To Whom It May Concern,

For the record, my name is Sherlene Simpson. I have served on the Eagle Board of Directors since 2022. I was unable to serve from 11/9/23 through 1/29/24 because I was hospitalized. I retired from the State of Nevada effective March 2023. I have been a Licensed Practical Nurse for 43 years in total. I worked as an Ombudsman in the Office for Consumer Health Assistance for 18 1/2 years. I was honored to work as a liaison for four Governors in Nevada. I agreed to be a part of the Eagle Board because I have worked with some very complex healthcare issues involving all families statewide for years.

I raised my daughters in Nevada and I understand how important it is to offer a family living in an underserved area another option for their children's educational needs. I amassed a vast amount of experience that helped me to make decisions for individuals and for their families. I believed that my unique experience could be of value to the board members.

Although, I did not have the financial experience of some on the board, they were willing to share their expertise with the group which was beneficial to me. I found the Eagle Board members to be passionate and caring. I acknowledge that there were misstep's but do hope that you will give the school an opportunity to right the ship. We will make every effort to deliver a quality education to the students and their families. As a board member, I will do what is required to improve and/or enhance our current curriculum. Thank you for time and consideration.

Sincerely,
Sherlene Simpson
