Distinguished Board Members,

I want to thank each of you for working with the TPAN Committee to Form to guide us through this process. We have grown and improved as a team as we reflected on your honest and insightful feedback along the way. We are ready and willing to work diligently so support students who have yet to find academic success within the traditional school set up in the 89107 area. We look forward to working hand-in-hand with students and their families to provide a different kind of service and support to our students and families.

Thank you for your time and consideration of our application for charter.

Sincerely,

Greg Mingo  
TPAN Committee To Form Member
