment in a Hospital or other Facility

For Discovery Charter School, the total Average Daily Enrollment Count is 472.50. This number is calculated from the **Detail** report and has been rounded to the **second decimal place** pursuant to the *2022 ADE Validation & Certification Guidance*.

I understand that all ADE figures are subject to review, verification, and potential adjustment by the Nevada Department of Education, including requested adjustments, which must be authenticated by audit prior to the annual True-Up.

The primary contact in my local education agency for ADE questions is:

SPEEDOMETER, TOOLS, MISC	CHASSIS PAINT Full Chassis
SPEEDOMETER, TOOLS, MISC	PAINT SCHEMATIC, PT-1 Single Color, Design 100
SPEEDOMETER, TOOLS, MISC	PAINT TYPE Urethane, One or Two Colors, Other than Imron or International.
CLUTCH	CLUTCH Omit Item (Clutch & Control)
ENGINE	ENGINE, DIESEL {International MaxxForce DT} EPA 07, 285 HP 800 lb-ft Torque @ 1400 RPM, 2400 RPM Governed Speed, # 2 Bell Housing
ENGINE	FAN DRIVE Hydraulic Pump & Motor with fixed speed, with Residual Torque for Disengaged Fan Speed
ENGINE	THROTTLE, HAND CONTROL Electronic
ENGINE	AIR CLEANER Dual Element
ENGINE	RADIATOR SIDE MOUNTED; Cross Flow, 2-Row, Series System, 1155 SqIn Area With Aluminum Core and 1022 SqIn Charge Air Cooler
ENGINE	GOVERNOR Electronic Road Speed Type; for Electronic Engines and Bus Models; with 55 MPH Default
ENGINE	HOSE CLAMPS, RADIATOR HOSES Constant Torque, for Engine Hoses 1.0" I.D. and Over
ENGINE	CARB IDLE COMPLIANCE Federal, Does Not Comply with California Clean Air Idle Regulations
TRANSMISSION	TRANSMISSION, AUTOMATIC {Allison 3000_PTS} 4th Generation Controls; Close Ratio, 5-Speed, With Overdrive, Includes Oil Level Sensor, Less PTO Provision, Less Retarder, School Bus, With 80,000-lb GVW & GCW Max.
TRANSMISSION	TRANSMISSION SHIFT CONTROL {Allison} Push-Button, for Allison 3000 & 4000 Series Transmission
TRANSMISSION	SHIFT CONTROL PARAMETERS WT-Allison S-1 Performance Programming in Primary and Allison S-4 Economy Programming in Secondary

TRANSMISSION	TRANSMISSION OIL Synthetic; 29 thru 42 Pints
TRANSMISSION	ALLISON SPARE INPUT/OUTPUT for Pupil Transportation Series (PTS), Package Number 148
REAR AXLES, SUSPENSIONS	AXLE, REAR, SINGLE {Dana Spicer 23060SH R/O} Single Reduction, Pinion Up, 23,000-lb Capacity, 200 Wheel Ends
REAR AXLES, SUSPENSIONS	SUSPENSION, REAR, AIR, SINGLE {International IROS} 23,000-lb Capacity, 9.25" Ride Height, with Shock Absorbers
FUEL TANKS	FUEL/WATER SEPARATOR Includes Water-in-Fuel Sensor, with Filter Restriction/Change Indicator
FUEL TANKS	FUEL TANK Steel, Rectangular, 105 US Gal (397L), Includes Protective Cage, Mounted Between Frame Rails and Ahead of Rear Axle
CABS, COWLS, BODIES	GAUGE CLUSTER English with English Electronic Speedometer and with Tachometer for Air Brake Chassis
CABS, COWLS, BODIES	GAUGE PACKAGE Includes Hourmeter
CABS, COWLS, BODIES	FLOOR COVERING Transmission Cover, Floor Mats and Seal DO NOT ORDER-FOR FACTORY USE ONLY
CABS, COWLS, BODIES	PLATFORM Standard Location
WHEELS, SPARE	WHEEL, SPARE, DISC 22.5x8.25 Rims, Painted Steel, 10-Stud, 285.75mm BC, Hub-Piloted
WHEELS, TIRES - FRONT	WHEELS, FRONT {Accuride} DISC; 22.5x8.25 Rims, Painted Steel, 2-Hand Hole, 10-Stud, 285.75mm BC, Hub-Piloted, Flanged Nut, with Steel Hubs
WHEELS, TIRES - REAR	WHEELS, REAR {Accuride} DUAL DISC; 22.5x8.25 Rims, Painted Steel, 2-Hand Hole, 10-Stud, 285.75mm BC, Hub-Piloted, Flanged Nut, with Steel Hubs
WHEELS MISC OPTIONS	TIRE, SPARE Equal to Model Standard
WHEELS MISC OPTIONS	WHEEL SEALS, FRONT {International} Oil-Lubricated Wheel Bearings
WARRANTY	WARRANTY Medium Duty Standard 12 Months
BODY PLANS	BODY, BUS for RE; 78" Headroom, 39'11" Body Length, 84 Passenger, 276" WB
BODY FEATURES	BODY CERTIFICATION TAG Mylar Label
BODY FEATURES	BODY TAG, METAL Capacity to Include the Total Number of Passengers
BODY FEATURES	STEP, FRONT ENTRANCE DOOR 25 3/4" Depth; 14ga Steel
BODY FEATURES	HEADLINER, BODY for RE; Perforated Full Length with Sound Insulation Full Length
BODY FEATURES	FASTENERS, HEADLINER Screws
BODY FEATURES	BOWS, ROOF 14 ga., One Piece Construction

BODY FEATURES	LIGHT BARS Plastic
BODY FEATURES	SKIRT, BODY for RE, 20", 16 ga.
BODY FEATURES	TIE DOWNS, BODY Grade 8 Bolts, Every Body Section
BODY FEATURES	SKID PLATE Right Front Step Well Guard
BODY FEATURES	RUB RAILS, BODY (4) for RE; Steel, All Body Lengths Includes Snow Rail
BODY FEATURES	SIDE SHEET, BODY, EXTERIOR for RE, 16 ga., Smooth
BODY FEATURES	SUPPORTS, REAR BUMPER Bolted to Frame
BODY FEATURES	BUMPER, REAR Painted; 12" High, 3/16" Thick, with 7" Hole for Exhaust
BODY FEATURES	TOW HOOKS, FRONT (2) 1 Left, 1 Right
BODY FEATURES	LINING, SIDE INTERIOR, LOWER Embossed Steel, Clear Coated
BODY FEATURES	HANDLE, ASSIST, OVER WINDSHLD Body Color
BODY FEATURES	LATCH, ACCESS DOOR Front, Lever Type
BODY FEATURES	CONTROL, ENTRANCE DOOR Electric Over Air, 2 Position Selector Switch Mounted left of Driver
BODY FEATURES	DOOR, ENTRANCE, FRONT Air, Outward Opening, with Split Pane Glass
BODY FEATURES	DOOR, SIDE EMERGENCY, LEFT 25"; Installed Forward of Rear Wheel Pocket
BODY FEATURES	HOLD BACK, LEFT SIDE Side Emergency Door, with Plastic Cover
BODY FEATURES	LATCH, EMERGENCY DOOR, LEFT One Point Slide Bar, Cam Operated, with One Inch Stroke
BODY FEATURES	LOCK, ENTRANCE DOOR for Air, Electric Control, with Key Switch
BODY FEATURES	LOCK, EMERGENCY DOOR LEFT with Ignition Starter Interlock
BODY FEATURES	COMPARTMENT, BATTERY For Two Size 8D Batteries Mounted Behind Right Rear Wheel Pocket
BODY FEATURES	HOLD DOWN, BATTERY For (2) Standard Size Batteries
BODY FEATURES	GLOVE BOX, FRONT Mounted on Front Bulkhead
BODY FEATURES	CARTON, SHIPPING for Spare Wheel and Tire, Inside Bus
BODY FEATURES	NOISE REDUCTION, ROOF BOW For RE; Insulation 1 1/2", All Body Lengths
BODY FEATURES	INSULATION, ROOF/SIDES/BULKHEAD 1.5"
BODY FEATURES	MONITOR, POST TRIP INSPECTION {Child Check Mate} with Alarm Disable at Rear of Bus
BODY FEATURES	UNDERCOAT, BODY Fire Resistant, Water Based, TT-C-730 Spec

BODY FEATURES	ARROW, SIDE DOOR, LT OUTSIDE Decal; Black, Indicating Handle Direction
BODY FEATURES	LETTERS, BATTERY COMPARTMENT (01) Decal; "Battery"; 2" Black Letters, Centered on Standard Battery Box
BODY FEATURES	LETTERS, SCHOOL BUS FRONT/REAR Decal; "SCHOOL BUS"; with 8" Black Reflective Letters On Front and Rear Cap
BODY FEATURES	STRIPING, E/E WINDOW, LEFT (02) Perimeter, 1" Yellow
BODY FEATURES	STRIPING, E/E WINDOW, REAR Perimeter
BODY FEATURES	LETTERS, E/E WINDOW, LEFT (2) Decal Sets, "EMERGENCY EXIT", Black Inside and Outside
BODY FEATURES	STRIPING, REAR END 2" Yellow
BODY FEATURES	STRIPING, ROOF HATCH, FRONT Decal, Perimeter, 1" Yellow
BODY FEATURES	STRIPING, ROOF HATCH, REAR Decal, Perimeter, 1" Yellow
BODY FEATURES	STRIPING, SEATLINE 2" Yellow
BODY FEATURES	STRIPING, PERIMETER, LEFT Side Emergency Door, Yellow Reflective
BODY FEATURES	WIRING DIAGRAM Schematic, Electrical
BODY FEATURES	STRIPING, E/E WINDOW, RIGHT (02) Perimeter, 1" Yellow
BODY FEATURES	LETTERS, HEADER Decal; "WATCH YOUR STEP", 1" Black, Above Windshield
BODY FEATURES	LETTERS, STEPWELL Decal, "WATCH YOUR STEP", 2.5" Black, Behind Door on Step Riser
BODY FEATURES	PAINT COLOR, RUB RAILS 0001 Canyon Black
BODY FEATURES	LETTERS, DOOR, LEFT Decals; "EMERGENCY EXIT", 2" Black Letters Inside and Outside
BODY FEATURES	SEAL, RUB RAILS Top Edge, All Rails
BODY FEATURES	LETTERS, E/E WINDOW, RIGHT (2) Decal Sets, "EMERGENCY EXIT", Black, Inside and Outside
BODY FEATURES	PAINT COLOR, BODY EXTERIOR 4421 School Bus Yellow
BODY FEATURES	PAINT FLASHER BACKGRD 0001 Canyon Black
BODY FEATURES	PAINT COLOR, ROOF 9219 Winter White, Beginning 5" Above Drip
BODY FEATURES	PAINT, RUB RAIL Flange to Flange
BODY FEATURES	PAINT COLOR, BODY INTERIOR 9384 Spring White
BODY FEATURES	LETTERS, FUEL I.D. Decal; "DIESEL FUEL", 1" Black, on Fuel Filler Door
BODY FEATURES	HANDLE, EXTERIOR, LEFT Emergency Door; Yellow
BODY FEATURES	OPERATING INSTRUCTIONS, LEFT Decal, Inside Side Emergency Door

BODY FEATURES	ARROW, SIDE DOOR, LT INSIDE Decal; Black Indicating Handle Direction
BODY FEATURES	LOGO, ROOF LINE Decal; Wing and Shield, First Body Section, Above Driver Window and Entrance Door Over Driver Window and Entrance Door
BODY FEATURES	SUB FLOOR, PLYWOOD For RE; B-C Exterior Grade, Less Sealed Edges, 5/8", 5 Ply, for All Body Lengths
BODY FEATURES	POSITION DOOR, LEFT Side Emergency Door, Modified FWD Door Position Within Opening, with 25" Door, Located Forward of Rear Wheel Pocket
BODY FEATURES	ALPHA/NUMERIC DECAL GUIDE Quantity 091-100
BODY FEATURES	WINDOW, REAR Oval, Kick-Out, With Black Anodized Frame
BODY FEATURES	WINDOW, SIDE OFFSET, LT 18", Split Sash Type, with Modified Door Position
BODY FEATURES	WINDOW, DRIVER Laminated, Clear
BODY FEATURES	LOCK, REAR WINDOW Oval Kickout Window
BODY FEATURES	WINDOW, STOPS 12" Opening, Only with 78" Headroom
BODY FEATURES	WINDOW, SASH (22) 27" Sections, 9"x 23" Opening
BODY FEATURES	WINDOW, E/E, LEFT (2) Horizontal Hinge
BODY FEATURES	COLOR, WINDOW FRAME, PASS Passenger Window, Natural Aluminum Finish
BODY FEATURES	WINDOW, E/E, RIGHT (2) Horizontal Hinge
BODY FEATURES	WINDOW, PASSENGER, TINT For RE; 28% Light, Tempered Glass, 78" Headroom, with All Body Lengths
BODY FEATURES	FITTINGS, AIR SEAT for Driver Seat
BODY FEATURES	WINDSHIELD 4 Flat Pieces, 73% Light
BODY FEATURES	WHEEL POCKET COVER Plastic, ABS
BODY FEATURES	AISLE POSITION Center, for balanced seating
BODY FEATURES	FLOOR COVERING, COLOR Black
BODY FEATURES	SEAT BACK, PASSENGER Standard Back
BODY FEATURES	FLOOR COVERING, TYPE {IC Corporation} Rubber, All Body Lengths
BODY FEATURES	STEP TREADS {IC Corporation} Rubber, With White Nosing
BODY FEATURES	FLOOR COVERING, TRIM Aluminum
BODY FEATURES	FAN, DEFOG LEFT CENTER 6.50" Diameter, Black, Mounted Left of Center Post, 2-Speed Switch in Panel
BODY FEATURES	FAN, DEFOG RIGHT CENTER 6.50" Diameter, Black, Mounted Over Windshield, 15" Right of Centerline, 2-Speed Switch in Panel

BODY FEATURES	FILTER, HEATER, LEFT MID, 1ST For Kysor Passenger Heater, 84,000 BTU
BODY FEATURES	HEATER, DRIVER 90,000 BTU, and Defroster Hot Water Type
BODY FEATURES	HEATER, PASS, LT MIDSHIP 1ST 84,500 BTU
BODY FEATURES	HEATER, WATER PUMP {2 MPU 12} Self Priming, with Plastic Housing
BODY FEATURES	HEATER CUT OFF, VALVE Gate 3/4"
BODY FEATURES	ROOF VENT, FRONT Static
BODY FEATURES	UPHOLSTERY, DRIVER SEAT, STYLE Plain, with Cloth Insert
BODY FEATURES	UPHOLSTERY, DRIVER SEAT, COLOR Drivers Seat, Brown
BODY FEATURES	UPHOLSTERY, PASS SEATS, COLOR Brown, for Seats, Barriers and Head Bumpers
BODY FEATURES	UPHOLSTERY, DRIVER SEAT, TYPE Vinyl, 42 oz.
BODY FEATURES	UPHOLSTERY, BARRIER, TYPE (1-2) Vinyl, 42 oz.
BODY FEATURES	BARRIER, CRASH, AFT ENTRY DOOR 39", 1 Leg
BODY FEATURES	BARRIER, CRASH, AFT DRIVER 39", 1 Leg
BODY FEATURES	PANEL, MODESTY, AFT OF DRIVER Mounted Under Barrier
BODY FEATURES	PANEL, MODESTY, AFT ENTR DOOR Mounted Under Barrier
BODY FEATURES	HAND RAIL, ENTRANCE DOOR, AFT 1" OD, Gloss Black, 4", Above Step
BODY FEATURES	SEAT CLIPS Positive Type
BODY FEATURES	CUSHION, SEAT 15" Depth
BODY FEATURES	UPHOLSTERY, SEAT, STITCHING Single
BODY FEATURES	UPHOLSTERY, PASS SEATS, TYPE Vinyl, 42 Ounce
BODY FEATURES	SEAT,39",WALL,LT (11)
BODY FEATURES	SEAT,39",WALL,RT (13)
BODY FEATURES	SEAT,39",FLR,LT (01)
BODY FEATURES	ANCHOR, SEATS Omit Reinforcement for Seat Belts (Standard Seat Frame)
BODY FEATURES	SEAT,DAVENPORT,LEFT (01) 39"
BODY FEATURES	SEAT,DAVENPORT,RIGHT (01) 39"
BODY FEATURES	SEAT,FLIP,LEFT Automatic, (01) 39"
BODY FEATURES	ROOF HATCH, FRONT {Transpec 1975-028-121-03} with Outside Release, with English Decals
