Hello my name is Breale Anderson,

I currently have two children attending eagles charter school. When I found out about eagles charter school, I was Googling different schools, called the main building of ccsc finding out how to switch my kids from the school there zoned for, to a better school/location. Then one day I'm walking to check my mail and see the free registration to attend charter school. I am so grateful I found a school that is not a public school (especially to the school my children was zoned for). I love everything about this school. I had many problems with ccsc school (some not caring about my child or their education). I am a full-time working, full time student at UNLV, the last thing I want is to have to do a teacher's job. With Eagles Charter School I don't have to worry, there teachers are amazing! EVERY last one of them. I still come in to sit in on my kids classroom. My kids show me that they are learning from school. My kids are happy. I'm thankful truly this school is a blessing for me and my family and I Thank them with ever piece of me.
