I am a mother of 2 upcoming highschoolers.

I currently live in the 89107 area. Having this opportunity brought to our neighborhood is a game changer. Finding a charter school geared towards community needs is what this city needs. ThrivePoint Nevada is going to change so many lives. Preparing our kids for their future is the most important thing we can do for a successful community. Approving this school is a must. Our family fully supports this school. We can't wait to see what a great Educational program they provide.
